CAPITALISM PLUS RACISM

NEED FOR BREAKFAST FOR CHILDREN  NEED FOR COMMUNITY CONTROL OF POLICE

BREEDS

FASCISM
RISING. The government has provided the black community with a new repressive in the U.S. society. The black community is the world. They have shown that they are the most industrious and hard working people. We have run out every day of our lives. We have shown that we are not the same people are going hungry. There is one question that the government reports don’t answer and that is why there is no black revolution in the U.S. country, a treaty of millions of people are going hungry. Every day. They can’t give people enough food to eat, so we will spell out their own dooms. This is the reason people are starting to fight each other in this country. In fascism, the fascist dog tells people and the fascist policeman are all the same. Ruling the people by maintaining this system.

EXPLOITATION. WE DO IT ALL THE WORK. WE GET ALL THE BREAD. WE WORK in the factories and on the farms. The capitalist sells the value we create with our labor. We are not the one who is making automobiles or picking packages, packing eggs or painting clocks. He sells the product for $1 while the working man makes $0.50 an hour. We can put on the production line every hour, and the capitalist takes the bread and gives it to the people. Who knows how many kids go to private schools in Washington and Chicago, we eat bonuts and grapes. We don’t know why people quit. ‘Cause he knows that millionaires can’t make a living with all the amounts of natural death we can’t imagine out to die.

STARRY BLACK CHILDREN

Two pigs are honored in the same way. They are named Palestinian Dan and arrested the other.

The fact that food substance for the young children was on the menu was not that much of a surprise. It was a good thing to the parents, and he was satisfied, the milk was drunk and the bread was eaten. When the bus was hit by the bomb.

The pigs satisfied their young children by their acts in a way of being starved properly. The fact remained that 7,000 pigs had recently purchased the bus and there was no doubt that the bus was registered properly. This was an example of the attitude that the pigs have. We can’t really do this. Our greatest feat was the people after all. The greatest concern is the people. The pigs were not satisfied with their diabolical emasculature of the people in the black community. They must now find out of the month of civil.

When the bus was returned to the city, the milk was poured into the holes. Danish Pigs were viciously stilling 200 black children’s breakfast. The breakfast given to the children was the bread, the soap, and a little milk. The young black children were mindful of their actions years after the Black Panthers involved in the incident.

“It is good if we are attacked,” the mother said, “If you have been since you heard that it is good to live on me. A clear line of separation between the enemy and ourselves.” Chairman Max.

THREE STUDENTS SUSPENDED FOR ATTENDING FREE BREAKFAST PROGRAM

To eat or not to eat that is the question. Facing three young black children, a Negro youth who was shot down at one of the community breakfast programs. The young Negro was killed by an automatic weapon. The police officer told him to go back to the barrier and throw the food. After eating, the officer walked away with the children. An organization that gave the children something to eat.

The young people are forced to listen to the three young people being shot down. The1 people are being shot down being reduced basic education which may be dangerous.

After we heard the story, we teachers that we did not do the same thing that had gone done. The participants of the program, which is called “Black Break,” had a natural breakfast. The breakfast was eaten by the parents who were present. This is the only thing that we were concerned about. The young people are hearing the story of the three young people being shot down being reduced basic education which may be dangerous.
L.A. PANTHERS BEGIN FREE BREAKFAST PROGRAM

Tuesday, April 26th marked the beginning of the Los Angeles - Southern California Chapter Free Breakfast for Children Program. We’ve named our program in honor of John Huggins, Deputy Minister of information - Southern Chapter, who was assinated on January 27, 1969, at U.C.L.A. - The John Huggins Free Breakfast for Children Program.

Several weeks before we started the program, we went letter to approximately 250 to 200 retail and wholesale stores in the community, requesting commoditization for the program. The response from these letter was nil. Once the program was under way however, we did recieve a visit from an official of the Los Angeles County Human Relations Board. We suggested that he was merely checking the breakfast program out of semi-motivation - that is, whether we were feeding kids because they were hungry, or because we wanted to "breakfast" them with Panther ideology.

We, nevertheless, did finally, on April 26th, start our first free breakfast program in Los Angeles at the University of Southern Adventist Church (Primary and Santa Barbara Avenue). All the night before members from all 11 A. sections thoroughly cleaned the kitchen and dining facilities of the church. The first day about 30 children appeared and were well satisfied with the breakfast. We served over 50 breakfasts this day. Of course, just a pilot program, and we eventually will set up a 4 to 6 more programs in L.A. and feed over 1,000 children.

Because of its size and extremely conservative political attitudes, Los Angeles has been a difficult area in which to organize for free breakfast programs. We have had also difficulty in setting facilities in L.A. No church seemed to want to grant us the use of its facilities for free breakfast programs. The first minister-friend however, was Reverend Leonora Paul, Associate Pastor of the University 7th Day Adventist Church. He had to literally fight for our right to use his church facilities. Now the entire church says it supports our program 100%

To expand our program further, the membership here in L.A. visited several churches on Mother's Day in hopes of speaking to church congregations regarding use of these facilities. Not one of the churches responded favorably. Nevertheless, the following day, the Chairman of our Breakfast Councils, Owen Countie, and several others attended the Los Angeles Conference of Baptist Ministers. Here the Panthers presented to this large body of ministers in an outline of the John Huggins Free Breakfast for Children Program. After some deliberation, the Los Angeles Conference of Baptist Ministers voted unanimously in favor of the Free Breakfast Program and gave us their endorsement and commandition.

