BOOTLEG KICKING GUARDIAN CIVIC LEAGUE ENDORE STRIPPING OF PEOPLE’S SERVANTS IN PHILLY

A bootlegging organization called the Guardian Civic League has booked Bon’s (Kiku) raid on the Black Panther Party for June 31, 1970. This organization is attempting to bring about an end to the anti-bootleg activities of the People’s Servants and the Panther Party by try to justify the dehumanization of the Panther members that were forced to strip naked in the streets at the point of guns.

Vice-President of the organization, L. Edward Harrell, is alive to the threat that bootleggers who have tried unsuccessfully to evade dance and bootleg their way to freedom by allowing themselves to be the tools of the Nixon-Agnew clique. He charges that the conduct of the pugs was justifiable, being that they set the manner of partition with a search warrant for illegal weapons. They forced us to strip in the presence of the motion, allowing us and then entered from out behind closed doors, stripped them from out well to wall and ordered them to get free of everything for investigatory reasons.

Hornig Harrell is somewhat the replica of Uncle Roy Willie. He gave his orders from Fiso and Warm Tone and is following the same footsteps. The city officials and other pugs who occupy our community have been put up against the walls and are immobile at this time, so they check a bootlegger who puts anything said to him, including the speech he memorized: “I think it would be more acceptable since it is coming from Blacks who have an unbiased opinion of the matter.”

L. Edward Harrell has been nursed at the hands of the press with great care. So far, therefore, we should expect fascism to prevail over him, who feels that he has got the full set of the people, changing the paper format because he has crawled to far and hard to obtain, he will discontinue, main and kill anyone to further his own selfish interests.

Historically, niggers have always craved second class inferior position to those of the masters and none have tried desperately to establish the same position by bootlegging or any other terms used to describe them. Harrell is a hardboiled fool of the pug structure, who is being used by the police and other official pugs, who have come under criticism by the panthers (for not doing anything about bootlegging).

The people see very clearly, that the people are going to try to go and sustain their own pug of us on Black people. They expect the people to terminate their love and support for the Black Panther Party by throwing a black pug into the areas crying about his “unimportant opinion” Harrell is just another tool, used in dividing and conquering. There is no turning of the Black Panther Party for liberation and freedom.

DEPOE IN A PHILADELPHIA BLACK COMMUNITY

Historically, Black people have been in a position where their condition has been dehumanized by outside forces. Along with hard housing, police brutality, etc., we have been dehumanized to a point where some of us would just like to get out of existence. dope has always been a problem for our communities. It is worse now than it ever has been before.

We were walking through the Richard Allen Project around 11th St. and Frost. Someone talking to the people about the dope problem when I spotted that a pug was giving a little girl a nigger cube. I remembered that kind of cube from before, so I went up to get it and the pug was about 5 years old and asked her what did she have, and she related to me that it was candy, but I knew these were the same cubes that the pugs start our children on, because it is not a pug with a few particles of heroin on it. I turned around and saw the little girl was still there, but all pigs do it, he skyped up and left his lackey to finish the job.

We know that the only way that we are going to rid our communities of the plague (pugs) is to stop the wall from wall with the government, we understand that the government is running hard in hand with the wall in our community with this plague in the pursuit of profits, regardless of how much black children are of an over.

We say to the pigs and their lackeys that if we do not have any longer and see our youth’s minds being stolen from their very being. We say we are concerned with our situation, we are determined to change it, and we had best be understood now that we will not stand by and let about this, their gut-wrenching scheme continue to implement this dehumanizing form of #pigs on our communities. We will rid our communities of undesirable elements by any means necessary.

NIGGER CAPITALIST MURders BLACK BROTHER ALVIN BATTLES

In a capitalistic and racist society, like the U.S.A., people who own the means of production, stand above the poor and oppressed. This means that people who are poor and oppressed, Black people in particular, do not receive adequate protection of the law. Black pugs can take their own when called to someone’s aid, unless it involves a white person, usually with money. This is a sign respect and work in the best interest of the greedy business men, instead of the people.

