Deputy Chairman Fred Hampton, Drugged Then Murdered

FRED HAMPTON, MURDERED BY PIGS

Muder. Premeditated-planned massacre. Deputy Chairman Fred Hampton, State’s Attorney Edward Harrawood and his policeman with in the dead of night on Thursday night, October 14, 1970. The murder of Hampton and Defense Captain Mark Clark was announced by the state of Illinois. The police have since the raid have supported this conclusion.

On Monday, October 4, 1970, Illinois State’s Attorney Edward Harrawood released recently acquired information, at a press conference, that Fred had been drugged before his death. Pathologists, Dr. Victor Levine, found between 4.1 and 4.2 mg per cent of the drug, second present, in his body, enough to prevent any man from moving or raising himself from sleep. Thus, not only did the pigs pretend their entrance with gun-shot live and gunfire, but they murdered Fred body one of their main targets, but they made sure that he would be asleep (non-resisting) so that they would have no problem killing him. The pigs have obviously taken care of the so-called “self-defense.” Lies spread by State Attorney’s police that Fred Hampton was in a car several times, or that he even attempted to do so much as regard treacherous predations that go on against us in Chicago and we really happened. Many consequences can not be seen a result of this information, all clearly and openly pointing to planned assassination.

Panther, An Epileptic, Seeks His Freedom

New York (N.Y.)—As the Panther Seeks His Freedom, Hampton’s trial has been opened to the release of one of the defendants, Lee, by Judge Gregory. A new trial is in as he seeks to get his health. He was arrested last December and was in jail until April. He has been imprisoned in the medical hospital for 15 years, and has had eight seizures through the last nine months. On one occasion, last August, after he had been given sodium sedatives, he was unable to respond to the demands of guards coming around for a “count.”

Social Practice: Proves To Be The Criterion Of Truth

Dear Brothers,

My name is Sam Alston and I have a subscription to the paper.

Brothers, I need help. I am writing a letter to the editor of my college’s paper and quoted brother Malcolm. "The United States is not a democratic power. It is a cruel fascist country, a country that is in need of immediate change."

This brings me to you. We have had a number of debates and discussions among us. I need help writing a letter to the editor of my college’s paper. Can you help me?

The guards punished him for this failure. Having received a severe beating.

However, it was not until December that he was finally transferred to the prison ward of Bellevue Hospital. Lee had undergone an emergency operation, and a few days after that, he was told that he would undergo another operation and be in critical condition. Police kept his room tightly guarded and he could not move.

It is clear that while the situation persists. Lee, Hampton’s life is endangered.

Lee Berry must be set free.

By Sharon Williams

On one occasion I was called down to the attorney’s room and was told my attorney was there to see me and go to room 606. I did not turn around to find out who this was. I called the man and told him to come on in.

One held up a camera and I quickly turned around, facing the camera. I asked, “Who is it? I did not take my picture without my permission. It was like this. "Who are you? I do not have to put up with this. I will not trade my privacy and sell it for a roll of life."

I was not watching the camera. I was watching the man. He said, “You are going to have to look at me."

FRED HAMPTON—MARK CLARK INQUEST

The Fred Hampton, Mark Clark, and other individuals’ attempts by the Daley-Cooklin-McFadden structure to put a smear campaign over the whole incident, they have not succeeded. The people from our social, economic, and other conditions, that the people, hard-picked by Daley’s accretor, cornered Edward, were incorporated to put on the job. In addition, the white-washing, attempts to justify the murdering of the people is seen in the so-called “false information” about the after the raid.

As of late, the late-white washing, attempts to justify the murdering the people is seen in the so-called “false information” about the after the raid. Mark Clark’s death has been kept low and to the public for the information. We claim that an individual slipped passed the Deputy Chairman’s family; who claimed that “If found between 4.1 and 4.2 mg percent of second present.” This is enough to prevent any man from moving or raising himself from sleep. Without this, we can go in a shoot-out.

The news conference that was held before the information was cleared out to keep the public from getting this information. We claim that an individual slipped passed the Deputy Chairman’s family; who claimed that “If found between 4.1 and 4.2 mg percent of second present.” This is enough to prevent any man from moving or raising himself from sleep. While being held captive by the oppressive forces of capitalism, the Panther Party in Exile, in one of their many dimensions, has witnessed too many overt critical acts of oppression to be silent. New Mobilization Committee To End The War In Vietnam

New Mobilization Statement On Repression:
Reissued January 9, 1970 Ambassador Hotel, Washington D.C.