This will make it somewhat easier for us to obtain facilities, and we will be opening more breakfast programs as soon as food supplies and finances permit.

We also wanted to get the full support of the community by polling various leading projects. People from projects like Park Villages and the Pantoche show the community is enthusiastic about the Free Breakfast Program. The people are eagerly awaiting the start of breakfast programs in their areas. Everyone seems to want to know why their area won't first.

And finally, the Free Breakfast Program is in large part due to the Breakfast and the Panthers. They want to know all about them, the Black Panthers and the Party and its programs. They wear their buttons and ask about the paper daily. The energy and enthusiasm they show after breakfast when we occasionally drive them to school makes me think that if we don't go back to school, they wouldn't be Free Breakfast for Children.

THE YOUHE WE ARE FEEDING WILL SURELY FEED THE NEGRO REVOLUTION.

BOYCOTT SAFEWAY STORES

The Black Panther Party calls on the community to boycott Safeway stores in the East Bay. Why? They will not donate to the Free Breakfast for Children Program.

Safeway's stock is being distributed by the National Black Panther Party. They have been seen in the stores and at Safeway's headquarters in downtown Oakland. This is a clear conflict of interest. Their stock should be seized by the community and destroyed.

Boycott Safeway stores and support the Panther's Free Breakfast Program. We need your support to expand our program. Your support will make the difference in our mission.

Support the Panther's Free Breakfast Program and help us expand our outreach.

THE FOLLOWING ARTICLE IS TAKEN FROM A WRIT OF HABEAS CORPUS FILED BY ATTORNEYS ON BEHALF OF THE NEW YORK PANTHER 21

E. LEE BERRY (25 years old) is nowhere mentioned in the indictment. It is neither alleged that he agreed with anyone to do anything nor that he committed any overt acts. He has been a resident of New York for approximately 15 years and has been living with his wife at 169 Jamaica Avenue, Brooklyn, N.Y., for the past six months. His wife gave birth to his first child on March 25, 1969. He has never been arrested or convicted of any crime. He entered the United States Army on July 20, 1964, and received an honorable discharge therefrom on April 20, 1966, after serving 7-1/2 months in Vietnam. He is 75% permanently disabled, due to service-connected epilepsy, and receives a Veterans' Disability Pension of approximately $400 a month. He is unable to maintain a job because of his generally poor health and the frequency and severity of his epileptic attacks, as is stated in his V.A. pension. Since his discharge from the Armed Services, he has done photographic work and, since the Fall of 1968, has been an actor in the Oppressed People's Theater of the Black Panther Party.

Mr. Berry suffered several severe epileptic seizures in the last weeks of March, 1969, and was admitted to the Veterans Administration Hospital at 24 Street and First Avenue, New York, N.Y., where suffering a seizure, he awoke the next morning covered with blood. He continued receiving Intensive Receiving Intensive receiving Intensive Medication in the hospital, although he suffered more mild seizures thereafter.

The announcement of the indictment and the aforementioned arrests was made by District Attorney Frank S. Hogan in an unprecedented press conference at 11:00 A.M. on April 2, 1969, which said announcement was given exceptionally wide and extensive coverage by all news media. For example, the story appeared on Page 1 of the New York Times for April (April 2), (April 4), (April 6), (April 8), (April 10), and (April 12). It was also featured on Page� of the New York Daily News and featured as the key story of the day on Page 3 thereof (Exhibit "C"), The New York Post also ran an extensive story on Page 2 of the afternoon editions (Exhibit "D"), All radio and television stations in the metropolitan area featured the story for a considerable time after Mr. Hogan's press conference, which, among others, was attended by representatives of WCBS-TV, WMBC-TV, WNEW- TV, WABC-TV, WOR-TV and WPIX-TV.

When petitioners' attorneys learned of their arrests, they attempted to see their clients who were then being held at Mr. Hogan's office. They were refused permission to do so (Copeland requested only two minutes with their clients), in violation of Escobedo v. State of Illinois, 378 U.S. 478, and related cases decided by the United States Supreme Court. When the 12 arrested petitioners were subsequently arraigned later that day in Part XXVII Municipal Court, said petitioners pleaded not guilty, as did petitioners Epps and Berry at their subsequent arraignments. Supreme Court of the State of New York, County of New York, a similar request by said counsel was refused by Justice Charles Marks who presided therein.

Petitioners are being deprived of their right to interview witnesses for their defense; they have been deprived of the right to see counsel together and to have contact with each other. They have been denied the opportunity to interview witnesses for their defense; they have been deprived of the right to see counsel together and to have contact with each other. They have not been given access to newspapers to discuss with counsel the truth of any of the allegations made continually therein.

Visitors to all the prisoners have been harassed intermittently and racial slurs have been leveled at white wives of black prisoners, namely Mrs. Powell and Mrs. Collier. The following day, the New York Times, in a leading article, related the fire-bombing of a Negro church in Jamaica, Queens. The story indicated that: "Police speculate that the incident was the work of right-wing militants, and that there were in some mysterious fashion, responsible for the incident at the church. To add to the already subliminal attack, the paper carried a cartoon on its editorial page showing a caricature of President Fidel Castro with a black panther draped over his shoulders and bearing the legend, TRUE LOVE.

