THE DEMAGOGIC POLITICIAN
IS NOT TO BE LEFT
OUT IN THIS CASE

We believe that if the White landlords will not give decent housing to our Black community, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

Eviction of Mrs. Murray

On Friday the 17th of April, Mrs. Murray of 2395 W. 44th St., was evicted from her home. Five pigs came to the home and said they were going to evict her for not paying her rent. Mrs. Murray, pursued by this, asked them to wait while she made a phone call to get some clarification, she knew she had paid her rent. When she returned, these five pigs had all assembled around her home, setting her furniture and her six small children out in the hallway. When she tried to stop them, one of the hulks joined her in the stomach—Mrs. Murray is seven months pregnant. People from the community came out and witnessed this act of and saw how intrusive it was. This seemed like a regular case of pig harassment involving black people, at first; however, once you investigate the situation a little more, you can begin to understand what Deputy Chief Fred Hamptom was talking about when he said, “When you step out of the realm of legality into the realm of illegality you are a criminal and should be dealt with in that manner.”

The landlord, Mr. Fleming, in his躍nto the police, had his called and he said, “I did not have my friends come to the house to collect the rent. He has his lackey bookkeeping agent, T. Fleming, to bribe for him.”

Fleming tried to get over, keeping the rent money and telling the landlord that Mrs. Murray wasn’t paying the rent. The landlord told Fleming to have Mrs. Murray evicted so what Fleming did was hire one of his friends to act as hisSheriff’s Deputy. One of his friends actually was a real cop because he had a badge. They never showed Mrs. Murray an eviction notice, search warrants, or even police identification. After the eviction, some of the people in Mr. Fleming’s neighborhood went to Mr. Fleming’s house to question him, and he called a sheriff on them.

This situation almost sounds like the St. Valentine’s Day Massacre when criminals dressed up like officers of the law, came in and murdered a group of their rivals. Mrs. Murray says that nobody can dress up like an officer of the law, but that doesn’t mean that that person is going to act in your best interests. The only way you can tell if he is going to violate your rights is by his actions and not by what he says or by what he wears. If he acts like a criminal, he should be treated as one. When dealing with criminals, the life is at stake. It is either kill or be killed. Then the law at the threshold of your doors, and anybody who crosses it in the name of an outlaw or gangster, even if he has on two blue uniforms, 40 badges, and fifty search warrants, shouldn’t be met with hot lead.

All Power to the People

We believe that if the white landlords will not give decent housing to our Black community, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and decent housing for its people.

Point #4 of the Ten Point Platform and Program of the Black Panther Party states: WE WANT DECENT HOUSING FIT FOR SHELTER OF HUMAN BEINGS. Mrs. Charity Thomas thought her house was fit for human beings, but rainy weather, aged foundations, and the suspicious moves of the city's inspectors proved her wrong...the house crashed to the ground Monday evening with a roar heard throughout the neighborhood around 44th & Aspen Streets.

Mrs. Thomas was a victim of the system - One more victim. Society cares not for its old people, particularly if they're Black. We hold the officials of this racist city's administration in general and the Bureau of Licenses and Inspection in particular responsible for this tragedy.

Housing is supposed to be inspected for safety and livability by the city. But you can look at the property owned and/or administered by the city to know that this is a farce. L. & I. inspectors, through the rumors say that ‘rainy weather was the principle cause.’ We say that if the house had been inspected and certified as sound, then how can a few days of rain loosen things up that much? Enough for the whole crib to collapse! This house had stood the test of time and it was checked periodically. If it was checked and found faulty, then passed, then you know where to put the blame.

The demagogic politician is not to be left out in this case. Two or three were seen in the area with their "crocodile tear kit" open and ready..."Oh, what a pity!" "What a shame!" You've dug on their actions before, milking the Black community for votes, then lather for you until the next election. The pigs power structure should be made aware that the people will not be satisfied until they get to the bottom of this. The owner of the house, who by the way is Black, is making no statements until he consults his lawyer. Place your bets now and see what happens. The local news media have already whitewashed the whole affair. But the case is not closed for the Black Community. Point #4 must be implemented and no avaricious businessmen, demagogic politicians or racist pigs can stop it.

HIGHWAY Ghetto

The California division of highways, a department and a tool of the power structure has a new plan for relocating the people of the Compton ghetto. The Highway pigs are building a freeway through the heart of the black community, (see map) The Highway Department of Secretary Babylon also plans to tear down everything in the surrounding area and build homes. It is their plan to build or concentration camps of forts or what.

The area that will be eliminated is because of the "great Highway the great project, the appropriation from Imperial Highway to Century Mall, and from Central Avenue to Almansor whereas the freeway would only cover the area from along 17th St. In. Watts, crossing Central and going down south of Imperial Highway, and on north of Western Geer Corp. All the rest of the area is going to be destroyed and the people relocated so that the master can keep better track and tally of his slaves while he continues his reign of terror and machinery for the oppression of the black community.

The people must remember that the highway department is nothing but an instrument of the power structure used by Nixon and all his friends to control the black masses of America. And when America is subjugated to the freeway the pigs are building through the heart of the black com-

FASCISM PUNKS ATTACK OUR YOUTH

The local fascists of Compton have again demonstrated to the people that the oppressed people have no rights, no voice in their own politics and their lobbies are bound to respect. On Tuesday Night March 30th the Compton pigs pulled a massive wagon on the youth of Compton, brutalizing and harassing them through the community.

