INCIDENT AT LINCOLN HIGH SCHOOL

Wednesday, February 26

Laureyn Williams returned to her old alma mater, Abraham Lincoln High School, after just graduated from that school in January. Within an hour and a half after she arrived, she was downtown in jail on trumped up charges of trespassing. From this illegal charge, the pig power structure along with a white racist teacher and a string of racists, running dog who claim he was just trying to help black have charged this courageous young sister with assault on a murderous pig, assault on a racist teacher, and resisting arrest.

The Black Panther Party realizes that the ridiculous charges brought against this sister was just another attempt by the decadent racist pig city government to remove a responsible, dedicated, active Party member from the streets. We are also aware that it was just another trick to make the victim seen like the aggressor, that to pig Allen, to pig Cobill, to pig Jenkins, Allen’s little lady in the high school system, to the other dog H. N. Strong, who parades the high school at Lincoln, to pig justice, we say to all of you from all of us, fuck you, we’re going to take our case to the people.

This dedicated sister wants that the procedure of charging a pass to be passed on the school ground. She talked with and received permission in the form of a written pass from the Assistant principal Mr. Walker to Allen, Laureyn’s purpose for going back to Lincoln High School was to turn back over in the B.S.U., her hopes raised at a ruin cake side, she was also being taken back to check whether or not the B.S.U., was still functioning under the guidelines of the 10 Point Platform of the Black Student Union. The third reason for her visit was drawn from the cafeteria with the black students on their case. Soon as the racist genetos pig realized that the black students could overcome the odds and that they had turned the tables on the racist white students that instigated the riot, they stormed over on the black youth, Laureyn, having observed what was taking place, asked questions of the racist teacher Coleman, "Why were the pigs chasing beating only black students?" The only answer she received was that she’d better leave, immediately, Richard Coleman then tried to push the sister out into the crowd of angry white students. Like a Panther, she resisted Coleman’s insane attempt to offer her up as a sacrificial lamb. Two brothers helped Laureyn get away from the area and to the main office. Once inside agent, Shoe Polish Mouth, Strong along with 2 placekholomos forced her out of the building and outside. After she had received permission from the assistant principal, Mr. Strayske, she called for a brother to come pick her up. Out once again 6 fatty pigs attacked, beat, and handcuffed her behind her back. Down town she was not advised of her so called constitutional rights. After being in an isolation cell for sometime Laureyn was searched by a fatty pig. Later the cuffs were taken off. A short time after that officers for justice, a black police organization concerned with the rights of black and Third World people, helped free Laureyn on G.B.

sometimes i feel as though our — my — purpose here was to do exactly what we are doing now, trying to end oppression and murder of black people — of all oppressed people, i feel that we as cricka and jon were destined from birth to die for the liberation of — the shackled and chained

our child was conceived out of revolutionary love and so shall it be born.

i only wish that you and i will live to see it and understand the people, the oppression, our world and the decadence that for so many years we have lived with. it sounds selfish to want to live any longer than we are supposed to but i want to watch this child’s mind grow as strong as its body must.

i think that i have come to a conclusion through objective analysis, that is to love — with all the terrible and draining consequences that are part of loving a revolutionary, but you are aware of those beautiful things that are every day expressed in my life, so i thank you for if i am strong you have made me strong — if i am patient — you have made me patient, if i am headed in the right political direction — you have led me toward the development of the correct ideology.

if you do not return tonight — or tomorrow night — i will know that it is because you are laying the foundation so that our small and helpless little man will be able to fight one day a battle supported by the people.

i am hoping that however far we may stray from each other physically, our minds will be one and you will carry one with you wherever you go, even after death. i will always love you for your strength.

**KNOW YOUR PIGS**

Harlem Five Framed

For many years before the Black Panther Party came into existence, and were taught by our Ministry of Defense, Tony P. Newman and our Chairman Bobby Seale, black people were totally unaware that the pigs do not have the right to enter people’s houses without the person’s permission or a search warrant. I used to call, by pigs, I am referring to the establishment so called “law enforcement, police” and anyone connected with them that are working against the peoples’ revolutionary struggle, reactionaries of all kinds. The main objective for writing this article is to inform others as to what’s happening in the city proper, or housing authority.

Over here in Oakland, certain employees for the Housing Authority of the City of Oakland have the “authority” to enter a tenant’s apartment and supposedly investigating conditions that need repairing in the future. These people are just another variety of pigs, unscrupulous, just like the St. Valentine’s Day Massacre, where gangsters dressed up as policemen posed as pigs and massacred many members of a rival gang. All of you who let into your house, just like you can’t say that just because a person is black’s my brother or sister or a revolutionary, you cannot say that a plumber is a plumber just because he has an overalls and plumbing tools. Be cautious, stop these agents from making these illegal and unwarranted searches in your home, arm yourself and keep the power to the people.

The local mafia gp department CON- SPREWED to put and on this courageous group trying to free the minds and souls of black folks, the pigs decided to arrest and throw away these monkeys, they stalked.

“Well we are one of the many uncles, we got them all ages, shapes and shades of brown,” so they planted two young mod pigs from Doctor. It was these pigs, Cunningham and Hubbard, who proposed the robbery of the armory. It was Cunningham and Hubbard who they told the group rob the clock casing place, and it was Cunningham and Hubbard who said lobs off a pig a week.

