THE STORY OF A POLITICAL ASSASSINATION

The film "Z" is based on a true incident in Greece. For the usual, obvious reasons, the film was shot elsewhere (Algeria) and the country is superficially un-identifiable.

The subject, briefly, is the story of a certain Lambrakis, played by Yves Montand) an "agitator" against the installation of capitalist military bases in his country who, with the complicity of the power structure, is assassinated. The one man, the Prosecutor, who seeks the truth, is menaced and constantly threatened, but by his own teeth and hair, survives.

The film was done by: Costa Gavras, a Greek refugee whose parents have been persecuted since the Second World War for their leftist activities. He lives in France, is married to Michele Reye, the journalist who did the Ramparts story on Gavara's death and was captured (????) by the Viet Cong.

The actors include Irene Papas, Greece's greatest actress, who has voluntarily exiled herself. Also, Yves Montand (always politically affiliated as well as his wife Simons Signoret).

The script, based on a novel, is by Jorge Semprun and Gavras, Semprun is a Spanish refugee who also wrote "La Guerre est Fint" which Resnais did.

The cinematographer is Raoul Coutard, himself a celebrity due above all to Godard. The music is by MIKOS THEODORAKIS, who did "Zorba the Greek" and is still imprisoned in a Greek island as a subversive. One can be prosecuted today in Greece for merely playing his records.

The story -- a denunciation of the industrial-military complex and its fascist police tactics -- is in color and 35mm. It has been a great success in Paris due to the "politisation" following the events of May of last year. It was also at present the official French entry at the Cannes Film Festival and won best actor.

The producer -- an actor in the film, Jacques Perrin, and Gavras have agreed to lend the film to the Peace and Freedom and Panther coalition between June 5 and 10. The film could not come earlier, as the Cannes Film Festival requirement is that all films be exhibited only in their initial country before the Festival.

President Nixon has made a surprising alliance with certain forces of black militancy. This may seem audacious, even dangerous, like playing with the fires of a revolutionary black consciousness. But it is actually a time-tested technique.
Pork chop cultural nationalist murderous pigs Ron Everett (Karienga) and four henchmen, They plotted and murdered Alprence ‘Bunchy’ Carter and John Huggins of the L.A. B.F.P. Chapter. These dogs (or pigs with a fascist U.S. Ideology of Black Pork Chopolon) are in cahoots with the C.I.A, and is backed by white businessmen, bankers and other U.S. industrialists; these criminals of U.S. Imperialism enslave, exploit and colonialized colored peoples of the world, and Africans, and Black Americans with the help of Mobe T'ashomebe, ppaa dogs, black racist and black capitalist, such as the U.S. of America's President Richard Mannon, interests in Africa. It was essential not only as a way of keeping cultural energies in line, but primarily (though the two are intertwined) to channel the explosive force of nationalism itself as it is directed against the U.S. The tide of decolonization rolling over the continent could open the way for a new American Empire to break the old imperial monopoe of the European order that had controlled Africa. It could produce the kind of radical nationalism which would guard the new Open Door with intangible vigilance, and might even make accommodations with the communist powers. Thus the CIA made every effort to promote a kind of cultural nationalism in Africa which would be satisfied with the removal of the most obvious forms of foreign domination; one in which concern for cultural integrity did not reinforce, but rather replaced, demands for basic economic and political autonomy.

This was the scope of the enterprise in which African Americans became indispensably involved, through AMERICAN and other organizations, to appreciate the effect of this transformation on African development and to see what the alternative of cultural nationalism meant in its social and political context in Africa (and could mean in the United States)." (The National Administration is successful, one must also view the operation from the receiving end. A particularly vivid example of America’s ideological manipulation of African society is transmitted in the role played by the CIA in shaping the nationalist movement in Kenya. [V. A. CIA JET B15])

