DEATH TO THE FASCIST PIGS

DON JONES
STAY AT HOME
ULTRA- FASCIST DOLL

It is no longer a secret that the U.S. pig power structure is the perpetrator of a male dominating, double-standard, male chauvinist society. That is, that in the United States Empire a woman can be like a good scotch, she can be a good cook, a good mother and wife, etc., but never a human being who shares equal partnership in life with men. And all the discussions on black queens have never made black women feel any differently about being oppressed, not only at the level of the other women in this society, but also because they are poor and black.

But there is one area where a black woman, and certainly other women, do not witness any semblance of male chauvinism: No pig ever hesitated putting a stick to a woman's head or blowing her brains out because she was a woman. And black women have always been brutalized by pigs on a completely equal footing with men, receiving equal harassment under the law. Ericka Huggins is a prime example of how impotent the pigs can be to a black woman in matters of injustice and brutality. And another case is Angela Davis.

And now, as a response to the People's outrage over Ericka and Angela, and trying to throw a few crumbs to the Women's Liberation Movement, the Oakland Pig Department decided to bring Sandra lang to trial and put a .357 in her hand. On December 18th the Oakland Pig Academy shuffled out of its graduation exercise Miss Sandra Brown--a 23-year old, Afro-coiffed, black all-American female. This black woman will be doing what all her white racist and black lackey male pig counterparts do--riding through the streets, brutalizing and killing members of our community. She, like them, has been trained to do this.

This ultra-fascist doll entered the Oakland Pig Academy after graduating from Fresno State College as a sociology major. Now that she has become a model pig (with the blessings of Oakland Pig Chief Gain, who says he wants to "use her in a variety of experimental positions"), Sandra is a "happy darling": I'm a native of Oakland...I know the problems of the young here. I feel in a city like Oakland, with its Black Panthers and militant groups, there is a special need for minority police officers. But because she is "black and proud," does she expect admiring glances while she beats or incarcerates your poor people, particularly our Youth in whom she is so interested?

Well the people are not proud of her. But they will be proud to remove her. And in the same manner in which the people intend to remove all pigs from our streets.

Pig Slumlord Evicts Bertha and Jay Sanders and Eleven Children

On Tuesday, December 13, 1972 the Sanders family received a 72 hour notice of eviction from the seven-room house at 17 December Avenue, Mount Vernon, N.Y. The Sanders family, who receive unemployment assistance from the local oppressive welfare department, have no other residence. A poor black family struggling to survive on the meager allowances given them by the oppressive forces of this community or any other community. Not only doesn't the welfare department give our people enough to live on -- but it is also in scavenging, with the greedy avengers standing by.

The eviction itself came as a direct result of a car-wrecker having visited the Sanders and in turn, complained to the pig building department that "over-crowding" existed there. When in essence, Black people have over-crowded for over 97 years of all a sudden it becomes a violation in the Black community to be "over-crowded."

Edward Levy, the Sanders' attorney from the Mountain View branch of the Legal Aid Society, wrote a letter to the pig urban planner (progress removal) agency, pig building department, demagogic Rep. Ogden Field, Pig Mayor August P. Perez, and the oppressive welfare department of social services, asking for help in staying at eviction notice and seeking a bung from the Sanders family. Pig Mayor Perez offered their help but said nothing could be done about the eviction. It happens to be common knowledge in and around the South side Black community that pig Mayor Perez is a "puppet" for the greedy landlords.

The Sanders have been told that they could move to 52 Poorstreet. Mr. Sanders said that he didn't like that location; "It's right on the edge of the street at the railroad tracks," she said, "It's no place for children to be." She also says the house has a leaking toilet, a weak foundation, broken windows, and staircase railings and "it's filthy from top to bottom." Mrs. Sanders has said that the home that she now lives in is far too large enough. Two other possibilities of homes were lost due to the neglect of the part of the oppressive department of social services.

Through their struggle for decent housing fit for shelter of human beings, the Sanders have come to realize that grossly capitalist standards and the oppressive welfare system are in direct-connection with each other and can result about eleven children.

It is families such as the Sanders that will, in the true spirit of inner communists, aid to link up our many dispersed communities throughout the world and defeat the oppressors.

LETTER TO THE PEOPLE FROM PRISONER OF WAR

RONALD FREEMAN

Reverberation in our just struggle for the liberation of oppressed people in Ezyon, we will struggle and sacrifice in order to bring about a democratic, socialist state. Some of us will be murdered, some of us will be captured. As some of us are captured, so some of our comrades have died, serving the interests of oppressed people with love and dedication, the death and imprisonment of our comrades deeply intensifies and clearly heightened the consciousness of the oppressed and our oppressors.