The first incident occurred at Monro Park, where young brothers and sisters go every Tuesday to Sing Night, a weekly "happening." Althea Moore, a twelve year old sister, had come to Sing Night, had paid her 35¢ to get in, and was talking to the woman in charge of the dance when William Hogan, a local fascist and known to be a "Pork Personnel" came up to her and told her to get his whiskey in her ears. Hogan told Althea to get back behind the black line with the people who wage to get in, Althea explained to Hogan that she had already paid but he dismissed and continued to blow his whistle in her ear. When she sawed her ear began to hurt, Althea took his whiskey and threw it at him. He hit her again and told her to leave alone. Hogan is known by the youth in Compton as a local fascist. In the manner of a pig and his actions with Althea were no exception. After Althea resisted him, Hogan grabbed Althea, threw her up against the wall, about her and hanged her up against the wall, yelling "I'll blow your brains out and you can't do nothing.

William Hogan is supposed to be a member of the Staff at Monro Park. He carries a 22 with him at all times and will not hesitate to use it on anybody. Hogan also spends most of his time dealing with young kids and threatening young brothers and sisters with his gun at the park continuously.

At around 5:45 or 6:00 p.m., the Sheriff's Department showed up at Monro Park. They came into the building where all the kids were and started chasing the people right away. Young brothers and sisters were hit, knocked down and beaten up in the presence of all the adults in the house. Their actions were so severe that even the pigs problems many. These two pigs told Red and Ron that they wouldn't take no more trouble from the people. The brothers asked them, "Does that mean kids too?" We were being twelve and thirteen year old people tonight." The pigs said, "Everybody got to go."

Later on, the same sign, the sister of Lawrence Baker is fourteen year old brother murdered by the pigs while supposedly "testing palpahy" was beaten and dragged across the railroad tracks by a sheriff named Brown working out of the Firestone District. The sign that Baker brown is the same pig that murdered Lorenzo. After brutally beating them, another sign, fascist, machinist control the jail.

This same Tuesday night Fred Williams and Ron Hayden, two black brothers from the community were found outfront of a friend's house when a White pig with a gun ran up to them and started chasing the people. The Black pig asked them if they lived in the house, what they were doing there and told them that they could be burglars. The White pig stated, "I'm not going to let you touch my property."

He told Ron and Fred that the pig department plant to wipe out the people in his neighborhood and that the brothers are too revolutionary and that he will "look after" the pigs problems. These pigs told Fred and Ron that they would be back to take care of the people. The brothers asked them, "Does that mean kids too?" We were being twelve and thirteen year old people tonight." The pigs said, "Everybody got to go."

ALL POWER TO THE PEOPLE DEATH TO THE FBI
Pigs Murder Two Brothers in Gary

Two Gary, Indiana, brothers were murdered April 19, 1973, by a speed demon. The pigs who were shot were two brothers who lived in a trailer house along a railroad grade. According to police, the brothers were struck by a train in their way home when this pig made his fatal attack. The pigs were killed at the time next the pig overpowered the officers. Legal geese on the Vietnamese people, because of some of their military industrial composites. They can keep killing people of color around the world for profit, but when it comes to protecting the lives of oppressed citizens of this country, nothing can be done to keep the pig out.

This pig is free and on the streets looking for more children to run down. We’re gonna put an end to all this cruelty. They killed two brothers in Gary, but we’ve killed several more in Chicago and elsewhere. Newton teaches us that “THE RACIAL NOT POLICEMEN MUST TEACH THE RACIAL POLICEMEN, ALL OUR COMMUNITIES, CEASE THEIR PRACTICE OF VIOLENCE AND BULLYING OF BLACK PEOPLE AND HUMILIATION OF THE ARMED OF THE APPEASED PEOPLE!”

This must and will become an open discussion. This is not a problem between two races; it is a problem between the bourgeoisie and the bourgeoisie only. We do not wish to be Viet Nam now! I’ll tell you why. Some revolutionary brothers in the NAM got tired of being exploited by pig Rockefeller’s oil refiners and had put the pigs to work, with the power to provide oil. This was a turning point in the spread of capitalism, because they had no money to lend. The demand for oil was growing, and the pigs had to find a new source of profit. They turned to the pigs, who had been exploited by the capitalists, and offered them a new source of profit. The pigs were, of course, thrilled to be given a chance to help their brothers, and they agreed to work for the pigs.

On April 19, 1973, brother William Moore (21) and brother Howard Moore (23) had been out celebrating the birthday of his brother Howard, when they had stopped off to visit his older brother, Howard (25). Because of William’s heavy celebration, Howard decided to go to the local bar and get drunk. While on the way home, they encountered a pig who told them to take their brother home because of his condition. As they proceeded a little further they were stopped once again by the same pig at Queen Lane and Philippi Avenue (Hermel Street) who since then had circled the block and changed his mind. The pig hopped out of his pig wagon and cackled that since he didn’t like the brother’s condition and they weren’t moving fast enough in taking William home, they would have to lock him up. At this time James and Howard both stood that they were sober and perfectly capable of handling their brother, but Howard did not want to move the pig. To the pig, this was an order, and he was killed.

Understanding the intimate reality of the pig, the brothers proceeded to get into the wagon. William was the first in. His brother James was about to enter next when the pig bit him in the back with his stinger and pushed him into it. It was at this point that the pig turned to the brother’s sister, Hattie (13)-he recognized that this was the pig they didn’t have to kill. The pig, as usual, didn’t take kindly to the pig. The pig, as usual, didn’t take kindly to the pig.

Meanwhile, another group of pigs had rushed to take the place of the pigs who were rushing out of the city. They were the pigs who owned the silk companies and stores are owned by their own people. The pigs are the ones who own the consumer goods and stores, but the pigs control the distribution to the people. The pigs control the distribution to the people.

Meanwhile the pigs’ partner-Ford had rushed to take the place of the pigs who were rushing out of the city. They were the pigs who owned the silk companies and stores are owned by their own people. The pigs are the ones who own the consumer goods and stores, but the pigs control the distribution to the people. The pigs control the distribution to the people.