On September 3, 1970, Thursday, in 615 Street and Jameson Ave., brother Alvin Battles, 16 years old, was murdered by a capitalist nigger soldier named Jasper Bell, at about 11:30 p.m. Alvin, along with three other brothers, were on their way home, when Alvin noticed what he thought was a vacant building, with the gate half-way open. He was unaware of anything, open gate to see what was inside. A brother who was with Alvin, Fred Vickers, said that Alvin had discovered some type of store, men and women, and a wall of clothing and a whole band of other clothing. He had called for them to play a look at the place. As the brothers were advancing towards Alvin, Fred said that he heard shots. Alvin was shot by a nigger pug. “I have been shot now,” and five shots were fired. The pug told them that he didn’t know what happened. They said that Alvin had stumbled towards them and they had been shot. “One of the brothers ran to help him and the other ran to get help and see a white pug go to the corner, and told him that his friend had been shot. The pug, who could care less if the brother had been shot or not, came over to Alvin’s body and called the Black brothers here, saying that Alvin was shot, but was dying of an overdose of drugs. The brothers continued to stick in their faces, insisting that the brother had taken a shot. About five minutes into another pug car come to the scene. These pigs were from the 615 Street Precinct. They said that they had received a call saying that someone had been shot. Now these pigs took one look at Alvin, and said he had taken an overdose of drugs. These pigs did not even bother to investigate to see if the brother had been shot or not, they just left the scene. If the brother lived or died, about five minutes later, the brothers continued to stick in their faces until he called for an ambulance. Now, instead of going to the hospital, which is the Bucco-pedial, in the area, and only about five blocks from where Alvin was shot, the police went to the Queen’s General Hospital, which is further than Mainly Bucco-pedial. It is only about five blocks to get there, when they could have had a good time and probably live by taking him to Mary Immaculate. This proves that the racist pigs are just as indifferent to the lives of Black and poor oppressed people.

WRETCHED CONDITIONS IN THE "LAND OF PITY"

MRS. LOEBA OF PHILADELPHIA

The Black person living in Philadelphia, in particular and in fascistic Babylon in general lives in danger. We are forced to live in37 communities, where the walls and windows and the usual nails and roosters. To add insult to injury, we are forced to call the pigs on Mrs. Loeba if she continues to refuse to pay the $75 fine, as it is still due her, she charges her. Mrs. Loeba, where only a period of time from the DPA to extant on says that she will continue to hold back the $75 fine.

“We want decent housing fit for the shelter of human beings,” Pott No. 4 of the Independent Platform and Program. We have a right to life and a right to a happy existence. We refuse to exist under the conditions that the Black poor communities have had. Down the fasalan’s and their running dogs refuse those rights – we will take them — by any means necessary.

FASCIST PIGS BEAT BROTHER

GLEN FEET -- Beat by fascist pigs.

In the city of "Brotherly Love" as in the rest of the degenerate world, fascism does not only wear the uniform of the pig on the back but the conservartive suit or the arbaton of business men or the black rubber of a "hoofer," it is also cemented into the everyday clothes of ordinary working class people.

Brother Glen Test of 5222 Franklin St. received an expression of "Brotherly Love." -- Philly style from 30 young fascist-cherishing criminals. On that date, he was helping someone move on 50th St. when these 30 white racketeers jumped on him. The brother put up a good struggle, but being outnumbered by the young pigs, he was overcome. The outcome of this unprovoked attack by a uniformed armed brother was a vicious wound in Brother Glen's head which led to a brain operation and a stay in the hospital.

SPEECH BY IRVING SARNOFF Sept. 17, 1970 in LOS ANGELES at RALLY TO PROTEST ARMED POLICE ASSAULT WHICH BROKE UP THE NATIONAL CHICANO MORATORIUM HELD ON AUGUST 29

"Aa major moral of the rip vividly relates the story to the one on your feet than life on your face. This was the remark of one of the former Negroes, who was talking about the murder of Ruben Salazar, one of the two victims who died as a result of the police assault on Aug. 29.

We marched 20 to 30 thousand strong, but through the heart of the Chicano barrio in an atmosphere of love and compassion—we marched through the heart of the Chicano people. This similarity was evident in the way we marched and observed the foreign agitators who claimed on each intersection—block after block—five miles. These were the same agitators as those in Vietnam the same attitude. And I thought as we met that the demands of the movement, internal agitators, were also similar circumstances, united with external control; self-determination free of foreign control; control of alien landlords and oppression of cultural dignity.

And then, on Monday, Los Angeles County Sheriff Patience made his statement of "freedom of speech" and it seemed to me in Is to some way he was right. He accused the parade of never being peaceful—giving the lack of people providing "armored columns" from the very start. It said, in essence, that the movement, the community, the Chicano and the Vietnamese people and try to tell them how they should conduct these parades. It is clear that the movement is not as well understood.

BLACK PEOPLE STILL HAVE NO RIGHTS THAT RACIST PIGS ARE BOUND TO RESPECT

FASCISM RACISM RUNNING RAMPANT IN EASTON, PENNSYLVANIA

The sister who owned the apartment was not at home. Several items were taken from her house. You see, no one was home to see if items were stolen or which items were stolen, (to the pig's claim) or what things belonged to the victim. They also tried to intimate the neighbors from their door and to get them to pass on any information about the stolen goods. The people began to tell the pigs that they had no right going in at all, but our police, who were asked to come, didn't do anything. The police did not do anything.

JOINT PRESS RELEASE

Front of Easton Pig Department

On the evening of September 19, 1970, William Mitchell and Tyrone Andrews went into the DeLuxe Restaurant located in the well known area of Easton called "Circle." They asked the waitress if they could use the bathroom. But due to the racism that exists in Easton the waitress scoffed at them and made racial slurs as they were leaving, causing the brothers to respond with a display of unruly behavior, then left.