As I am captured, confined, isolated and physically held, I am in the streets to help resolve the contradiction.

Because I am a Black man and have lived all my life in the Black communities of Ezyon, I have a good knowledge of the oppressed conditions of our communities. We are constantly subjected to all forms of genocide. And how to change these conditions, I have to say that the struggle to save this satisfaction is too great. So, to be captured was not a surprise for me.

I continue to struggle inside the wall, up over these fascist conditions. Because I am a member of the Black Panther Party, I understand the consequences of changing the imperialistic empire. Being a servant of the people, no sacrifice is too great to put an end to capitalism and help the people in the building of a socialist society, free from exploitation and oppression.

The people are going to free all the communities of the world.

All power to the people! Free Bobby and all the people.

Ronald Gene Freeman

(Ronald Freeman has been in jail since October, 1969. He was originally arrested for murder, but the charge was changed to manslaughter. While Robert was in jail, the pigs threw other charges on him, various "incidents" of sexual assault on a pig. Theo was 364 total bail of $1,300,000.)
A COMMON GRIEVANCE AND BASIC NEED FOR SURVIVAL: THE PEOPLE'S HOUSING CRIMES TRIAL

On Sunday, December 6, 1970, several hundred of the poor and oppressed masses in New York City met at Columbia University Wallman Hall. The people came together because of a common grievance and basic need for survival, housing. The poor and oppressed masses in New York are forced to live in dirt and trash infested housing. The conditions and disparities are so great that if ever, heat, light and water are rare, painting and upkeep of apartments is practically nonexistent, toxic lead paint is used. The stench of the oppression is carried to the thousands every year as a result of lead poisoning, resulting in monstrous cases caused by lack of their care. This is what the masses gathered held at the People's Housing Crimes Trial had in common. As a means of educating thousands of other poor and oppressed people who have been the victims of indecent housing, we believe every man, woman and child on this earth has an absolute right to the best housing technology that is available.

CHARTER OF THE PEOPLE'S HOUSING COALITION

We the bodies of the people housing coalition do resolve beneath national, broad, housing, education, clothing, justice and peace movement that we are using the basic needs of the people. Therefore, we hereby establish an organization to be known as the people's housing coalition.

PURPOSE

WHAT WE WANT—WHAT WE BELIEVE

1. We want decent housing, fit for the shelter of human beings, we believe every man, woman and child on the face of this earth has an absolute right to the best housing technology that is available.

2. We want free breakfast programs.

3. We want free day care centers. We believe parents in oppressed communities should be able to leave their children under the best supervision, disciplined and educational to reveal the objectives of our decent communities under siege.

4. We want free health clinics.

We believe oppressed people are entitled to the best medical service that medical science can provide.

5. We want freedom for all political prisoners.

6. We want complete implementation of the Black Panther Party Two-Thirds Platform and Program and assassins thereof.

We believe communism is dead.

DEATH TO THE TARGET PIG: HUNT TO KILL

Judges speaking at the housing trial.

We were done for the purpose of creating conditions less liveable in order to keep the people from moving in. This was one of the many testimonies from the People's Housing Crimes Trial. They are able to create many classic examples of indecent housing that exists throughout Babylon, in general, and New York in particular. The People's Housing Crimes Trial makes it a purpose not to provide the people with decent housing, it was for the purpose of identifying the parties guilty of genocide through housing crimes. The people realize that indecent housing is just one of the many aspects of the perpetration of fascism, of economic and racial exploitation and oppression. Realizing this, the people turned out the same to pick up the gun to deal with this situation. Many of those who testified said they feel necessary for all oppressed people to pick up the gun and deal with the pigs.

Witnesses testify at Housing Crimes Trial.

U.S. POVERTY - WIDE SPREAD AND ON THE RISE

The suffering of our youth will be ended along with the lives of the oppressor!

In 1968, 25.4 million Americans lived in poverty. This was 12.8 percent of the total population. The poverty level is based on income, and measures the basic needs of a family, such as food, clothing, and shelter. The poverty level is adjusted for family size and composition.

Poverty is widespread and on the rise. This is a disturbing trend, as it indicates that the economy is not distributing wealth equitably. Poverty is particularly high among children and families of color, who face systemic barriers to economic opportunity and mobility.

The causes of poverty are complex and multifaceted. They include low wages, lack of access to education and training, discrimination, and systemic inequalities. Addressing poverty requires comprehensive policies and interventions that address the root causes of poverty and provide support to those in need.

The true nature of businessmen...Greed

Daily in the Black community, the businessmen are making a profit off the deaths and suffering of Black people. This is a moral and ethical issue, as it exploits the pain and suffering of others for profit. The profit generated from the death and suffering of Black people is not justified, and it is a violation of human rights.

