PEOPLE OF THE COMMUNITY VS THE SLUMLORDS AND FASCIST PIGS OF WINSTON SALEM NORTH CAROLINA

THE PEOPLE OF NORTH CAROLINA ARE READY TO DEAL WITH SLUMDOWRS.

PEOPLE OF THE COMMUNITY VS THE SLUMDOWRS AND FASCIST PIGS OF WINSTON-SALEM.

"We want decent housing, fit for the abode of human beings." In any city, housing conditions are one of the most important necessities that one needs to live, but it seems as if the Slumdowrs and Fascist Pigs of Winston-Salem don't know this or that they just don't care about anyone else.

On March 4, 1970, Miss Polly Graham came into the headquarters of the Winston-Salem office of the National Committe to Combat Fascism and stated that she had been evicted from her home after the door had been kicked down by fascist pigs and a silly old sheriff. Miss Graham asked the N.C.C.F. for any type of help or assistance we could give her. After arriving in the community we found out not only had Miss Graham been evicted but the folks (P.I.Gs) had promised to catch up and evict other families of the community. The house in the Locust Street area is not fit for the shelter of human beings; some of the homes do not have bathtubs, some don't have hot water, windows are broken and some have holes in the walls big enough for pigs to crawl through. The Slumdowrs have not made any effort to correct any of these deficiencies. If anyone should tell us anything about what is going on in these two infested houses be paid for living under such conditions. People of this community got together with a Brother and Sister of the Winston-Salem National Committe to Combat Fascism and decided that Miss Graham or anyone else was going to be evicted, Miss Graham's belongings were moved back into the house. The Brother and Sister and people of the community got together and prepared themselves to deal with the pigs and landlords when they returned. When word reached the folks, "The pigs that we were ready to deal with them in the language they speak. (through the barrel of a gun) they wouldn't show their facies in the community. The running dogs had. Afterwards, it was reported that a anonymous donor had paid the rent, and another report said some type of government agency had paid the rent. But regardless of how the rent was paid the people had taken their stand and they vowed to resist any more evictions and the re-eviction of Miss Graham. Most of the people also objected to the playing of the same record because it felt like the house was not worth the money that was paid.

Since this incident, the city officials or "City Black Hawks" have gotten rused to it and begun to operate as if this was the first time it has happened. Of course everyone knows this in the first time this type of oppression has taken place, just last week an elderly lady, Mrs. Minnie (Mama) and her grandchildren were evicted in "too cold weather" and nothing was done about it. These folks downtown couldn't help but know about it because it was publicized for two days all over the city. The real reason these folks were upset because the people of this community have taken a stand against this. The words and actions to let it happen again. So to you "deeply concerned" city officials, Mayor "Marv" because Chief of Police "Mr. Justice" Tucker, your upset days have begun because we your oppressed people of Winston-Salem are going to be dealing with you from hence on out. We have the constitutional right to bear arms, and if that's what it takes to deal with you, let it.

BLOOD TO THE HORSE'S BROW AND WOE TO THOSE WHO CAN'T SHIFT.

CONSTITUTIONALIZED FASCISM

It's becoming increasingly clear that the pigs are waging a war of constitutionalized fascism against the people of America in general and black people in particular. This is what we have to deal with and understand, that the pigs are waging a war of constitutionalized fascism against the people of America in general and black people in particular.

Dear Sirs:

I'm a thirty-year-old son, with some friends and I were at the Hall of Injustice yesterday with other friends of Bobby Seale. After reading today's N.C. Chronicle front page coverage of an incident there, I feel outraged by the maliciousness of that paper. Perhaps some of your readers would like to hear a bystander's version of what happened.

While Fred Bennett was speaking to the crowd a white man (clean shaved with white lookin') called me a "nigger" and I told him to shut up and I told him I was in the process of speaking.

The state of Babylon (America) is chaotic and crudely unbalanced. The people are in the streets, presenting past and present methods used by the U.S. government to betray, hamstring, brutalize, murder and torture the people to keep them (the people) from exercising their constitutional rights. The people are also in the streets because others (such as: Holy 9; Newton, Minister of Defense of the Black Panther Party for Self Defense, New York City, Scott, Latessa, etc.) have been lying to the streets and incarcerated for unlimited periods of time. These revolutions, because of their political beliefs, are being merchandized in cold blood in their sleep and railroaded to jail daily by the hypocritical, treacherous courts of Babylon. One may ask, "What beliefs could a man or woman have that would warrant such repression and inhumane treatment?"

This question can be answered by what will be the question of, what does a revolutionary want? The most basic frame of reference I could come from in answering these questions is in the Ten Point Platform and Program of the Black Panther Party written by our Minister of Defense, Huey P. Newton and Chairman, Bobby Seale. A revolutionary wants to be free. He wants his people to be free from all external (socialistic) and internal (psychological) forces that are a misery and an irritant to his people. He realizes that in order for this people to truly be free they are able to create to produce. The economic system of this country is capitalism. Capitalism is the production of products for private economical system of capital.之类的人。然而，这些革命者和领导人都是由政府和过去的领导人控制的。在革命的中间，可以说是一个理论和实践的结合，他们在领导中发挥了作用，但在革命的未来发展和未来中，他们的作用将被暴力和错误的手段所取代。革命的力量是不可忽视的，特别是当政治领导人控制这些力量时。革命是生存的关键，也是对旧制度的挑战。

REVOLUTION, NECESSITY vs. DESIRE

In the essay of "Anarchist & Individualist", Huey P. Newton, our leader and minister of Defense for the Black Panther Party, pointed out the differences in the struggles of the lower-class community and the radical lower-class community. Our struggle is not just for any revolution, but specifically because of racism as we are oppressed by a group of people, but the right thing to do in fighting for survival as a group, that which is effective in fighting against racism, community, the people are also oppressed not as a group, but as individuals, by the lower-class community, the people are also oppressed not as a group, but as individuals, by the lower-class community. It is necessary at this time to point out that our analysis of the situation and how it works is correct. The thing that must be understood is that we must have principles to guide us in our struggle if we are to be able to correctly analyze our relationship to the situation that is based on emotion, because the price to be paid if we are wrong is too great.