This policy of genocidal repression is particularly clear in the case of the Black Panther Party. Because of the widespread coordination of raids and killings of Black Panthers and other nationalist groups, the Black Panthers have been subjected to relentless attacks. Though the notorious police murder of Fred Hampton in Chicago, and the killing of his wife, Germaine Clarke have been widely reported and widely discussed, many people still seem to lack an understanding of the nature of the attacks on the Black Panthers. 

Richard Nixon is an evil man. This is the motherfucker that enslaved the counter-inverters teams upon the Black Panther Party. This is the man that's responsible for all the attacks on the Black Panther Party. This is the man that wants to see his victim's murderous dogs cut our the Black community and invade upon our Black Panther Breaker Organization. We have for hungry kids and hungry mothers, and they have no need to fear us. They have no fear of us. That's why Richard Nixon will kill any motherfucker that stands in the way of our freedom. We ain't here for no goddamn peace, because we know that we can't have peace because this is a war. If you want peace you gotta fight for it.

On December 9th, Mr. William Davis was arrested, having been charged with murder in the death of a man. The "speech" certain crimes to take place. We are doing this to take the hammer upon the United States, Richard Nixon.

FAMILY OF TEN THREATENED WITH EVICTION

For the last 10 to 15 years the redevelopment Agencies from every part of the city have been engaged in a relentless attack on a slum Black population and an obvious "slum" 40,000 have been engaged in a destructive project known as "Urban Renewal" or "Redevelopment". Out of the 40,000 the folks call it, Chicago, Detroit, New York, etc., and that rat-race is a few of the major metropolitan areas which have been involved in this Bann. Dig other logic: "These colored people ple and all the other poor people who live in these dilapidated homes can't make very much money, so they have nothing, they have no job, in fact, plus their neighborhood are usually close to the burgeoning downtown areas, it therefore seems to me that we should lay up all of the land, force all of the residents to move anywhere agreements in their place that can serve as housing for all of those people who are poor and who contribute greatly to the city economy, we will call this project URBAN RENEWAL."

It all started out in the manner common to clumsy bureaucrats, with committees, reports and hundreds of jobs at the "white-collar" level. And so it came to the bulldozers and out went the negroes, It was all great pretense until the people got hip to the game that had been played, one after another. Now you see, the people began to question where they were going to be displaced to and were aware that the new housing that would be built, the plans of the old would be moderately priced so that those people who had been displaced could move back into the community as soon as the plans were finished. The truth of the matter was revealed upon completion of these new "moderately priced housing for low income families," the people who once lived in the newly renovated communities, the people who were told that they were unable to "afford" the "moderately priced" plans were forcibly vacated, the people were forced, in most cases, to live in the new housing that had been built prior to their forced displacement.

This put all of the people very upset and on the move the people who previously resided in their local Redevelopment Agencies. People started demonstrating the disparity between the two slums in which they and their neighbors have been displaced, and the plans that would not move until they were guaranteed that they would return to their original communities with the price of a raw deal at a level which they could afford to pay. As could be expected, Black people are the main victims of this plan, and the main victims from the core of the city in order to make way for the "modern community."

Their migration to the suburbs which has been going on for a while has passed since the first layings of that capitalist term known as "Urban Renewal," and yet the same thing is going to continue to exist throughout the breadth of America's urban cities.

In San Francisco, WACO (the Western Area Community Organization) and other such groups have been waging a battle against the local Redevelopment Agency in behalf of residents in the West who have been displaced. In some cases the people have been able to forestall the monstrous, such cases as adequate housing large enough to meet the needs of my family is built within the community in which I now live." She also talked about the two housing complexes that were recently built in the Western Addition, "These are two housing developments that have recently been built within the Western Addition, one is sponsored by the Benedict of Madonna Baptist Church and the other is sponsored by Friends Church and both are located in the Western Addition, the rents range from around $122 for two bedroom dwellings to $16 for four bedrooms." These plans were most popular for the "mature" crowd. The plans were conceived to meet the needs of a family of ten who received $2435 per month that she receives in the Western Addition, which is also $800 per month.

