PIGS ASSASSINATE BROTHER AND SISTER IN ROBBINS, ILLINOIS

Earlier this week, two Black residents of the Robbins community were shot and killed by members of the Robbins pig department. The two people killed in related incidents were 16 year old Barbara Franks and 28 year old Ronald Lee. According to witnesses, both of these shootings were a clear case of open murder.

In the first incident, witnesses say there had been some random gunfire in the projects and had sometime thereafter the pigs arrived on the scene. At this time Ronald Lee who had just gotten off work as an ambulance driver at the time of the shooting, was leaving a friend’s house on his way home. The pigs claimed that they called for him to halt, and that he refused so they opened fire on him. Witnesses say that it was impossible to tell that the man who did the shooting were pigs because they were wearing plainclothes. Also it was reported that Ronald Lee had fallen to the ground and began pleading for his life prior to being shot.

A little more than a week before his death, Ronald Lee had agreed to testify against Robbins pig chief Porter McKamney. Last summer a young Black woman of the Robbins community was brutally beaten by the chief pig. She had been beaten so badly that she required hospitalization and the ambulance driver was Ronald Lee. The woman told Ronald Lee what had happened to her and it was obvious from her condition that she wasn’t lying. Charges were later brought against the chief of pigs and several other members of the Robbins pig dept. Just prior to his death Ronald Lee spoke to officials in the State’s Attorney’s office and said that he had talked to McKamney and was afraid for his life. Ronald Lee, a potential witness against the pigs, is dead and we can say from the facts presented, that he was assassinated.

Barbara Franks was shot the same night, November 2. The pigs in their effort to justify shooting Ronald Lee, thought that by shooting some more people it would look as though they were just shooting people randomly to defend themselves, and that Ronald Lee was shot in that manner. Barbara Franks was riding with her boyfriend when a plainclothes pig stepped from between some parked cars and fired on the vehicle she was in. A bullet struck her in the base of the skull.

Further investigation reveals that the pigs involved in both the shootings have a history of this type of criminal activity against the people. One pig, Fred Pennix, had previously shot and killed a brother who he allegedly was attempting to serve a warrant on. People say that Pennix had no intentions of serving a warrant, that his original intentions were to shoot and kill brother James Tucker. Tucker’s wife stated that he was shot in his pajamas as he answered the door.

Two years ago another pig who was involved in the murders, Sgt. Melvin Jessup, was investigated for reported mistreatment of inmates at a jail where he was a guard. Both Jessup and Jessup along with a 3rd pig, Eugene Grant, and Chief pig Porter McKamney, pigs have been suspended until an investigation of the murders can take place. On the same day that the suspensions were announced, 3 other pigs resigned and the Robbins police force was literally cut in half. One of the resigning pigs stated that a police man in the tribe had paid $250 a month and has to work overtime without pay, additional sick off or vacations. In Robbins the age old pig tactic of temporarily suspending an officer after he has killed a Black person to appease the community isn’t going to work. Even if the pigs are refusing to go along with the sham and fill in for their partners, 2 innocent people have been gunned down by mad fascists, and the people of Robbins are demanding impartial justice. The weapons used by the murdering pigs were a 9 mm machine gun, 30 caliber carbine, extra loud riot pump, and several service pistols. The people of Robbins are moving to take the necessary actions to defend themselves against future use of these weapons. However, even more important that defending themselves when attacked, the people of Robbins must move to enforce community control of the police with an armed offensive. Now while the pig department is at half staff is a prime opportunity for the community to deal a death blow to the entire fascist regime of Robbins.
FOOL-PIMPING THE PEOPLE

I have lived here in New Haven for over six years. Some time ago I began to work for the people of the community. I have been arrested many times, thrown in jail, and once I was even shot by a pig cop. I have had experiences working with the poor to organize and empower them. I have put my life on the line for the people. I have been active in a variety of organizations and communities to promote the struggle for social justice.

There ain't enough bootlicking opportunities to drive us out

LETTER TO THE MAYOR OF NEW ORLEANS

My Dear Mayor Landrieu:

We are applied to represent Representative Satterfield's re-election campaign committee of the New Orleans Police Department to protest the Black Panther Party for having occupied in the Desire Housing Projects another similar building to that which Mr. Satterfield believes that the police are not fit for the protection of property and persons in our city. We feel that the situation of the Desire Housing Projects is something that should be addressed immediately. Mr. Satterfield believes that the police are not equipped to handle the situation, and we would like to express our support and encourage the police to take action.