The principal of judging people and groups by their present performances rather than applying to the manner point country what the objective side of this performance is what we objectively know that is the real truth, but the whole performance is the final performance. This is the basis of revolution. It varies in intensity, because it can be a spectator revolution. It can be a decisive revolution, one that makes us wonder why we didn't see the possibility of our success. EAST TENNESSEE STATE UNIVERSITY...

REPRESSION SPREAD IN TENNESSEE

Johnson City, Tennessee—Tennessee's audit-riot law napped another brother last Thursday at East Tennessee State Teachers College, in Johnson City. The student was looking for adventure in an old-fashioned way, for his gait was all wrong. He was lured to the campus by a promise of a free meal, and when he arrived, he was confronted by a group of uniformed police officers. He was then arrested and charged with "disorderly conduct." The Knoxville News Tribune called it a "typical Tennessee public school incident.

The state police have been ordered to keep a close watch on the campus, and a state of emergency has been declared. The students are being urged to stay away from the campus, and the police have been instructed to maintain order at all costs.

BREEDS RESISTANCE

FACSIMILIES IN AMERICA'S INSTITUTIONS

The main purpose of the Black Panther Party is to educate the People. We are listened to—mean—people are not being heard by the People.

Thursday, Feb. 26, 1976, between 2:00 a.m. and 3:00 a.m., a young black woman came to a Kansas City Panthers' meeting. She was hungry and tired from her long trip. She had been on the run for her life.

... The sister had taken her child to Children's Mercy Hospital after the child had been beaten by a police officer. The child had been left in a hospital room for hours without food or medical attention.

The sister didn't show any signs of improvement, yet the nurse noticed that the child's temperature was steady and the baby was breathing. At this point, the sister came to Brother Pete O'Neill, Deputy Chairman, and Charlotte O'Neill's apartment to use the phone to call Children's Mercy Hospital for further assistance. The sister was told that already too many children were being admitted for these same conditions, and they didn't have the time to treat all of them. "Just give her some aspirin and wipe her head with alcohol," the nurse continued, "How can an aspirin relieve the pains of a baby who is suffering from a fever of a severe temperature of this kind?"

Brother Pete and Charlotte rushed the mother and child to another hospital, (Memorial Medical Center), but the attending physician there refused treatment also.

The people were angry at the oppressive medical conditions and the bureaucracy and fascist tactics of medical institutions. The Black Panther Party opposed these oppressive medical conditions and implemented their programs as Free Medical Clinics and Mobile Health Units, for all people, oppressed people in particular.

The people realized that these conditions are what they have been asking for a long time. They realized that these conditions are what they have been asking for a long time.

REPLY TO U.S. SUPREME COURT DECISION
March 21, 1970

The Black Panther Party recognized a long time ago that the federal courts are not separate from the so-called ‘courts of law’ in New York. Their only concern is the legal justification for the regime, and genocide being perpetrated against Black people, as exemplified by attacks upon members of the Black Panther Party and the recent murder of Ralph Pothenius.

This decision is in no different from the Fred Scott decision or the bombing of those little girls in Birmingham, or theoverruling of the bus in Little Rock, or themselves. In conclusion, the Black Panther Party recognizes this fascist government’s call to murder our children and the Connecticut 8 in the electric chair and the kidnap and confinement of the New York Panther 21 in Concentration Camps as part of the overall plan of annihilation.

The Black Panther Party recognizes all of these things as facts. This is why we relate to the People of the World, who are trying to stop this gigantic beast of oppression and exploitation. Let the racist courts understand that we, the people, will have justice in the court of our will do the job in the streets of Babylon. We will not stop for anyone’s mass murders. We will not allow fascism to destroy the peoples and their struggle. We have another Card Germany. This is the way of the representatives of oppression and of exploded people.

BUILDING FASCISM IN AMERICA

Recently there have been numerous bombings across the country and especially in New York City during the peak of the news and exploitation demobilization of development. There were no deaths but property damage was extensive. During that same week a Greenwich Village bookshop was stopped up and three persons are known dead.

This was bombing for a specific reason: the Black Panther Party and all progressive people must be defeated and analyzed in the correct political perspective. That is why we realize that FEMA/KKK is in the staging of building fascism through constitutional law under the guise of maintaining law, order, and peace. In the society. One of the first orders of the day is to make an example of the Panther 21 and Chairman Bobby Seale. The power structure and with the aid of their partners in crime, the deformed, perverted, and the media, have sought to stop the bombings to build the case against the Black Panther Party and the Panther 21 in particular. Every newspaper, article, radio program, TV telecast dealing with the bombings lack them with the Panther 21 in some way, no matter how remote. This is the case.

These lackeys of the power structure are working overtime to create a wave of public hysteria around these bombings in order to make it easy for them to railroad the Panther 21 to jail forever.