The leadership opposed these suggestions, already too much was on line and a lot of infiltrators and distrust for these provocateurs. Seeing that they could not trap the Federation, they had to move fast to crash them quickly and hopefully-out, so. Do these ideas, which were moulded by the pigs themselves, were used as an eyewitness evidence against the Harlem 5.

During the period of напряженности the obvious things happened as is done to all black prisoners. It is exhorting they had to be incommodated for 10 hours, after the initial arrest, and the people left in the last spun were non-prisoners for 2 hours, they were not allowed to leave.

People of the black community please look around you. What’s happening? Why are we fighting for the freedom of the black colony disappearing? Why? because you’re allowing it.

The FBI, CIA, and DOS are not employing new methods, it’s the same old shift investigators and infiltrators, espionage, narcotics, Bilia clear what your job must be to the provocateurs. After we dealt with our own Negro traitors who are turning us over to the enemy, more than half the job will be accomplished. Knows these and let it go, let the people and all political prisoners and why they are in jail. Armed struggle is going to rise here now and one can be wild.

LESSON FOR THE WHITE LEFT

BLACK CAPITALISM FOR WATTS

WASHINGTON, D.C. (INS) -- The Watts ghetto will serve as the social focus for November's black capitalist. The Commerce Department has proposed $4.6 million in grants and loans to help set up private investor funds for the 2/3 acre industrial park. Commerce Department officials predict that the project will create some 2,200 jobs for the "hard core unemployed," raise annual payroll by $43 million and promote $61 million worth of products a year. The project should also pull out some $8 million in taxes and reduce welfare costs.

In other words, the new influx of industry is designed to put people off welfare rolls and into the factories. The lever for protest will become the relatively innocuous strike, rather than the riot.

The Commerce Department says that not only will the ghetto residents be able to work, but some of them might get into the ownership game. Just how government and private investors plan to get black people into positions of control is unclear.

The Sour Industrial Park idea came from the Los Angeles Economic Development Corporation, a non-profit organization of Negro and white businessmen. They devised the plan under the Johnson administration and have ratified it under the Nixon regime.

In all wars, especially a revolutionary war, the importance of medicine, and medical technology is of the utmost importance.

We must begin now, without hesitation, to explore and expand the medical knowledge of our beautiful ancestors in the revolutionary struggle. Although quite a few scientists will be expected to pick up the guns, we must not forget that they must also be capable of picking up the lab bag.

Skill comes from practice and necessity, its true home in the mind of Revolutionary Black Panther Party. Revolution is the only answer to attain complete freedom. So this brings what the importance of Revolutionary Medicine, Revolutionary Health and the ability to perform the tasks of pulling the trigger, but also the task of handing a wound.

The largest enforcement of all health rules, complete knowledge of first aid and the correct equipment must be stressed.

In a revolution there is no comfort, only in the mind to know that complete freedom is our goal. Black Power to Black People Revolutionary Power to the Revolutionary.

Pigs Vamp on Tom Hayden on steps of U.S. Court House

On March 31st, shortly after 1:00 p.m. in the afternoon, Tom Hayden, founder of Students for a Democratic Society, spoke at the federal building in San Francisco, talking to the crowd of 2,500. During his speech, Charles B. Garry, Tom Hayden and Mr. Garry were coming to the federal building to complete a prearranged agreement which Mr. Garry had made with the U.S. Commissioner's office, in which Tom Hayden was to surrender himself to the U.S. Marshal's office.

The arrangement was made due to an indictment stemming from last year's Democratic National Convention in which seven other persons were indicted, including the Chairman of the Black Panther Party, Bobby Seale.

A press conference was called for 10:00 p.m. One Tom and Mr. Garry reached the court house steps, the federal pig marshalled them up to them and grabbed Tom by the arm and pushed him toward the entrance of the building. Tom and the geen were asked to wash out the court house.

Tom was then rushed into U.S. Commissioner Richard Goldsmith's office, only Charles Garry was allowed to accompany him. Everyone else was made to wait for hours.

"A pig is a pig," the tactics used on the steps of the federal building was typical of that used by the pigs in the streets of the Black Community. The pigs refuse to surrender and come out with his hands up so they can shoot with no fear of being shot at. Bobbly Hutton was murdered by this process. As at the time of his arrest, the pig hooked and finger printed Tom. The thousand dollars was posted and he was released.

PROTESTERS DEMAND: FREE MARTIN SOSTRE

NEW YORK. Three persons were arrested outside of Governor Rockefeller's office here today during a demonstration to demand the release of Martin Sostre, a black political prisoner now serving a 14-year sentence on trumped up narcotics charges. Sostre, who is in Greenhaven Prison in Stornvill, New York, was given one of the heaviest sentences in recent years in the racist U.S. courts to a black liberation fighter. For the past eight months, prison officials have kept Sostre in solitary in an attempt to break his militant resistance to the legal lynching.

Today's demonstration was organized by the Black Panther Party, Fanack and the coalition for an Anti-Censorship Action Committee in an effort to expose the frame-up and bring the case of Martin Sostre to the public eye.