THE NIGHTMARE OF PEACE BLACK SATIETY that permeates white fantasies about Africa has been evoked most vividly by Kenya, scene of the bloodstream and outrage of the Mau Mau Uprising. The Mau Mau (or Mau Mau and Land Army was known in the West) is the inverse of the reality. Throughout the entire Mau Mau "emergency, fewer than 100 whites were killed—excluding 70 percent of the actual guerrillas; among Africans the toll was greater than 11,000. Colonial security forces, like the American "commanders," hunted men for bounty. Tens of thousands of Africans were herded into British detention camps. In one round-up, 35,000 were arrested in a single day. The Mau Mau myth and similar racist inversions will hold firm in the popular mind, but responsible agencies of the U.S. government cannot afford to hueen their own effective- ness with such propagandized facts. Thus, in the decade preceding Kenyan independence and since that time, the CIA has provided carefully selected support to elements of the same anti-Communist movement of which many Americans could think of only with revulsion and horror. The United States may seem in any case to be an unlikely supporter of national liberation struggles in the Third World. But the fact is that U.S. policy has never stopped sponsoring black militancy, whether of the Mau Mau or of CORE, the chief of the CIA's covert funding program. Speaking for the group, LODGE wrote: "The coldest terrorist organization is not the president or prime minister of tomorrow. In many countries of Asia, Africa and Latin America, trade union agreements which are in direct contact with the people and they are frequently among the most important influences on the people." Aid to Mboya, he added, "has nothing to do with terrorists [CORE], but the whole cause of freedom and democracy in Africa." The British were uncomfortably aware of what their "special role" was doing for Kenya. In December 1959, British "UK EYES ONLY," dated December 21, 1959, they concluded: "The situation across the continent is one of the most difficult in which the United Kingdom and other European powers find themselves and to replace their influence and interests by direct U.S. military or political contacts that have been built up with American leaders for this purpose." The document concluded that "Americans are not interested in the creative African black power of the future, and their influence by direct U.S. military forces and their contacts have been built up with American leaders for this purpose.

The ICFTU often works through the mainly U.S.-based international union secretariats. In Africa, where unionization has been concentrated in government employment, the most important secretariat—and accordingly the main CIA instrument—has been the Public Service International which was also instrumental in the overthrow of the UDD regime in Ethiopia by the British Government (in British Guinea). W. C. Lawrence, a PSI representative in East Africa, famously expressed the organization's role in a February 13, 1962 letter to the government: "It seems to me that it is up to us to see that they [East African unionists] know what is right."

In 1963, just after he left his post with the Kenya Federation of Labor, it looked as though the Federation might be losing sight of "what is right." Strikers through the country, the economy, and PSI feared some kind of class polarization of the society during the critical transition to independence, perhaps leading to the white flight. The secret PSI records revealed how it stepped in. General Secretary Tofahren sent a "Dear Tom" letter to Mboya on January 29, 1963, reading in part: "Perhaps the Government can do nothing else but say 'no' to their claims, but then the question arises how to do 'no' in a manner so convincing that the people concerned accept 'no' for an answer?" He added that "he was sending a special representative, T. Nyanz, to Nairobi 'to seek a void strike', and he concluded with the comment that this letter is written in order to urge you to drop this in the appropriate quarter.

Mboya's threats were rigidly ignored, and on February 13, 1963, Nyanz was able to report that the situation was in hand. "I was very lucky," he wrote, "getting the support of Brother Tom Mboya in my try to avoid the strike."

[PEACE WITH FREEDOM]

UNDERWORLD MBOYA and his Labor Federation was a secret weapon in the hands of the CIA, who pitted the 50s and 60s 'advancing' against the 50s and 60s 'backward' American. By 1964, however, American investments, which would reach $100 million by 1967, were becoming significant, and this was seen as an intrusion into their own sphere of influence. But even more important, 1964 also brought dangers of 'prosecutional saturation' to the CIA. Tensions with the Nairobi embassy resulted in the American intervention and the American Embassy in the northeastern Congo, and Kenya lay astride the natural supply route. The CIA decided that a new approach was in order.

Mboya had long been supported as a force to the right of Prime Minister Jomo Kenyatta, but with accommodation with Kenyatta was now seen as necessary, particularly to insure that he did not support the Congolese rebels, and more generally to get him to clear lines against theaging Kenyatta leadership. It was a strategy which was designed to utilize the credibility of the appropriate flexible militants to crush the rest.