The profit generated from the death and suffering of Black people is a form of exploitation and violence. It is a violation of human rights and a violation of the dignity of all people. It is a form of violence and domination that is unacceptable and must be addressed.

The profit generated from the death and suffering of Black people is a form of violence and domination that is unacceptable and must be addressed. It is a violation of human rights and a violation of the dignity of all people. It is a form of violence and domination that is unacceptable and must be addressed.

When the people move for liberation they must have the basic tool of liberation, THE GUN!
TO THE CONCERNED PEOPLE OF NEW YORK

We, the prisoners of the Women’s House of Detention, wish to inform you of the barbaric conditions we are subjected to by the correction officials here. The system breeds homosexuality, mental degradation, and physical abuse. The majority of us are illiterate and in poor health. We cannot afford to pay the tax on the women’s prison and it is a burden on the public.

We appeal to you on our behalf. We are aware of the barbaric conditions that exist here.

Our grievances are:
1. We do not receive adequate medical attention.
2. We are locked in a doctor on duty twenty-four hours a day.
3. We are never informed of the doctor on duty or the nurse in attendance.
4. We are not allowed to see any friends or relatives that are visiting.
5. We do not receive any necessary medications while we are here.
6. We do not receive an adequate diet.
7. We are not allowed to have fresh vegetables or fresh fruits.
8. The food consists of beans, rice, potatoes, and powdered milk.
9. We are not allowed to do any work.
10. We are not allowed to have any toilet, sink, or bathtub.

We ask for immediate action to be taken to improve these conditions.

All we ask is that we be treated with respect and dignity.

CHICANO BROTHER OFFS PIG

Manual Richard Moreno

The invading troops of the Black community and Brown community, in alliance, have decided to increase the number of our people last week, when a victim of this fascist reign stood up to defend his rights against the murderous attacks of the Los Angeles Sheriff’s Department.

On December 8th, at approximately midnight, two pigs crept out of the fog to put an end to what the usual piglet of prolonged harassment and brutality of the people. Tired and overheated, the two pigs decided to victimize a 22-year-old Chicano brother, Manuel Richard Moreno of 7019 San Carlos in Compton.

The pig report given by the only survivor, Allen Campbell, a deputy sheriff working out of the Firestone Station (at 2:45 am on Thursday, December 8th), was that after the pig discovered he was a Chicano (a local Hispanic), he began to kick the brother in the face, stomach, and groin.

All people present, including the pigs, were considered single persons. This person was 22-year-old Manuel R. Moreno, a resident of 7019 San Carlos in Compton.

WE WANT AN END TO POLICE BRUTALITY

On December 9, 1970, around 2:45 PM, Jimmy L. Hooker, after coming from the direction of Market Street, entered his mother's home, where he lived (401 Main Street Oakland, Calif.). Neighborhoods noticed, as Jimmy Hooker entered his house, but two men followed him. When they reached the house, acting in the manner of a pig, one of these men pulled out a black-jack and began breaking a window on the door, Mrs. Hooker, startled by the breaking of the window, pushed herself behind the door. She asked the intruders, repeatedly, "What are you doing?" They said, "Get yourself and the baby (her grandson) out of the way because we're police." Before Mrs. Hooker could respond, these fascist pigs pushed through the door, nearly knocking Mrs. Hooker and her grandson down. These aggressors proceeded to the Hooker's home looking for Jimmy for the alleged crime of trespassing on school property.

The pigs made attempts to stop the pigs were in vain. At no time did these pigs attempt to engage in any form of a race war, at no time did these pigs pull his gun and gained entrance into Jimmy's bedroom. Both pigs grabbed and beat him to the head and upper part of his body

with blackjacks, dragging Jimmy from his room into the street.

(under the pretext of his mother and neighborhood-stirring him against the door and choking him by the neck, they forced Jimmy into a pig car trailor while they were inside.

Jimmy L. Hooker is twenty-one years old and has a wife and a two-year-old daughter. Not until the next day December 10 did Mrs. Hooker find out that her son was killed on one count of disturbing the peace, and two counts of assault.

Point number seven of the Black Panther Party Ten-Point Platform and Program states: "We want an immediate end to police brutality and murder of Black people.

As long as the fascist pigs occupy our communities, we are subject to all manner of violence.

All Black people should arm themselves for self-defense against the racist pigs that occupy our communities.

WHAT YOU'VE GOT TO GET WHEN YOU NEED

The war against the poor.

The poorest of the poor have few friends in this world. Of course, there are those who remain friends of the poor, loyal friends, who will stand by anyone in need. But in the end, the poor and their friends are left alone, standing in the face of brute force.