The desire of the police to protect the citizens of New Orleans is not in question. However, we believe that the police need additional resources and support to be able to effectively address the current situation. We urge the police department to prioritize the safety and security of all residents and to work collaboratively with other community stakeholders to find a solution.

Sincerely,

[Your Name]

TO OUR BLACK BROTHERS AND SISTERS

We, Los Siete, are very grateful to the Black Panther Party and all oppressed people who have supported us throughout the enemy’s offensive. We are especially grateful to the Black Panther Party in that throughout our battle they have made their support for Los Siete known. By the help that we have received from the Black Panther Party we, both Black and Brown people have reached a higher level of comrade’s and brotherhood. It is very important to realize that as the people’s revolution draws to its climax it is the responsibility of the Third World to make their position known to the repressive forces and other rejectors of the true solution to the needs of oppressed people --- “Revolution.”

Madam Congresswoman:

This is in regard to the promises made by you on October 1, 1970, to the inmates at the Branch Queens House of Detention for Men during recent prison revolts. At that time you stated "If or when hostages were released unharmed there would be no reprisals taken against any individual who participated in said revolt, and if any reprisals were taken they would be对我.

Recently similar promises had been handed down by the Queen County Grand Jury against James Capers and three other inmates. It is unfortunate we now have vast differences in the treatment of the same prisoners, in which we were subjected to, being black and of age, at least 20.

In order to obtain complete legal counsel do not expect to receive a fair and just trial, therefore I requested you render legal assistance. I also respectfully request your appearance on November 5, 1970, at the Queen County Supreme Court for my arraignment.

Respectfully yours,

PIG HARASSMENT ESCALATES IN BAY AREA

At approximately 8:30 a.m. on New Year's Day, two Pigs toured the area and they were told that they were not allowed to enter the building. Four Pigs blocked our car on all sides and a bigger Pig named "Floyd" gave us a piece of their minds. The driver asked the pig why we were there, and he replied that the Pig's "property" had been damaged. We were told to get out of the way and let our Pig go. When we refused to do so, a Pig jumped onto our car and tried to knock us out. One of the Pigs on our car was hit and knocked unconscious. We were then let go unharmed.

Our Pigs are armed and ready to defend themselves and the community against any further harassment.

BLACK YOUTH VICTIM OF GENOCIDE

In recent years, a series of brutal attacks on black students have taken place in various parts of the United States. These attacks are often motivated by racial prejudice and have resulted in the targeting of minority communities.

PIGS ATTACK AND BRUTALIZE 18 YEAR OLD BROTHER

On November 13, brother Rosalind "Chicity" Richardson, 35 years old, was shot and killed by a police officer while playing football in a local park. This incident occurred near several young people who were playing football, and they began to argue with the officer.

When the officer approached, the young people began to run away, and the officer shot and killed Rosalind "Chicity." The investigation into the incident is ongoing, and the community is calling for justice.

We find the slumlord's guilty of crimes against humanity.

On Thursday afternoon, November 5, 1970, another brother in Winston-Salem died because of the negligence of a slumlord. Elizabeth Richardson, 29, died from a fire that could have been prevented. When the landlord, C. H. Williams, failed to provide adequate fire protection, the fire escalated and caused her death. It is believed that the slumlord's negligence contributed to this tragic incident.

The slumlord's actions are a clear violation of human rights and must be held accountable.

DEATH TO THE FASCIST PIGS AND ALL POWER TO THE PEOPLE Southern Christian Leadership Conference Black Panther Party

THE PEOPLE'S STRUGGLE CANNOT BE BLOCKED

With the growing concerns of the people over the fate of Chairman Mao Tsetu and his Décor, people have taken to the streets and formed groups to demand justice. Some groups have even staged sit-ins and rallies to press their demands. The People's Power movement is gaining momentum, and the community is united in its fight against the oppressive forces.

The famous puppet show that took place on October 27, 1970, in New Haven, Connecticut, Harlem, and Washington, D.C., was attended by thousands of people. The show was a powerful expression of the people's struggle against the forces of oppression.

The events of the past week have shown the resilience of the people and their commitment to justice. Despite the threats and violence, the community remains united and determined to fight for a better future.