In June 1964, U.S. Ambassador to Kenya William Atwood met with Kenyatta and agreed that Western labor groups would stop subsidizing Mboya and the KFL; for balance, aid would be increased in the educational sector. The self- appointed leader, Vice President Odling, would also end. Simultaneously, the CIA was making appropriate shifts in its operations, throwing its resources into a new kind of vehicle, the Federation of Labor, the new byword for the "official" opposition, in an organization by the name of "Peace With Freedom."
DEPUTY CHAIRMAN FRED HAMPTON
TAKEN POLITICAL PRISONER

Once again the decadent power structure, has acted to destroy another who worked to see that power be placed in the hands of the people. It has tried to destroy Huey, Eldridge, and now Illinois Chapter Deputy Chairman Fred Hampton. On Monday, May 26, Fred was sentenced to 2-5 years in Statesville Penitentiary by Pig Judge Sidney Jones for alleged robbery of a Good Humor ice cream truck. He was convicted on April 7 for stealing 710 ice cream bars last summer. Bond was denied to Fred because as Pig Jones said, "He advocates armed revolution."

Thus, a clear indication that Fred has been jailed, not for some "illegal act" (which he did not even commit), but because of his political beliefs. In court, the state and Pig Jones working jointly, resorted to every kind of piggish tactic to see that Fred be taken off the streets as soon as possible. A hearing was held -- aggravation and mitigation -- where the state tried to show that Fred should be given 5-10 years in jail. And the defense counsel tried to show he be given the minimum sentence. Defense Attorney Fred Cohen asked Pig Jones to stay the execution and give Fred bail pending appeal of the entire case. This was denied. Pig Jones' sentence varied only slightly from the one requested by the state. Clouded in the black robe that surely smells of the stench that he lives in, Pig Jones -- Black puppet manipulated by the pig power puppeteers of Chicago -- has carried out this system's policy of "legal and sanctioned persecution."

The state attorney's every effort was not to show that Fred was an "abnormal" (which is what they called him), but it was to show that Fred's political ideas are in direct opposition to his and all others who embrace injustice.

And what are Fred's political ideas and actions? What has he done that has made a "criminal?" If it is criminal to help initiate a Breakfast for Children Program, then Fred is a criminal. If it is criminal to help open a free health clinic, provide heat in the winter for families who don't have it, and remove power from slumlords, then Fred is a criminal. If it is criminal to teach people verbally and through examples how to rid themselves of the oppression which stifles them, then Fred is a criminal. Yes, he's a criminal, the kind of criminal that Malcolm, Huey, and Eldridge are -- the kind that says (as only he can say), "No matter what anybody says, I am a revolutionary." And every since he has made that statement, he has been harassed, arrested, beaten, shot at and now framed by pig's, proving that the only crime that Fred has committed has been his love for the people and his acts for their liberation. His political views have resulted in him being placed into a kind of hell that the pigs have tried to make into a permanent home for all who have moved to destroy this treacherous system. Fred is a political prisoner.

The next step that the defense counsel will take will be to challenge pig Jones' decision to hold Fred without bond. That step is only one small step, for we will exhaust all legal means and all other means once that Fred be released.

To the pig justices, the demagogic politicians, and all who are responsible for Fred being incarcerated into a "sanctioned hell", you will suffer the consequences for your vile acts. You may think this is a joke, a wish, a dream, but we the people say that it will be a reality: Fred again will walk the streets with the people; he again will educate the people. Fred will help the people. Fred will be with us because he belongs with us. Deputy Chairman Fred has said: "You can jail a revolutionary, but you can't jail revolution."

We, the people, are saying: "Pigs, we refuse to let you jail either."

FASCIST FEDERAL, STATE & LOCAL PIGS CONSPIRE TO DESTROY NEW HAVEN LEADERSHIP

The New Haven Pig Force combined with state, F.B.I. and County Pigs, illegally vamped on the Black Panther Office at 1:05 Thursday morning.

Wearing bulletproof vests carrying riot shotguns and using Gestapo tactics, they broke the front window to the office to gain entry to the upstairs apartment where women and children were asleep. The pig department totally ransacked the downstairs office and the above apartment, confiscating money that was to be used for the children's free breakfast, posters, papers, rifles, furniture, clothing, food and office equipment.