We refer to the Black Panther Party Ten-Point Platform and Program stating: "We want an immediate end to police brutality and murder of Black people."

As long as the fascist pigs occupy our communities, we are subject to all manner of violence.

All Black people should arm themselves for self-defense against the racist pigs that occupy our communities.

BERKELEY PIGS CONSTANTLY EXPOSE THEMSELVES IN AN ATTEMPT TO FOOL THE PEOPLE

Since the petition for Community Control over the Police Department was introduced, the Berkeley pigs have attempted to make the need for community control public knowledge. As the April ballot approaches, they are increasing their effort to demonstrate that support for the defeat of the petition is already widespread. They have stepped up their patrols of the area and increased in numbers, but they constantly expose themselves in an attempt to make it appear that they are everywhere.

As of December 10th in the Campus area (the proposed amendment divides the city of Berkeley into regions - central campus, white, and black), pigs held a massive mendacious in support of the area and 200 people.

The pigs became pariahs at the date of the vote, surrounded by jeers and gunshots, and were so scared that they evacuated and stood off the student union garage.

The pigs have made a thorough pig cesspool and the city council try to prove to the people with words that community control of police is unnecessary, their actions show a complete disregard for the rights of the people.

Meanwhile the politicians are making statements in the racist state that the effects of the pig department and the total lack of heed to the black community. In the pig department, however, the pigs' complete disregard for the rights of the people is in a definite need for the people of the community to have control of the police, to protect the people.

WATERMAN FAMILY PARALYZED BY JAIL

The main rampage of the fascist dogs of Los Angeles hit another family in the Waterman family of 2423 W. Anderson Blvd., Los Angeles, went practically unnoticed. The family was not expecting trouble. But the nature of a fascist attack for a campaign family, before the day was over the four members of the Waterman family were left disabled.

At approximately 2 PM in Will Rogers Park in Watts, Robert Waterman, 45 years old, was approached by a pig, asking an impossible question. The answers were not given, every answer was refused. The pig became more aggressive and had control over the situation. Robert Waterman questioned the actions of this pig. She was told to keep moving, let her way, shut up, and do not make the same mistake. She kept dog even split at Robbins. Nevertheless, Mrs. Waterman and her 15-year-old daughter were dragged and taken down to Firestone Police Station.

Mrs Waterman was charged with "abusive language in public," Robins was located out, punished and interrogated even though she was 15 years old. To top it off, the pigs took Mrs. Waterman's matress and blanket

At 8:45 PM, Mr. Waterman was released from jail. They told her rights, arrested, and gave her a summons for a 4:00 P.M. hearing. Mr. Waterman's rights were also ignored.

PANTHER LAWYER MUGGED

Katy Jurata, Defense Attorney for Alameda County, was physically assaulted at approximately 9:45 PM, December 10, 1970. This incident occurred as Katy walked to her apartment in midtown New York City from her work at the Black Panther Party, and turned around at the crossroads near the apartment. As she turned around, she was shot in the chest by a bullet fired from Katy's breast. After the attack, Katy was rushed to the hospital.

During the struggle which ensued, she grabbed her pistol, Katy was knocked to the ground and the assailant was killed. Katy continued to hold the assault on her head and lower part of her body. The attack of Katy is not the first. In the past, there has been a consistent flow of pig harassment, hate-calls, tarred her hairing, and other types of harassment.

MAXIMUM SECURITY HIGH SCHOOL

The quality of education has deteriorated so that students have been forced into maximum prisons. On December 21, 1970, students, seven of whom are BIJU members, were arrested at the confines of Centennial Prison (high school). The students were exercising for various reasons: four were going home on important business. The students had approached 115th Street from Sutter. After walking approximately ten yards, a pig car moved into the driveway on a few feet in front of the nearest students. Then a black bootlegging pig jumped out of the car, breaching his chain and yelling in a demonized manner, "Goddamn, what's all this?" All the while the fool and his two cohorts were wearing uniforms and his black bootlegging pig proceeded to threat a brother saying, "Don't you kick the pigs today." After going through the preliminary piggery, the young people were asked if they would not be kicked out. Two young men, one of whom is 19, were confrontational, complaining about the arm. After further investigation, we found that the black pig had been about all his extremities without pain and that he could walk with assistance. He was very emotionally upset over the entire incident. We removed him from the car and walked him across the street to the hospital. As soon as we hustled him inside, the pig attacked us on the street. We began treatment immediately, and asked questions. When the pig attempted to enter the examination room, he was stopped by the staff who stood in front of the door not allowing him to pass. We told the pig that the man's health was more important than any legal procedure. By this time, more pigs were at the locked door, barking and snarling. The patients in the clinic and the people of the community got a good education about the nature of these pigs. We won't allow acts of racism in the People's Free Health Center. Either you like the people or you are a pig. We demand that respect for the people.