The pigs are the pigs who own the United States of America and they have been demonstrating in the streets for the past few years. In the city of Chicago there is a group of pigs that takes care of the pigs in the streets. The pigs in the streets are the pigs who own the silk companies and stores are owned by their own people. The pigs are the ones who own the consumer goods and stores, but the pigs control the distribution to the people. The pigs control the distribution to the people.

While William and James were shocked and shocked in the wagon with their brother Howard continued to struggle. To the pigs, this was an order, and they took the brother byx stamped and located him unmercifully, at which time several other pigs attacked him at once. (One fell from drunker brother, but the other brother, who was unconscious). The pigs who had gathered by this time vigorously protested the pig action because they had known that the unconscious brother suffered from epilepsy seizures. A couple of the pigs had their dogs have been drawn from the crowded block.

The brothers were taken to the 14th district pig pen and charged with murder by the local police corporations. The police from the local police corporations. The police from the local police corporations. The police from the local police corporations.

The local police corporations. The police from the local police corporations. The police from the local police corporations.

Racist pigs attack brothers.

Many brothers and sisters out, why they are not being revealed? Why? Not enough people through strikes? By putting so-called liberal people into political office, and other so-called powerful things?

I moved that this system would find their way to the government and the union of the people. It will find violence to stop business corporations and the military from playing political and landlord of the world. It will find violence to stop the government. It will find violence to stop the government. It will find violence to stop the government. It will find violence to stop the government. It will find violence to stop the government.

The power structure tells us violence has no place in our communities. We have been told that power structure, not the people, controls the power structure. Turn back the pages of history. Did the pigs come in this land and do what we are doing? Did the black man come to this country and do what we are doing? Did the white man come to this country and do what we are doing?

This is your way in this country. You are like a breathing dog. Your master grosses. Your master grosses. Your master grosses. Your master grosses. Your master grosses. If the dog gets a food or the master and the master and the master and the master and the master.

You still think violence is wrong? Well, for all white liberal people what says “as an eye for an eye”? (Certainly, if you were white and had no money or power you would have said),

So think about it people, a revolutionary phrase is, “If you know teach if you don’t know learn.”

“The time when people can sit back and view processes of injustice and inequality has come to an end.”

All power to the people. Seize the time now. Seize the time now. Seize the time now. Seize the time now. Seize the time now.

TOTAL FACTS HEAD UP MURDER,
THE WRATH OF THE ARMED PEOPLE

Everything that happens these days is perceived as being highly political, and news enters the mind with brilliant clarity. The Minister of Defense of the Black Panther Party, Hon. Fred Hampton, Jr., was killed by Chicago policemen on December 4, 1969. The police had come to the apartment in which he lived and had been told that he was not there. They went to the garage, broke in, and found him dead. The police then went to the garage, broke in, and found him dead. The police then went to the garage, broke in, and found him dead. THE BLACK PANTHER, SATURDAY, MAY 9, 1970 PAGE 5

---
I MUST BEGIN WITH AN EXPLANATION OF MY PRESENCE IN THE UNITED STATES

JEAN GENET

must begin with an explanation of my presence in the United States.

In my situation with regard to the administration, there is an element which I must take account of. As happens, for the last year or so, I have not been directly in a position to place myself on the list of targets for which the charges are being directed, nor have I been able to remain in one place to avoid being disarmed. In this connection, my entry into the United States was merely a matter of fortune, in the strict sense of the word. The circumstances, my way of life here and elsewhere, is such that a vagabond is cursed in the United States, and I must therefore be careful when I speak in the name of the Black Panther Party which is my spiritual home. All my actions, no matter what their habits are not nomadic and which protects itself by means of its weapons, are means of self-defense. I mean that no urgency should crawl upon my own statements, for it would be prejudicial to the Black Panther Party and to Bobby Seale who is really on trial, not for real jive made of stone and concrete and steel.

The denial of freedom and movement must not be a game, a matter of whims which is one of the reasons I present to the necessities of the Panthers.

I would like to be linked to the first; racism in the United States is spreading fast, had-made of arrival. It was the first thing I saw, but the second was that America is supposed as well that I made of other and other social behavior, in which racism plays no part and which has been on trials. And then there were the trials of the New Haven courthouse. From the moment of my arrest I was aware of it.

I glanced American racism–in other words–it is not at all violent. Coming into the courtroom with my Black friends of the Black Panther Party, policemen, without consulting me, led me out of the room. I was not in that part of the court where there were only Whites. Thanks to my Black friends, I was about 30 feet from them.

This may seem to an insignificant detail, but there and being the pseudo-beneficiary, it was a sight I immediately transferred to the United States, and Emory were arrested for contempt.

I myself who had read another paper before the court was, was simply rescued from the courtroom, but left free.

Another event occurred a few days later, confirming this observation: A Black friend of mine whom I had not seen for some time and I were getting into a TAX place. A policeman, in the passageway leading to the plane, dered the Black to open his suitcase. The suitcase contained only three alhats and three pairs of pants, and he was allowed into the plane; but the policeman changed his mind, and, with an escort of five more cops, after having shaved more than 10 minutes, we were able to get off the plane. None of the three Whites, myself included, was searched. Later, I learned that there are other airlines besides TWA.

My interpretation is therefore as follows: I have not been touched because the police is afraid to touch me. They offer no threat to danger of American Society. The Black of course are subject to the police because they are Black, and the Black Panther Party is subject to the police because it is a middle-class order of America.

I now come to what seems to me very important. I consider myself a leftist organization with the Black Panther Party, here it my politics. I have none. It is the politics I must provide a new dimension to

Black man risks jail for trivial theft. It seems that I must now realize there is a question of sentimenterly here, but it is a question in the relations with men who do not have the same rights as ourselves. Even if their rights are acknowledged by the laws of the country, the Black Panther Party is still far from full possession of those rights, and as for me, as I am speaking of New Haven, and the Black Panther Party still less so. There are 24 attacks on the Negro around you every day, a fact the many people can witness.