Following the dismissal of the aforesaid writs of habeas corpus, additional petitions were filed with the Supreme Court. These petitions were brought for a hearing before Justice John M. Murtagh in Part XXXVII, who has been specially selected by the People to try the case. The District Attorney of New York County has, for many years, exercised full control of the scheduling of criminal cases, even to the extent of selecting particular justices for the trial of certain ones. It is well known that Justice Murtagh is one of the present incumbent justices especially favored by the District Attorney.

On May 22, 1968, eight Black Panthers were taken into custody in New Haven, Connecticut and charged with the brutal torture-murder of one Alex Rackley. In releasing the news of the said arrests, Police Chief James F. Ahearn said: "There was a 'direct link' between the killing and the recent arrests in New York of 21 Black Panthers who were charged with conspiring to bomb several large department stores." This was widely reported in metropolitan newspapers, as can be seen from Exhibit "N" attached hereto.

It is obvious from the above that it is utterly impossible for petitioners to have a fair trial. In this case, their most fundamental rights have been disregarded by both the prosecutor, the judiciary and the press, and there is no alternative to equal justice under

law has any meaning at all, but for this Court to grant the relief requested herein. Otherwise, these petitioners are doomed to a legal lynching without parallel in recent times.

Although petitioners have not exhausted their state remedies, there is, in the language of 28 U.S.C. 2254 "either an absence of available state corrective process or the existence of circumstances rendering such process ineffective to protect the right of the petitioner." Any dispassionate review of the facts presented herein must justify the fact that rights have been so utterly destroyed that there is no "state corrective process" or that such process is ineffective to protect their rights.

Just as one example of the deprivation of the rights of petitioners, the People have, upon information and belief, notified all bail bondsmen in New York County not to bond any petitioner without the approval of the District Attorney. In fact, one bondsman informed counsel that, before writing any such bonds, he had to have prior approval of the People. A more flagrant use of the power of preventive detention can hardly be imagined. Coupled with the wholly exasperating reality herein, it makes release virtually impossible.

No previous application for the relief requested herein has been made to this or any other court except as indicated above.

The reason that this matter is brought on by order to show cause, rather than by way of habeas corpus motion, is that petitioners are all unlawfully incarcerated with their trial currently scheduled for June 10, 1969.

In this day and age black men and women are fighting the oppressive people of this racist America for the right to live. It is ridiculous that the legislative branch of this government is attempting to establish new rules for the military and the police. The legislative branch is making the same mistakes as the military and the police. We are all fighting the same fight.

The right of self-defense is a human right. We are fighting for our lives. We are fighting for our freedom. We are fighting for our futures.

BLACK PIG INSTRUMENTAL IN FRAME-UP OF N.Y. 21

One of the primary instruments used by the fascist pigs of New York in their efforts to destroy the Black Panther Party is a pig by the name of Gene Robins, who by his actions has proven to be nothing but another agent for the fascist power structure of America. This pig is one of three that was arrested with the New York 21, who were cleared. He has disappeared. Another pig by the name of Ralph Wyatt has disappeared. The only brother cut loose by the pigs that has stuck with the Party is Zayd.

The contradictions which bring the Party to believe that Robins is a pig are very sharp. First of all, his political education is together but his ideals were always inconsistent. Robins would always commit acts contrary to Party rules and a danger to Party members, while in the presence of Party members, Robins was supposed to be a full time worker for the people, yet he somehow afforded a $800 per month apartment. Fascist pig Robins was so cold-blooded that he allowed his masters to make him desecrate the funeral of a honored revolutionary, by worming his way into the funeral of John H. Haywood, John was murdered by Robins' hands.

The Black Panther Party wastes no time in educating the people as to who their enemies are, so that they may prepare themselves to better combat American Fascism.

PEOPLE'S TRIAL FOR FRED HAMPTON

INTIMIDATION: AN ENEMY OF THE PEOPLE

The context of this request for depositions was misunderstood and turned around to the advantage of the FBI, so that it would appear that he was demanding money from the very people he was protecting.

The true statement of the FBI to thepress was, “The bank was robbed, the ativists were out of the bank community by the police in the Chicago area, they would blow it to the people who live in the community over our P.A. System. This is a crime.

These simple, middle-class Chicagoans told the Chicago Tribune that they had nothing to lose and that they were dealing with the police. They were not afraid of the FBI.

The FBI was watching the people, but the people would deal with this against the police and they would realitate and rise up against these racist viortors.

These people are not going to be intimidated. The people are not going to be intimidated and the police will not be able to stop them.

The people are not going to be intimidated. The people are not going to be intimidated and the police will not be able to stop them.

We, the Black Panther Party, will see that the police will not be able to stop them. The people will not be intimidated. The police will not be able to stop them.

All power to the people.
DEPUTY CHAIRMAN INDIANA CHAPTER ARRESTED ON ASSAULT AND BATTERY CHARGE

The Deputy Chairman of the Indiana chapter, Fred Crawford, was arrested on a charge of assault and battery following an altercation between him and Scott Miller, a volunteer for the Black Panthers. The incident occurred on Saturday night, during a meeting held by the chapter. Scott Miller was arrested for allegedly attacking Fred Crawford. Fred Crawford has been the acting chairman of the Indiana chapter since Robert Wisdom was removed from the position last September. The arrest comes as the chapter faces internal disputes over leadership and strategy. The chapter's next meeting is scheduled for next week, and it remains to be seen how the arrest will affect the discussions.