Arrested for a trumped up charge of murder and conspiracy to commit murder were Warren and Sylvia Kimbro, Erica Huggins, George Edwards, Rose Smith, Jeannie Wilson, Maude Francis, Francis Carter and Peggy Hudgins. Sylvia Kimbro was later released on a one hundred dollar bond and her charges were reduced to breach of peace because she was not a member of the party. From what Sylvia told me from the questions they asked her, they are trying to connect this with the alleged conspiracy of the twenty one Black Panthers in New York and that they are trying to connect Chairmen Bobby Seals in with this alleged lie on the New Haven Black Panthers. The enclosed news clippings will give you further information and I'll send in reports as news develops.

NEW YORK YOUTH ORGANIZATION DEMONSTRATES AGAINST FASCISM

FREE THE NEW YORK PANTHER 21

The arrest of 21 members of the New York Chapter of the Black Panther Party for "conspiring" signals a growing government repression of the movement in this country. All of us in all segments of the movement must recognize the consequent necessity of working together and supporting one another. The more the left is fragmented, the more easily these fragments can be isolated and destroyed.

On April 6th, the 21 Panther members were arrested and charged with conspiring to blow up a number of department stores, 10,000 dollar in the Bronx Botanical Gardens, and a police station, as well as possession of dangerous weapons and explosives. The arrests were conducted in the early morning hours by scores of armed policemen. The emotional area of the arrests caused the premature death of the child of Curtis and Lena Powell (Powell was one of the 21 arrested). The child lived three days. This event was not considered news fit to print by the media.

The idyllic nature of the charges against the 21 clearly indicates the intent of the arrows to destroy the Panther Party and create a climate in which to discredit the Panthers in the community, by their efforts to create a revolutionary movement in the black community and to turn the black struggle into a struggle against capitalism as well as racism, the Panthers represent a significant danger to the establishment. To charge the Panthers with conspiracy to blow up department stores -- an act which would only hurt working people, not the power structure -- can only be seen as an attempt to destroy the Panthers; as D.A. Boggs said, "we have made significant steps in the Panther leadership.

These latest arrests are an escalation of a continuous pattern of arrests and harassment of the Black Panther Party. In the last ten months 40 criminal charges have been brought against New York Panthers, but NO CONVICTIONS HAVE BEEN OBTAINED. The pattern followed for each arrest has been the setting of extraordinarily high bail followed by a number of pretrial "feared" conditions demanded of the accused. These terms were designed to keep the accused in jail and away from the people and prevent the spread of information.

The 21 are being held in 200,000 dollar bail, all of which is grand total of 21 million dollars. The movement has not yet been able to raise this sum, and payments to lawyers have not been denied. The 21 are still in detention and are being held in various Houses of Detention in all five boroughs of New York City. Thus it is extremely difficult for their attorneys to contact them and of course impossible to confer with them at all. The high bail demanded coupled with the obstacles being placed in the way of defense attorneys William Kunstler and Jesus Lopez. In effect the 21 are being isolated, the police due process and exercise protective detention, it must be borne in mind that the Panthers are in prison and in danger.

1000 PANTHERS MARCH ON ST LUCY

The morning edition of the New York Times, following the raid carried the headline "SMASH PANthers!" Subsequent articles in the New York Daily News from Fred's staff members speak of the falsity of information in the Times was whether PFF financed the Panthers. We are working for implementation of that program that they are establishing free breakfast programs for school children, that they do this so that people may see a concrete act of disillusionment. In the puppet and distortion of news denies people the information needed to understand the events occurring around them, understanding vital to the furtherance of movement goals.

THE MOVEMENT NEEDS ACCELERATION

All radical groups realize the need to accelerate the movement and the Panthers. Demonstrations took place outside of the Criminal Courts Building during arraignments and bail hearings for the Panthers. These street actions did not point the anger felt by the radical movement in the latest out of repression, but they also illustrated some of the more crucial differences between white and black movements. To go into the streets, marching in a circle beaded by police barricades, separated from and protected from the people watching, chanting "Free the Panther 21! and "Off the Feds!" and conducting a rally consisting mostly of rhetoric slogans amount to a call for the Panther's arrest in the Marx's street. And to want to còn the police which we so bravely called "the" could have exhilarated us. Before we can have a personality and are at various points necessary and worthwhile. The purpose of street action in this case was to demoralize authority and to educate people. True we showed our capacity to march the Panthers, but we also pointed out the sort of demands that would be made of the City of New York will allow; those conducted behind barricades and under police surveillance. We must also ask ourselves how we appeared in the eyes of our Panther brothers or "Off the Feds!" from the relative safety of our white skins, middle class values and protecting both barricades and bodies.