New York City Council President, Nathan Garvey, has labeled the Black Panther Party and other revolutionaries and progressive groups “armed terrorists” out to destroy the country. It should be noted that not one bomb that has occurred in New York City has been in any way connected to the Panther Party. The only story that one can come up with is that the Party is giving rise to some action by way of their ‘self-defense’ ideology which the media has termed ‘terrorist tendencies’.

Additionally, even though many people are confused, many are able to look between the lines and relate to the practice of the Party as wanted by the Free Breakfast Program, Liberation Schools, Free Medical Programs, Youth Programs, instead of the old order.

The power structure knows that their rubber chicken of the Pan‐ thers, the other leaders, and Chairman Bobby are weak and the maintenance of high ball and no ball are unconstitution‐ al and are void. Through their brutal murders of Fred Hampton and Marcus Saavedra of the Black Panther Party, they were exposed for the first time. In a desperate effort to justify their plans to pull the Panther 21 in jail for the rest of their lives and murder their leader, Bobby. In the last few weeks they are attempting to gain support by any means possible. In this way, all the bombings which have occurred with the Party is in doing the people because they are concerned more with understanding the Party’s overall strategy than with the Black Panther Party in an effort to mobilize their own security, ensure that they are endorsing their own destruction in the long run. We must understand that the pigment structure as masters of death and chief engineers of the ‘big lie’ know how important it is to have the peace /law enforcement in their racist actions. And in order to fulfill this they will do anything and that includes bombing and murder and standing behind it...

All of the people. We all have to be aware of the mistake in which so many of the bombings supposedly occurred.

If the power structure is allowed to get away with its plan, it will be next! All progressive people and groups have already been named as co-defendants in the bombing incidents. Some of the politicians have already suggested that their responsibility for the acts of terror should be dealt with most severely (death of life imprisonment).

We can expect to see new laws which give the pig police more and wider powers to warn , suppress, and organize progressive people with complete disregard for the laws. If the peace should be warned that just as the Anti-Law was originally designed to deal with drug dealers, it is used quite widely to break down revolutionary organizations, that the unconstitutional methods being used against the Party will be used indiscriminately on anyone who is a dissident, such is the origin of fascism and when allowed to go unchecked it eventually threatens all mankind. We must stop factionism which is easy stage.

RENT A PIG BEATS TWO PREGNANT SISTERS

One of the identifying characteristics of a pig is that such a creature has no regard for human life or persons. The incident that we are about to relate is such life as gruesome and macabre as it sounds. It is not the best thing to read, but is far more chilling as it took place literally, not some other time and place.

This brutal episode is the story book, politics, and violence come together. On Thursday, March 19th, at 6 o’clock pm. the scene was in the A & P Market at 18th and Erie and the first victim was a pig named Abraham Blake. The second victim was Rosemary Cooper, 49, Karen Vincent, age 17, and Conine Vincent, age 14 and their brothers.

Robert Karris, Connie and Nellite lived in the A & P at approximately 30th and Pottawattamie, where the ‘Pig’ rented a room from them. The ‘Pig’ then drove over to the house and gave them a demand to come some food for their mother. Ordinarily, Mrs. Vincent, their mother, wouldn’t send them to the A & P, which is only a block from their home. Because of previous trouble her children had had with rent-‘pig’ Blake, but on this particular evening, Mrs. Vincent had to go to a real estate agent about some debt. The house she is trying to purchase, and was pressed for time, so she sent her daughters to the nearby A & P. When Rosemary and her sisters entered the store, the ‘Pig’ decided to pay them back in good standing

BOBBY SEAL, THE BLACK PANTHERS AND US

For the Whitman, history past and future, is very long, and his set of references is very impressive. For the Black Panther, the history of the world is relatively short, and for his history has been brutally interrupted and modified in such a way that the past did not exist. The past does not exist to prevent him from having his own, original development. And in the USA, we are still busy setting limits on Black people's time and space. Not only is each and everyone of us more without adequate definition, but he is also imprisoned by us. And when we have to, we exaggerate him.

Because of his exceptional political situation, Chairman Bobby Seale's trial which just started is, in fact, a political trial of the Black Panther Party and, on a more general basis, a race trial held against all of America's Blacks.

On the 29th of July, the majority of the Black cologne within the United States in very complex. Disillusioned as they are within an nation full of pride, which likes to think of itself as master of the world, the Blacks, spread among a white population, opposed by the whites' racism and indifference, threatened by an oppressive police and administration, have been forced to operate a very new type of fight, in this very singular situation. That is how the Black Panther Party was created, first of all to defend the rights of the colored Blacks inside the USA, then also to initiate an original political thought process.

Before the rigor of their action and the rigor of their political reflections, the Afro-Americans-especially the emotion of the dominating caste in the USA, the police—had a racial position almost immediately since the Blacks proved that they were able to get organized, and could be TO discredit on their organization.

Police were therefore able to hide the true meaning of its intentions, behind unqualified pretexts; trials based on drug, liquor and conspiracy charges. The fact of the matter is that they were trying to massacre those responsible for the Black Panther Party.

What about us, what are we doing? When the bombs hit, indeed, we had some epidemic reactions, so did we during the Korean war. Those measures were taken place far away here. Now and now, we are finding out that we are Conquistadors, which still appear to us like shadows in our midst, are just about to become a historical event, an exceptional, in this very country.