The three demonstrators were arrested during an argument with police when a placard of rope broke up a picket line on the busy corner of Fifth Avenue and 55 Street and tried to herd close to 200 demonstrators into police barricades on the deserted side street. Objecting to their obvious attempt to prevent the demonstration for Sostre from being seen or heard, Fred Goldstein, managing editor of the Worker, Maryann Weissman, National Coordinator of Youth for Against War and Fanack, and Sue Davis, an activist in the youth group, were arrested and charged with inciting a riot, resisting arrest and obstructing government administration. The demonstrators chanted, "Free Sostre, Jail Rockefeller," as the demonstrators were taken to a paddy wagon.

Two weeks ago the Martin Sostre Defense Committee confronted Rockefeller at a Town Meeting held in buffalo. A representative of the committee appeared at the meeting and demanded that the governor release Sostre from prison and call a full investigation into the frame-up. At least 1000 supporters outside picketed the meeting.

In answer to these demands, Rockefeller ordered Detective Commissioner, Paul F. Doyle, to publish a public statement that Sostre was in solitary. Five days after the meeting McGuigan told the buffalo press that Sostre was in "seclusion," because he was black, black fellow prisoners with legal counsel and because he was radical. The demonstrators have raised serious questions about his "involvement in black militant groups." In effect, "seclusion" is nothing more than a new name for solitary confinement.

In the last two cases the U.S. Government conspiciously censured the bourgeois press of the outgrowing power of the Martin Sostre Defense Committee. In Storvill, New York, to publicize this major frame-up. Sostre was arrested in July 1967, just after the rebellion in the black community of Buffalo. At that time he was the owner of an Afro-American newspaper. The community which was the only outlet in the city for black nationalism and revolutionary literature. At first, Buffalo authorities accused Sostre of having caused the rebellion, but they soon dropped all the political charges and decided to frame the black militant as a narcotics peddler.

Sostre’s supporters picketed today in front of Rockefeller's office on 55 Street for about 20 minutes with chants of "Free Sostre, Jail Rockefeller. " "Eight Months in Solitary, Free Martin Sostre" and "Stop the War Against Black America." Then the demonstration went mobile into a march down Fifth Avenue, across the busy 42 Street area and ended at Herald Square. A large banner was at the head of the march read, "Free Martin Sostre, Black Political Prisoner. " Other banners demanded "Free Eddie Osenda," "Free Henry Snyder, Free Martin Sostre " — All Black Political Prisoners " and "Martin Sostre Must Be Set Free."

At a brief rally at the end of the march one demonstration leader declared that this was the opening action to be taken in a campaign to build mass support for the struggle of Martin Sostre and his many brothers now prisoners in U.S. imperialism's jails. "We want to build a mass movement," said Ed Vogel of YAWP, "to help free black, Martin Sostre, Henry Newson, Eddie Osenda, and all the other political prisoners, black and white."

Statement by Karl DietrichWaldf of Canadian SIU in regard to his being having been subpoenaed to appear before the Senate Internal Security Subcommittee.

It should be clear that I have no interest at all in contributing to the war against the American ruling class — the ruling class which is waging the war of aggression against the Vietnamese people. If I am nevertheless ready to appear before the Senate Internal Security Subcommittee of the United States Senate, I do so with the sole purpose of exposing the machinations of this dirt ball used by big business in the public. Obviously this can only be possible if there is some legal base for such an appearance by these who are being betrayed daily by their supposed representatives. I believe that I have the right to watch that betrayal, I will have the right to看着 the U.S. ruling class in secret.

In the pursuit of the attempts of the U.S. government, the Senate of the United States to force me to serve as a tool for the government, I cannot allow myself to be used as such a tool. I do not believe that I can be used to serve the purposes of the Senate. I cannot support these purposes.

The Anatomy of Extermination

A lawyer defending four Black Panther Party members on arson-conspiracy charges tells the jury that the Declaration of Independence is a racist document.

Delivering a closing argument in what could be one of the most important trials of the season, Mr. Turco, of the New York Public Defender's office, castigated the black man.

"Mr. Turco, the white man, said that Black Panther does not commit arson," he moaned, "but instead causes the crime to occur.

Three Charged

The defendants are Jimmy Wil- Hams, 30, a former Baltimore police cadet; his wife Leslie, 18; and James Nettles, 26, of Chesterfield, Va., all of New York, are charged with arson, which carries a potential fine of $5,000 in the case of each.

Facts Get Little Time

The jury was expected to retire. This information is based on the jury's partial reading of the Bible and the Constitution of the United States, as well as the Declaration of Independence.

The Constitution Mr. Turco said, contains a clause that "so that the white man in the election doesn't count.

The lawyer spoke sarcastically of the "great white leader," George Washington. He said that the people of that time refused to let Negroes fight for freedom during the Revolution.

The case for the State is Black Panthers," Mr. Turco said, listed Benjamin Franklin, Alexander Ham- mon, Frederick Douglass, Dr. Martin Luther King, Jr., and "all those blacks who fought, not the white man."

Mr. Turco said there are 30 "slaves" in this country who are still fighting for their freedom.

Mr. Turco said the press is against Black Panthers "because they're black."

murderer set free

So-called equal law and justice was exemplified Thursday March 26, 1969 with the acquittal of San Francisco police officer Michael O'Brien by an all-white jury.