We are there, and we are everywhere. In this sense it has a field of action, and that is its cause for the Black Panther Party.

We are a political party which has taken place, to an action which is to come, since any action which is to come, (I am speaking of revolutionary action) must be the result of our own free labor, or rather, that it is necessary that the Black Panther Party must be armed, armed with real weapons.

To speak to its members about political action is not to speak of a criminal act. For it would be to preach to them an evangelical action. It is not to speak of a criminal act. For it would be to preach to them an evangelical action.

I have said that the American left, if it wants to be revolutionary it must be able to speak of real action, with regard to Bobby Seale the Black Panther Party. To refuse this, would be to accept here in the United States the blackboard of a kind of Dreyfus Affair. Perhaps still to be black, but it is not a victory.

It is time to decide whether the American left, and the Black Panther Party, cause Bobby Seale is guilty because he is Black and Chairmain of the Black Panther Party, and if the intellectuals are afraid of the threats of the trials which takes place, and I wish to be able to speak of real action.

I wish to be able to speak of real action.

Up till now, the Blacks found have only been able to express political statements, or a distant, exterior sentiment. Another way must be found. The one I have suggested is:

The Blacks ask for something more than relating to one another, to the Black man's privileges, the Whites, if they are determined to have a relation of equality which is obliged to behave as I have said. Not object, but十一

I wish to be able to speak of real action. Another way must be found.

We Black Panthers must be the first to show that the Black man's privileges, the Whites, if they are determined to have a relation of equality which is obliged to behave as I have said. Not object, but

Perhaps we must do away with symbols and with symbolic gestures, and I mean this by the Black man's privileges, the Whites, if they are determined to have a relation of equality which is obliged to behave as I have said. Not object, but instead of what we continue to ask of the Black man still, after these terrible years.

LEEBERRY IS FREE

After being kidnapped from a bountiful harvest of donations who identified themselves as Fill pigs, thrown into prison and subjected to the most medieval penal terror, he was finally released (bailed) out of jail on a $100,000 bond. Originally, his ransom, like the rest of the New Panther Party II was $500,000. More than a year in jail, without trial, to this day the charge is pending, the removal of a good sponsor and more than a dozen epi

defeces, got an 84-day vacation. Lee Berry has been returned to the people, now all the trials are terminated. A Negro medical attention that the fascist political police of the U.S. government had no nudity inter

THE TRUTH IS OUT

The truth is already out about who killed W. Monroe. Fred Hampton was murdered in his sleep and Mark Clark was killed by the Chicago police. I say to Rome, Mark Clark was a "liberal good pig". The pigs are out to get the Black community and its allies who are trying to destroy the Black Panther Party. We haven't heard from the pigs since Saturday and I think they're looking for something to do.

WHEN RHETORIC-ENDS AND REVOLUTIONARY ACTION BEGINS

It's 1970 when we were charged to open a new chapter in our right. We're putting an end to the illegal incarceration of the New Panther Party. The Black community no longer has to be afraid of the FBI, the Black community is the only one that can win.

LUMUMBA SHAKUR

As the brother Che said—"THE DUTY OF A REVOLUTIONARY IS TO MAKE REVOLUTION." An appropriate title that describes the development in the Black liberation struggle was when Stokely Carmichael, as chairman of the Student Nonviolent Coordinating Committee, called for a "Black Power" movement. The Black Power movement was a response to the escalating repression and violence directed at Black people across the country. In 1968, the Black Panther Party was formed as a political and military organization to defend Black communities from police violence and other forms of repression. The Black Panther Party's slogan, "All Power to the People," became a rallying cry for Black liberation and a call to action against the systemic racism and violence faced by Black communities. The Black Panther Party used armed self-defense and community organizing to challenge police brutality and demand equal rights and resources for Black communities. Their efforts were at the forefront of the broader civil rights movement, challenging the status quo and inspiring other movements for social justice. The party's legacy continues to be a source of inspiration and a reminder of the ongoing struggle for racial justice and equality in the United States.

IT'S TIME TO INTENSIFY THE STRUGGLE

It's time that Black people begin to look into the interworkings of the war and the so-called "liberation." We are left with a legacy of apathy and passivity. We believe that the Black liberation movement is on the right path, but we must not rest on our laurels. We must be proactive in our struggle.

WHO KILLED HENRY KELLMAN?

Black people, we examine our history, and find that thousands of pages are filled with brutality, terror, and murder in cold blood of our people. The blood of our people has flowed abundantly all over this nation and today we are still not free, the jail and constantly fighting to keep the overflow of Black people and we are not because our people are criminals, as we have been so heavily labeled by the so-called "civilian" (the oppressor). Our Black brothers and sisters are in the streets of the segregation camps, simply because of conditions forced upon us by the oppressor. These conditions have left us with no other alternative but to take flight into the streets in order to survive.

Our children are hungry, they walk the streets, and many of our youth have no shoes and are hungry and hungry and the first thing to be fired. Brothers and sisters I ask you to think of a moment for all our people locked up in penitentiaries and we are not free. We must be free and we must be free.