The majority of Black people live in misery. It is not that we live, that we live in suffering, we are under another system. It is not that we live, we are living in a context between the police and the Mafia distributing these drugs. Indeed, it is the Black Panther Party that tries to achieve this thing.

We want no more than anything that our children are contentful a lot for doing anything. Stonybrook University should be cited as an example when the police was transferred to Connecticut, that University's response was to offer him a professorship. The very day of the transfer, the University also created a support and Defense Committee in favor of this life, and the Black Panther Party.

We have entered a period comparable to the fifteen 's McCarthyism. The same question is being used against the intellectuals sympathizing with the Black Panther Party. Should the police be accepted or bought? Should one continue to fight the Black Panther Party like a mythology, both terrible and ridiculous, an image of which is painful, and so they killed him.

Should one accept that the Black Panther Party, colonized within a White empire, should attempt to free itself?

I believe that the very fact that the Black Panther Party and we ourselves, White people, have the same enemy, meaning the police, and both the police, the White House Administration, and beyond the White House Administration, the High Finance, we know that our struggle is a channel struggle.

We should not let ourselves be distracted by the usual myths which are said to be the origins of racism. The origins of racism are those who believe in this. We do have to make this a very precise picture, for this is the starting point of our solidarity with the Black Panther Party.

We need to make sure that our actions are faster than our, so they have made a very sure of Bobby Seale's in his prison.

The resistance of your country has not been recognized in the world, but rather than recognize the Pan-Tan and the Black Power movement, the government of the United States has not been able to recognize the Black Power movement, the government of the United States has not been able to recognize the Black Power movement.

We recognize the power of the Black Panther Party, the power of the Black Panther Party, the power of the Black Panther Party.

Realizing that their iron bars couldn't stagger the power of the Black Panther Party, they imprisoned them. They imprisoned the power of Malcolm X, so they turned his brothers on him. They recognized the power of Martin Luther King, Jr. They recognized the power of Martin Luther King, Jr.

They recognized the power of the Panthers, so they attempted to exterminate the organization by killing you, its leaders, but the power of your brothers has resulted in the annihilation of all of your leaders. You are the true king.

In the spirit of the revolution, the spirit of the revolution, the spirit of the revolution, the spirit of the revolution.
HANDS OFF THE PEOPLE'S MEDICAL CARE CENTER

Chicago

The Surgeon John Winters Peo- ple's Medical Care Center, 3850 W. 16th Street, continued to operate and to serve the people despite the harassment by the Board of Health and other city agencies. We have time and again tried to increase as the city agencies have increased their harassment. The People's Medical Care Center is NOT per- formed as a drug dispensary. Individuals coming for his own drugs if needed, the care is not dispensary.

Black Panther Party member, Ralph Garrick, was arrested on March 5, at 2:00 in room 102 at the Civil Service Bureau in answer to an injunction that was presented to the clinic on February 9th. The injunction was issued because the Board of Health persistently says that we are operating illegally because we have no license as a dispensary.

In a survey performed by 19 medical students, it was found that there are "56" centers that are operating in the same ways as ours that don't have a license as a dispensary. Yet only the People's Medical Care Center and a clinic operated by the Young Patriot Party have received injunctions. This is purely a case of harass- ment, an attempt to keep the Black Panther Party and other progressive people from fulfilling their primary task, to serve the people.

Our center is inspected by agents from the Board of Health and other city agencies who are constantly trying to find something wrong with our clinic. They ask irrelevant questions such as "How many patients are in the clinic at any one time" and what are their names or "How many people are in the Pharmacy?" When they don't have anything doing with the service and the welfare of our people.

Black people and other op- pressed people have constantly cried-out to the corrupt power structure for decent health care. The Black Panther Party has a program and the irony is that we will not allow a corrupt structure to practice medic- al care and gross neglect on our people. We will no longer allow our wives, husbands, and children to be murdered because of inadequate facilities and overcrowded condi- tions.

The People need for more Breakfast Programs

CHICAGO

1. March of 1969, the Illinois Chapter of the Black Panther Party sponsored its first breakfast program, and soon thereafter it has taught the people how to feed the hungry. Thousands of children throughout Chicago are now being fed, with people consistently realizing the value of such a program.

Other groups and organizations have followed our example by setting up their own breakfast pro- grams. Operation Breadbasket, the BSU of Englewood, and the Black Panthers are a few of the followers.

City officials who are responsible for keeping people hungry, have now been forced into apologies and denials of positions, while the people have been voicing a judgment against them.

People in the communities where our programs are in operation have come forth to cook and donate their money and time as they see that the program is for their benefit. Also, they see it as a sweat example of them using their resources and energies, without the burden of a bureaucratic program and tax dollars.

We honor the people who care about our youth enough to not see them get at least one nutritious meal a day. And those who can't relate to our free breakfast program will be dealt with by the youth-they're hungry and hungry.

ORGANIZING SELF-DEFENSE GROUPS

PART I

In organizing self-defense groups at the stage of the struggle the most important consideration is not to have the organization be incorporated into the group understanding fully that what he or she is doing is right thing to do. At this stage of the struggle, if any members of a self-defense group are members of a group, and understand that the only way to put an end to brutality and murder by the racist pigs and that to adopt the methods of persuasion used by the fascist pigs and they will take, give up information, to be the first priority for any self-defense group is to be very careful with this. Because of the consequences if anything goes wrong during an operation, members within the group must maintain a face-to-face relationship, to get to know each other, to know that you're working thoroughly, and participate fully in the planning of operations. Liberal types can help in the case of lives of comrades and in propor- tional size of the group and with yardsticks.