The charge against O'Brien was that of manslaughter of a black truck driver named George Basse- lio, O'Brien, officé in the incident, said by brother boxer, had been facing a first degree murder charge, but this had been dropped by a racist group called the grand jury under the pressure of the people issue.

It seems that the grand jury doesn't feel the killing of a black man can be defined as murder.

The whole trial was filled with enough evidence to convict O'Brien not only of murder but also of a long line of racist activities in the black community. O'Brien was defended by that group of lawyers who are the black community's best.
To the People in The Black Community

DENIAL OF DECENT HOUSING

Black people in the racist country have long suffered from a lack of decent housing that’s fit for shelter of human beings. This condition has not only existed from the time we were first forced as slaves to build this racist country as it is today, but it also as a problem that exists in every black community at the present time.

If we were to investigate the homes in our black communities, we would find many of them in conditions that are unhealthy for human beings to live in. We would find such things as overcrowding, poor heating, poor plumbing, rotten foundations, holes in walls, leaking roofs, or breaking plaster. But these are only a few, not to mention such things as rodents finding their way into bedrooms eating the flesh of young children, or roaches and insects that crawl into the dirty, cheap and half-rotten food that is sold in the black community.

There are countless cases of small black children who die from lead poisoning because they eat plaster from the walls. These unhealthy conditions result in sickness, diseases and even death. Therefore. It is more correct to say that black people are actually living in concentration camps as they always have. They are living in 20th century concentration camps. The difference between these which the Jews lived in and those which black people live in, is that one resulted in death from poison gas and the other results in death due to prolonged sickness, disease, and tuberculosis conditions.

Exploiting landlords increase these problems by not providing necessary maintenance to keep homes from further deteriorating. Some people may say that all that is needed to be done is to keep a house clean, but this is not true. Just as a car needs maintenance to keep running, a home also must be maintained. Many black people rent or are not in a position to accomplish any large amount of repairs to their homes, because of lack of sufficient income and the reluctance of the tyrannical landlords in the community. This also makes it difficult to support a family.

Homes in the black community are not only poorly maintained but also heavily taxed, and also poorly built. There are those who tell us that we are making progress in the way of better housing. This is not true. Homes today are built as before, cheap houses, and sold or rented at rates which low income families can possibly afford. The Axios project in West Oakland is a good example of homes that cheaply thrown up as fast as possible and made to appear pleasant and well-built. This is only another trick bag to make black people think they are getting something well-built, but only are these projects cheaply put up, but they are also strategically designed concentration centers that can be easily surrounded by foreign troops (troops) to murder black people anytime they wish to move in on them.

Therefore, if the white landlords will not give decent housing to our black community, then the housing and land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

On the other hand, if the Jews, the Nazis, such as Ramsey Fawcett, William O’Dempsey, Ronald Reagan, or Richard Nixon refuse to allow government aid to our black community for decent housing instead of allowing a general war against the Vietnamese people, then black people must arm themselves by buying guns, learn to properly use them and organize in the millions so that they can effectively move on these pig-racist politicians.

THE VANGUARD PARTY IS AN EDUCATOR

A revolutionary’s knowledge of life and death may find nourishment in his oppressors’ capitalist traditions.

The Black Panther Party, being the vanguard Party in the Black Liberation Struggle, has for years devoted the task of educating the people in the reality of the oppressive nature of this decadent system that was built by white pigs and is supported by the pig-ocracy, opportunistic niggers.

We must find a black, intelligent society containing relations to albinism instead of relating to material ideas perpetrated by the pig power structure.

Only a pig wants that decadent society in which we live. We must end the beastly killing machine, systematic confinement and torture of our brothers and sisters by the racist power structure and its oppressive forces. In making use of your gun, you will find that it is necessary to pick up the gun, unless you obtain its protection or forever being beaten with whatever is left of the pig’s lying. Anyone capable of thinking is also capable of learning SELF. This is necessary in order to act and be treated like people instead of being shown the way that is a different manner. It is the job of the true black man to rid his personal, the oppressive administration by black capitalists, and it is the responsibility of the black woman to help black men, if they don’t know himself. If he’s manly, and supports his country, he relates to the revolution. We realize violence is a tool of black nature. We also understand that sometimes in dealing with ignorance it is necessary to rend through violence. Stop dreaming, black people.

This society is detrimental to minority people and working people alike as a whole. Capitalism, and racism, is a luxury of a certain few people and we cannot afford, mentally or physically.

THE BLACK PANTHER PARTY in Los Angeles as well as nationwide, will continue to be the vanguard in the Black Movement. This means, that there are some leaders and followers who are not so decided about whether they are going to dedicate themselves and their lives to the Black people. Fully understanding the revolutionary struggle for land on and redistributing it to the people and the struggle for Black Liberation in this Republic of Anarchist America, we will be a revolutionary force with the people to help them.

The Black Panther Party is the International Union for the Better Life of Black People, and we who belong to this Army relate to the practice of Democratic Centralism. We don’t have sound, off-brand, half crazed fools demanding the red carpet. We are a party of order and discipline for major or minor achievements or difficulties they have encountered.

It is very hard to organize Black People. The "Black" and all his TECHNOLOGY has been successful in dividing our people against each other for centuries, and the worst thing about this menace situation is that we have allowed him to do so.