Shortly afterwards, pigs arrived at the restaurant, the waitress told them that Mitchell and Andrews had given her trouble and that they were going to the police (the place where everybody goes to hang out). The police, Stephen Vincent and Joseph Peaks, Joe Peaks is known to show animosity towards black people, took off looking for the brothers.

This incident occurred on a night of window breaking and rock and bottle throwing which ended with six pigs going to the area. After all the pigs, they received fines of $40.00 a police and charges of disorderly conduct and nuisance action. One brother was released in the common room and the other was a juvenile.

This was just the beginning, because the pig mayor Fred LeBlanc proceeded to put his curfew into effect. Curfew was set for 11:00 p.m. and all places where people gatered were closed at that time.

These actions continued over the weekend where on the following day, a group of about 50 youths went to the pig station and broke out windows; one officer was injured and has supposedly a tusk cut off when they opened the gates.

On this following Monday, the pigs burned 10 people on what they termed disturbances in the downtown area of Easton. The pigs proved themselves to be true fascists when they got control of the Mayor lifted the curfew. They staged a walkout and began picking the pig station, then we were in the situation.

Because of the many outward expressions of black power that have been perpetrated upon the peace loving community of our city and because of the recent fascist exemplars shown in this city, the mayor has taken the following action. He is speaking of the Algiers Motel Massacre in the 1967 repressive police, the New Orleans Black Panthers, the Texas attack against the People's Revolutionary Party and the murder of their Chairmain Carl Hampton the assault of the black liberation front, of Birmingham, Alabama; the battle of Robin St., where Detroit police attempted to raid the home of a black man and his family, the raid on the Philadephia office of the Black Panthers, where the young brothers and sisters were made to appear before the federal court and the government.

We recognize this to be fascism in its purest expression. We also realize that if we are to survive, we will have to create machinery for the defense of our black communities--right here in Detroit.

Now that the McCaren Act is being implemented and we know perfectly well that the probability of our being placed in concentration camps is very real, along with the probability of our being murdered by police that occupy our community like a foreign army occupying enemy territory. Knowing these things all of our friends, all of our people, all of the things that have been going on, we make the following statement: The people of this community that hears and kills our people daily and all other elements that direct the situation will only be able to remove these elements, so as to increase our future security here in the United States.

Out of love of lives, peace and harmony, we here, pledge full support to the protection of our black community. Although we may not have on the methods of obtaining our freedom may differ, we all recognize the need to defend ourselves against the murderous McCaren Act.

So united around one point of self-defense for black people, we stand united and cooperate to defend our people. Defend our leaders. Defend our people. And to defend ourselves. We support the concept of self-defense. We stand united and cooperate to protect and defend ourselves against all--and will defend it accordingly.

IT SEEMS TO BE THE BLOOD OF BLACK PEOPLE, ESPECIALLY THE BLOOD OF A PANther, THAT FEEDS THE GESTAPO POLICE

The police are pushing us into a corner, we say we are revolutionaries, we say that the corner is not a good place to be and because we are in fact revolutionaries we will not except a corner as our grave. I think that the police forces of America have proven by their practice that they are now the judges, jury and executioners of Black people. They have been given a blank check, a clear road to jail, beat, and murder Black people. They have become masters of intimidation and of brutal repression.

The actions of the police have to be counteracted by revolutionary actions of the people. Another step has to be made on our journey toward freedom. That step is reparation. We cannot continue to allow these atrocities to go unjudged. It seems to me that the blood of Black people, especially the blood of a Panther seems to feed the Gestapo police, it seems to make them more monstrous than they were before, they have it, it seems developed a sick enjoyment in murdering our comrades whether it be in their sleep or in a gun fight. They know they have gone unjudged by the masses of people. This is wrong and must stop. The verdict is guilty, you know it as well as I. The sentence is death: A head for a head, a life for a life.

Winter time is rapidly approaching along with the fallacy that the summer-time is the right time, the only time that Black people want to rebel or can rebel. I say this is and has been a very tactful lie. In fact, the summer-time is more favorable for the pigs. They have complete freedom of mobility. Communications serve mobility.

When the snow is fresh and stick, mobility is stifled. Objects can easily be placed in the snow to stop or slow down this pig mobility giving the guerrilla a clear flight. A pig can easily be trapped in the snow. His calling for assistance will be of no avail because of the swiftness and the foresight of the urban guerrilla, assistance will only be there in time to cart off the warmed remains of a pig.

This year can also serve to be very beneficial for the urban guerrilla and very disastrous to the anarcho-greedy businessman.