At this time self-defense groups should have no more than four to six people. The people of self-defense groups require no operation that can't be handled by four to six people.

HANRAHAN SEeks TO SMASH BLACK YOUTH

Fred R. "Bobby" Gore, leader of the Chicago Police Bureau, was found guilty of murder- ing Thomas Williams, 21, of 5425 W. Ogden. Gore was also sentenced to serve 46 months in a state pen, one year of supervised parole stemming from the same incident. The trial is now at the time and time again. Young Black has no knowledge of the general are constantly being taken off the streets and railroaded on some trumped up charge and sen- tenced to spend the remaining part of their youthful and productive years incarcerated in prisons or on the murder, or murder and burned sentenced to the electric chair.

Our posture in the intelligence sections of the city. The Mayor and the Mayor Daley have both shown through their projects that they have no regard for the rights and prob- lems of Black people. This is manifested through their early morning raids in our communities.

New people, we must bring Hanrahan's and LaRouche's fascist machinery to a screeching halt. We are through with their un- control. The next time we see them acting in a provocative manner, they act as provocateurs, stirring up trouble, and attacking the rights and freedoms of a gang bad name.

They are not a gang. They are a youth organization and up to 3 Black owned and operated businesses in the community. The Black Panthers have the same as they are the youth of which feeds more than 500 people in the morning, as well as the Black community. His strong- torted C.I.U. commit more crimes in our communities than all the Panthers together.

They are relating to the old time Chicago Mafia keeping us from learning the truth and murdering them.

They, as we understand, that the youth make the revolution, so in turn all young people are enemies of the West and they will stop at nothing to smash out this force—racism and extermination at any price.

We see through the eyes of "survive and protect." We know that it is just a shortsighted way to hide the murder and brutality. The State's Attorney and Mayor Daley have both shown through their projects that they have no regard for the rights and prob- lems of Black people. This is manifested through their early morning raids in our communities. We must make a critical anal- ysis of the present situation. THREE PIGS BLAT FIFTEEN YEAR OLD BLACK YOUTH

Every year the pigprow structure advances Carlyals and the called fun-fairs for young people and old 'to have fun'. The whole country is in a fever. The pigs are always hanging around to turn it into a nightmare. The black youth is the most important part of the poor people, young and old alike. These pigs clearly indicate that there are no trees, branches, and fence that are on it as branches and wait for the exact moment to swing down and devour you.

On Friday night, March 27, many youths were attending a fair in the San Pablo. There was a lot of excitement in the air. The whole carnival, like the section where people pitched picnics, dinner, and quarter-tow-back. Many of the fun-seekers, who were young people were watching dances from the bowls and watching that money to pay. Everyone was taking part equally, until a pig prowed up and yelled, "no more pigs will get any money from the bowls!" This was the same one from the black thirty-two pigs to move in.

Danny Richmond, a fifteen year old black youth was standing there jotting things just looking when some pigs came at him and hit him - Broney dead headed himself in the chest, in the present, a mad pig snuppi up behind him, the black youth was almost dead from lack of air. He was struck now, and this time he was really in trouble. The cowardly pig had to handcuff the youth and literally throw him to the forcer. Even though there were many piggies attacking on the side for different reasons. The black youth as Danny was thrown in the ground and got in along with the pig. The pig was tied up and 15-year-old handcuffed Danny by the pig. As we rode, Broney said, "I'm sorry and anything. They give pigs actually, and then on into an Alley. I thought I was going to be jail. When we stopped I knew that if they would take off my handcuffs - they hurt so bad."

Lois Jones are not attacked by the black community. They get on a gun charge that any breeder is not crime. Lois Jones are at all times. They are carefully dealt with our time. The people will not suffer brutality from mistreatment. We have to fight! BLACK PANTHER PARTY Rap Club.

HIDED HENCHMEN ATTACK BROTHER IN FRISCO

If you remember in a previous edition of "The Black Panther, Black Community News Service" (March 7, 1970, page 7), an article stating "Black Muslims Assemble the People at Malcolm X Festival Held at the National Community College" was the first.

The evening of Saturday, February 13th again witnessed the catastrophic reactions of reactionary elements within the struggle for our liberation of our people.

On Saturday, because certain Malians disdained the ideas of people honoring Malcolm, they decided to disrupt the program. They did this of course in the form of throwing chairs at women and children, direct attacks on brothers and total disregard for the human rights of the people. They evaded themselves to the people as an enemy, thus lowering themselves to the level of pigs.

In San Francisco on Thursday, March 19, around 3:30 A.M., a brother came in to the Panther members who are getting ready to send out to subscribers, their weekly subscription to the Black Panther, Black Community News Service. This brother came in as a 350-dog and yelling, "where is Malcolm? I gonna kill them, extra hard." All the brother called hillybilly gang to run down who had happened. The brother told us that he was walking and a Malian asked him to buy a paper and he said ' hell no'. For speaking in the language of the brothers of the black, these foolish jumped on the brother. These natives went to the brother in the eye until it was swollen and was normal to the brother's clothes, and treated them. The brother in the same manner their flesh pigs of the power structure do all of the time.

A short time after the brother left, we were told that there was a fight going on down the street. We went to check it out. There were six Malians attacking the same brother that had just left us and had friended of him. The people that had been watching finally managed to break up this attack of brutalization.