Not being a reactionary last night, the group was working on a strategy to deal with the situation. The group decided to call a meeting to discuss the next steps. The meeting was set for Tuesday night, and all members were encouraged to attend. The group has been working on a strategy to deal with the situation, and they hope to find a solution that will satisfy all parties involved.
THE CIA AS AN EQUAL OPPORTUNITY EMPLOYER

[In the Shadow of Malcolm X]

As an equal employment opportunity employer, the CIA has a policy of non-discrimination and equal opportunity. The CIA is committed to providing a workplace that is free from discrimination and harassment based on race, color, religion, sex, national origin, age, disability, or genetic information. The CIA is also committed to providing reasonable accommodation for qualified individuals with disabilities.

ROY WILKINS

Although Wilkins (who also wrote for John Lewis of SNCC) rejected Wilkins' proposal, it is quite different. He and CORE, which he led, decided to move into the front line of the Civil Rights Movement. From the beginning of the Freedom Rides—which Wilkins led and for which he was arrested—they were greeted by the "Black Power" flag and before it became a way to publicize the majority. The most discredited civil rights "direct action" campaigns in northern cities were sponsored by CORE, with the leadership and support. Nevertheless, even at the height of these years of activism, Wilkins could not find a position as an effective, if unsung, instrument of CIA operations.

Whitney Young, Jr.

The focus of the group: "As Americans of African descent, we felt we should take the initiative to find out what was happening in Africa and also in explicating to African Americans what was happening in America. We felt that our opinions should weigh in the formulation of American foreign policy regarding Africa." In particular, our interpretation of events at this time was the spectacle of deals, cattle prides, and African nationalism against black Americans by officers of the law. The American Negro Leadership Conference, under the leadership of Dr. Martin Luther King, Jr., and Whitney Young, Jr., was a powerful voice of African-American knowledge and leadership. This group was one of the most important organizations in the fight against segregation and discrimination in the South. The group was dedicated to the principle of non-violence and worked to promote civil rights for African-Americans.

FASCIST PIG BRUTALITY
Pigs Making Last Ditch Stand: Move to Fascism

The fascist pigs of the power structure are striking out wildly and overtly as all reactionaries do when they are on the verge of destruction. The reactions of these pigs range from charging Black Panthers with everything from conspiracy to murder. The pigs have even committed murder in order to frame and jail Panthers. They began their intensive effort to wipe out the Black Panther Party by arresting 21 members of the New York Chapter. They charged the National Chairman of the Black Panther Party with inciting the riot at the Democratic National Convention in Chicago. Their latest effort has been to murder a brother and arrest eight Panthers from the Connecticut chapter for murder and conspiracy to commit murder. The fascist FBI forced their way into the Chicago headquarters of the Black Panther Party under the pretext of wanting to capture George Samu, George Sansom was not there. They busted eight Panthers anyway, illegally took equipment and files that they had no right to and they stole $3,000 in cash.

Just two days prior to these fascist acts, two members of the Black Panther Party were arrested on charges of unlawful flight to avoid persecution, Assistant Pig U.S. Attorney Gordon Abbe said that Landon Robert Williams and Rory Hite had been charged in Connecticut with kidnapping, murder and "binding". With such serious charges lodged against them, why were they not under arrest in Connecticut? The press made no mention of a jail break. It is quite obvious that J. Edgar Hoover and the American Fascist regime is stepping up its efforts to kill off the Vanguard.

Reports of fascist moves are coming in continuously. The Detroit Chapter of the Black Panther Party was vampessed and members were arrested. The Indianapolis Chapter was vampessed and members arrested because the Panthers were out in the streets during a rebellion telling the people to go home and get off the streets. Members of the New Jersey, Oregon and California Chapters have been under constant attack from the fascist regime. Only weeks ago the Des Moines Chapter of the Black Panther Party had its headquarters bombed and homes destroyed. When the members of the Des Moines Chapter sponsored a rally to raise funds for their Breakfast for Children Program, the Fascist pigs of Des Moines moved on it and disrupted it.

Various organizations who have alliances with the Black Panther Party are getting vampessed by the American fascists. Groups such as SDS, the Young Lords, anti-war groups, and just plain people who are opposed to some of America's fascist policies being beaten, gassed, arrested and killed for merely being in opposition to the status quo. Huey P. Newton is in the concentration camp, convicted by a kangaroo court composed of fascists, Bobby Hutton is dead, murdered in cold blood by fascist swine of the Oakland Police Department.

 Eldridge Cleaver is in exile because the fascist California regime was going to force him back into prison and the politically unconcerned masses of the people weren't matured enough to act against the fascist system in defense of Eldridge.

In San Francisco, the mayor has established a special force within the Police Department, which they call the Tac (Tactical) Squad. This squad is the exact replica of 1939's Gestapo teams. They have taken the lead in murdering and terrorizing the black youth, Albert Lindome. They have been the special guardian of the law at San Francisco State College, beating and jailing college students. American Fascists have employed special "Black Nigger" forces to do their bidding, such as Ron Karange's US group who murdered Apprentice "Bunchy" Carter, John Huggins and John Savage. One needs not mention the hundreds of people who have been murdered while trying to gain some freedom within the framework of American tradition.