More important than appearance, though, is effectiveness. At this point Peace and Freedom and the white radical movement in general can assist the Panthers in two concrete ways: raising ransom and mounting our own propaganda campaigns against the duplicitous and distorted media. The Panthers are currently attempting to raise bail for the 21. As long as they are in prison their very lives as well as their freedom are threatened. The movement is not in a position at this time to free them by any means other than putting pressure -- we must raise that reason and also be willing to accept the possibility of furthering that bail money.

In a propaganda campaign we must expose the true nature of the law as an instrument of repression, control, the distortion and deception, the media and the police for the wholesale and systematic basis.

LETTERS FROM JAIL

I am writing this note in hopes that it will inspire at least one of those party members to get out into the community and do the work of the people.

During my incarceration, I have found that there is a great need for the sisters and brothers to know the true meaning of “Power To The People.” Very few of us young brothers and sisters have ever read the ten point program. They are unfamiliar with the Party’s purposes. We are locked up as we all black peas dedicated to destruction. When the brothers in Oakland cut down and put the ten points together in jail what they had in mind. We must educate the communities to the correct purpose of the Black Panther Party. The Party is dedicated to seeing that the needs of the people are met. We will do whatever the people deem necessary to obtain these basic needs. We will go to jail, we will be murdered, we will be prosecuted and most of all we will live for the people. We are responsible always to the people. Every action must be understood by the masses. I no longer have any doubts, for my desires are my people’s. I have no time, because my time belongs to the people. You see, everything belongs to the people. If you find it hard to put into practice, then you have no place in the Vanguard. Everyone is not expected to be able to carry the load (for it is without a doubt a heavy load) — but then the reward is great. The load must be carried whether you do it or not. You must review the three choices you have.

I love my people and because of this love the party tears that I am facing seem a small price to pay. Land, bread, education, housing, clothing, justice and peace these are my goals.

Abolish,
Banru

Sitting here in the clothes of our People’s enemies, my mind is constantly seeking to offer some guidance to the brothers and sisters who are waging the struggle against these exploitative racist dogs.

The racist manipulation of this system of exploitation and concentration has, in all instances of racist justice and of racist war, we must learn from this, and here is how.

We must educate all the people to the wretchedness of this system, and how they are programmed into their own exploitation and misery. We must do this if we wish to go on.

May 21—Nine members of the Lincoln Park Young Patriots were arrested yesterday after they had attempted to convince the bar- tender at the Harvest Moon Lounge 555 N. One car was arrested with crib to mediate the dispute, but it was using a scoop away with a file. Receiving no satis- faction outside, the Patriots went to the sidewalk, and the laver owner locked the door behind them. Appropriately a sign appeared on the laver's window: "Temporarily Closed by Order of the Young Patrion." Inside a lot of ruck- ings were heard, "You can't close the laurer," they said, "We don't have the door," the Patriots replied. The cops then ordered the Patri- ots to clear out with the side walk. **30-Year Pot Trial: Justified or Political?**

*By Bob Tutt*

A federal judge is seeking to keep a file敞开关于 a black marijuana defendant from being unsealed, after the judge denied a request by the Department of Justice to unseal the file.

The judge, in a narrow ruling, said the government's argument that the file was not a public record was not persuasive.

"The government has not shown that the file is a public record," the judge wrote. "Instead, the government argues that the file is a private record because it contains information that is considered confidential by the Department of Justice." The judge cited a case in which a federal judge had granted a request to unseal a file about the Department of Justice, but said the government had failed to prove that the file was a public record.

The government had argued that the file was a public record because it contained information about a case that had been decided in court.

"The government's argument is unconvincing," the judge wrote. "The file contains information about a case that was decided in court, but the court did not make the information public. The government has failed to prove that the file is a public record." The judge said the government had not shown that the file was a public record.