Dig Xmas is swiftly approaching, it means that goods will be brought into the various cities, in monstrosous quantities to be sold to the masses. As in the past the businessman will make 200 and 300% profits off the people. Due to the present economic situation that America is in, I would say that the Xmas profits are very heavily depended on. Because one of our main tasks is to drain, disrupt and destroy, the strategy for the 1979 urban guerrilla is to destroy those goods on a mass scale. I’m saying that in those factories where Black people sell their labor—throw a niggar wrench into the machinery. I’m saying that the trucks and trains that carry these goods to market should not be allowed to reach the markets, then I’m saying that the markets themselves be turned into working areas. The only caution outside of being captured is against the injury or death of innocent people. We must always be in mind that we are servants of the people, we are not bent on destruction for the sake of destroying but destruction of those things that oppress and systematically destroy us.

Any people that cannot inflict a political consequence is virtually a people without power. Greet Santa this year with a bang.

JOHN CLARK

September 15th, marked another day where the words of “justice in the court”, and “fair and impartial trial”, took on its real and true meaning in this fascist state, as John Clark was convicted by a jury of non-peers. John was recently kidnapped in a fashion reminiscent of the days of the “fugitive slave laws”, was found guilty of an alleged burglary charge. He was brought back from Baltimore by an anarcho-pig manifest as one bondsman, Valdez, to face this alleged charge, even though he had won a stay of extradition in the pig's court. John had been an active leader in the people's struggle in the Baltimore Chapter of our Party for the last year.

The pigs of California wasted no time in setting up a fast and speedy railroad job. It wasn't even necessary to make any pretense of fair play or truth within the courtroom, while decrepit jurists acted in the manner of good players just awaiting their turn to do their part. The whole trial was a farce, starting with the selection of the jury from a panel of all White middle class racists and two bootlicking Blacks; thrown in to complete a very bad scene. The fascist pig judge provided the grand finale when he admonished the jury to disregard selected statements by the defense attorney, based on the fact “he felt that there was a probable cause for John's arrest”, the probable cause being John is a member of the people's army, determined to throw a nigger wrench in the pigs machinery. But we know the fate of revolutionaries is to be a political prisoner or face revolutionary suicide.

John's sentencing is scheduled for October 15th, when at that time the pigs will move to violate or take away his probation. We intend to continue to fight to exhaust all legal means to free our comrades. Our brother has been victimized by a society that has no place for dissent or change but only the spread of an imperialist state. We urge other people to join in what will be an arduous struggle to free all political prisoners from these fascist camps.

WE MUST ALWAYS DARE TO STRUGGLE!

Facist Pigs Brutalize Panther in Courtroom

Harold Hammon — Political Prisoner

On Saturday, September 23, 1970, the pigs kidnapped and brutalized Harold Hammon, one of the many faces of the movement that exist here in this country. Wellington5.2.22, with a group of members of the Black Panther Party, was arrested for protesting at the Department of Justice building in Washington, D.C. The pigs were able to apprehend a group of approximately 10 white boys in their second story apartment in the true manner of a racist and made manner of a racist and made themselves known as rumors of this event immediately spread.

The Black Panther, Saturday, September 23, 1970

Harold Hammon was using a camera in the back of the courtroom, helping to protect the ground, where the newsman was allowed to focus his attention on the people and part of the trial. The pigs ran Harold out of the courtroom and took him to a police station, where he was swatted, beaten, and then designed to a cell, before he was taken away.

After the judge, Mark O. Hatfield, ordered that no one could leave the courtroom for the safety of everyone except your wife and the press. When the pigs got outside the pigs came out with their night sticks drawn and ordered the people to move. The people wereBI.2.22, the pigs proceeded with their wrath. The pigs were able to get to the press room and arrested the people who were attempting to cover the event.

Revolutionary Loyalty

On Thursday, 9/17/70, Sister Muhammad (Terry) did not receive her welfare check, and on Friday the alarm went down to the Baltimore Police Department in Baltimore, Maryland. They went to the police station, to try to apply for an emergency check. The regular caseworker told the sister that because she had been courted with a welfare appeal, she said that she had been cut off and would probably get it on Monday. Meanwhile, the pigs did not come, so she went back to the Welfare office and the same caseworker tried to give her the same runaround. Then the alternate decided to keep her file for an emergency check. Now, after you file for an emergency check, you can do the following:

1. You can agree to get it in the mail that same day, or take it out. But this will not apply for an emergency check. Even in that case, you would still have to get it in the mail that same day.

2. If you do not receive it on that date, then when you are called to send it back, the sister stood outside the office, waiting for her check. When this did not satisfy the sister, she decided to write a letter and send it in. The pigs were able to stop her from writing a letter and sending it in. They were able to stop her from writing a letter and sending it in.

3. When this continued, the pigs were able to point out the proper facts to the sister, and she was able to write a letter and send it in. The pigs were able to point out the proper facts to the sister, and she was able to write a letter and send it in.