Abroad, American Fascism is rampant. The Vietnamese people are being subjected to the most brutal oppression that the world has ever seen. The American economy is supported by the material used to murder Vietnamese people. America glories in the products that she produces to kill people with. All of America's war products are not sent abroad; the colleges and universities of America are proving grounds and testing sites for new weapons to be used by the fascist police forces across the country against the discontented masses of people.

The masses of the people don't want to believe that America is a fascist state. We, the Black Panther Party know that it is. If they choose to sleep and daydream, so be it. We relate to what can be summed up in an old familiar phrase "If America is going to play Germans, we are not going to play Jews, period.

Fascism is the power of finance capital which is manifested in FBI's, CIA's, Fascist Pigs, machine guns, rifles, shotguns, helicopters, gas and bombs. Big Man

FASCISM

Fascism is the open terrorist dictatorship of the most reactionary, most chauvinistic (racist) and most imperialist elements of finance capital. It does not stand above both classes - the proletariat and the bourgeoisie, nor is it super-class government, nor government of the petty-bourgeoisie or the lumpen proletariat over finance capital. Fascism is the power of finance capital itself. FINANCE CAPITAL manifests itself not only as banks, trusts, and monopolies, but also as the human property of FINANCE CAPITAL - the avaricious businessman, the demagogic politician, and the racist pig cop. FASCISM is the organization of terrorist vengeance against the working class, and the revolutionary section of the peasantry and intellectuals.

REBELLION IN ANGOLA
PORTUGUESE TYRANNY HAS LASTED 500 YEARS

BY ALICE ROBERT AND DON BARNETT

February 4th is a very significant date for the people and history of Angola. Over eight years ago on that day an armed struggle was initiated by the Movimento Popular de Libertacao de Angola (MPLA). A few of the leaders of the liberation movement, including the MPLA, had been in the beginning of the war for the oldest and most repugnant colonial regime on the African continent. For Angolans, 500 years of Portuguese tyranny has meant the slow death of the people and the exploitation of the land... Portugal is not going to be isolated. The people of Angola are free to defend themselves in the tradition of the revolution.

On 4th of February, 1961, after seven years of preparation, the MPLA's first armed attack was launched in Luanda, Angola's capital, a city of 250,000 and the birthplace of the national liberation movement. The attack was a success, and the MPLA liberation forces began to take over parts of the city, including the presidential palace.

The MPLA's early successes were built upon a powerful political and military infrastructure. The MPLA was formed in 1956 by a group of Angolan intellectuals and military leaders who were不堪忍受葡萄牙的殖民统治。

BROTHER MURDERED IN JAIL BY FASCIST PIGS

Early Sunday morning May 29, Mr. John Earl Cushingberry was murdered in the Champaign County Jail.

While the official story from the office of the Champaign County Coroner, Charles Heath, has attempted to discount the death of Mr. Cushingberry, a 35 year old Black man, as a result of a heart attack, the county coroner's office has@Data present an alternative account of the events leading up to Mr. Cushingberry's death. They report that Mr. Cushingberry was beaten and strangled by county sheriff's deputies, and that he was held in solitary confinement for 24 hours before his death.

Many of these accounts have been substantiated by eyewitnesses and friends of Mr. Cushingberry, including his son Gary and his daughter Joanne. Some of his closest friends have described how Mr. Cushingberry was denied medical treatment and left to suffer in pain for days before finally succumbing to his injuries.

In the wake of this senseless violence, the Black Panther Party has called for a united front against racism and police brutality. We call on all Black people to stand in solidarity with Mr. Cushingberry's family and demand justice for his murder.

AMERICANISM

To the people of the community, the fascist pigs of the power structure are attempting to exploit the Black Panther Party and the people as a whole. This is why the people must stand up to defend their rights.

We must continue to fight against police violence and brutality. The Black Panther Party has always stood for the rights of the people. We call on all Black people to join us in our struggle for justice.

WITHOUT COMMUNITY CONTROL, FASCIST PIGS WILL CONTINUE TO RUN AMUCK

PETITION STATEMENT

FOR COMMUNITY CONTROL OF POLICE

SUMMARY OF POLICE CONTROL AMENDMENT THAT MUST BE ESTABLISHED IN THE CITIES AND COMMUNITIES OF AMERICA TO END FASCISM

This amendment to a City charter would give control of the police to community elected neighborhood councils so that those whom the police should serve will be able to set police policy and standards of conduct.

The amendment provides for community control of the police by establishing police departments for the major communities of any city; the Black community, the predominantly White area, the Mexican American Communities, etc., etc. The departments would be separate and autonomous. They can be by mutual agreement use common facilities. Each Department will be administrated by full time police commissions. (Not single police chiefs.) The Commissioners are selected by a Neighborhood Police Control Council composed of fifteen members from that community elected by those who live there. Each department shall have five Community Council divisions within it, (Or number of departments ratioed to population.)