We have to reach all types of black people, who basically stem from the same walk of life. Here in Los Angeles, we have black people who have migrated from all parts of the country, we have all sorts of educational backgrounds and socioeconomic statuses. Black Capitalists and even Black Bourgeoisie are to be contrasted with, in order to organize the people to understand and recognize that factor which seems to be the opposite ¾ of our people that is, that we are all important, what we are and what our social standards are. Black People, have been and are still an oppressed race and that we are and have been victims of discrimination and legislation; but most of all, we have our own black life, our black souls, being murdered, beaten, abused and mistreated. This must come to an end now. The only alternative for a black person to take is the Black Panther Party, the only or the realization that is politically and militarily taking care of business for the betterment of these barbaric conditions. We would like all our people to fully understand this. We will explain and re-educate you, because the time to be an ignoramus is the MUST take time. However, looking at the situation realistically, we are confident that there are a number of our people who will not be satisfied until they reach. A few examples are that either they also act in bringing in redeeming our culture or they are not so desperate to the materialistic values the power structure has forced upon them.

I shouldn’t have to spend hours or pages of paper trying to convince a black person that he is hungry, poor and oppressed. If he can’t see and feel that, then he is a fool.

I will conclude in saying: You better understand what is happening around you, work with us and locally before we all end up in a M.F.B.P. (Mandatory Federal Boot Camp). Black people will have to relate to the gun (not only an organized arm of violence), as a means of protection and protection against the pig system with every possible weapon like hungry wolves attacking sheep, brothers and sisters living with our hands and wrap, those around the trigger finger, 12 gauge, scatter and scatter, we are not going to protect and defend the people, the only way we can do that is the red carpet. Red carpet that is filled with pig indiscrimination and pig brains, although.

The Black Panther Party Goes Forth to Meet the People's Needs

NEW YORK (CNS) — Pr-tty Millis from FL, Jackson (Columbus, SC) has released orders to Viet- namese, according to the American Servicemen's Union. Millis came to New York and then turned himself in at Fort Dix, the nearest base.

HELL

Millis, who is black, has stated that he will not participate in a war that is immoral and racist.

He has been sentenced to two months hard labor in the stockade.

It is expected that, after he serves the two months, he will again re- ceive orders to Vietnam.

"I'm hungry," they say. "But we don't have any food in the house, but you can go down to the church on the corner, the Black Panthers have a breakfast for children set up and they'll give you something to eat.""Rational, non-violent resistance to the war is necessary and possible. It is not too late to return from the conflict. There is no reason to be afraid of the Black Panthers. They are just as human as you and me. They are not the enemy, they are fellow workers. The enemy is the system, the economic system that is based on the exploitation of the black community.

US PIGS ATTEMPT TO MURDER MORE PANTHERS

on Friday, March 14, the Black Community witnessed another instance of the pigs using their agents, or pork-chops, in an attempt to kill another servant of the people. This attack is on the Panther Project and the leadership of the Watts office, Ronald Freeman. Ronald had been an active and powerful voice in the community all that week, representing the Panther Project in discussions of the Carter Junior High School specifically, and community control of schools in general. He let the people in the community know that the Panthers supported and still support them in their fight.

After actively participating in the meeting that had been held at Victory Baptist Church surrounding the issue of student strikes, he left the church, walked into the Watts office, and went into the church parking lot. Three to five policemen and other service workers, whom he identified as having participated in the assassination of Ramsey Clark last January, for purposes of recording their identities, had taken pictures of these US pigs, who had, have and are being used to threaten, harass and even assassinate black revolutionaries.

At approximately 10:30 a.m., in that parking lot, four of these pigs were, in a transparent, as...
OREGON PANTHERS STAND OFF PIGS

Central Headquarters
Oakland, California

Dear Mr. Chairman,

This is to report that the Black Panther Party in Oregon, a state with a population of 7,000,000 in 1969 and the most populated with numerous schools and colleges, has been a center of conflict and controversy. The Portland State University, a major educational institution, has been at the center of this conflict.

The Panther Party in Oregon has been involved in a conflict with the local police department. The Panthers have been accused of carrying out a series of acts of violence and disruption, including the占用 and shutting down of a local university. The Panthers have denied these charges and have called for a peaceful resolution to this conflict.

The Panthers have also been involved in a conflict with the local labor movement. The Panthers have been accused of interfering with the negotiations between the local labor union and the management of a major corporation. The Panthers have denied these charges and have called for a peaceful resolution to this conflict.

The Panthers have also been involved in a conflict with the local community. The Panthers have been accused of disrupting community meetings and protests. The Panthers have denied these charges and have called for a peaceful resolution to this conflict.

We believe that the Panthers in Oregon are acting in the interests of the people and are seeking a peaceful resolution to these conflicts. We urge you to support the Panthers in Oregon and to work for a peaceful resolution to these conflicts.