INTERVIEW WITH BOB RUSH

Deputy Minister of Information of the Black Panther Party being interviewed for the Black Community News Service for the Black Panther Party. This interview is conducted with the Deputy Minister of Defense for the Chicago Chapter, Bobby Rush. Recently, there have been reports of the Illinois Chapter of the Black Panther Party being accused of having problems with the power structure in Chicago, which may have led to some of the recent events.

BOB RUSH: Well, I think the situation is not as bad as it seems. The Black Panther Party is a political party, and we are not interested in destroying any part of the system. We are interested in changing it, and we are willing to use any means necessary to achieve that goal. We are not afraid to stand up for our beliefs, and we will continue to do so.

INTerview with Bobby Rush

We are a political prisoner in the same fashion as Huey P. Newton. Are there any chances of us appealing, or are we legal maneuvers lawyers could make to possibly free this brother?

BOB RUSH: Well, the lawyers now are engaged in trying to get a way of releasing the two prisoners. To make the government show a reason why they are in prison, the Black Panther News Service's lawyer has a chance to talk to Mr. Fred. Have you talked to him or could you just give him some general statement or anything that Mr. Fred might have to say to the people of Illinois?

BOB RUSH: Well, Fred has been in prison for almost four years. He is not a political prisoner. The situation is not as bad as it seems. The Black Panther Party is a political party, and we are not interested in destroying any part of the system. We are interested in changing it, and we are willing to use any means necessary to achieve that goal. We are not afraid to stand up for our beliefs, and we will continue to do so.

The purpose of declaring a possible national emergency. It was proven that Artie Cox was a person of the United States, and he was given the maximum penalty.

As far as threatening a person's life, Niki S. Krupenkov, who was accused of this crime, has been acquitted of murder. He was exonerated by the jury and released.

Artie Cox was asked to have his reaction to this situation. According to Deputy Superintendent of the United States, the howl of the calls for action against the United States is not justifiable. The situation is not yet clear, but we will continue to fight for our rights.

The situation is still challenging, but we will continue to fight for our rights. We are not going to give up until we achieve our goals.

FASCIST PIGS RUINED $300.00 WORTH OF FREE BREAKFAST FOOD

The breakfast for children started four months ago and ever since the breakfast for children has been going on, we feed 150 to 150 children a day. The Black Panther Party is here to save the people and that is what is being done every day. We serve breakfast to the hungry children every school morning. The day the pigs vamped on the Black Panther Office (April 26, 1969), the people in the Office, the pigs ruined $300.00 worth of food. The food was for the breakfast program. But the Black Panther Party went forth and met the needs and desires of the hungry children. The pigs thought that they were going to ruin the Panthers and the Breakfast program because of the fact that the Black Panther Party is feeding the people and the racist dog government is not doing a damn thing not trying to make laws and more laws. They are making more laws than they know about. The people in the black community must come forth and meet the needs and desires of the hungry children. We must remember that the youth, the future revolution. The pigs who sit in Edsgerd Cleaver’s chair is not doing a damn thing is doing a F-.. up job by trying to run the U.S. The pigs who sit in Edsgerd’s chair is not doing the racist dog community every morning. The people in the community is doing this. The people in the community is the government. The pig will shut you down at night or day and they will tell the people in the community that they thought you had a gun. The Minister of Defense of the Black Panther Party, Hizzy F. Newton is in the pig pen, now for destroying the self against the pig who tried to kill him. We want to free all black political prisoners.

HARLEM FREE BREAKFAST PROGRAM

On May 19, the birthday of Malcolm X, the Black Panther Party, Father Divine Church, and Harlem Community opened the Free Breakfast for School Children in New York City.

In the current issue of the Black Panther Party newspaper, an editorial statement by Blackman states: "In the wisdom, the strength, and the love of humanity that was Malcolm X, that was the controlling force in the founding of the Black Panther Party. It is out of this wisdom, this strength, and this love of humanity personified in Blackman, our Minister of Defense, that the idea of a Free Breakfast for School Children came. Every morning, in churches and community centers across the country, a bill, "breakfast is being served to school children absolutely free of charge. Food and money are being supplied in donations from local small businessmen, large distributors and private citizens. Also, many members of the Harlem community have offered their services in preparing and serving the food. Father Divine Church is only the first of many churches where breakfast will be used to feed the hungry children of Harlem.