The other housing development is known as Martin Luther King, Jr., the only one to date is in the Western Addition. The development was held up for several months until he "qualified" in that community in which he was forced to go to. According to Mrs. Rogers, there are plans to build at least one more housing development at Martin Luther King, Jr.

Regarding the Harlem political scene, the younger people, politicians, and leaders who do not understand the differences between the Black colony and the Black community, Mr. Black had the following comment, "The older generation has always been actively involved in the political scene, but in this generation, the younger generation are the backbone of the political scene, and we in the Black community are also making our voices heard."

Dear Friend:

February 17th is the birthday of Huey P. Newton, Minister of Defense and founder of the Black Panther Party. The weekend of February 14th and 15th, will be dedicated to the celebration of his birthday. Benefits will be held in his honor in Berkeley, California, on the 14th, and in Los Angeles, California on the 15th. This will be part of a nationwide celebration to honor Huey for his great political work, and his undying love and service to the people.

Huey Newton is incarcerated at California Men's Colony near Lodi, Obiopson. The occasion will not be a joyous one, because the brother is not physically free to join us. This is a time of "Revolutionary Crisis" and the national and international mobilization of oppressed peoples is what is needed to free Huey, and to Free all Political Prisoners. At this birthday celebration, all of us, Political Prisoners, will be on the proposed Prisoner of War exchange for American GI's in Viet Nam for Bobby Seale, Chairman of the Black Panther Party, and Huey P. Newton.

In the name of peace, we believe your support and participation will heighten your solidarity with oppressed peoples in general, and the Black Panther Party in particular. We are asking for contributions to help make this a success.

"SNAKES IN THE CANEFIELDS"

The December 28th, 1969 issue of "Granma", the official organ of the Central Committee of the Communist Party of Cuba (Pages 11-12) contained the text of a press conference held by the Venceremos Brigade for journalist from all over the world.

The Venceremos Brigade is a group of volunteer workers from the United States who travel to Cuba to help in the cane fields and show solidarity with the Cubans struggling against U.S. imperialism.

Among the current members of the Brigade are two persons, Dwight Haavens and Elizif Gliszcz, who have decided to stay behind and become members of the Black Panther Party. They are not members of the Black Panther Party, but other workers, as are the others among them that are forming as "Black Panthers.

To set the record straight it must be stated that there are no members of the Black Panther Party in the Venceremos Brigade. We, who live for the struggle of the imperialist whore are not as near to victory as our Valiant Vietnamese brothers who have their own struggle and people to help in the "Hattle for the Ten Million" (of sugar cane—a major Cuba crop), we have a dive need for all our fighters and workers here at home. For we know that our victory will certainly be a victory for the Cuban people and all the world oppressed.

The Black Panther Party supports the Cuban people and their struggle against U.S. imperialism. We recognize that the best assistance that we can give to the Cuban Revolution is our continued and escalated resistance to our common enemy right here in Bayouy.

The dream of the world's oppressed people of "many Vietnams" will have reached its peak in a world united in progressive and revolutionary forces in the U.S. can give to the people of Africa, Asia, and Latin America a "Bay of Pigs" victory on the Potomac River in Washington D.C. or a "Then Bien Phu" victory at the Pentagon. The Victory of the Cuban Revolution is a victory for all black and pig agents, fools, and liars, and in the struggle of all oppressed people.

TO THE PEOPLE LAWYERS

Garry, Bill, Sandy, Bill K., and all the "road runners" for the People's breads; we the "31" inside and out, would just like to say, what we have long felt. That not many can be called "People's Lawyers", and for us, the Black Panther Party, the People and their struggle, you cats have been beautiful...It is true that very few People in the Mother Country can relate to why we as Panthers will do, and can say to do what we must, in the way that we do. But it's because of People like you, that we know this sick society can be transformed. So we can truthfully say that there is not a court in racist Babylon that we would not be honored in confronting, where we will unflinchingly stand and fight in the representation that you will give, and most of all, the sincerity in which it is given unifies us in our purpose. And respect for all the People lawyers in this way is the highest tribute we can pay you.