The struggle is not over, and the people's movement will continue until victory is achieved. The struggle is a struggle for freedom, equality, and justice, and it is a struggle that we will continue to fight until the day we win.
ON THE MURDER OF RONALD REDRICK

On Sunday night, Nov. 5, 1970, on the South Side of Chicago, Ronald Redrick was slain at the hands of the city's finest—police. The Chicago police, it seems, are in the habit of killing the people they are charged with protecting. The police killed Ronald Redrick and shot and killed accidentally another Black Panther Party member. An investigation on the part of the police clearly indicates that Ronald Redrick, age 19, was stopped by an officer of the name of McTavish at 12:15 AM on a street near the home of his friend. According to what he was told, Ronald Redrick was28

who had his gun pointed at him. Ronald was supposed to drive to deal drugs, but when he showed up, the officer thought that he was a danger and he shot him dead because he was a threat to society.

On the other hand, the police had their reasons for shooting Ronald Redrick. He had been charged with murder, and the police thought that he was a threat to society.

RACISTS AND FASCIST PIGS ATTACK PEACEFUL DEMONSTRATORS

Recently, the pigs in Tresten attacked black children who have been attending schools in their school system. The pigsenity with the police and the community without any provocation, and they have been arrested. The police say that they were acting in self-defense, but the police did not stop even when the children were only playing.

PIGS ATTEMPT TO SABOTAGE FREE BREAKFAST PROGRAM

The Free Breakfast Program began in Chicago last week and has already served close to 700 schoolchildren in the city. The program is being run by the Black Panther Party. The police, on the other hand, have threatened to shut down the program, saying that it is a threat to the community.

THERE IS NO RHETORIC TO MATCH THE TRUE INTENT OF THE FASCIST

We are not able to accept the Chicago police's argument that they are protecting the community. The police are not only acting to protect the community, but they are also using violence to suppress the peaceful demonstration. The police's actions are not only an attack on the community, but also an attack on the rights of the people.
AVARICIOUS SLUMLORD EXPLOITS BLACK WOMAN

Point 43 of the Black Panther Party's 10-point Platform and Program states, "We want decent housing for the slums of black and white human beings." Howard Avenue apartment houses is a contemporary example of inadequate housing which the people of Brooklyn are being forced to live in by the white greedy landlords. (The residents of Howard Avenue are members of the New York chapter of the Black Panther Party.) Mrs. Davis, a resident of 123 Howard Avenue, has been able to provide a decent refrigerator among other repairs made in her apartment. For several weeks ago, Mrs. Davis had been complaining to her landlord, pig site, who owns several slum buildings on Howard Avenue about the broken refrigerator in the apartment. She said she could not do anything about this greasy food was possible, but he refused. Finally, after much aggravation, a different repairman was called to her apartment, but Mrs. Davis was able to find that she was in need of only a six-weeks' apartment. When no repair was made, the pig site came from another apartment, and so much tenants had been evicted or moved due to the sub-human housing conditions in most of the buildings. Greedy slumlords and their indentured servants have forced this community to make repairs. Putter Davis is one of the clearest examples of this ungodly attitude toward the black community. At the 17th meeting of the New York chapter of the Black Panther Party, Mrs. Davis had included her $2000 food less among the other grievances, and she is demanding satisfaction. Mrs. Davis brought her problem to the Black Panther Party like many other people in our community. We first of all the rest of the oppressed people of New York City and the masses to the correct way of dealing with these things. It is time to rise up and demand our human rights. We call for an immediate demand to the slumlords of our black community by the black community. The slumlords have to be stopped. We will not rest until they return the stolen profits and end this complete domination of our communities by our own society.

THE BLACK PANTHER, SATURDAY, NOVEMBER 21, 1970 PAGE 9
THE BEGINNING OF THE TRIAL OF CHAIRMAN BOBBY SEALE AND ERICKA HUGGINS IN NEW HAVEN, CONNECTICUT MARKS WHAT THE PIGS ON A LOCAL AND NATIONAL LEVEL, HAVE PRE-ARRANGED AND OVER-CONSPIRED TO BE THEIR GREATEST VICTORY FOR FASCISM

On November 17, 1970, the first day of the trial, with the exception of one bootlicker, an all-white jury panel was present. Of the prospective jurors are middle-aged, middle-class, registered voters, and have never been intimidated. These legal settlers are the farthest departure from the peers of the defendants.