It is crystal clear that many brothers especially the young ones who are new members of the Malians are ready and willing to fight; but because the misguided by their leadership, the oppressed is able to use them to undermine the struggles of our people for National Liberation and National Salvation.

If the members choose to act in the manner of fascist pigs, their strategy will be virtually dead with our time. The people will not suffer brutality from mistreated moments. WE HAVE TO FIGHT! BLACK PANTHER PARTY Rap Club.

While working daily in the Black Community these questions have come up over and over again. "How can the Black Panther Party continue to fight the Revolution when all of its leaders are being ripped off, either through exile, prison or murder?" And "Would the U.S. government be more effective as an "underground movement" or "perhaps if we were a little more "lawless" or kept a little more quiet that the pigs would allow us to function without harassment and therefore, we'd be able to do more for the people?"

If the organization of America, the Black Panther Party, hast not been exposing this fascist government for what it is, teaching the people the correct method for resisting the power structure, and improving programs to serve the people, then we would not be attacked by the pigs. Niggersbolting for the American way, supporters of "Black capitalism" and the "poverty program" are never jalled, brutalized or murdered or under constant investigation by J Edgar Hoover and Company. They are instead given the privileged position of being the butters between the pigs and the people. All these "moutepieces for counter-revolution" have to say it: "these niggers are a little green power", and Tricky Dick will give them all the protection and crams he can afford.

We are not attacked by the pigs because we do not play a game where any brother will go out of our way to make everyone else look bad about this organization. We have to write more polite letters to "Hickoknose" and continue his dirty work. We do not have time to mess around. Eldridge was not forced into exile because he was friendly with the pig power structure, and our police officer driving a red car would drive them off when he was finished with me. I was scared by now because I knew I won't be able to take the black pig. They got me out and then opened my door and pulled me out. The one time I did think this was over with you, you hadn't done anything more White Power. I leaped onto my tricycle and was standing in front of me not to bash my cheeks. I fell down and the next one fell too and hit me with hit club, he struck the other side of my face in the same place. I fell down and the next one fell in front of me and I could not get up and I fell down and the third police man stepped on me. He didn't use a club, he smashed my head with his right hand. The basic needs and desires of Black people are expressed in the Ten-Point Platform and Program of the Black Panther Party, Point 3 states: "We want freedom. We want power to determine the destiny of our black communities."

We, as Black people, should have the right to determine all activity that goes on in our community and should not be subjected to any outside control. However, this is not the case in any Black community throughout this nation. The people of too many communities have once again fallen victim to racist trickery and deception at the hands of "outside controllers."

Oakland Station (public transportation terminals) is the focal point of the Black community. Everybody who enters the city for work, school, recreation, etc. passes through Oakland Station for transfer of buses and trains. The Dudley Station area is also a shopping district and the center of many community organizations. Therefore, thousands of Black people commute and travel through this area daily.

Five years ago, the Boston Redevelopment Authority placed a large sign in the same down town area adjacent from Dudley Station, which read: "Washington Park Redevelopment Project."

The sign faced the one of the main shopping street and the many Black people naturally assumed that this sign was a part of their redeveloping housing. And if we could "determine the destiny of our Black community," then why should we be doing it for them.

However, in the fall of 1969, the Black Panther Party exposed the real plans for this land. And to the horror and dissatisfaction of the people of the Roxbury, the land is to be used, not for the housing which we need, but for the building of a new police station, a new court house, and (Dig this) a library which is in direct contradiction to our needs.

In 1970, the power structure is making an all-out attempt to pacify the people by permitting this project to be called the "Roxbury Civic Center." In a press release by the Public Facilities Department, it was stated: "The new police station will house personnel new assigned to districts 9 and 10. The station will be designed in a low cost modular system.

The station will have a combination police station and public service center, which is available for use by the general public for meetings and activities. This center is located on the second floor and will have a raised platform with lectern. When used by the police for meeting and inspection it will accommodate 25 patrons. When used by the general public for meeting purposes, it will accommodate 100 people."

Now that was the information given to the people about the new police station. However, what they failed to mention in that the people in the basement will not be the only underground - and exactly what they failed to mention is that this project is about to be"dig this!"

The station will be located in the middle of the community and will not accommodate the people of the community. When used by the police for meeting and inspection it will accommodate 25 patrons. When used by the general public for meeting purposes, it will accommodate 100 people.

And there was the information given to the people about the new police station. However, what they failed to mention in that the new police station will not be the only underground - and exactly what they failed to mention is that this project is about to be "dig this!"

On March 9, 1970, I attended another meeting of the Welfare Rights Organization, where we were all amazed to see that many Black mothers from Roxbury left.

On Sunday, March 8, 1970, approximately 5:00 p.m., at Boston City Hospital's surgical ward, Frank Lynch, 24 of Humbolt Avenue, was murdered in cold blood by pig officer Walter Duggan.

Lynch had been a personal porter at Boston State Hospital and had a medical history of mental disorders as recently as 1969. His medical history was known by the attending physicians and nurses at Boston City Hospital at the time of his murder.

The supposed reason given by the Boston Police Department for the brutal murder of Frank Lynch was that Lynch was attempting to disarm the pig, Duggan. The testimony given by eyewitnesses was that Lynch was bleeding a towel at Duggan when Duggan pulled his gun and began to scream, "I'll shoot you. I'll shoot you!" And then fired three shots into Lynch's body and one into his head. A part of Lynch lying in a bloody pool was hit by the bullet.

This cold-blooded murder of Frank Lynch was in the same fashion that Black people have been murdered in this country: Out of the racial anger against Black people today can only be solved by the power of the people to use any means necessary to assure our national salvation.