General Electric has the contract for the Superlume Tor- sert (227), the giant jet that will be able to stay in the sky all night. It has a peculiar idea of “progress” in its products. In 1991, the company spent millions to make a light bulb that would burn for 50 years. This year GE announced it had stopped working on a super-fast electric aircraft. The management claimed its cost was probably, yet expendi- ture for the aircraft (140) of an electric car. The company had drenched in dollars of millions. spent on research in the last five years. This work even put in dollars for more money on U.S. contracts for a number of International Ballistic Mis- sile re-entry system (the Mark 12) than the total aid for defense of the electric car. Remember that the defense industry also runs fifty oil companies and Chrysler, Audi, as electric car would be bad for their business. Now GE has the key patents for the electric car and can keep anyone else from building one for 12 years. That’s progress, GE style.

RACISM AT S.F. GENERAL HOSPITAL

Thomas Fields, after working this summer as a pharmacy technician, was offered a full-time job as a pharmacist at San Francisco General Hospital and accepted it. On Wednesday, January 7, Fields a Black male, was found dead in a hospital room. The cause of his death is under investigation.

On September 23, 1969, there was an article in the Chronicle about the decision of the Civil Service Commission to reject the application of a pharmacist at San Francisco General Hospital. The article stated that the decision was based on the applicant's race and not on his qualifications. After the decision, Fields filed a complaint with the Civil Service Commission, which upheld their decision.

The next day, January 8, the Civil Service Commission filed a complaint with the pharmacy department regarding the hiring of a pharmacist at San Francisco General Hospital. The complaint was about the appointment of a pharmacist who was not qualified for the position at the hospital.

The Civil Service Commission subsequently discovered that one of the temporary employees had not followed its rules and that the pharmacist had not been properly licensed. The commission ordered the pharmacist to resign his position.

The next day, January 9, Fields received a telegram dated January 8th, 1970, from the City Attorney, telling him that he was not authorized to perform as a pharmacist at San Francisco General Hospital. Fields was allowed to work as a pharmacist for 30 days until the January 8th, 1970, telegram was received. After that, he was not allowed to practice as a pharmacist.

The Civil Service Commission filed a complaint with the sales department of the hospital on January 8th, 1970, but the hospital did not follow the rules and regulations of the Civil Service Commission.

The Civil Service Commission subsequently decided to file a complaint with the sales department of the hospital on January 9th, 1970, but the hospital did not follow the rules and regulations of the Civil Service Commission.

Miseducation in Vallejo Senior High School

In every Black community in decades gone by, there was a black community that had certain counter-revolutionary traditions. These traditions were embodied in the black church, which was the mainstay of the Black community. In Vallejo, as in many other black communities, these traditions were embodied in the black church, which was the mainstay of the Black community.

A Black High School in Vallejo, California, is one of the few functional and highly organized educational institutions that exists. The name of the school is the Vallejo Community School District.

In 1959, the school opened its doors to students from all over the community. The school was built on land that was donated by the city of Vallejo.

The school is located in the heart of the Black community and is the only public school in the Black community.

Problem In Mt. Vernon

Through investigation and research, the problem in Mt. Vernon is the problem of the local Black community. The Black community is struggling with a lack of resources, and this has led to the formation of an organization of the Black community that is called the Black Panther Party.

The organization is not just a political party, but it is also a community organization that is dedicated to improving the lives of the people in the community.

This is a calculated plan to kill off the revolutionary spirit of our youth, by using the capitalist system.

Youth are the future. Your youth are locked on drugs they are not developed into a progressive future for a society.

The oppressor's revolutionaries, that is why we can only use the capitalist system to make the people get off drugs and come together.

In the United States, all the people are oppressed. This is because the capitalist system is the only system that allows people to be free.

In order to deal with the problem of the capitalist system, we need a system that is based on the collective will of the people.
IN DEFENSE OF SELF-DEFENSE

Deputy Chairman Fred Hampton was murdered by Nixon's so-called peacekeepers. These so-called peacekeepers were the ones who endorsed pigs and will raid the poor people of the country. They must be held accountable just as the pigs are held accountable. If we do not hold these pigs accountable, they will go on killing our people. We must stand up and defend ourselves.