Black Panther Party Chairman, Bobby Seale and Connecticut State Chapter Deputy Chairman Ericka Huggins are the trial defendants charged with murder, conspiracy to commit murder, kidnapping, conspiracy to commit kidnapping and blinding. The beginning of this trial in New Haven, Connecticut marks what the pigs on a local and national level, have pre-arranged and over-conspired to be their greatest victory for fascism. The presence of the pigs completes the total packet necessary for a clearcut fascist nutritional.

Judge McVeigh is chosen to overcome every defense objection, deny defense motions, intercept the defense counsel, what he doesn't like what is being said, give his own opinion about the guilt of the defendants, and intimidate defense witnesses and the general audience with contempt of court assertions. Also the District Attorney is there to oblige in everything the defense has, make prejudiced statements, and alienate the court toward the defendants.

To ensure a contaminated jury, the judge on the first day denied a defense motion to have the jury sequestered from that day on. Judge McVeigh's alleged grounds for denial was that the motion had already been heard and denied by another judge in a pre-trial hearing. The denial of the motion means that the jury will be allowed to go home, return to their families and neighbors, read the papers, listen to racist news releases on radio and TV, and return to court the next morning to hear "objections" to the testimony.

By the conclusion of the trial, the jury will be able to return a more decisive acquittal.

A second defense motion requested that members of the defense be allowed to be present at extrajudicial meetings. This motion was also denied, one artist and four sketches were excluded because defense counsel made the defense of people a priority. What is happening to Chairman Bobby and Ericka, that cannot be allowed. Through the entire court proceedings, the pigs hope to keep only as ironizing distortion of the facts before the majority of Black people in Babylon.

At this point in history, Black people from a historical experience of 400 years of slavery and repression in America know that Chairman Bobby and Ericka are victims of a fascist state. "One thing must be said: it is clear to America, no matter what the White people of America are prepared to accept, Black people do not accept this ultimate attempt to kill and gag Bobby Seale with death because of the fearlessness leadership that he has given to our people."

"Our Minister of Demolition, Mary E. Newton, teaches us that it is necessary to have security from the machine of aggression of the enemy. We cannot be in a position to inflict political counterattack without a strategic act of aggression. This global war must be considered Chairman Bobby Seale and myself. Mockingly to the Electric Chair is an open aggression against the ultimate aggression against Black people. It is a calculated step taken by fascist pigs in the unfolding of their vision. It is history of genocide against Black people. We Black people, if we are forced to go it alone, must be prepared to unleash the ultimate political consequence upon this racist nation. The ultimate political consequence which Black people have in their power to unleash in any situation. Indeed, we have been and at this very moment are the vanguard of a systematic, epic retribution. The Black Panther Party, as everybody knows, has taken a leading role in trying to smash the pigs. This doesn't mean that we are not going to continue this policy to the point of total racist suicide. We will not sacrifice Chairman Bobby and Ericka..."
INTERNATIONAL NEWS

STATEMENT BY MINISTER OF THE UNITED OF THE DEMOCRATIC REPUBLIC OF VIET NAM AT THE 19TH PLENARY SESSION OF THE PARIS CONFERENCE ON VIET NAM NOV 5, 1970

Ladies and Gentlemen,

At the last session, the U.S. delegate said again that we were preparing a protest statement, that U.S. proposals were fair and without conditions. But this is not true. U.S. proposals are made with conditions and are not fair at all. Moreover, they contain a great deal of fallacy and falsehood.

With regard to the question of troop withdrawal, the United States demands a "unilateral withdrawal," making believe that it is advancing a fair proposal withdrawn from the Vietnam people. It has however been admitted that this would amount to a "forced withdrawal." This is a condition put with extreme stridency indeed.

On the ground of President Nixon’s proposal of "cessation of fire" without "preconditions through inducting," the United States pointed out that such a cease-fire will make both sides "stop the use of force" and "let down their weapons." Actually it wants to make people mistakenly think that this is "fair" and "without conditions." In fact, this is a way of limiting the Vietnamese people to go to war to fight for self-defense because a cease-fire observed when nearly 400,000 U.S. troops and 70,000 soldiers from other foreign countries in the U.S. camp are still attacking is meaningless.