INTERVIEW TAKEN FROM KRTA-FM RADIO
AN INTERVIEW WITH ELAINE BROWN, DEPUTY MINISTER OF INFORMATION BLACK PANther PARTY, LOS ANGELES, CALIFORNIA

ELAINE: I'm in the studio with Elaine Brown who is Deputy Minister of Information for the Black Panther Party, and also a member of the California Chapter of the Panthers. And Elaine Brown is also a singer, songwriter, and actress. Many of you will have heard her recordings and Elaine has completed or attempted to complete the United States; for example, Ann Fricke who's from the Newsweek Defense Committee, and also wife of John Fricke one of the Chaos Club in Chicago, or some from Woman's Liberation Movement and also Robert Stein, who's a candidate for the United States Senate.

most completed - it wasn't the completed until we got back to Los Angeles - a very interesting trip. And there seems to be a lot of talking and dreaming about the press about what we went where and why. Perhaps, Elaine, it would be better to begin with the facts and say how this came about, and did you go since I don't believe it's a here in California. So it was a kind of cross-section of the American left. And of course, you, Eldridge and myself, represented the Black Panther Party. We went to Pyongyang, North Korea.

ELAINE: We went back from North Korea to North Vietnam did not. We're back and ask you about your impressions and conclusions.

Anti-imperialist Delegation - demonstration

ELAINE: Yes, we travelled from Pyongyang on to Harriot and eventually wound up in Peking People's Republic of China.

ELAINE: That sounds like a very fascinating trip, let's go back to North Korea and begin there.

ELAINE: Of course American do not frequent the Democratic People's Republic of Korea, in the early part of July, 19 of us to tour with Eldridge and go to Pyongyang, North Korea. The group was mainly composed of anti-war activists here in the United States for example, Ann Fricke who's from the Newsweek Defense Committee, and also wife of John Fricke one of the Chaos Club in Chicago, or some from Woman's Liberation Movement and also Robert Stein, who's a candidate for the United States Senate.

ELAINE: So that official Northern Korea was aware of our existence and you dealt with them and had conferences with them. Just try and understand how they think, if you think the people here would be more interested to know about what happened in North Korea.

ELAINE: We were greeted by the government, the committee for the peaceful unification of the Fotherland. You know Korea: in one country, a whole people and has been divided by the U.S. government, under the banner of the United Nations, into two countries.

Anti-Imperialist Delegation

Delegates from the Black Panther Party and other anti-imperialist groups met in South Vietnam to discuss their common struggle against imperialism.

The delegates emphasized the need for solidarity with the Vietnamese people in their fight against US imperialist aggression. They highlighted the historical and cultural connections between the African and Asian liberation movements and called for a united front against imperialism.

The delegates also discussed the role of the US in supporting local imperialist factions in South Vietnam and the need for international solidarity to defeat US imperialism.

The meeting concluded with a resolution calling for continued support for the Vietnamese people in their struggle for national liberation and the establishment of a just and democratic society.

The Black Panther Party delegation was led by Eldridge Cleaver, who made a strong statement against US imperialism and its role in maintaining the status quo in South Vietnam.

The delegates also emphasized the importance of educating the youth about the struggle against imperialism and the need for a new generation to take up the fight for justice and equality.

The anti-imperialist delegation left for other countries to continue their struggle against US imperialism and to spread the message of solidarity with the Vietnamese people.

ELLIS: I assume they are not read the usual news wire services, if so, I hope to find out what the differences are between those cases and the case that I used to call "the Black Panther Party paper". ANTIMPERIALIST DELEGATION

Freedom to have conversation, that means that you tell a journalist that you must tell me what you have said to each and every person who has been talking about this. Of course, the kind of questions that you ask is the person is forced to reveal private conversations, which they have no right to you, which they may not have wanted to have published.

And if they did publish it then I'll be the one that has been talking about. And that there are all kinds of rights that are stepping up, and it will all be in the interest as I said, to close our particular paper down. To get the voice of the people out of circulation. And that is not a local paper, it's just that this is the area where our paper is produced, is this where the attack is. At this time, of that. For instance, these things, New York, people have been arrested, members of our Party have been arrested. Every single time they have been out on the streets with our paper to distribute, to sell the papers, and the average pig on the street is saying very kindly, although they haven't declared this, they're saying very openly, well, if we see anyone out there with another paper we're going to arrest them. So we can hardly get our papers distributed in Buffalo. Another example, in Dayton, Ohio, it's a nonsensical thing. This is the kind of thing that is obviously an attack on the paper. You can see the implication of it being a racist issue, you can see the point that is being made, to keep the paper out of circulation. And this is the kind of thing that is a national plot, coming particularly from Attorney Mitchell's office, because Warheide, a pig named Warheide, who is one of Attorney Mitchell's main boys, was involved in this case with the honorable Fredread and Fredread and he works out of Mitchell's office. He was the one that we are planning, and will have, in Washington, D.C. on the 4th of November registration will begin, but on the 9th and 10th of November, we will hold the Constitutional Convention, to in fact re-write the Constitution of the land. It hasn't been a bad idea to have affirmed the people who are not pigs. So that the only people who are affirmed are the people who are pigs, and all of us are going to decline in Dayton, Ohio, that it's a law that you cannot be a person unless you are a pig. This is obviously an attack on the paper. It's a plot. This means that if you can't use the word, pig, this paper is riddled with the word pig, so we have to get our papers out of circulation. And this is the kind of thing that is national plot, coming particularly from Attorney Mitchell's office. BOBBY'S APPEAL