The people of the Roxbury community are saying we are too smart to fall for this business of controlling our community meetings in any pig station."
CENSUS '70: FEDERAL CONSPIRACY DAY

by Sid Walton

It is this writer's contention that the 1970 census is not an attempt to help Black people, but rather, as part of a 20 year-old White racist conspiracy, a strategy to steal Black votes at every election. This theory is based on an examination of the 1970 census forms and the techniques used to collect them. The goal of the census is to steal as many Black votes as possible at the next election. The purpose of this article is to expose the real truth behind the 1970 census forms. By exposing these facts, we hope to alert Black people to the dangers of the census and encourage them to boycott it.

**DOCUMENTATION AND ANALYSIS OF 1970 CENSUS CONSPIRACY VIA MASS MEDIA SOURCES**

Part of the conspiracy is a subtle process of brainwashing through mass media announcements. This is accomplished through advertisements and public statements that are designed to create a false sense of security among Black Americans.

**THE REASON WHY THE 1970 CENSUS IS NON-CONSUMMATE**

One of the primary goals of the 1970 census is to keep the Black American population from being counted. The census form is designed to be confusing and discouraging to the Black American. By making the form difficult to complete, the census is designed to force Black Americans to rely on the government for help. This is a deliberate attempt to manipulate Black Americans into giving up their rights.

**THE ROLE OF THE GOVERNMENT IN THE CONSPIRACY**

The government has long been involved in the conspiracy to prevent Black Americans from being counted. The government has used its power to control the media, the education system, and other institutions to spread misinformation about the census.

**THE IMPACT OF THE 1970 CENSUS ON BLACK AMERICANS**

The impact of the 1970 census on Black Americans is severe. It is designed to create a sense of hopelessness and despair among Black Americans. By providing inaccurate information, the census is designed to undermine Black confidence in the government and its institutions.

**CONCLUSION**

In conclusion, the 1970 census is a deliberate attempt to prevent Black Americans from being counted. It is designed to create a sense of hopelessness and despair among Black Americans. By providing inaccurate information, the census is designed to undermine Black confidence in the government and its institutions.

**TO THE PEOPLE OF NORTH CAROLINA**

If you are Black and you care about your community, you must take action to prevent the 1970 census from being used to steal your votes. By boycotting the census, you can help ensure that Black people are counted and that their voices are heard. Together, we can fight against this unfair and unjust conspiracy.

THE ETHIOPIAN EMBASSY IN STOCKHOLM
"OCCUPIED" BY 28 ETHIOPIAN STUDENTS

On the 2nd of February the Ethiopian Embassy in Stockholm was "occu-
pied" as a protest against Haile Selassie's continued despotism. The students, who were protesting against the Ethiopian government's treatment of the students, seized the embassy for five days. The government was forced to negotiate with the students to avoid a prolonged occupation.

THE LIBERATION OF THE ETHIOPIAN EMBASSY IN STOCKHOLM

Background to the Students' Massacre

The inevitable economic exploitation and political repression of the Ethiopian workers and peo-
ple has forced the students to come back to the political field. In a feudal-fascist rule of the present regime, the economic oppression is strong. Students came about to oppose the economic exploitation and the social and political imperialism represented by the dictatorship of Haile Selassie, they have been the victims of a brutal, unequal and exploitation in the annexes of the Ethiopian history. The students have taken a fighting position to force the government to maintain its rule by brute force against a country and a people.
RENT A PIG BEATS TWO PREGNANT SISTERS

The black panther party for self-defense was facing a unique challenge: the black community was divided on whether to rent a pig to kill two pregnant sisters. The party was torn between the traditional practice of hunting pigs and the modern practice of contraception.

The party was divided on whether to rent a pig to kill two pregnant sisters. The party was torn between the traditional practice of hunting pigs and the modern practice of contraception.

Judy Douglas, the Black Panther Party's field secretary for Seattle, was skeptical of the idea. She believed that the younger generation was more interested in contraception, and that the traditional practice of hunting pigs was outdated.

LIBERATION OF ETHIOPIA

When the news reached the students they carried the body of their dead leader to the University campus and placed it alongside the statue of the proper apostle, and proclaimed, and saw to it that not only got a decent burial in full view of the people of the city but also made sure that students as well as the general public were told the truth about the cold-blooded murder.

On the following day, December 29, 1973, the University students went around to all high schools in the city and asked students to attend the funeral of the dead student leader. Thousands of students then proceeded to march to the University to pay their last respects to Tilahun.

As this was going on the government deployed troops and riot police—fully armed and ready for both sides—around the University. The government also attempted to prevent high school and elementary grade students from making to the University. In the confrontations that ensued in the various places of the city many students were wounded and some killed.

At the University, the government wanted to take the body from the students, but the latter tried to argue with them against it, and shortly after that and without any provocation, the rioters and the Body-Guard opened fire.

Nobody seems to know the precise number of students killed and wounded. The former correspondent in Addis Ababa reported that he himself had seen over 10 dead bodies at the University. This correspondent was subsequently expelled from the country by the government.

The persecution and guerilla-like activity of the government continue unabated. The latest report claims that the death toll has risen to 40 students.

Why We Liberate the Ethiopian Embassy in Stockholm

As the government is a despotic one but rather an inevitable continuity of a struggle that has passed through different stages. For many years now the students have demanded basic human rights, land reforms, and general improvement in the political and economic conditions of the country. To demand these is the fundamental right of all human beings.