The Councils shall have the power to discipline officers for breaches of Department policy or violations of law. (Against the people.) They may direct their police Commissioner to make changes in department wide police policy by majority vote of the said department commissioners. The Council can recall the Commissioner appointed by it at any time it finds that he is no longer responsive to the community. The community can recall the council members when they are not responsive to it. All police officers must live in the department they work in, and will be hired accordingly.
STUDENTS STRUGGLE AGAINST FASCISM

YOUTH AGAINST WAR AND FASCISM

The following statement was prepared by Youth Against War and Fascism at 2:00 p.m., May 22, by National Chairman, Key Sturhahn. Youth Against War and Fascism strongly denounces the police raid and arrest last night of a student leader. The attack, in which police and anti-Fascist officially broke the line of picket lines at 2:00 p.m., marks a new phase in the national campaign to expose and isolate the students and youth in all parts of the country as the tools of Fascism.

It is of vital concern to all anti-war and progressive groups to defend the student anti-Fascist movement and to continue to support the youth who are being oppressed.

Significantly, the Chicago rally took place the same day that the SDS spokesman, Mike Klonsky, stood in a national television interview on "Face the Nation," that the organization was aware that Federal authorities were practicing a series of measures against it. SDS is the first white group to be targeted for such a police-state raid, because it has prompted an increasingly effective opposition among students, especially young people, particularly on college campuses, against U.S. aggression in Vietnam and against racism at home. In the federal crackdown can be expected to reach out to all other independent and anti-war groups if the tactic succeeds. YAWS calls on all progressive organizations to protest this escalation of Washington's repressive program and to expose these smoke-screen tactics as the real nature of Nixon's "law and order" regime.

FASCIST TROOPS WAGE WAR ON CAMPUS

The reactionary U.S. military circles again launched a vicious attack on the black students with tear-gas cannons and 500 foot-long armed naval grenade support against it. The aircraft dropped gas bombs on the protesters. The black students fought back heroically, and several police were killed in return. The police used tear gas, water cannon, and massive police force to tear a notch.

On May 23, the reactionary U.S. military circles again launched a vicious attack on the black students with tear-gas cannons and 500 foot-long armed naval grenade support against it. The police used tear gas, water cannon, and massive police force to tear a notch.

The black students of North Carolina Agricultural and Technical University were harassed before a powerful beating force supported by aircraft and armored cars and valiantly countered the fascist hordes. Their indomitable fighting spirit will stir many more progressive students to rise in struggle.

At about 4:15 or 4:30 p.m., Tuesday June 3rd, Black Hardy a black youth, was shot in the head and in the back by an unidentifiable tool of the power structure, commonly known in the black community as the dogcatcher, fascist, racist, pig. The incident involved an attack on another brother, to the pigs who murdered and beat him to death on May 22. The pigs tried to help Black Panther Chairman, Key Sturhahn gather evidence and protect the community against attacks from Fascists. The pigs were also killed and fought for several hours with the police until they suppressed them. In fact, the Chicago capital, groups of workers and students held successive demonstrations. They shouted slogans against the Fascist military forces and picket the capital of the youth antigovernment organizations. POWER TO THE PEOPLE
PANTHER POWER TO THE VANGUARD
RAMPANT FASCISM IN AMERICA

It is obvious even to those who usually prefer to be uncommitted that fascism is on the loose, probed by finance capital and all that implies, in the home of the free, home of the brave.

What has been happening in Berkeley, what is happening all over the country where people are being attacked, imprisoned and murdered this is not a new thing, but a kind of what Fascism does and is about. Are we going to allow ourselves to be led by the slaughterhouse on the Jews did in Germany? Are we going to close our eyes and pretend that Fascism is going to go away? Is it just a bad dream that as long as we wind our eyes closed, Fascism doesn’t exist? Or are we instead, black, white, yellow, brown and red, going to unite—dedicated to the same purpose—to wipe out Fascism. Should we do no man ever have a safe breath in this country. After Germany, after World War II, the people of the world vowed that what happened there would never happen again. Well, there is happening again. No, not presenting a United Front, we are drawing Fascists to exist, no permitting to act and be led to support the essence of Fascism.

Fascism exists because of finance capital and because of this country which is governed by the whims of financiers. The people are sheep who are being led to the slaughterhouse to fill the Bellies of those who control the system of economic capital.

Anarchist is not fighting Fascism; we must prevent a United Front against Fascism; the resistance such as getting rid of those Trooper’s pigs Reagan and putting another Gestapo man in Oakland who takes his orders from the same finance capital Fascists is not getting rid of Fascism.

Fascism means concentration camps, mass extermination, and continuing oppression of the people; even those who cannot relate to the term “Revolution” as such, must relate to the oppression of Fascism. They cannot accept this. Fascism is a pig who killed James Berr- ter, an “innocent, love-shielding crum-bil” Fascist in the stick to the head of a young girl; the boot on the back of someone’s voting foot. Fascist in pigs turning into a man’s home, Armed to the teeth, with no warrant and no cause. Fascist in the habitual Garwood period throughout Berlekey despite the fact that the people of Berkeley did not want their “protec-time” and asked for their removal, Fascists kill black or white, man, woman or child without regard for their political beliefs.

Chairman Rector says: “It is good if we are attacked by the enemy, since we prove we have drawn a clear line of demarcation between the enemy and ourselves.” James Rector didn’t draw any line and he was killed. For those of us who draw the “line of demarcation” and put it into practice, the goals—the reasons we had for drawing the line—we must prepare to defend these aims and ourselves against the Gestapo! For those who have never drawn a line, who have never believed that the enemy of the people existed and now we suddenly find that reality, we are ALL opposed to Fascism.

To break the bonds of Fascism, we must develop a UNITED FRONT! Let us not allow another Nazi Germany to flourish, let us unite and stamp out the scourge of Fascism.