On the contrary, the Provisional Government of Vietnam has proposed that, after the U.S. government has accepted to withdraw from South Vietnam all U.S. forces and the other foreign countries in the U.S. camp and when the U.S. puppet administration is in a position of being out of the South Vietnam political and military situation, the United States will withdraw concurrently with the announcement of the U.S. agreements and U.S. NEO-COLONIALISM. However, after the U.S. puppet administration is in a position of being "fair" and "without conditions" and the U.S. government has accepted to withdraw from South Vietnam all U.S. forces and the other foreign countries in the U.S. camp, it will take some time until the conditions are satisfied.

This is a fair and reasonable proposal aimed at lasting independence and lasting peace in South Vietnam.

One is in the 10 point overall solution of the P.R.O. of the S.S.V.N. that the United States has advanced most urgent proposals. The Nixon administration together with the Thi Khiem administration are opposed to both communists and non-communists. It is evident then that the United States only wants to keep South Vietnam in the framework of U.S. neo-colonialism, that is to say in South Vietnam Vietnam will become independent, peaceful, neutral, and democratic; the reaffirmation of Vietnam will be carried out by step by step through peaceful means on the basis of agreement and agreement of the two parties, without guard from neither side.

The other approach is that the United States has advanced most urgent proposals. The Nixon administration together with the Thi Khiem administration are opposed to both communists and non-communists. It is evident then that the United States only wants to keep South Vietnam in the framework of U.S. neo-colonialism, that is to say in South Vietnam Vietnam will become independent, peaceful, neutral, and democratic; the reaffirmation of Vietnam will be carried out by step by step through peaceful means on the basis of agreement and agreement of the two parties, without guard from neither side.

Under the fascist yoke of the U.S.-puppet revolutionary violence is the only way for the South Vietnamese people to liberate themselves.

We have demanded President Nixon always rejects a way and sets another. During the last important campaign in the United States in order to gain more for his followers in the Senate, he did his best to make fallacious propaganda, making the American people believe that he is destined to end the Vietnam war and bring home all U.S. troops. But he has disturbed the "Vietnamization" policy was fairly successful, there is a number of U.S. troops who left Vietnam and left a billion dollars of war expenditure. That much we have to acknowledge.

The United States is still not able to resolve the difficulties in all fields. How can Mr. Nixon conceal from the American people the mere and more serious inflation in the United States, the increasing budget deficit that has reached over 300 billion dollars? But the United States still does not have the intact intention standing the war to the last drop of oil left in all the U.S. tanks from South Vietnam.

Mr. A. Hruska, former chief of the U.S. delegation to the official conversations between Viet Nam and the United States recently wrote in an American magazine “Look” that Mr. Nixon’s policy of “Vietnamization” is not a plan for peace but one for the prolongation of the conflict.

It should be pointed out that so the American people are not only facing Senator A. Muskie himself has accused President Nixon of leading, instigating, and guiding a political campaign built on lies, slander, smear calling and distortion of almost unprecedented volume. In the process, the United States millions of voters have been deprived of full and fair public debate on the real issues confronting the nation: inflation, unemployment, the future, and a generally shaky economy.

Mr. Nixon returned to perfunctory means to secure majority in the Senate and the House of Representatives and to win the majority of State Governments as he is too much completely in the hands of the military, politics, and the most urgent demands of the American people, he must change his method, stop his empty talks about peace, really stop the U.S. policy of aggression in Vietnam and in other countries, and let the internal affairs of Viet Nam be settled by the Vietnamese people and those of Indochina by the peoples of the Indochinese countries themselves.

The September 17, 1970 peace in Paris of 10 points and the U.S.-V.N. have offered a good opportunity and an honorable way for the United States to do so. The U.S. Government should give this peace initiative a serious answer.

On the contrary, the United States obstinately persists in pursuing its aggression, the Vietnam war is still in a state of deadlock; the United States is not able to resolve the difficulties in all fields. How can Mr. Nixon conceal from the American people the mere and more serious inflation in the United States, the increasing budget deficit that has reached over 300 billion dollars? But the United States still does not have the intact intention standing the war to the last drop of oil left in all the U.S. tanks from South Vietnam.

Vietnamese troops defending their homeland
The police are pushing us into a corner, we say: revolutionaries, we say that the corner is not a good place to be and because we are in fact revolutionaries we will not accept a corner as our grace.