MEDICAL INFORMATION SESSIONS PLANNED FOR WEST OAKLAND

NEW YORK 21 TRIAL CONTINUES FOR TWO DAYS AS LAWYER IS HELD IN CONTEMPT OF COURT

Broken bones, lacerations, burns—common occurrences the illness that results from the circumstances forces our children to use the streets, rooftops and vacant lots to survive. And when our homes depend on archaic old-fashioned heating systems, the community has been forced to live in the most inhumanest heat. The present food, and generally live under bad conditions.

To add hunger to injury, hospital wards and clinics are filled with people who are nothing more than that their butcher shops. These oppressive medical facilities and the malpractice of their personnel play a major role in the genocide of Black people.

The establishment of a free health clinic is in progress now, but to answer the immediate need of the people, the Black Community Information Center will present a series of Medical Information Sessions beginning in January. They will deal with practical first-aid care of bleeding and shock, various types of wounds, broken bones, burns, and eye injuries. There will be a few people available that will try to assist.

For more information call Community Information Center at 3390 10th Street, 404-7019.

New York 21 trial continues for two days as lawyer is held in contempt of court

Trials were received early Wednesday morning the 18th because one of the Defense attorneys, Charles McKoy, was ill with a back construction. There was no court Thursday as well. This fascist mockery of justice resumes Monday.

On Monday, the 14th of December the trial and fascist rampage of New York 21 continued. Defense attorney George Roberts continued on the witness stand. This begins the 4th week of the trial and its exile.

Attorney Bill Crain, one of six Panther Defense Lawyers, questioned Roberts closely about his alleged activities in various Black organizations. He brought out some contradictions in Roberts present testimony as opposed to the one he gave previously before the insane racist grand jury. Roberts admitted that he defended or got a group of defense leaders ordered or agreed to blow up anything at any time in any place.

Later attorney Crain was held in contempt of the federal court for trying to defend his client by inquiring into the nature of the pig's prosecution's objections and cross-examining the fascist judge. Marquis over the basic rights denied his clients by the court. Visibly, Marquis had tried to intercede when all defense counsel by telling them to a closed conference that any of them who spoke up after his was called in objection would be placed in jail for the weekend. When pig Marquis took it upon himself to make an objection for the D.A. to Cramer's list of questions and sustain it, Cramer objected. The jury was immediately removed and Cramer was found in contempt of court. Madison Marquis, the tried and tested head of the contempt court, was seated at the contempt session until the trial court was called.

The next day, the 16th of December, opened with another defense attorney, Sandy Katz, cross-examining the defense attorney Roberts. Katz's cross-examination brought out the fact the agent's sole purpose for infiltrating any organization is to destroy it and put its members imprisoned. This mental objective of the agent is important to consider, for it蹏lates and determines all that the agent says and does.

WE HAVE TO WAGE A STRUGGLE INSIDE THE JAILS AND PRISONS, SIMULTANEOUS WITH THE STRUGGLE IN THE STREETS

Editors note:
Robert Williams is a member of the Southern California Chapter of the Black Panther Party and has been a prisoner of war in the L.A. County Jail since September, 1969. He was arrested at that time for "assault with intent to commit murder" on a California Highway Patrol pig. He was convicted last September and is facing life imprisonment. (This pig is now simply paralyzed from a bullet wound in the spine.)

Robert Williams - Political Prisoner

of the difference between the Political Prisoner and the regular prisoner. But now, I've really begun to understand what Huey means.

The single most important thing that I've learned is that the force that has ripped us from the comfort of our homes and our comrades is part and parcel of the state apparatus that maintains control of the people in the streets. There are indissoluble relationships between the Political Prisoner and the people, in the streets. In order for the Political Prisoner to be free, the state's coercive and military arm must be broken. The same method has to used if the people in the streets are to be free.

So, being a Political Prisoner does not mean that we are divorced from the struggle being waged in the streets. We have to wage a struggle inside the jails and prisons, simultaneously with the struggle being waged in the streets. We have been jailed for our political beliefs and ideas. And because of the direction that we have chosen, jails and prisons are an almost inevitable stopover on one hand, possibly death on the other.

We realize that because of the liberating forces in motion that our situation is only temporary and conditional, and we will wage a continuing struggle in jail until our release can be negotiated upon or we liberate ourselves.

CONTINUE THE REVOLUTION AND ADVANCE FROM VICTORY TO VICTORY.