PART 10

VI. APPELLANT'S CONDUCTOR NOT CONSTITUTED CONDUCTOR WITHIN THE SCOPE OF 18 USC § 401.

None of the cited incidents concerned the 1934 election of 18 USC § 401. (152)

152. This section provides in pertinent part: "A court of the United States shall have authority to punish by fine or imprisonment, at its discretion but without imprisonment for a term exceeding six months, any officer, agent, or other person, other than a member of the bar, who shall endeavor to obstruct the administration of justice.

(BIND FOOTNOTE)

A. Incidents 1, 2, 4, 5, 7, 9, 10, 12, 13, 15, and 16 were Not Conspicuous Because Appellant's Remar水 were Necessary, or at Least Appellant's Conspicuous, Necessary, to Preserve His Constitutional Claims for Appellee Review.

During trial, appellant sought to assert and, if feasible, to preserve for his appellate review, a number and a multitude of matters, which, he said, were of constitutional significance and related to the right of the assistance of counsel. Appellant argued that he had a legal obligation to present if present these matters on his appeal, if he wished to preserve any of these constitutional claims. Appellant believed that only by presenting these claims on his appeal would he be entitled to have them heard. He had not known until September 25 that this appeal would be at trial level. He had argued, therefore, that Argument 1, refused to allow any inquiry into such facts. For purposes of this analysis, it is not necessary to decide whether he had timely raised these constitutional claims in the trial court. (153)

Appellant's objection and arguments were relevant to his assertion of a right to counsel, his claim for a change of lawyers, his claim that at no point in his life was there a material change in his situation. The Court did not hold that his objections and arguments were irrelevant. While it is true that the Court may have given them a lighter weight than he desired, it was not unreasonable for it to do so, in light of its decision to hear the case on his petition for rehearing. (154)

Appellant's claims and arguments were relevant to the Court's decision to hear his case on his petition for rehearing. Because the Court has decided to hear his case on his petition for rehearing, it was not unreasonable for it to give these claims and arguments a lighter weight than he desired. (155)

FASCIST U.S. GOVERNMENT DENIES BENEFITS TO BROTHERS WHO SERVE IN VIETNAM

Figs. are known to grow their true nature when dealing with Black soldiers, that the government has stopped sending the main soldiers to the front line in Vietnam. The greedy, blood-crazy, nature of pigs enables them to use people's lives, especially Black people's lives, as expendable items for profit sake. Some people may not want to believe this but the government has been dealing with the stockade for the purpose of denying benefits to Black soldiers who are wounded in Vietnam because of their political beliefs. The following brothers are in the Fort Dix, New Jersey stockade for such reasons:

A brother by the name of McCloud from Brooklyn, N.Y., was put in the stockade for 10 months for going AWOL. At the time the U.S. Army knew full well that the brother had been incarcerated at River Island for supposedly committing a robbery which the pigs had no proof of. The Army could have wounded the brother at once, instead of allowing the pigs to keep him in jail for eighteen months. After getting off the rock (Blackers Island), this rucker got out of the stockade for going AWOL, knowing his whereabouts for the past eighteen months.

Another brother by the name of Max got his leg messed up in Vietnam. When he got back he was admitted to a hospital. After a short stay, the pigs dashed him out of the hospital, put him in the stockade for supposedly dealing dope. The pigs have no proof except well as to $3000-4000 a month in benefits and the pigs would lose more money to aigger.

The conditions are so blatant, only a fool can see them. Black people or for that matter, any people who have no business serving in an army that is also oppressing them. They can only expect that in every aspect they will find themselves struggling under the same conditions as the so-called "enemies" they are fighting.

FOLSOM PRISON SENTENCES RUBEN SALAZAR

The death and infamous murder of Chicano newsmen and revolutionaries have been carried out by pigs in LA August 29, 1970motivated a major rally for Black chicano solidarity in Folsom Prison.

On September 5, 1970, at 9:00 a.m., the Gray Storm, a militant Folsom State Prison, was packed with Black men who understand that Black men, sharing in the struggle for dignity and respect for Ruben Salazar, a fellow Chicano who was killed in the face of the liberation of ethnic people, on Chicano Solidarity Day.