I think that the police forces of America have proven by their practice that they are now the judges, jury and executioners of Black people. They have been given a blank check, a clear road to jail, beat, and murder Black people. They have become masters of intimidation and of brutal repression.

The actions of the police have to be countered by revolutionary actions of the people. Another step has to be made on our journey toward freedom. That step is reprisal. We cannot continue to allow these atrocities to go unjudged. It seems to me that the blood of Black people, especially the blood of Panther people, seems to feed the gestapo police, it seems to make them more monstrous than they were before, it has, it seems developed a sick enjoyment in murder and rape and terror in their sleep or in a gun fight. They know they have gone unwounded by the masses of people. This is wrong and must stop. The verdict is guilty, you know it as well as I: execution is death. A head for a head, a life for a life.

Winter time is rapidly approaching along with the fallacy that the summer time is the right time, the only time that Black people want to rebel or can rebel. I say this is and has been a very tacit lie. Infact, the summer time is more favorable for the pigs, they have complete freedom of mobility, communications are移动端.

When the snow is fresh and stick, mobility is stifled. Objects can easily be placed in the snow to stop or slow down this pig mobility giving the guerrilla a clear flight. A pig can easily be trapped in the snow. His calling for assistance will be of no avail because of the swiftness and foresight of the urban guerrilla, assistance will only be there in time to cut off the unarmed remains of a pig.

This year can also serve to be very beneficial for the urban guerrilla and very disastrous to the avaricious greedy businessman.

Dig, Xmas is swiftly approaching, this means that goods will be brought into the various cities, in monstrous quantities to be sold to the masses. As in the past the businessmen will make 200 and 300% profits off the people. Due to the present economic situation that America is in, I would say that the Xmas profits are very heavily depended on. Because one of our main tasks is to drain, destroy, and expose the strategy, for the 1970 urban guerrilla is to destroy those goods on a mass scale. I'm saying that in those factories where Black people sell their labor—throw an open wedge into the machinery, I'm saying that the trucks and trains that carry these goods to market should not be allowed to reach the markets, then I'm saying that the markets themselves be turned into internums. The only caution outside of being captured is against the injury or death of innocent people. We must always be keen in mind that we are servants of the people, we are not interested in the act of destroying but destruction of those things that oppress and systematically destroy us.

Any people that cannot inflict a political consequence is virtually a people without power. Greet Santa this year with a bang.

PIGS LET INJURED BROTHER LIE IN THE STREET FOR 36 MINUTES

Black people in this country have no rights that the oppressive power structure, for their colleges and running dogs are bound to respect. As more and more of the masses became conscious of this phenomenon, the armed struggle increases in almost all areas. In the Grove Hall section of the Black Panther Party for Self-Defense, we have information that many people were beaten up by the pigs on Saturday October 17. By the fascist Chicago police department. I was in the area selling the Black Panther Party newspaper when I noticed a group of people standing in the middle of the street. Two pigs were parked on the side of the group of people so I walked up to the street to investigate and when I got there I noticed a brother lying on the ground. The people told me the brother had been hit by a car. I ignored the man and walked up to the person who had been hit—‘Bobby’ Jackson, and told him his leg was in extreme pain, and he was sure it was broken. Joe also said that the pigs had supposedly-called an ambulance, but were not trying to comfort him as they lay on the ground.

By this time there were pigs in the area and all of the pigs were directing traffic. A Black man was lying on the ground in excruciating pain, and the pigs who were thoroughly trained in first aid were directing traffic. I was standing in the corner of a street, and demanded the stretcher to come over. We had some kind of medical attention. The pig asked that he had called an ambulance. Insisting that the brother was already on the ground for a long time and asked him where was the ambulance? The pigs, truly showing his depraved mind, asked “Do I look like an ambulance driver?” The ambulance had called finally arrived at 4:00 7:5. The brother had lain on the ground for 36 minutes.

The people by this time were up about the brother nothing being done for properly, but the pigs, because they are pigs, didn’t care about the brother, they glanced at the people in the ambulance and both from Human City Hospital (a city run hospital) indicated to the brother to put him on the stretcher, the brother immediately said in a trembling voice: "Don’t put me on the stretcher, it will hurt my leg.” But this did not stop the sadists from handling the brother brutally, because in their opinion it was just another pig.