Sincerely yours,

CHAIRMAN BOBBY SEALE AND 'MASI' HEWITT
TOUR SCANDINAVIAN COUNTRIES

SPEAK IN DENMARK, NORWAY, SWEDEN and FINLAND

BOBBY SEALE, CHAIRMAN, BLACK PANTHER PARTY
The Black Panther Party’s Minister of Education travelled to Cuba some months back with the Deputy Minister of the state of New York chapter. They both travelled there, and one of the things that really gave us some understanding of what was happening and how to do things was, they deliberated about a smaller island off the mainland of Cuba where on the mainland island of Cuba they were practicing socialism and where on this island off the side, some number of people in the thousands or more were trying to practice a true communist system. Now this entails a lot for explanation and I can’t explain all of it. But the idea that was set up, everything the people produced in the development on this small island in trying to practice true communism went back to the people. The state shared it equally and gave it back to the people through their whole economic arrangement. They were trying to develop THROUGH P.R.I. the ability to show the people on the mainland a practical example why they developed so a process of socialism for some number of years, which will probably be, that they could begin to understand that money was really irrelevant, which was one of the key things that really gave some meaning to what George blanked, he said the people go to work. And just to reach the people through some kind of practical way, says, they even pay the people for doing the work on the island.

He says, everybody gets exactly what they want and everything they produce, he says, and they don’t even use the money, it’s just lifting up in their pockets. And the only idea there is to make something out of it, says, that’s, in fact, a governor, says, it’s just nothing, no special amount of money, nothing to put in a practice instead of just put a down, rough technically talking about it.

This is what inspired us putting together the Breakfast for Children, which is really a socialist program, just one socialist program out of many of us will have to develop by actual institutional practice of something that shows that our people can learn socialism by example. Joseph Davis, one of the leaders, in our school in the community that showed that our people can learn socialism by example. The Breakfast for Children is a program which limits how we’re going (in trying to get it off the ground and moving) the idea is to take one penny out of every dollar that the businesses exploit from the people in the black community and give back to the children. So the Black Panther Party goes to those many different businesses and tell them that, “We think you should donate to this breakfast for children program. You’re in the community; you’re in the black community. You have a business here; you need to help black people. So we think you should donate.” Some don’t donate. Well we can destroy your business overnight, because once the older people find out that there’s a business that is not in the community somewhere that’s not going to donate to the breakfast for children, they’d say, “We can’t even run and run even out of business tomorrow.” So naturally the businesses give up. So to speak, this one penny of goods in every dollar that he exploits from the community, we need a lot of other things to really put many other programs along that’s connected with Breakfast for Children. But that’s the concept; everything that we get in for the businesses. We are taking back from the landlord class, the business owners, the aversive business owners, and that program cannot really be attacked by the pig power structure, the aversive businesses around, the demogogue politician, and the pig police forces. It can’t be attacked, you know, really very silly in waves, etc., because once they attack that program, the people naturally react to the fact that all children should have full stomachs in the morning before they go to school, even the white people in white communities, etc., will readily say, “Well, the government is really just in fact aversives like the Black Panther Party is saying.” We give the people the program. We want it to spread and flourish. When one of the programs gets kicked off, when one gets snarled, if it’s a overcrowded amount of children, we don’t have enough food we like to hold a press conference to let the people know we need more food’s it’s half of a lot more children out here that’s hungry and starving and should have full breakfasts in the morning before they go to school. So we put that into practice.

And Harry Newton put into practice the need for Point 27 by beginning to parcel the policemen.

The most objection has risen so high among the people and the police state, that it’s easy to go forth there and get the people to vote on a proposition to take the power away from the police forces. We’re going further with educational programs, but we’re still going to deal with the police forces. The police attack us when we do this because they want to wipe us out and intimidate us and make us become scared of them and out do this, and not do this revolutionary political work. But I’m going to sum up by saying simply that PRACTICE IS THE CRITIQUE OF THE TRUTH.

Chairman Seale & Marsi Return to U.S.

March 24th, marked the return of Chairman Bobby Seale and Raymond "Marsi" Leon to the United States following an extended speaking tour throughout Europe. The tour was sponsored by the revolutionary people in the Scandinavian countries of western Europe, who have a desire to understand what Harry Newton and the Black Panther Party is all about.

While on this tour, Bobby and Marsi educated thousands of people to the evils of racism, capitalism, and cultural nationalism. They educated community, they educated against the duty constituting law enforcement agencies thereof.

INDUCING & FORCING ARAB PEOPLE TO SURRENDER

To push the social-imperialist policy of expansion in the Middle East, stamp out the raging flames of the people's revolutionary struggle there and enslave the Arab people, the Soviet revisionist renegade clique has long been colluding and at the same time contesting with U.S. imperialism in this area. It takes counter-revolutionary "joint actions" with the U.S. imperialists to suppress the Arab people, acting as the biggest accomplice of U.S. imperialism.

The large-scale U.S.-Israeli war of aggression against the Arab countries in 1967 was launched with the tacit consent and connivance of the Soviet revisionists, brazenly playing the counter-revolutionary dual tactics, the Soviet renegades while verbally rendering support to the Arab people's "actions against aggression", actually collaborated closely with U.S. imperialism. They worked closely hand in glove with the U.S. imperialists — from diplomatic activities to political collaboration, from behind the scenes "dealings" to open "alliances", from the exchanges of secret essays to the dialogue through the "hot line", etc. Together with U.S. imperialism they manipulated the United Nations into forcing the Arab countries to "cease fire" under the illusion that large areas of the Arab territory were occupied by Israel. The Soviet revisionist chieftain Kosygin even went to Glassboro personally to give advice to the then U.S. imperialist boss Johnson and deviously secretly with him talked plans for suppressing the revolutionary struggle of the Arab people.