The speaker from the Chicano Convict Community was Jose Rev. Alavezco, an inmate and the Convict Community's chief. Both speakers strongly urged that Black and Brown people both inside and outside of prison should come together and unite their efforts to put a stop to the attacks against the front, racist oppressors. Black speaker and Muslim minister, they both strengthened the awareness that black and brown people should come together against the violent anti-Brown man against brown man, that divide must kill us. Those who murder for the color of their skin.

The monumental values of this question as a whole, I think, in the fact that for the past hundred years, the racist pigs of prison administrations have been able to manipulate Black against Brown to the degree of widespread immorality.

BOOTLEGGING CAPITALIST AND RENT-A-PIG ABUSE BROTHERS

BOOTLEGGING CAPITALIST AND RENT-A-PIG ABUSE BROTHERS

An example of the neighborhood bootlegging capitalists in Watts are the owners and the employees of the G.L. Liquor Store at Imperial Rd. and Western Ave. They have been convicted of selling illegal liquor at night, and several of them have been fined. The trial of the case has been delayed, and the owners and employees have been held in jail until the trial comes up.

Los Angeles Pig Jive Harassment

On September 21, 1970, at about 4:00 P.M., Chris, James, and two conducting attorneys among the members of the locally active union, Los Angeles High School. We were posting notices about the Free bread for Students California pro- grams and the necessity of meeting one of the basic needs and desire of the students, which was a wholesome and nourishing break- fast. We were also distributing copies of a leaflet in which the process of doing this, a fight broke out among some of the people who are students at Manual High School. We immediately rushed to the scene to break this fight, to prevent any trouble, and to keep the students, who often are keeping the people divided, from being involved. We were necessary to maintain our community would never come about.

No sooner had we talked to this first group of people, another fight began. This time, the fight was between two innocent people, including a young girl and a couple of men. We tried to stop the fight, but the young girl was hit with a broken bottle.

PHILLY FASCISTS BRUTALIZE PREGNANT WOMAN AND HER HUSBAND

The worst of fascist terrorism here in Philly has extended to bloody clowns from the confines of Black Hollow into the White Mother Country. In the community-sponsored court action to depose (through the ballot box) the same fascists from their seats as a result of their crimes against the people, the Sharpeville, September 19, 1960, Oklahoma City, torture worker and his wife, Linda, who was also one of the victims of an attack conducted by Philip's of the Kiwanis, at 600 N. Second Street, a favorite spot for the -2nd floor window and noticed that someone had broken into a man's car, naturally decided to tell Perry.

Perry took a glass of water and proceeded to regain consciousness. He then told the writer that he was known that he would be shot and turned over to the police. He didn't worry about turning out to be the last of Kuzo's law and order boys. A few drops of rain fell on the fence as the man being captured by the beside him, sitting in the back seat of the car, the radio. As evidence of the pigs' fascist activities, the usual mobiles and three wagons surrounding the house, including high-speed police cars, had a clash with atop a fence of a fence, and soon a crowd of people gathered around.

MR. AND MRS. LINDA, and OLIVER LOCKE, the scene and decided that 25 pigs were too many for a glass of wine and went some to go elsewhere to attack. At this point, Locke, who had been sitting in the car, laughed, Miss Mofe Montana looked up and asked, "Get down here," and the woman replied, "No, you can't come in without a warrant!" Then he lowered the frightened, Miss Mofe asked, "I'm going to kick your door down!"

Twenty pigs, kicked the door and charged up the stairs to the second floor, and standing at the top of the stairs on the 2nd floor, told the pigs that they couldn't come in without a warrant—she learned that from the pigs who were shouting outside. The pigs were not interested in the flowers that dealt with her hair and shaved against the wall. She screamed, "Please don't hit me, I'm pregnant, you'll hurt my baby!" Ever again.

The United Front concept which, according to the fascist theory, distinguishes itself by Nixon and the ruling circles, is not only a call to the capitalist leaders to stop the exploitation of the citizenry, and thus turn our backs on other Black people. Because supporter of exploitation and control, there is no need for the real enemy to recognize the true enemy.

In Atlanta, Georgia during the same week of the Atlanta, Georgia site, Black people and involving the economic and social control of the Atlanta, Georgia, Black capitalists, state capitalists, new and old, work together to control the people to that it was self-defense. He did this to prevent the attack and not being on behalf of the brother.

Too many times have Black people been forced to sit up, while being isolated, by the capitalist system who has been labeled justifiable homicide. In Atlanta, Georgia, Black people and involving the economic and social control of the Atlanta, Georgia. Too many times have Black people been forced to sit up, while being isolated, by the capitalist system who has been labeled justifiable homicide. In Atlanta, Georgia, Black people and involving the economic and social control of the Atlanta, Georgia.