LETTERS TO THE PEOPLE FROM PRISONERS OF WAR, SO. CALIF. CHAPTER OF THE BLACK PANther PARTY

Al Armour

As the rising tide of fascism in America gains speed and momentum, the diabolical schemes of the Nixon - Agnew - Pentagon regime come more clearly into focus. When Nixon announced he would destroy the Black Panther Party, his first tactic was to rely mainly on guns and force. As this authoritarian repression increased our resistance, Nixon charged fascist to us of speedy railroads through the courts. After a number of victories through the courts were realized during 1968-69, Lumer, Robert, Elly, etc. our resistance increased in the level of attacking the courts entirely.

In an effort to combat this latest move, these pigs have first of all intimidated black jailhouse informants and black compañeros in the pits; secondly, the jails of the Panthers already bailed out.

Faced with the inevitable, they have begun to make a bid for the jails of the Panthers already bailed out.

For a person to be incarcerated for having certain political points of view in opposition to the repressive regime in power, and trying to change the objective condition of the oppressed people, he could be termed a "Political Prisoner," or a "Prisoner of War" (P.O.W.).

It is for these things that I have, along with others, chosen the path of revolution, and been termed by reactionaries as "enemies of the state." No doubt the ruthless pigs have tried to break my spirit. LET THE MADMEN OUT

Bruce Richards

Being confined physically here is a crystal clear reflection of the fact that the oppressor uses and to what lengths he is willing to go to retain his hold on power. It is a historical fact that the oppressor has to kill the slave or change the method of enslavement in order to maintain his rule. But we are determined to kill this beast and we will execute all traitors we can catch and will start with the traitor himself. We will not give up our camp because of his presence, we have given our word to the prisoners and black compañeroes we will fight to the end.

Bruce Richards was arrested on October 19, 1969, for attempting murder on a pig. The day before, October 18th, the same pig whom Bruce was supposed to have shot was shot at, murdered in cold blood on the street in the Watts district.

WE WILL FREE OURSELVES

I am a political prisoner, one of the people's many revolutionary warriors, who has been unjustly arrested, imprisoned, and incarcerated. I know that this is only a temporary step toward freedom, because the means of liberation will liberate all.

Though I have been incarcerated, I do not stop from continuing. I know that this is only a temporary step toward freedom, because the means of liberation will liberate all.

Even though I'm incarcerated, it does not stop me from fighting. The interest of the people. I am a member of the Black Panther Party for Self-Defense, and have been an active member of the party for the last 6 months. All over this fascist America, in daily contact with oppressed progressive people who are ready to deal and to show the oppressor for the oppressor. I am a member of the Black Panther Party, and I am a political prisoner.

Robert Bryan

Robert Bryan is currently in jail because he and a bunch of black communists continue to hold his bail. He was arrested December 9th, 1969, and has been in jail ever since. His trial is scheduled for January 10th, 1970.

Robert Bryan

George "The Duck" Young

"The Duck" is in the L.A. County jail for assaulting a police officer with a broken bat and has been in jail for the last two months. He is a political prisoner since December 7, 1969.

For a person to be incarcerated for having certain political points of view in opposition to the repressive regime in power, and trying to change the objective condition of the oppressed people, he could be termed a "Political Prisoner," or a "Prisoner of War" (P.O.W.).

It is for these things that I have, along with others, chosen the path of revolution, and been termed by reactionaries as "enemies of the state." No doubt the ruthless pigs have tried to break my spirit. But victory can never be his, for my weapons are the power of the people, the power of the masses, whom I know all of my comrades, and segregated from the general jail population, and kept in lock...
THE TRIAL OF ERICKA HUGGINS AND BOBBY SEALE

With the examination and dismissal of 10 people today, the seventh panel of 50 was exhausted. These excused today: 
-because of exposure to prejudicial publicity, 
-because of hardship, 
-because they said they would always think of a cop over a Jew, 
-because they did not fully accept the "principle of innocence" (the defense peremptories),

The defense has now used 23 peremptories of the 60 prosecution excused. They were forced to spend the challenge today on an elderly man who kept referring to "my country" and "my government," etc. He said that as long as "my government" did not call the Panthers "illegal" he figured they had a right to exist, but if "my government" were to learn more about these things, decided that they were "illegal" he would support their decision. At one point, he said, contrary to the presumption of innocence idea, that he would expect "the President to behave himself" and said some information which would prove its innocence. However, after being convicted by the judge, he changed his position (saying that he had misunderstood the question -- which was very clear) to say that they had the right to present evidence. After over half an hour of verbal games, the defense had to spend two days when they never should have had to use.