Since a secret agreement was reached in Glassboro, U.S., imperialism and Soviet revisionism have stepped up in a big way their efforts to cook up a big fraud on the "political settlement" of the Middle East question. Under the manipulation, the U.S. Security Council adopted a "resolution" on "solving" the Middle East question which was followed by a "seven-point program" put forward by U.S., imperialism and a "five-point plan" by Soviet revisionism. Among these "seven" and "five" are different names, they are common in their counter-revolutionary character.

The number of persons - accused of membership in or collaboration with the Communist Party - who have been assassinated has reached more than a million. Indonesia, together with the newly-independent countries, the national liberation movement has been spreading throughout the world, and the embers of revolution are spreading in many countries.

Around the time of Nixon's inauguration, the Soviet revisionists were carrying out more energetically their sinister activities on the Middle East question. Meanwhile, the Nixon administration which has landed itself in an impasse is trying to "slip out" the "explosive" Middle East situation by striking a "package deal" on all-round collision with the Soviet revisionists. A "four power conference" for suppressing the Arab people's struggle is now being vigorously planned by the United States and the Soviet Union. As revealed by Nixon at a press conference several days ago, the Soviet revisionists have already made a dirty deal with U.S. imperialism on the Middle East question behind the back of the Arab people.

The forces of "fascist pigs" were crushed by Colorado students along with the Black Panther Party and various Black Student Unions of Colorado forced pig lucky I.L. Hissakka from the stage at Colorado University's Mucky Auditorium Monday evening. At Hissakka's bid to speak, I.L. Hissakka went up from among some 50 blacks in the audience to free brother George Murray to whom the son of a pig speaker Hissakka replied, "Shut up, you Nazi Bastards!" At this display of utter pitiless, Third World forces not only reacted with obloquies directed toward the pig puppet and the forces of which he represents, but with justice and steel folding chairs, which sent Hissakka fleeing from the stage in fear of his personal safety, under heavy pig protection. There are, however, a new and vital place in Colorado as a result of Third World activities. One such seeking with the masses has been a call which outwits any discord on campus. This call of pig legislation was passed that following Wednesday. In addition to these outrageous acts perpetrated by these racist Colorado Dick-porkers was the arresting of the many heroic students, students, and S.D.S. members who took part in this so-called democratic anti-shocking display of U.S. mania.

In conclusion, despite the fact that the United States has not held a single test of nuclear devices since 1963, the United States has continued to expand the nuclear arms race and has moved forward with preparations for the means of fighting.

On March 9, 1969, Jymbo Sudan, Lt. of Information of the Black Panther Party, was indicted by the court on charges of threatening to harm school property, assault, fighting and inciting fight, and maliciously, tumultuously, and willfully inciting the disorderly conduct of Fopev Jones and Joseph Hamilton, Solano College journalists. Although the charge of the incidence of violence against the Black students who took over a classroom containing office machines was serious enough to warrant a charge of imprisonment, the defendants (Mr. Sudan and Mr. Hamilton) were not imprisoned for the crime. The defendants instead were released on bond and were required to appear in court on a date set by the judge. The defendants expressed their displeasure with the court's decision and vowed to continue their struggle against the racial oppression.

Los Angeles School

Classmates -- composed of deportees from HUAC and United American Students (TASMO) -- called a student strike and barricaded the school.

The Black Student Alliance, composed of all of the other black student unions, issued a statement calling for the continued strike throughout the city and into white schools. Liberation schools, run by striking black students, were established in several communities.

At Los Angeles City College hundreds of students marched from a support rally in the political science building calling, "On Strike, Not Down." Reports say thousands of dollars of damages were inflicted upon the building. Virtually every school in the Los Angeles area has seen some form of resistance from students. For example, three colleges have called similar strikes.

The teachers continued to increase. On Wednesday, March 12, a 15-year-old black boy, Larry Kimmons, was shot and killed by a white campus cop at Pepperdine College. Kimmons had gone to the campus to play basketball.

Friday, March 14, all the meetings were called by local black organizations at Victory Baptist Church. Among groups represented at the meeting were the Black Student Alliance, the Black Panthers, and US.

(US is a "pork walkout national" group, usually at ideological variance with the Panthers and US, led by Jim Kerrigan, was implicated in the shooting death of two Panthers a few months ago.)

During the meeting an argument erupted outside between Ronald Freeman, a Panther, and US members. When another Panther came to Freeman's aid, a male cousin, Shots were fired, and Freeman was killed.

That night he was reported in critical condition and was undergoing surgery.

The Panthers held a community rally Saturday, March 15, to3r Kerriganfor the two previous murders.

The police arrested six people, including two Panthers, on charges of murder. The Panthers claimed that the police were only trying to prevent them from holding a rally to support the two murdered Panthers.

In conclusion, it is clear that the police are trying to prevent the Panthers from holding rallies to support the two murdered Panthers. The Panthers are trying to hold rallies to support the two murdered Panthers in order to gain support from the community.

I add THE BLACK PANTHER newspaper in San Francisco last week on a downtown street corner. It was这是the first time I had seen it. This was the time of day when the Panthers held their rallies to support the two murdered Panthers. The police were on the streets to prevent the Panthers from holding their rallies.