Total lack of and improper medical attention is another form of genocide perpetration of Black people. The medical rights of demands of Black people and all poor and oppressed people are included in the New Constitution. The Revolutionary People’s Constitutional Convention on November 27-29 in Washington, D.C. is going to give us the document needed to stop the genocide of Black people. The armed struggle will make that document into a reality.

AVARIEOUS BUSINESSMEN REFUSE TO FEED HUNGRY CHILDREN

Point No. 3 of the Black Panther Party’s 10 Point Platform and Program states: “We want land, loans, and labor so our communities can become self-sustaining,” and the robbery by the captains of our Black communities. This is not necessary because the pig captains, cheat, overcharge, and the people are not interested in putting food on the tables. The Black community itself is fed hungry children.

On the other hand, the businessmen in the community fail to reach the needs of the people in the community. The stores do not have the supplies that the community needs. These businesses should be put into the hands of the people. So other than pigs will stop exploiting the people or else the people will take what is rightfully theirs. We explore North West Frozen Hamburgers, Watkins Butcher Shop, Ben’s Food, and Woolworth Supermarket, Kroger Supermarket, King’s Supermarket, and King’s Food. These places, according to the people of the community, are killing Black people, because they have repeatedly neglected the needs of the people and the people in the market do not go with them by any means necessary. ALL POWER TO THE PEOPLE. 

Let’s stop the “Black” Supermarkets and Their Avaricious Lackeys!!!

If it comes to the point where there is only one choice between sucide or survival, choose survival!!!

VANISH THE LAST OF YOU!
The question of freedom relies solely on the armed readiness and the moral willingness of the people to use those arms in defense of self-defense.

The late, the beloved Malcolm X, once said that we (Black people) gave our blood in the civil war for the White man, and we gave our blood in Korea and we gave and are giving our blood in Vietnam. Black people are being used by industrial-military monsters today.

Well if we have to bleed for freedom then let it be for the freedom of the rich capitalist to grow and expand. Let it be for the freedom for those industrialist to further exploit and oppress us for the interests of their profits and not our interests.

In all facets of life wherever Black people are, there must be revolution. We must have a revolution there is no bloodshed and sacrifice. Without bloodshed and sacrifice there will be no revolution, without freedom, there will be no revolution for Black people. The downtrodden and oppressed in this country have traditionally been used as pawns by the greedy, heartless monsters who have kept us poor, confused, and virtually defenseless. Especially the Black community, which constitutes most of the oppressed in this foul land. Well, time to break with tradition. Those who live in the streets to take the streets, liberate your streets and form the power base there.

Those who work in the factories stop trying so hard to side pass your duty by your subjective analysis of the Lomapad. Take to your barricade, the factories. I'm sure you can see through the economic situation that the American empire is in. People learn through examples start destroying the means of production. Start sabotaging new projects, start with the manufacturers, General Motors, Kaiser, Chrysler, Del Monte, Clothing factories, Colgate, Palmolive, Skippy Peanut Butter, Coca Cola, etc. Let us stand together in the destruction of the economic monsters of this country, these monsters who are killing us in the streets. Stop the heart of America, it's factories.

Those in the schools have to disrupt all study activities close down universities and colleges. The enemy cannot deal with the work and study time lost. Work and study interruptions, although they are of brief duration will cause severe damage to the enemy.

The basic fact is that the enemy suffers losses, with material and moral damage, and is weakened by the action. Let us turn our basements into workshops: community organizations of self-defense groups, community alarm systems and socialist programs in our communities across the country.

The time is nearing swiftly when the cute fascist awakening will be at hand. Those who are at that time unprepared, untrained or unorganized will be the sad victims of fascism.

We will have to find within ourselves "The courage to kill," We must characterize ourselves as urban guerrillas that is by our bravery and decisive nature. We must be good tacticians and straight shooters.

FOR THE SALVATION, LIBERATION, AND FREEDOM OF OUR PEOPLE, WE WILL NOT HESITATE TO EITHER DIE OR DIE!

Michael D.

REVOLUTION IN OUR LIFETIME

We must come to realize that we as black people have been dancing on top of our graves for 400 years failing to realize that our ancestors were the victims of 2000 year slavery. We have brothers ripped off into the black market being used as pawns in a war they didn't understand. Black children dying from starvation, disease and hunger. Our brothers are dying from something too many black men and black women are dying from hopelessness, despair, and murder that time is running out.