The average age of this pathetic group was 65. ... through the courtroom before the bench and at the end of the day, appeared to be still older than the ones the defense had used. There was only one ill on the panel -- a woman who belongs to the ladies auxiliary of the American Legion and whose hus- band is a volunteer on the New Haven police auxiliary. Despite the obvious conflict of interest which her serving would create for her, the court refused to remove her and the defense was placed in the unfortunate position of having to challenge her. The defense attor- neys, who have accused a juror who has two relatives on the police force because he is black and they wish to have every black person they can get to serve, executed her reluctantly.

The others on whom the defense were forced to spend challenges were:

-an elderly white man who served on the board of Aldermen for the city of 12 years and is now on the Board of Selectmen. He also belongs to the Kioks, a loyal Border Organization in New Haven.

Of the eight panel sworn to no jurors.

EIGHT YEAR OLD BLACK YOUTH BEaten BY RACISTS

In Philadelphia, Pennsylvania, the vicinities around 72nd and Greenway streets is predominantly black housing projects near-by. The nearest school is majority white.

On November 17, 1970 Daniel Filling, an 11-year-old white boy attacked and beat an 8-year-old black youth, Anthony Harris, as he passed through a playground heading for home. A few days later, on November 24th, Daniel again approached Anthony and a friend, DeVon Nelson (also 8 years old), when they were en route home from school. After Anthony jumped out of the way, Daniel struck DeVon repeatedly, knocking him to the floor. He then went out to the street and returned with a baseball bat.

The Eighteenth Panel sworn to no jurors.

EDITORIAL NOTE

In Vol. V, No. 25 (December 15, 1970) of the Black Panther, an article concerning the trial of a Baltimore Panther, Chikha Young, contained a point of mis-information. The article stated that the jury was all white. However, nine of the 12 jurors were Black. This doesn’t mean, however, that we had a jury of our peers. All of the Black people on the jury were part and parcel of the oppressive system. They were community lackeys and bootblackies who scorn anyone who struggles for the freedom of all oppressed people.

NO JUSTICE FOR BLACK PEOPLE

Airman Tim Dewey, a black man formerly of the 47th Squadron, was found guilty by a court-martial of assault and battery. He was sentenced to two years in prison and $50 fine. The prosecution witnesses were white.

On July 7, the Air Force found that the defendant had used a knife to attack a black man in a bar. The defendant admitted the attack and was convicted.

The trial, which lasted five days, was held at the courthouse in Waukegan, Illinois. The defendant was represented by two black attorneys from Chicago.

We want all black men to be exempt from military service.

The trial ended in a hung jury, and the defendant was released on bail. The case was appealed, and the defendant was found guilty on all counts.

A.S.U. BROTHERS FACE BRASS COURT IN IWKUNI, JAPAN

Several American Servicemen's Union brothers are standing trial in Japan for fighting back against brass harassment.

The Union brothers were accused of assaulting a brass man, who is reportedly associated with the American Servicemen's Union. The brothers were charged with assault and battery.

The trial is scheduled to begin on July 15, and the brothers are expected to plead not guilty.

DESERTION RAISES SOUS

Desertion rates for the Army and recently freed the Pentagon off of a Crime Information Center composite. The brothers have shown a startling decrease in desertion rates since the war began.

The decrease in desertion rates is due to the Army's stern measures against deserters. The Army has increased the penalties for desertion, including capital punishment, to deter men from deserting.

FT. RILEY... FIGHT AGAINST RACISM

Pfc. Bert N. Smith, a black man, was arrested at Ft. Riley for fighting against racism. The incident occurred during a segregated race riot at Ft. Riley.

The incident is part of a series of events at Ft. Riley, where black and white soldiers have been fighting against segregation.

The fight against racism at Ft. Riley is part of a larger movement across the country. The movement is gaining momentum, and many black Americans are demanding an end to segregation.

There's no more room for racism in the Army. The Army must standardize its policies and ensure that all soldiers are treated equally.

PORTUGUESE IN GUINEA

The Portuguese invasions of Guinea-Conacry over the last several weeks were a desperate effort by Portugal to hold on to its colonial empire in Africa. Like the U.S. in South Vietnam, popular armed struggle has driven Portugal up against the wall in its West African colony of Guinea-Bissau. The invasion of neighboring independent Guinea-Conacry was Portugal’s version of Cambodia - its objective was to eliminate a friendly sanctuary and supply base.

PIGS AT BAY

The colony of Guinea-Bissau is a small Portuguese-ruled enclave on the coast of West Africa, sandwiched between the African-ruled states of Guinea-Conacry and Senegal. Its people took up armed struggle against Portuguese colonial rule in 1962 under the banner of the PAIGC (the African Party for the Independence of Guinea and the Cape Verde Islands). Led by Amilcar Cabral, one of the most impressive revolutionary figures on the world scene today, the PAIGC has already liberated nearly 80% of the country.