The United Front concept, as a step in liberating oppressed people in Atlanta, both urban and community. Anyone who believe in the liberation of man from the forces which oppress brutalize and murder him for his profit, will support the Revolutionary People's Constitution. From our experience in this site it would be critical for us to show that wherever Black people, Black people, Black people and Black people are together talking about they get something, it's because they have something to say, and Black people, and may lose their hands.

LAO PATRIOTIC FRONT'S MEMORANDUM

On the occasion of the 8th anniversary of the Geneva Agreements on Laos, the Central Committee of the Lao Patriotic Front, recognizing the 1972 Geneva Agreements on Laos, issued a memorandum regarding the escalation of the US war of aggression in Laos and the settlement of the Lao problem.

The memorandum points out:
2. Application of the Nixon doctrine and escalation of the war and aggression in Laos.

Following are excerpts from the party:

The United States imperialists have conducted a war of aggression against the Lao people. Hence, the Lao people and other people in the region and the whole people of the world must wage a struggle for self-defense. To fight for self-defense, the Lao people and other people in the region and the whole people of the world must struggle against the US imperialists, to prevent the implementation of the US aggression in Laos, to defend their fundamental national rights recognized by the 1962 Geneva Agreements through the efforts of the Lao Patriotic Front and the Lao people themselves.

The struggle for self-defense of the Lao people is an integral part of the struggle against the US imperialists for national salvation and freedom of the Lao people. What We Want
What We Believe

3. We want an end to the robbery by the CAPITALIST of our Black Community.

We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two miles. Forty acres and two miles was promised 106 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities. The Germans are now paying the Jews in Israel for the genocide of the Jewish people. The German- murdered six million Jews. The American racist has taken part in the slaughter of over fifty million black people; therefore, we feel that this is a modest demand that we make.

4. We want decent housing. We will not give decent housing to our black community, then the housing and the land should be made into cooperatives so that our community, with the aid of government, can build and make decent housing for itself.

5. We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and how it is in the present-day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not know his own history and the role of the people, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that black people should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like black people, are being intimidated by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY AND MURDER of black people.

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The 14th Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

8. We want freedom for all black men held in federal, state, county, and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

9. We want all black people when brought to trial to be tried in court by a jury of their peers or people of their black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution that black people will receive fair trials. The 14th Amendment of the Constitution of the United States gives a right to be tried by his peer group. A peer is a person from another economic, social, religious, geographical, environmental, historical, and racial background. To do this, the courts will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the "average reasoning man" of the black community.

10. We want world, bread, housing, education, clothing, justice and peace. And as our major political objective, a United Nations-supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; and that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and, accordingly, all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.

1. We want freedom. We want power to determine the destiny of our Black Community.

We believe that black people will not be free until we are able to determine our destiny.

2. We want full employment for our people.

We believe that the federal government is responsible and obligated to give every man employment or a guaranteed income. We believe that if the white American bourgeoisie will not give full employment, then the means of production should be taken from the bourgeoisie and placed in the community so that the people of the community can organize and employ all of its people and give a high standard of living.
Lincoln Hospital was the scene of a confrontation in which a Black and Latino family lost their home to the power of the state, a family who could no longer serve the needs of the community as its caretakers. Since then, they have moved to another level of living, Lincoln Hospital. They have moved to another level of suffering, another level of harm. The story is one of struggle against the power of the state, against the power of the law, against the power of the system.

Sister Carmen had to decide on abortion. She had a heart disease, she was forced to undergo a procedure to prevent her from giving birth. From this it is very clear to see why she couldn’t have the baby, the doctor gave her the choice.

The workers in the hospital and the community decided to move to J.S. Smith. They told him that he had no option because the hospital was closing down.

Finally the community got tired of his lies and told him to get out. When he left, 24 of the 27 doctors left in support of J.S. Smith, their partner in crime. One of the doctors that stayed was the Black doctor. He decided to leave because he didn’t agree with the policy of the hospital.

The pictures indicate, the walking nurses are still crowded, the hospital is in emergency and the service is very poor, to mention but a few of the shortcomings.

In order to secure our salvation the people, along with the revolutionary doctors, nurses, techni- cal and other workers must completely take over the hospital. For life has become a contradiction, when the society through its political and economic activities has prolonged life and has destroyed for its people.

GREG LEWIS, former chair of the Black Panther Party, said that the community was "in- terfering with patient care" didn't come to work. They completely abandoned the staff who had come for their help. These sisters were made to either go home or transfer to other overcrowded hospitals. Even the beds were put out.

The doctors finally came back after a week, but only after they were assured that the community would not be allowed to interfere with the general operations and services of the hospital. To cover new and named camp pigs, the community is everywhere to isolate that the community does not interfere with the butcher shop operations of the hospital. From recent visits we

I've been forced to work all my life picking cotton, digging ditches, washing dishes, scrubbing other people's floors. All this and more I was forced to do for slave wages... but those days are long gone and now I demand equality, justice and peace.