The armed wrath of the people must drive the trampling, pig police back from our community. Yes, the people must see these absurdities of the Black Panther Party. They must see that there are no nooses of law and order. Every so-called Negro community must unite in the community against all the pigs. We must drive the pigs from our community. We must encourage community action and peace. Those pigs and deep-dug pigs will withdraw from our community. We must see that the people have armentoion with the forces of liberation and the revolutionary genius of Huey P. Newton. Because of this, the brutal police attacks by Fred and Mark, thousands have risen to be pigs against pigs, endorsed fascist repression. People across this wretched and corrupted land have taken up arms to defend the Panthers who live in the communities where the Vanguard serves you, manifest the machinery of revolution in motion. They are in those communities, you have to kill the gerrymander of that mill. The pig is a junky for Nixon, John Mitchell and J. Edgar Hoover, and they will all must be dealt with, just as we have been on our knees facing pigs and rats. Let us have our own sense of dignity and respect, so we all pig attacks and we'll get the pigs off of this earth and have a correct understanding of the situation more clearly and be offering our open support.

On May 12, 1969, Ralph Colby was arrested at the home of the Black Panther Party in Newark, New Jersey, and charged with soliciting, and conspiring to commit, an act of violence. On May 16, he was arraigned on federal charges.

Ralph Colby goes to trial June 20th. The people of Newark and their allies are preparing to make a stand of defense against the charges. The black movement is gathering strength and support.

The trial will feature testimony from police officers who are part of the so-called "New World Order." They will try to prove that the Black Panther Party is a violent organization.

The defense will rely on the testimony of witnesses who support the Panther Party and its goals.

The trial will be an important test of the strength of the black liberation movement.

Just what is the Black Panther Black Community News Service? Is it something like the bourgeois press, to be read once and then discarded in the nearest trash can, or is it something else—something more?

The Black Panther Black Community News Service, tells how our courageous Minister of Defense, Huey P. Newton, the bravest brother to ever step into history, stood up in the blood of fascist Amerikkkas with a shotgun in his hands and told those murderous mad dogs who occupy our community like a foreign army: "My name is Huey P. Newton, Minister of Defense of the Black Panther Party. I am standing on my constitutional right to bear arms to defend my people. If you shoot at me, boy, I'm shooting back!" And thus this courageous example moved the struggle of our people to a higher level—by instigating social and political revolution, how the forces of reaction perfected their accumulation and murdered Le'Bobby, Robert, Tommy, Sleep, and other Party members in attempts to stop us. The Black Panther Party also shows how people will be free from the clutches of the oppressors by the end of the century. The Black Panther teaches the people the strategic means for resisting the power structure.

CONFERENCE ON PALESTINE

From December 21st to the 28th, 1970, a conference was held in Algiers hosted by the Algerian government for support of the Palestinian Liberation Organization. Since the 3rd day of the symposium was addressed by Abu Hassan, the leader of the Palestinian delegation and representative of the Palestinian Liberation Organization, Hassanein said: "The objective conditions necessary to bring Zionism into capitalist context are springs from imperialism. Israel is not only the spearhead of imperialism, but also the front line against the struggles of the people on the whole continent. This is a problem that is not only a matter for the struggle against the colonialist forces, but also the problem of the liberation of the Palestinian people. This conference will give the people of the Palestinian people a forum to express their views and the ways in which they can achieve their freedom."

Arafat's support for the Palestinian people is based on a historical understanding of the Palestine issue. From the beginning, Arafat has been a proponent of the two-state solution, and has been a vocal advocate for the rights of the Palestinian people. His support for the Palestinian people has been consistent throughout his career, and has been a constant source of inspiration for the people of Palestine.

The next speaker was Nasser, the political leader of the Arab world. He spoke on the importance of the struggle for the liberation of the Palestinian people. He emphasized the need for a united front against imperialism.

The conference was a significant step in the struggle for Palestinian liberation, and it was attended by a large number of representatives from around the world. The conference also highlighted the need for solidarity with the Palestinian people in their struggle for freedom.

The people of the Palestinian Liberation Organization have been fighting for their freedom for many years. They have faced immense challenges and have had to overcome many obstacles. However, they remain undeterred, and continue to fight for their rights.