The explosion of the fascist regime has left mass arrests, torture, and even the killing of innocent students.

It is only after having tried all means of protest in vain that the students came to the only possible stand, namely, that of liberating Ethiopia. Pots were used to start the fire. The liberation of the Ethiopian Embassy is one such step.

The establishment of the Embassy in Sweden has never been the interest of the Ethiopian people but that of a single man — dictator Haile Selassie. Until a representative government of the Ethiopian people is established in Ethiopia, we declare the Embassy closed as from today.

We ask all freedom loving people of Sweden to be aware of the oppression committed by the Ethiopian people.

FASCISM IN AMERICA'S INSTITUTIONS

Pleas must understand that these pigs are working on a "Mass Genocidal Plan" to extirpate all poor, oppressed people in general and Black people in particular. These genocidal tactics are employed in hospitals nationwide, as can be seen in the case of this little girl who was left to possibly die with fever.

The causes of people are demanding an end to the fascist hospitals, the destruction of ALL oppressive institutions, and the immediate construction of institutions which are designed for the expressed purpose of serving the needs of ALL people. The people have the right and duty to abolish and destroy all institutions that do not serve the People, by any means necessary.

BAIL MONEY NEEDED
Brother Pressured For Organizing Rent Strike

Michael Smith of 289 Fell St. in San Francisco is one of the key organizers of the rent strike building, the strike which officially started February 3, 1976, is a clear example of strength and power that poor people have used to change their positions in this exploiting society. The tenants are disgusted and firmly opposed to the living conditions on their property. These people live with rats, roaches, no central heating, faulty plumbing, broken fire extinguishers, and some outhouse toilets and cardboards etc. Technically, this building should have been condemned years ago, because the same conditions existed back then. Yet, the Board of Health who checks the buildings as at least twice a year has not declared that the building (289 Fell St.) should be condemned nor have they moved on to Property Commissioners (the owners) to change these conditions.

What We Want
What We Believe

3. We want an end to the robbery by the CAPITALIST of our Black Commun
We believe that this racist government has robbed us and now we are
emanding the overdue debt of forty acres and two mules. Forty acres
and two mules was promised 160 years ago as restitution for slave
and mass murder of black people. We will accept the payment in currency
which will be distributed in our mass communities. The Germans are now
asking the Jews in Israel for the genocide of the Jewish people. The Ger-
mans murdered six million Jews. The American racist has taken part in
the slaughter of over fifty million black people. Therefore, we feel that this
is a moral demand that we make.

4. We want decent housing, fit for shelter of human beings.
We believe that if the white landlords will not give decent housing to
our black community, then the housing and the land should be made into
cooperatives so that our community, with government aid, can build and
make decent housing for its people.

5. We want education for our people that exposes the true nature of this
decadent American society. We want education that teaches us our true
history and our role in the present-day society.

6. We want all black men to be exempt from military service.
We believe that Black people should not be forced to fight in the mili-
tary service to defend a racist government that does not protect us.
We will not fight and kill other people of color in the world who, like black
people, are being victimized by the white racist government of America.
We will protect ourselves from the force and violence of the racist police
and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER
of black people.
We believe we can end police brutality in our black community by or-
ganizing black self-defense groups that are dedicated to defending our
black community from racist police oppression and brutality. The Second
Amendment to the Constitution of the United States gives a right to bear
arms. We therefore believe that all black people should arm themselves
for self-defense.

8. We want freedom for all black men held in federal, state, county
and city prisons and jails.
We believe that all black people should be released from the many
jails and prisons because they have not received a fair and impartial trial.

9. We want all black people when brought to trial to be tried in court by
a jury of their peer group or people from their black communities, as
defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution
so that black people will receive fair trials. The 14th Amendment of the
U.S. Constitution gives a man a right to be tried by his peer group. A peer
is a person from a similar economic, social, religious, geographical, en-
vironmental, national, business and racial background. To do this the courts
are forced to select a jury from the black community from which the black
defendant came. We have been, and are being tried by all-white juries
that have no understanding of the “average reasoning man” of the black
community.

10. We want land, bread, housing, education, clothing, justice and peace.
And as our major political objective, a United Nations-supervised plebis-
cite to be held throughout the black colony in which only black colonial
subjects will be allowed to participate, for the purpose of determining the
will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one
people to dissolve the political bands which have connected them with
another, and to assume, among the powers of the earth, the separate and
equal station to which the laws of nature and nature’s God entitle them, a
decent respect to the opinions of mankind requires that they should declare
the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal;
that they are endowed by their Creator with certain unalienable rights;
that among these are life, liberty and the pursuit of happiness. That, to
secure these rights, governments are instituted among men, deriving
their just powers from the consent of the governed, that, whenever any form
of government becomes destructive of these ends, it is the right of the people
to alter or to abolish it, and to institute a new government, laying its
foundation on such principles, and organizing its powers in such form, as
to them shall seem most likely to effect their safety and happiness. Pru-
ence, indeed, will dictate that governments long established should not
be changed for light and transient causes; and, accordingly, all experience
has shown, that mankind are more disposed to suffer, while evils are
sufferable, than to right themselves by abolishing the forms of cov-
trol which are accustomed. But, when a long train of abuses and usurpa-
tions, pur-
chased by a superfluity of; the same object, evinces a design to reduce them under ab-
solute despotism, it is their right, it is their duty, to throw off such govern-
ment, and to provide new guards for their future security.