The Black Panther Party is here to serve the people by putting this socialistic program into practice. The Harlem community has many hungry children in its midst. Pig Nixon and the racist government refused to feed the hungry children of this nation. The insurance business now takes profit out of the community each day, while the people of the community are without. Malcolm says: "You can't operate a capitalist system unless you are voluntarily, you have to have someone else's blood to ask to be a capitalist." Pig Rockefeller, Lindsay and the Board of Education are not interested in feeding the hungry children of our community. Consequently, the community decided that the Black Panther Party has instituted the Free Breakfast for School Children Program every weekday morning.

In this way, the Black Panther Party will continue to work to meet the demands of the people.

ALL POWER TO THE PEOPLE

HARLEM YOUTH FULL AND READY TO LEARN

THE BUST OF THE 21 WAS TO STOP THE FREE BREAKFAST PROGRAM ALSO

In Harlem, one of the most exclusive areas of New York, the Panthers have been struggling to reach the people and that when passing out leaflets the Panthers are sometimes asked, "How much does it cost?" before taking one. The Harlem community has been tricked over and over again. They find it hard to believe that the Black Panther Party is here to serve the people rather than to cater to the interests of a selfish few. Looking at the faces of the children each morning makes us realize more that the statement of Harlem Field LA may always be true: "There are not enough pigs in the world to eat the people." We call upon the Panthers Party to stand up and fight for the needs of the people. It is these young black children that we feed each morning that must never be tried again. It is these young black children that will nurture the seeds of the new world we are planting, it is they who will cultivate the ground we plow.

Harlem is no different than other oppressed communities. Harlem has more brothers and sisters here than in any other community across the U.S. New York is the financial capital of the world (the capitalist capital). The people of Harlem, as in other oppressed communities, judge the Black Panther Party by its ability to put into practice what it says.

The Black Panther Party says it is about creating a world in which no one starves, and we begin to put that into practice. And the pigs, in their last desperate effort to save themselves, must stop this by any means necessary. The arrest of the 21 Panthers on July 5, 1969, is an attempt to stop this. The pigs had brought to their most ruthless and desperate, the most outrageous lies imaginable in their attempt to crush the Black Panther Party. On April 2, many of the Panthers who were putting most of their energies into starting the Free Breakfast for Children were arrested. 21 Panthers, devoting their lives to serving the people, were arrested on a crazy conspiracy to harm the masses of people, to keep up some department stores. On May 19th, the birthday of Malcolm X, the Harlem Branch of the Black Panther Party opened up the Breakfast for Children in New York City. Field LA says: "It is contradictory to say the Panthers are enemies of the people, when we are instituting programs in the Black community which the pigs power structure has refused to implement even for 400 years?" Black people see through the lies of the pig power structure. They see the Free Breakfast for Children, and all over the country black people look to the Black Panther Party for leadership.

What We Want
What We Believe

2. We want an end to the robbery by the white man of our Black Community.

We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two mules. Forty acres and two mules was promised 100 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities. The Germans are now asking the Jews in Israel for the genocide of the Jewish people. The German government paid million Jews. The American government has paid the black people over fifty million black people; therefore, we feel that this is a modest demand that we make.

4. We want decent housing, fit for shelter of human beings.

We believe that if the white landlords will not give decent housing to our black community, then the housing and the land should be made into co-operatives so that the poor community, with government aid, can build and make decent housing for its people.

5. We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that Black people should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and do not fight for white people or oppressed people of color in the world who, like black people, are being victimized by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

8. We want freedom for all black men held in federal, state, county and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

9. We want all black people when brought to trial to be tried in court by a jury of their peer group of people from their black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this the court will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the "average reasoning man" of the black community.

10. We want land, bread, housing, education, clothing, justice and peace.

As our major political objective, a United Nations-supervised police cité to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That, to secure these rights, Governments are instituted among men, deriving their just powers from the consent of the governed, that, whenever any Form of Government becomes destructive of these ends, it is the right of the People to alter or to abolish it, and to institute a new government.

We believe that governments long established should not be changed for light and transient causes, and accordingly, all experiences hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But, when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is the right of men, it is their duty, to throw off such government, and to provide new guards for their future security.
Soul on Ice?