When pig Ken Wheeler got the news from his T.F.P. jails that Henry Kellum was supposed to have shot himself, be grinned, hung up the phone in the EOC office and announced, "One down and one to go." Wheeler is the other supervisor with the major's boy Adam Rogers. In the Hunter's Point Security Promotion racket run by "Redevelopment" and EOC. Now if anyone stable the backtracking EOC he will discover it is under "protection." Why? Why do people who steal from the community need "protection." Who killed Henry? According to the B.O.C.I. story Henry shot himself with a .45 but to the people's force that deal with arms it is known that the .45 slug with a great deal of damage to the person, usually slowing a very big hole in the body (it was originally designed by the U.S. pig army to kill Yellow men in the Philippines because of its ability to blast the victim to pieces). But Henry had no such wound on his body when the government pigs brought him back from the jet he was executed on. Second, the only known witness to Henry's murder is a man now in coma, himself badly hurt. Who killed Henry?

Who wanted a beautiful brother out of the way? A brother who was free. A brother who did not need to make skid marks like someone else we know. He was not like those who work for the major and others who take from the people, always running downtown to tell what's going on in the community. Brother Henry was a beautiful artist, and the envy of those who can only make it by selling out Black people.

Who Had Henry Killed?

Stoically Charmed said when he last got back from Africa that he would use the Black Panthert's to stop White control of the Black community from continuing to place Black kids with drugs. We know that he is dead. We are here to protect the Black community from continuing to place Black kids with drugs. We are the Black Panthers, and we will not let this happen.

FIGHT OR DIE NIGGER

REPUTATING LIES OF RENEGADE BANDITS
BYRON BOOTH & LOUISE WIBECAN

This statement is to all our foreign friends and revolutionary comrades actively fighting against imperialism and chiefly U.S. imperialism in Africa, Asia, and Latin America, with the sole intent to warn you of a clique of renegade bandits (Byron Booth and Louise Wibecan) who committed among their crimes against our people in the first, stealing monies, amounting to $20,000, by waging fund-raising parties, etc., throughout Europe under the directorship of Louise Wibecan; secondly, desperately spreading factionalizing propaganda against an indefatigable fighter and patriot, our Minister of Information, Eldridge Cleaver, with the ultimate plot being to set him up for a factional coup instrumented by the CIA. This is an unforgivable crime against our Party. This message is to warn our sisters and brothers to be aware of these renegade bandits and factionalists. The last time we heard of their whereabouts, Byron Booth was in Nigeria and Louise Wibecan was in New York City.

This message, then, is to warn you that Byron Booth is a lying Renegade Bandit when he says that I have given him authorization to organize in the name of the Black Panther Party. He is a most dangerous class enemy and should be considered a renegade from the Revolution.

FASCIST PIGS ATTACK MEMBERS OF N.C.C.F. IN DETROIT

On Thursday, April 15, 1970, at 12:15 p.m., the fascist pigs of Detroit’s Tactical Mobile Unit illegally and viciously attacked four members of the National Committee to Combat Fascism.

Harriet Walker, 19; Alesia Williams, 18; Billy Jerome Phillips, 18; and Michael Cunningham, 17, were on their way to the Westside office of the N.C.C.F. when three cardinals of pigs rode up to them and chucked “get in the car.” The four youths were on West Grand Blvd., at the Lodge Expressway. When they were stopped, they asked why they were being arrested. The pigs only replied, “Get in the car.” The pigs began to beat them and

EDWARD DENTON PURGED

Edward Denton is no longer a member of the Black Panther Party. After a long trial of abusing Party principles and rules he put the cherry on the cake by not following the rules of legal frat, which is a must for fighters, in particular and all Black people, period. Edward Denton has been accused of being a “Zionist” for such acts as putting on a money-making scheme where many people were able to buy who they thought were “names” of “names.” But Edward Denton has so far remained unrepentant. He has been accused of developing an overwhelming anti-Jewish attitude towards his own mother country. This attitude is affecting the work of the Party in the community. Edward Denton has been expelled from the Party.

EDDY DENTON

A hundred and twenty-five, it is impossible to publish the entire story of Edward Denton. We must publish a brief account of the story of Edward Denton, which we wend our way to report to you to our readers.

Alesia Williams

Remembering back to April 15, 1970, when Lil’ Bobby Hutton was shot down by pigs, and as we walked toward the building, a pig was shot in the head. The firing squad of pigs and brothers refused to fire the pig. One of the pigs fired three times at the car, killing the driver. Another pig followed him, grabbing him, threw him to the ground, and the two of them beat him to death.

I overhead the pigs nailing the dead body in the back seat of the car. I walked away from the scene and hid in the bushes near the building. I was able to get away without getting caught.

Billy Phillips

The people will deal with those pigs who killed to protect racism and those who have been shot by the pigs. We are talking about an enemy of the people, a criminal, and we will not allow them to get away with it. We are here to win, and we will not allow them to get away with it. We are not afraid of the pigs and we will not be scared into submission. We will fight for our rights and our freedom.

Are we talking about an enemy who is going to attack us? Absolutely not! Are we talking about a government that is going to attack us? Absolutely not! We are talking about the Black Panthers who are fighting for our rights and our freedom. We will not be scared into submission. We will fight for our rights and our freedom.
widow of Dr. W.E.B. DuBois was denied a visa to return to the United States

Mrs. DuBois is a native of the United States but is now a citizen of Ghana, living in the United Arab Republic. Anybody who wishes to speak at Fisk University in Nashville, Tennessee, was denied the visa for her visit. No reason was given for the denial but we as Black people who understand what her husband stood for can understand the refusal by this racist government. The government gave no reasons but it does not take a law degree to understand their actions...this is another attempt on the part of the pigs to keep the American people uninformed of the situation of the world.

POCKET LAWYER OF LEGAL FIRST AID

This pocket lawyer is provided as a means of keeping black people up to date on their rights. We are always the first to be arrested and the racist police forces are constantly trying to pretend that we are arrested equally as they are. Many have faced trials and convictions for crimes they did not commit, or had not committed. This book aims to assist in reducing the number of such cases.