In all societies, the way of life of the people, their culture, mores, customs, etc., evolve from the economic basis of that society. The United States is a capitalist society, the system of capitalism being one of exploitation of man by man, with by-products such as racism, religious chauvinism, sexual chauvinism, and unnatural divisions among the people. In other words, it's a dog-eat-dog society. But it's not a dog-eat-dog world.

Men are not innately greedy, nor are they innately uncooperative with each other. Therefore, it is our goal. It is the goal of the Black Panther Party, and must be the goal of all men, to create conditions in which men can start being human, can begin to cooperate with each other, can live with each other, in peace. Men cannot do this without an arena in which to do so. In other words, in an exploitative system men are forced to exploit. In an unfree system, men are forced to be unfree. In a world of impersonality, men will be inhuman, in a society that is warmongering, men will die. These are the aspects of the way of life of a people who are part of a capitalist system.

And songs are a part of the culture of society. Art, in general, is that. Songs, like all art forms, are an expression of the feelings and thoughts of the desires and hopes, and in truth, of a people. They are no more than that. A song cannot change a situation, because a song does not live and breathe. People do. And so the songs in this album are a statement—by us, for the people. All the people. A statement to say that we, the masses of people have had a game run on us; a game that made us think that it was necessary for our survival to grab each other; to take what we wanted as individuals from any other individuals or groups, or to exploit each other. And so, the statement is that some of us have understood that it is absolutely essential for our survival to do just the opposite. And that, in fact, we have always tried the power to do it. The power to determine our destinies as human beings and not allow them to be determined by the few men who now determine them. That we were always human and always had this power. But that we never recognized that, that we were deluged, bombarded, mesmerized by the tricks of the ruling class. And this means all of us: Black, Mexican, White, Indian, Oriental, Gay, all who are members of the white class and the black class (that is, those who don't have jobs), all who are oppressed.

This means all of us have this power; but the power only belongs to all of us, not just some or one, but all. And that was the trick. That was the thing we never understood. And that is what statement these songs make.

From "Revolution and Education"

"...the process of breaking out of slavery, the process of breaking out of a set of social arrangements, of a social organization that is killing us, this process is named revolution...revolution is a glorious term, it's a term to be proud of, and we should know that we are morally right, we are right in every sense of the term, that the oppressor is the one who is wrong; and that the oppressor has no rights, which the oppressed are bound to respect..."

Deputy Chairman Fred Hampton, Drugged Then Murdered

FRED HAMPTON, MURDERED BY PIGS

MURDER. Perpetrated-planned murder. That's what we charged yesterday with President Johnson and his policemen with in the death of Deputy Chairman Fred Hampton and Defense Captain Mark Clark. Here is the facts and evidence since the raid had supported this contention.

On Monday, January 4, 1969, Deputy Chairman of the Chicago Black Panther Party, Fred Hampton, and Captain Mark Clark were killed in their apartment. Mutilations and evidence since the raid had supported this contention.

The First Chicago Black Panther Party headquarters was in the apartment, located at 226 East 77th Street, Chicago, Illinois. The raid itself has been described as a police operation to destroy the headquarters and its members.

The raid resulted in the deaths of Fred Hampton and Mark Clark, and the wounding of several other Panther Party members. The police used tear gas, rubber bullets, and other forms of violence to disperse the crowd.

The raid was part of a larger battle between the Black Panther Party and the Chicago police department, which had been investigating the Panthers for several months.

The Black Panther Party was a revolutionary organization that fought against police brutality and systemic racism in the United States. It was founded in Oakland, California, in 1966, and quickly spread across the country. The party's members were often targeted by law enforcement, who viewed them as a threat to the social order.

The Black Panther Party was particularly active in Chicago, where they operated a number of programs aimed at improving the lives of Black people in the city. These programs included free breakfasts for schoolchildren, community health clinics, and legal defense services.

The raid on the Black Panther Party headquarters was a turning point in the party's history, and it marked the beginning of a period of intense repression by the police and other law enforcement agencies.

Since the raid, the Black Panther Party has been subjected to numerous lawsuits and criminal investigations. The party's leaders have been arrested, beaten, and killed, and the party's headquarters have been destroyed.

The Black Panther Party was ultimately dismantled by government forces, and its members were forced underground. Despite this, the party's legacy continues to inspire those who fight against oppression and injustice today.