The Illinois State Penitentiary, another fascist concentration camp, is home to Children's Memorial Children's Hospital. In Chicago, Illinois, Experimenting on the inmates for "Jehovah's Research," is a deadly disease of world wide distribution caused by a virus and characterized mostly by indurate expansions of the stomach, liver, spleen, and sometimes the intestines. Treatment, unspeakable suffering and death.

The time to deal is right now. So let us implement the political, economic, and moral immediacy of this oppression against our friends and relatives and make sure that this happens in no form of change. We must wake up to the fact that the system is the cause of this constant struggle.

The time to live the revolution is now. ALL POWER TO THE PEOPLE!

The Black Panther Party for Self-Defense stands in solidarity with the Black Liberation Army, the Black Liberation Front, and all those who are fighting for freedom.

power to select the judge. He said that he was a high school about what the judge would be.

CRP: You're talking about D. Frank Hogan

Leafcutter: Yes, Frank Hogan, the district attorney in New York Court.

CRP: Your already started out with a strong stroke against you. So you are going to start again with the same thing?

Leafcutter: We don't have a choice. We've tried everything we can to defeat the judge. We just do our best in the Supreme Court of the United States he had a petition filled just a few days ago asking them to stop the trial and dismiss the judge. Whether they do or not, I'm sure they know that in the meantime we're on trial and we have to go forward.

CRI: What do you do in a situation like this?

Leafcutter: We have to try to stand up and fight for what we think is fair. We have been told that every effort of everyone has been spent to find out what the trial is about. They have made more attacks on us than the trial itself. We have been threatened with arrest and violence, and we have been told that we are not going to be able to win.

CRP: And the same thing goes for you?

Leafcutter: Yes, we're going to try to stand up and fight for what we think is fair. We have been told that we are not going to be able to win.

CRI: What do you think you can do to help the trial?

Leafcutter: I think we can do a lot of things. We can stand up and fight for what we think is fair. We can speak out and try to convince others of the truth of our cause. We can use every means at our disposal to help the trial.

CRP: And what do you think the other lawyers and the protesters can do?

Leafcutter: They can stand up and fight for what they believe in. They can speak out and try to convince others of the truth of their cause. They can use every means at their disposal to help the trial. They can show the world that they are not going to give up.

CRI: What is your role in the trial?

Leafcutter: My role is to stand up and fight for what I believe in. I am going to try to stand up and fight for what I think is fair. I am going to try to speak out and try to convince others of the truth of the cause. I am going to try to use every means at my disposal to help the trial.

What We Want
What We Believe

We believe that black people will not be free until we are able to determine our destiny.

1. We want freedom. We want power to determine the destiny of our Black Community.

We believe that black people will not be free until we are able to determine our destiny.

2. We want full employment for our people.

We believe that the federal government is responsible and obligated to give every man employment or a guaranteed income. We believe that if the white American businesses will not give full employment, then the means of production should be taken from the businessmen and placed in the communities so that the people of the community can organize and employ all of its people and give a high standard of living.

3. We want an end to the robbery by the CAPITALIST of our Black Communities.

We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two miles. Forty acres and two miles was promised 100 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in crops which will be distributed to our many communities. The Germans are now aiding the Jews in Israel for the genocide of the Jewish people. The Germans murdered six million Jews. The American rich has taken part in the slaughter of over fifty million black people, therefore, we feel this is a moral demand that we make.

4. We want decent housing, fit for shelter of human beings.

We believe that if the white landlords will not give decent housing to our black communities, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

5. We want education for our people that exposes the true nature of this dehumanized American society. We want education that teaches us our true history and our role in the present-day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that Black people should not be forced to fight in the military service to defend a racist government that does not protect our people. We will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

8. We want freedom for all black men held in federal, state, county and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

9. We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution as that black people will receive fair trials. The 14th Amendment of the Constitution of the United States gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical, and racial background. To do this, the court was forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white jurors that have no understanding of the “average reasoning man” of the black community.

10. We want land, bread, housing, education, clothing, justice and peace.

And as our major political objective, a United Nations-supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature’s God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed, that whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as they shall think necessary and proper for the safety and happiness of mankind.

By the sea, the principles of alliances are no longer valid, the government with the economic system is no longer a means to the end of national and racial security. The economic system cannot be a solution to the problems of national and racial security.