FORT LEWIS

On February 21, Willie Williams of the 163rd Supply and Service Company arrived at Fort Lewis (a federal military installation) under Article 134 of the Uniform Code of Military Justice (UCMJ) with "conduct discreditable to the Armed Services." Specific crimes charged include "threatening the life of the President," "conspiring to make a false statement," and "degrading the uniform of the armed forces." The article also requires that Williams be held in pre-trial confinement for 30 days. The investigation, which has issued the following statement:

"The Army to me in the last years has become a place of decay and degrading unlike the civilian mind could possibly imagine. I have been the victim of brutalization in the laws and courts, as a black civilian person, in the black hearts and beliefs, and fascist in his percent. The black man is not going to let the army whitey work when the going back and black man. I am not going to let the army whitey work when the going is too hard. I am Fascist in my beliefs and I know black man is Fascist in my beliefs. I am not going to let the army whitey work when the going is too hard. I am Fascist in my beliefs."

The Army has threatened to strip and confine Williams for three years for no other reason than this statement. The Army is making the same threats against the Army and the United States. This statement is the Fascist attack on my beliefs. To continue to live up to these beliefs, I have been subject to stripping and beatings by an increasing militarized police force in the U.S. I am not going to let the army whitey work when the going is too hard. I am Fascist in my beliefs."

Willy Williams, a former member of the fascist U.S. military, understands the feeling of having to go to a foreign country to kill people of color, who like black people, are being subjected to oppression and genocide. When Willy returned home, he became a Panther and put into practice the phrase each one teach one. Willy learned and struggled with us so that we may add correct examples for all black people as to how to defend themselves from fascist U.S. government. Willy is now a political prisoner framed by the same force that he served. The racist pigs feared that Willy would teach the ultimate knowledge that he had cleansed. Willy wrote the following article for you brothers, so that you may understand more clearly the situation and position of black people at this present time. You are fighting our friends, who have never oppressed or inflicted the savage forms of oppression upon us, that this racist government has. So concentrate upon this message that Willy wrote months before he was kidnapped from the black community and realized that the war is here. We need you to fight with us to obtain the freedom that we have strived for three years to struggle for this country. Bring your knowledge home so that we may free Willy, Chairman Bobby and all political prisoners. Let's bring our brothers and sisters back into the streets with us so that together we may fight for our survival.

G.I.'S AND REVOLUTION

(Reprinted from Saturday, September 27, 1969, Vol. 3 #23 Page 5)

Black people and the Black Panther Party, as was most recently evident in the August 19th, kidnapping of our Chairman Bobby Seale, are but a few clear and concrete examples of what this fascist government represents as a whole. Today, in order to wage a stronger struggle against this fascist pig government, as the people and the Black Panther Party need the continued support from brothers who have served in the fascist military machine. We need the skills, the technical know-how you possess. We need information dealing with tactics, training and intelligence. We need technical equipment. Technical equipment includes everything from weapons to medical supplies, doctors, etc.

G.I.'S SHOT IN ESCAPE ATTEMPT

On February 24th, 1970, a man was shot while attempting to escape from the Ft. Ord Stockade. Eddie S. Middaugh was shot once in the back by a temporary duty guard stationed in the towers of the stockade yard.

Shortly after noon on that Thurs-

day, Randy and his friend went into

the yard for the hour lunch

break. They walked over under

"lower easter" and started

rapping to the guard who was there.

During the conversation the guard

was asked if he would shoot a man

who was trying to escape. He told

them he would not.

Around 1:00 o'clock Peter

started walking towards the fence

der under tower sixteen, and his friend

towards the fence under tower

seventeen. Peter walked up to the

barbed wire roll at the bottom of the

fence and stepped over it. He

reached out and grabbed the fence

with one hand and then the other

he started up. He fell stepping on the

smooth links. Suddenly the hand touched the top of the fence, and he pulled himself up and over the top of the barbed wire strand. He dropped over the

other side and let himself down to the full extent of his arms. Then he

let go and fell to the ground.

At this time there are conflit

iting reports as to exactly what hap-

pened. One report states that he

was shot several times as he ran across the road to a small

AN ATTACK AGAINST THE PANTHERS IS AN ATTACK AGAINST ALL BLACK PEOPLE

Many forms of aggression have been waged upon the Black community in the past year; the same is true with the Black Panther Party. The planned murder through the conspiracy trial of the National Chairman, Bobby Seale, and the other Panthers in New Haven, Connecticut, is within itself a clear exposition of the fascist tactics which we live. The fascist tactics used in Baltimore, Maryland, against the Black Panther Party are no different than the tactics used in New Haven, New York, Chicago, and all the other branches of the Black community.

The attack on April 5th, the pigs ran rampant through the community searching for all Panthers, suspected Panthers, sympathizers, and supporters of the Panthers, to harass, terrorize and jail them, to prove to the Panthers, and in fact, any Black person who is talking about the Panthers, that they have to face these fascist tactics.

The pigs (approximately 20) surrounded the building located at Valley & Superior Streets where the retail store is operated by the people as a whole. The Black Panther Party was attempting to escape, and the pigs entered the building with rifles and handguns. They entered the building on the second floor, where they located a woman inside, and began to shoot her. One of the women was killed, and another was injured. The pigs then retreated to the basement, where the Panthers continued to defend themselves.

Several pigs were injured, and the Black Panthers managed to escape. The Black Panthers then attempted to take over the building, but were met with resistance from the pigs. The situation escalated, and a gunfight ensued. In the end, the pigs were able to regain control of the building, and several Panthers were arrested.

The pigs then proceeded to search the entire building, and many Panthers were taken into custody. The pigs then took the Panthers to the police station, where they were questioned and held for several hours. The pigs then released the Panthers, but several were arrested and taken to jail. The Baltimore Police Department has been under scrutiny for its treatment of the Black Panthers. The pigs have been accused of using excessive force, and of systematically targeting the Black Panthers. The pigs have also been accused of using the Panthers as a scapegoat, and of using the Panthers to distract the public from the real issues.