These foils and running dogs will, if they don't stop the ex-ploitation of the masses, meet the armed wrath of the masses of people.

October 1966 Black Panther Party Platform and Program

What We Want
What We Believe

1. We want freedom. We want power to determine the destiny of our Black Community.

We believe that black people will not be free until we are able to determine our destiny.

5. We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that Black people should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist police and the military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

8. We want freedom for all black men held in federal, state, county and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

9. We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this the court will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the "average reasoning man" of the black community.

10. We want land, bread, housing, education, clothing, justice and peace.

And as our major political objective, a United Nations-supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes, and accordingly, an experience hath shown, that mankind are more disposed to suffer, while evils are suffered, than to right themselves by abolishing the forms to which they are accustomed. But, when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.
"IMPORTANT" BLACK STUDENT UNIONS

The BLACK STUDENTS Unions have formed a state wide Union of B.S.U.'s, and are in the process of organizing on a national level. We call upon all BLACK STUDENTS to unite.

If your BLACK STUDENTS Union hasn't become a member of this UNION OF BLACK STUDENTS UNIONS send a letter or telegram giving information about your B.S.U. and the conditions that exist within your area. Become a part of a united movement of B.S.U.'s and stop moving on an individual basis. Together we will become the most effective organization on this earth; divided we are weak.

SOUL ON ICE?

"IT IS ONLY A MATTER OF TIME UNTIL THE QUESTION OF THE PRISONER'S DEBT TO SOCIETY VERSUS SOCIETY'S DEBT TO THE PRISONER IS Injected Forcefully Into National and State Politics, Into the Civil and Human Rights Struggle, and Into the Consciousness of the Body Politic. It Is an Explosive Issue That Must Be Addressed to the Very Root of America's System of Justice, the Structure of Criminal Law, the Prevailing Beliefs and Attitudes Toward a Convicted Felon." (Soul on Ice, p.59)

Elrodige Cleaver made the decision to politically exile himself November 27th, on the basis that the Adult Authority made an unlawful decision, and that he has been denied his constitutional right to due process of law.

The revocation of Cleaver's parole was illegal, because no parole violation occurred.

The Adult Authority parole board has used that Cleaver violated his parole by having a rifle in his possession, and by associating with individuals of bad reputation. This contention, we will show, is false. The Adult Authority version contradicts the Superior Court order itself:

"... Cleaver's only handling of a firearm (the rifle) was in obedience to a police command. He did not handle a hand gun at all. There was nothing one way or the other to show a conspiracy or a situation calling for the application of the doctrine of aiding and abetting. Hence, nothing supported either the possession of a firearm or the assault charge.

As to the charge of association with individuals of bad reputation, the report indicated that two or three of those named had "police records," but nothing to show whether any had been convicted of anything, or whether Cleaver knew of their arrest record. (Superior Court at 137, 138, 140, 141.)

Parolee Cleaver was denied due process of law by being denied opportunity to present his case.

Why was Cleaver returned from prison as a parole violator if documented evidence to the contrary had been presented in his defense? To answer that question, one must examine the Adult Authority. This board has the right to arbitrarily revoke or suspend parole on any individual. At the same time, the Adult Authority maintains falsely that Cleaver has the opportunity to defend himself at a hearing. This is how it works.

"A parolee is tried on violation charges, is interviewed, given a hearing (before the Adult Authority itself, the charging party) at which the parolee may "plea" to the parole violation charges, and is afforded an opportunity to present his defense." (Petition for Hearing, p. 17)

Not only does the Adult Authority hold secret hearings, but it also refuses to notify persons under its jurisdiction of its procedures, or of the variable definitions of what constitutes a parole violation. This secrecy and vagueness is in direct violation of federal law which requires agencies to publish their procedures "for guidance of the public."

"Petitioner (Cleaver) is immediately and seriously prejudiced by the Adult Authority's unlawful refusal to publish its regulations, since he is to be imprisoned by virtue of an action which the Adult Authority still seeks to gain in this 'veil of secrecy.' (Petition for Hearing in the Supreme Court, p. 12)

Yes, the Adult Authority acted unjustly and illegally. Its decision was an unlawful decision. Cleaver had no chance of obtaining "justice" from these Star Chamber proceedings. Why then wouldn't the U.S. Supreme Court hear Cleaver's case? There are, we believe, three reasons why the case wasn't accepted. The first is that any latitudinal court would obviously have released Cleaver, thereby setting a precedent. The second is that thousands of cases of alleged parole violations from all over California and other states would be subject to reversal. Thirdly, the illegal functioning of the Adult Authority would come under attack. The U.S. Supreme Court just couldn't afford to consider the Cleaver case during that turbulent period.

Cleaver is in political exile because a man of his convictions cannot get justice here. Indeed, if we are to give more than lip service to the concept of freedom and justice we must support him. The work to get him discharged from parole must continue. An intense publicity campaign is necessary now to bring to the public the legal defense and arguments which were carried to the courts with no satisfaction. We must all work together to focus attention of this case. This is not an issue of one man's freedom, but a broad struggle which affirms the right of all of us to speak out politically in this country. If Cleaver is not allowed his freedom, it is just a matter of time until all our freedoms are further reduced. His is not a personal struggle but a political one.