MEDICINE AND FASCISM

Many of our brothers and sisters have read many articles on how fascism has continuously vamped on the black oppressed people of the world. Here is another one of the many ways it is showing its ugly face.

There is a disease of the blood called sickle cell anemia. One out of every 12 black persons has some form of sickle cell anemia, and this is about the number, or a few more, that know about it. This disease is a natural result of the disease malaria, with the whites continued to be affected by it. The people possessing the sickle cells in their blood streams have a normal immunity against many forms of external germs, which all boils down to the fact that the northern blacks are still suffering today from an unnecessary disease called sickle cell anemia.

The only reason some study finally came about was that more black people were beginning to become sick with the same symptoms too often and black people who were being affected by it most began to wonder, "All of this pain I'm suffering can't be in my mind all the time!

The doctors had been telling us for too long that it was "imagery" or they diagnosed it as something else. The people's power structure has found ways to artificially bring black people to keep them living a little longer. Thousands, millions, billions of dollars are spent on trying to keep them alive at all costs. Within the so-called medical field this system is maintained, why don't they seem to deal with the black man's disease?

The Black Panther Party has moved on coothing the many health problems of the Black community. They are providing free health clinics so that all oppressed people have their health problems taken care of and get correct treatment, free of charge. This is just another way in which the Black Panther Party is taking another step in the direction of Chartism. May, "When we come across a problem that must build good relations with the masses, he con- cerned for them and help them overcome their difficulties. We must unite with the masses. The mass of the masses we smile with, the better." We must save the world and heed of the people. The racist capitalist pigs have refused to deal with the medical problems of this black and oppressed classes in the mother country. Therefore, it is an absolute necessity for the Black Panther Party to put the Black health clinic into effect as soon as possible, so more and more people can be put into finding a cure for sickle cell anemia. Good health makes strong revolutionaries, and this is what the Fascist American government does not want.

The victims of sickle cell anemia must have a cure for this treacherous pain they have to suffer. Starting up on it today and see just how long black people have been suffering from this so-called incurable disease.

You may be a victim of sickle cell anemia yourself.

LETTER TO THE MINISTER OF DEFENSE

Honorable Huey P. Newton

Berkeley, CA 94701

Dear Minister of Defense,

As I cheated writing you this first letter the commanding officer of this unit (Readers) and I.O. I gave myself in for I haven't had any sleep in two days but that was just a nip up because the real reason was that I was reading the Feb 17th edition of the Black Panther. You ask me in this fair to the Black people of Vietnam; so you can see the need for us to be strong but not impossible without you because we belong to you and your Party. All those from this time on will have to come from the Black Panther Party because we've received the latest edition of the Black Panther Newspaper. The army tries to stop all papers from reaching us and now they feel that if they stop me then the red will stop from operating but I assure you for they want and I believe now I mean to tell you that they'll try to find my name in the Panther Papers so they can change me with being a militant and a warden, so I'm asking you not to use my name, because it will hurt the people's struggle. But if it is of importance to the Party to use it then go ahead, P. S. The reason for the loss of sleep is that my wife has suffered back trouble and most of the people wouldn't help me so I and the Party had to make our plans ourselves. My place is home so I can take care of my family and fight for the right of the Negro people. Thank you for your time and consideration.

The PEOPLE'S PARK MARCH

May 29th, Memorial Day, the city of Berkeley saw the most gigantic gathering of people recorded in its history. Tens of thousands trudged the streets, wearing everything from flowers to flower pots. There were bands playing classical music and the air was filled with a sound that's so well known. From this happy atmosphere one could not mistake that two days before, when pigs of the power structure had murdered a man with cold blood, that chemical warfare had been levied upon the people and that hundreds of people had been wounded and jailed.

According to the oppressor country authorities, the march was supposed to be a memorial for James River, the man shot down by the fascist pigs. There was also talk of taking his body to the May 3rd March On Washington. There was consultations with the local killers of the black ruling class. In place of gun these people had flower, in place of ice gun, the pigs had there. Those prior two of battling with the pigs is as clear an invitation of a fascist state as can be demonstrated. Anyone who would refuse to pick up the gun after being subjected to the grinding, shooting and beating that these people were must be more than susceptible. They are the type of people who have cut around and washed the rotten brutality and murder of Black People.

Among the ranks of these aids in fascism are those who call themselves revolutionaries and open the Starrett-Lemmler into, well, practice in the criterion for the truth. History is made through deeds, not words. The Black Panther Party is the revolutionary group in America and it is justified that position through struggle and action. To anyone who wants to join the ranks of revolutionaries he must either organize up his own, become part of the organization and not any part of the problem.

What We Want
What We Believe

3. We want an end to the robbery by the white man of our Black Community.

We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two mules. Forty acres and two mules was promised 100 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities. The Germans are now aiding the Jews in Israel for the genocide of the Jewish people. The German race murdered six million Jews. The American race has taken part in the slaughter of over fifty million black people; therefore, we feel that this is a modest demand that we make.

4. We want decent housing, fit for shelter of human beings.

We believe that if the white landlords will not give decent housing to our Black Community, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

5. We want education for our people who expose the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that Black people should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.

We believe we can end police brutality in our Black Community by organizing black self-defense groups that are dedicated to defending our Black Community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all Black people should arm themselves for self-defense.