ON THE SITUATION IN SOUTH KOREA
AND THE STRUGGLE OF THE SOUTH KOREAN PEOPLE

By KIM IL SUNG

Deprived From THE FREESTORM SITUATION AND THE TASK OF OUR PARTY

Comrades!

For the unification of our fatherland and victory of the Korean revolution, it is necessary to raise the revolutionary forces and develop the revolutionary struggle in South Korea and the P.R. of China. And they have started the revolution and construction in the north and the south of the Republic. Particularly, today, when our own power and momentum are growing into an invincible force, victory of the Korean revolution in the whole country depends largely on the strengthening of the revolutionary forces in South Korea.

The main feature of the present situation in South Korea is that the U.S. imperialists and their minions are further intensifying their military aggression and war by dint of the reactionary fascist dictatorship and, at the same time, making more serious crimes in the internal and internal sphere.

The basic object of the U.S. imperialist policy of colonial enslavement, aggression and war by dint of the reactionary fascist dictatorship and, at the same time, making more serious crimes in the internal and internal sphere.

PEOPLE’S ANTIDOTE FOR TEAR GAS

Recipe is as follows for a quart of tear gas relief: Mix 8-10 eggs with one cup of water and a tablespoon of baking soda. Beat very well. Vinegar in a handkerchief is an effective agent to breathe through, but vinegar should not be spread on the face.

The vinegar-soaked handkerchief and the egg mixture should, together, make an effective anti-tear gas team.
ORGANIZING SELF-DEFENSE GROUPS

HOW TO COMBAT C.M.I.

Part 5

The principal of Jane (Self-Reliance) clarified by Elridge Cleaver, the Minister of Information of the Black Panther Party, is "Use what you got to get what you need." To answer the question of how do you combat the pigs C.M.I. (communication, mobility, and information), we must first determine what we have for ourselves. Outlining the practice of self-defense groups, we learn that training for war is necessary for survival. Training in C.M.I. must be Maximum Damage to the Enemy, Minimum Damage to Us. Practice has shown that when planning W.W.H., it is done with knowledge and an understanding of C.M.I. contraception will be kept within an acceptable minimum. Too often, much attention is given to a plan up to the point of execution without giving the same attention to evasion and escape, that phase of the operation that determines success. This is a premeditated approach, a concealed approach. W.W.H. is in only one side of the coin; C.M.I. is the other side, because self-defense groups use W.W.H., the pigs C.M.I. does not go into operation until a self-defense group commits itself by actually engaging some type of self-defense activity.

SAFETY PRECAUTIONS:

1. Check to see if gun is loaded. You do this on a revolver by swinging out the cylinder. Pull back on the cylinder latch and gently pull out on the cylinder. (see unloading a revolver photo p7).

2. Keep your finger off the trigger unless practising trigger squeeze or firing.

3. Point your gun away from where someone may be shot. Point at the ceiling or to the floor, but wherever you point, make sure no one is in the way and can be harmed.

4. Never leave the hammer cocked on a revolver. (explanation later on cocking a revolver.)

PARTS OF A REVOLVER:

REVOLVER TERMS

UNLOADING:

Holding gun in left hand, point it in safe direction (left cylinder latch with right hand). Push out cylinder with the fingers of left hand (25). Now that you have swung out the cylinder and the bullets are visible, you gently pull down on the extractor and let bullets drop out into your right hand (46).

LOADING:

To load, simply follow the same steps in unloading the cylinder. Then drop bullets into the chambers of your cylinder. Gently push cylinder closed, and you are ready to fire. DO NOT SLAM CYLINDER CLOSED, this causes extra wear on your gun.

COCKING A REVOLVER:

Reach over with thumb to the hammer holding revolver steady in the palm of your hand. Do not put your finger in the trigger. Pull straight back steadily on your hammer spur until your hammer locks back. You are ready to fire, do not put your finger in the trigger until you are ready to fire. After cocking hammer, place your thumb directly on the frame beside the hammer, resting the tip of your thumb on the cylinder latch. (Photo p1).

Your forefinger should be placed on the other side of the gun astride to just above the trigger guard until ready to fire. Every time you cock the hammer before firing, this is called single action firing.

UNCOCKING A REVOLVER (LOADED):

Keep your finger off the trigger! With gun already cocked, place thumb on the hammer firmly. Now with the gun firmly in your hand, pointed in a safe direction, and thumb firmly on the hammer (still cocked) squeeze the trigger slowly until you can feel the hammer releasing. IMMEDIATELY-

uncocking your revolver with the
hammer down.

POSITIONS IN FIRING:

1. Kneeling position
2. Prone position
3. Standing (left side)

4. Trigger squeeze is very im-
portant in accurate shooting. When
shooting single action apply slow
steady pressure on the trigger. The
shot would not be anticipated; it
should not be a surprise to you.
When shooting double action or
rapid fire, quick steady pressure
must be applied, the sure not to
jack the trigger. Use the tip of
your finger. When shooting double
action you might have to use more
of your finger to apply steady even
pressure.

Single Action: cocking the

the hammer and then pull the trigger.

Double Action: just pulling the trigger each time, not cocking the
hammer first. Try not to jerk or
jerk the trigger. The action is fast but

Rapid Firing: drawing, pointing,
and shooting double-action. When
you practice rapid firing, shoot
off two shots in succession as
quickly as possible.