"It is only a matter of time until the question of the prisoner's debt to society versus society's debt to the prisoner is injected forcefully into national and state politics, into the civil and human rights struggle, and into the consciousness of the body politic. It is an explosive issue which goes to the very root of America's system of justice, the structure of criminal law, the prevailing beliefs and attitudes toward a convicted felon." (Soul on Ice, p.59)

Eldridge Cleaver made the decision to politically exile himself November 27th, on the basis that the Attorney General made an unlawful decision, and that he has been denied his constitutional right to due process of law.

The revocation of Cleaver's parole was illegal, because no parole violation was committed.

The revocation of parole was illegal, because no parole violation was committed.

The California Board of Parole found that Cleaver violated his parole by possessing a gun in his possession, and by associating with individuals of bad reputation. This contention, we will show, is false. The Parole Authority version contradicts the Superior Court order itself.

"...Cleaver's only handling of a firearm (the rifle) was in obedience to a police command. He did not handle a hand gun at all. There was nothing else to the other or the other to a conspiracy or a situation calling for the application of the doctrine of aiding and abetting. Hence, nothing supported either the possession of a firearm or the assault charge.

"As to the charge of association with individuals of bad reputation, the report indicated that two or three of those named had "police records," but nothing to show whether they had been convicted of anything, or whether Cleaver knew of their arrest record." (Superior Court, c. 637, 638, 649, 64.)

Cleaver was denied due process of law by being denied opportunity to present his case.

"Why was Cleaver returned to prison as a parole violator if discredited evidence to the contrary was presented in his defense? To answer that question, one must examine the operation of the Adult Authority. This board has the right to arbitrarily revoke or suspend parole on any individual. At the same time, the Adult Authority maintains—falsefully—that Cleaver has the opportunity to defend himself at a hearing. This is how it works.

"A parolee is served with violation charges, is interviewd, is given a hearing (before the Adult Authority itself, the charging party at which the parolee may "plead") to the parole violation charges, and is afforded an opportunity to present his defense."

"At the hearing, a parolee is denied the right to counsel, may not have an independent and impartial officer to conduct the hearing and make decisions." (Petition for Hearing in the Superior Court, p. 17)

Not only does the Adult Authority hold secret hearings, but it also refuses to notify persons under its jurisdiction of its procedures, or of its variable definitions of what constitutes a parole violation. This secrecy and vagueness is in direct violation of federal law which requires agencies to publish their procedures "for guidance of the public."

"Petitioner (Cleaver) is immediately and seriously prejudiced by the Adult Authority's unlawful refusal to publish its regulations, since he is to be imprisoned by virtue of an action which the Adult Authority still seeks to gain in this well of secrecy." (Petition for Hearing in the Superior Court, p. 12)

Cleaver was not given an opportunity to present his case. It is an unlawful decision. It is an unlawful decision if one sets aside the fact that the Adult Authority was not given an opportunity to present his case. It is an unlawful decision if one sets aside the fact that the Adult Authority was not given an opportunity to present his case.

The conclusion then is that the Adult Authority's decision to revoke Cleaver's parole was illegal and erroneous.

The conclusion then is that the Adult Authority's decision to revoke Cleaver's parole was illegal and erroneous.

Yes, the Adult Authority acted unjustly and illegally. Its decision was not based on evidence of a parole violation. The case against Cleaver was based on an illegal decision. The Adult Authority's decision to revoke Cleaver's parole was not based on evidence of a parole violation. The case against Cleaver was based on an illegal decision.

The conclusion then is that the Adult Authority's decision to revoke Cleaver's parole was illegal and erroneous. It is an unlawful decision if one sets aside the fact that the Adult Authority was not given an opportunity to present his case. It is an unlawful decision if one sets aside the fact that the Adult Authority was not given an opportunity to present his case.

Eldridge Cleaver is a victim of a naked, shameless political persecution. As such, he should be given the right to present his case.

The conclusion then is that the Adult Authority's decision to revoke Cleaver's parole was illegal and erroneous. It is an unlawful decision if one sets aside the fact that the Adult Authority was not given an opportunity to present his case. It is an unlawful decision if one sets aside the fact that the Adult Authority was not given an opportunity to present his case.