8. We want freedom for all black men held in federal, state, county and city prisons and jails.

We believe that all Black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

9. We want all Black people when brought to trial be tried in court by a jury of their peer group or people from their Black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution so that Black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this the court will be forced to select a jury from the Black Community from which the Black defendant came. We have been and are being tried by all-white juries that have no understanding of the “average reasoning man” of the Black Community.

10. We want land, bread, housing, education, clothing, justice and peace.

And as our major political objective, a United Nations-supervised plebiscite to be held throughout the Black Colony in which only Black colonists will be allowed to participate, for the purpose of determining the will of Black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bonds which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature’s God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and, accordingly, all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.
SOUL ON ICE?

"IT IS ONLY A MATTER OF TIME UNTIL THE QUESTION OF THE PRISONER'S DEBT TO SOCIETY VERSUS SOCIETY'S DEBT TO THE PRISONER IS INJECTED FEROCIOUSLY INTO NATIONAL AND STATE POLITICS, INTO THE CIVIL AND HUMAN RIGHTS STRUGGLE, AND INTO THE CONSCIOUSNESS OF THE BODY POLITIC. IT IS AN EXPLOSIVE ISSUE WHICH GOES TO THE VERY ROOT OF AMERICA'S SYSTEM OF JUSTICE, THE STRUCTURE OF CRIMINAL LAW, THE PREVALENT BELIEFS AND ATTITUDES TOWARD A CONVICTED FELON." (SOUL ON ICE, P.59)

Eldridge Cleaver made the decision to politically exile himself November 27th, on the basis that the Adult Authority had made an outlaw decision, and that he had been denied his constitutional right to due process of law.

The recusal of Cleaver's parole was illegal, because no parole violation was committed.

The Adult Authority parole board has worked to maintain that Cleaver violated his parole by having a role in his prosecution, and by associating with individuals of bad reputation. This contention, we will show, is false. The Adult Authority version contradicts the Superior Court order itself:

"...Cleaver’s only handling of a firearm (the rifle) was in obedience to a police command. He did not handle a hand gun all at once. There was nothing one way or the other to show a conspiracy or a situation calling for the application of the doctrine of aiding and abetting. Hence, nothing supported either the possession of a firearm or the assault charge.

"As to the charge of association with individuals of bad reputation, the report indicated that two or three of those named had "police records," but nothing to show where any had been convicted of anything, or where Cleaver knew of their arrest record." (Superior Court c.t. 137, 138, 140, 141.)

Parolee Cleaver was denied due process of law by being denied opportunity to present his case.

Why was Cleaver returned to prison as a parole violator if documented evidence to the contrary had been presented in his defense? To answer that question, one must examine the Adult Authority. This board has the right to arbitrarily revoke or suspend parole on any individual. At the same time, the Adult Authority maintains—fairly—that Cleaver has the opportunity to defend himself at a hearing. This is how it works:

A parolee is served with violation charges, is interviewed, is given a hearing where the Adult Authority itself, the charging party, at which the parolee may "plead" to the parole violation charges, and is afforded an opportunity to present his defense at the Supreme Court. (p. 17)

Not only does the Adult Authority hold secret hearings, but it also refuses to notify persons under its jurisdiction of its procedures, or of its variable definitions of what constitutes a parole violation. This secrecy and vagueness is in violation of federal law which requires agencies to publish their procedures "for guidance of the public."

Petitioner (Cleaver) is immediately and seriously prejudiced by the Adult Authority’s unlawful refusal to publish its regulations, since he is to be imprisoned by virtue of an action which the Adult Authority still seeks to gain in this "well of secrecy." (Petition for Hearing in the Supreme Court, p. 12)

Yes, the Adult Authority acted unjustly and illegally. Its decision was an outlaw decision. Cleaver had no chance of obtaining "justice" from those Star Chamber proceedings. Why then wouldn’t the U.S. Supreme Court hear Cleaver’s case? There are, we believe, three reasons why the case wasn’t accepted. The first is that any fair-minded court would obviously have rejected Cleaver, thereby setting a precedent. The second is that thousands of cases of alleged parole violation from all over California and other states would be subject to reversal. Thirdly, the illegal functioning of the Adult Authority would come under attack. The U.S. Supreme Court couldn’t afford to consider the Cleaver case during this turbulent period.

Eldridge Cleaver is a victim of naked, shameless political persecution. As Judge Shannon puts it:

"The unadorned evidence presented to this court indicated that the petitioner had been a model parolee. The peril to his parole status stemmed from no failure of personal rehabilitation, but from his active existence in pursuing political goals, which were offensive to many of his contemporaries. Not only was there absence of cause for the cancellation of parole, it was the product of a type of pressure subservient, to say the least, to the law enforcement paranoia of this state."

Cleaver is in political exile because a man of his convictions cannot get justice here. Indeed, if we are to give more than lip service to the concepts of freedom and justice we must support him. The work to get him discharged from parole must continue. An intense publicity campaign is necessary now to bring to the public the legal defense and arguments which were carried to the courts with no satisfaction. We must all work together to focus attention of this case. This is not an issue of one man’s freedom, but a broad struggle which affirms the right of all of us to speak out politically in this country. If Cleaver is not allowed his freedom, it is not just a matter of time until all our freedoms are further reduced. His is a political struggle but a personal one.