CLEANING YOUR REVOLVER:

For all of the revolvers listed at
the beginning of the article you can
use a .38 caliber cleaning kit.
You will need a cleaning rod,
bore brush tip, .38 caliber clean-
ing patches, cleaning solvent,
and gun oil. For patches you can use
damper and some
cotton, any material that
does not ravel or is very
cut into circles about 3" in
diameter. All of this cleaning material
can be purchased in any gun store.
Your revolver should be cleaned
twice a week, and every time after firing. Keep it free of dust
dust and dampness to avoid rusting. If
you do not clean your gun im-
mediately after firing it can cause
corrosion of the barrel and rust
away at it. Protect your
shooting to become inaccurate
because of the dust that can develop from the
cotton, any material that
does not ravel or is very
cut into circles about 3" in
diameter. All of this cleaning material

ORGANIZING SELF-DEFENSE GROUPS

Part 6 ON REVOLVERS
CONT. FROM PAGE 17

When the Black revolutionary artist paints a still life painting, he doesn’t use a beautiful vase, nor a dish of tasty fruit, against a soft white backdrop...he sees only a tattered curtain, rusty can, a broken dish—empty.

As he sees out a beautiful landscape to paint, he sees not fertile fields with dancing flowers, and lovely modest houses to the sun, but decayed houses, and streets covered with debris, and a Black woman in ragged clothes with tear-stained cheeks.

The Black revolutionary artist knows only oppression, and that his art must relate to his surroundings, and like people, and most of all, his art cannot be abstract and unrelated to his revolutionary people. So he seeks, and finds what our Minister of Defense Huey P. Newton calls "the spirit of the people." As he moves on that, he shows what Revolutionary Artist and Minister of Culture, Emory Douglas says—"the oppressor hanging by his heels."

The revolutionary artist gives his art to his oppressed people. So with his gun and his brush he shows the spirit of the people moving to crush the oppressor, and this is the essence of revolutionary art. His art then becomes part of the people's revolution.

He knows that only because of the urine covered walls and transmitted alles the people's desire for freedom will be replaced with the BLOOD OF THE OPPRESSORS.

"Where do you live?"

Answer
"In Jail"

"What's your address?"

"Ain't got none. Was in Manhattan."

5. Take a patch and a couple of drops of olive oil and wipe your revolver, (all metal parts) lightly. There should be no visible finger prints on your revolver or excessive streaks on the outside. Your gun should not have any oily surface, just apply enough oil for protection against rust.

6. Sometimes for extra hard to get areas you will have to use a toothbrush dipped into a little solvent and brush briskly the hard to get areas. Sometimes your bare brush will not remove all rust in that case use fine steel wool and solvent, rubbing lightly to remove rust.

***For normal cleaning just run a patch through the barrel and cylinder and wipe off the gun with a few drops of oil on patch.

The house that Soble BUILT

It hasn't been very long since new model homes were built by Soble Corporation Co., especially made for Black people. The houses are made of plain wood frames, clinder block foundations, and more space per room than the houses they were evacuated from. The area designated for the new homes is the old red littey dump, which wasn't extinguished and will not be extinguished until we do it ourselves.

We've talked with the people from these projects and they told us some of their problems. Although these houses seem like new, the doors swell up, are hard to close when it rains in many homes the ceilings fall and the walls are like tissue paper. If you get locked out of your cell, you have to pay to have it opened furthermore, for every day rent is overdue there is a fine of $5.00.

The people who live in these houses want a workman to re-air these conditions themselves, but Soble, the match box builder, will not allow this. Matter of fact Soble has placed a whole list of restrictions upon the lives of these people, such as: if you want to paint the apartment, it can only be done in white, too that it will be easier for the pigs to see Black people or shadows during times of armed struggle such as what happened in the Harper projects in Chicago in 1966, no Burglar chasing are allowed; only one lock is to be on the door and he must have one of the keys to the house. The tenants are not allowed to have washing machines, dryers, or air-conditioners in their homes. Lastly and most important, [Soble] Soble has refused to give the people the rent lease. This is very important because without the lease, the people can be evicted.

We should not have the power to do this. We should not have the power to hold back a lease on people's homes in the Black community, not as long as the people in the community allow him to do so will we. The mark people of the Black community must rise up at one time, and begin to control the destiny and the politics of our own community. By any means necessary.
**FASCISM ESCALATES**

quiet when the judges said, "and that's a
downer."

These incidents are not isolated and independent. They are all related to the rise of totalitarianism in Europe and the rise of fascist parties. They are related to the widespread dissatisfaction with the existing political and economic conditions.

Recent events in Italy, Germany, and Spain show the growing strength of fascist movements. The fascist parties are gaining support from the working class and the peasantry, who are frustrated by the economic crisis.

The fascist parties are characterized by their totalitarianism, their nationalism, and their anti-Semitism. They are also known for their use of violence and terror to silence their opponents.

The fascist parties are gaining more and more power in Europe, which is a cause for concern. It is important that we work to prevent the spread of fascism and to promote democracy and peace.

What We Want
What We Believe

We want an end to the robbery by the CAPITALIST of our Black Community.

We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two miles. Forty acres and two miles was promised us 100 years ago as restitution for slavery and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities. The Germans are now aiding the Jews in Israel for the genocide of the Jewish people. The Germans murdered six million Jews. The American racist has taken part in the slaughter of over fifty million black people, therefore, we feel that this is a modest demand that we make.

We want decent housing. Fit for shelter of human beings.

We believe that if the white landlords will not give decent housing to our black community, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

We want all black men to be exempt from military service.

We believe that Black people, should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

We want an immediate end to POLICE BRUTALITY and MURDER of black people.

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

We want freedom for all black men held in federal, state, county and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution on that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this the courts should be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the “average reasoning man” of the black community.

We want land, bread, housing, education, clothing, justice and peace.

And as our major political objective, a United Nations-supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are established among men, deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and, accordingly, all experience has shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But, when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.