Despite their impressive gains, Portugal still controls the coastal area of the country. This circumstance has forced the liberation movement to get supplies and maintain international contacts through neighboring Guinea-Conacry and Senegal.

Portugal’s invasions of Guinea-Conacry were only the latest in a series of maneuvers designed to cut off and isolate the PAIGC’s support and assistance from fellow Africans. Last year, Portugal conducted terrorist campaigns against Senegalese villages in the areas bordering Guinea-Bissau. The Portuguese bombarded these villages and dropped leaflets warning of further attacks if the Senegalese people continued to aid the guerrillas in Guinea-Bissau.

These campaigns in Senegal unfortunately produced the intended results. The smug Senegalese leadership, headed by conservative Leopold Senghor, no longer permits the PAIGC to train or seek sanctuary on Senegalese soil. Senghor has even stopped the flow of supplies to his country’s rebel forces in Guinea-Bissau.

Unlike Senegal, Guinea-Conacry has not been intimidated by Portuguese turpitude, and the invasions were planned and launched from the coastal part of Guinea-Bissau which Portugal still controls.

According to Radio Conacry, the African soldiers involved were trained by the Portuguese for the purpose of being everywhere at the same time. Schramme, a former Belgian army colonel, Schramme is one of the Free World’s Green Berets at-large, having fought as a mercenary in the Congo, Angola, and elsewhere in Africa. As expert in such “Vietnamization” programs, he was probably invaluable to the Portuguese in organizing the recent operation in Guinea-Conacry. Schramme has just started a chicken farm in Portugal to keep busy during the off-season.

The intentions of the invasions are far from clear from the actions carried out once inside Guinea-Conacry. President Sekou Touré’s summer villa was burned to the ground and the presidential compound in Conacry was attacked (without success). An army camp was seized long enough to release prisoners. Some 39 - 50 invaders were killed and another 100 taken prisoner. About 400 Guinea-Bissauans were killed, including random terrorist attacks on women and children.

The invaders apparently sought to assassinate President Touré in the hope that a new regime would join with the Senegalese government in cutting off Guinea-Conacry’s struggle in Guinea-Bissau. Portugal made common cause with political exiles from Guinea-Conacry in the attempt to eliminate Touré. Perhaps in return for Portuguese assistance in helping them try to seize power in Conacry, the exiles promised to cut off aid to the PAIGC. Strong as PAIGC now is, the loss of sympathetic Guinea-Conacry next door would have been a crushing blow to ultimate victory.

The Portuguese counter-insurgency effort in Guinea-Bissau is failing badly by all accounts. The invasions were a last-ditch attempt by Portugal to win in Guinea-Bissau by wiping out the top PAIGC leadership at its headquarters in Conacry, and especially to assassinate...

ate the charismatic Cabral. It was probably also intended to intimidate the peoples of Portugal’s other African colonies, Mozambique and Angola. Both these colonies, larger and considerably more valuable to Portugal than Guinea-Bissau, also have armed liberation struggles. But of the three movements, Guinea-Bissau is the most advanced. Portugal desperately needs the feel to defeat the PAIGC as a warning to the people of Mozambique and Angola that their armed liberation struggles are futile as well.

The UN observation team recently returned from its fact-finding mission in Guinea-Conacry has upheld Touré’s charges that Portugal invaded his country, though Lisbon continues to issue make-believe denials of any involvement. The UN mission noted that “the invaders had received support that could have been given only by a major foreign power with well-equipped and well-organized armed forces.” Portugal, easily Europe’s poorest country, is neither a major power nor is its army well-equipped. But NATO is.

Portugal’s invasions of Guinea-Conacry brings home once again the fact that Portugal can maintain its imperatorial role in Africa only because of its NATO membership. It fights its colonial wars by grace of the NATO arsenal — Italian fighter planes, French helicopters, German boats, and American bombers, transports, rifles, ammunition, and napalm. While the U.S. occasionally ramps up in protest over continued Portuguese colonialism in Africa, the peoples of both Guinea, Mozambique, and Angola dodge the shrapnel (shell fragments) of American industry.

ORDER OF THE VIETNAM PEOPLE’S ARMY HIGH COMMAND ON DECEMBER 10, 1970

In implementation of the appeal of the Party Central Committee and the officers and men of the Ministry of Defense, all services and branches of the armed forces, the military and security forces, the people’s security armed forces, and the workers and employees of national defense establishments:

1) To realize clearly the ominous nature and urgency of the task of the U.S. imperialists who are planning to attack the North in an attempt to stave off the danger of their defeat in South Vietnam, Laos, and Cambodia, to realize clearly their sacred duty to defend the Fatherland and the important significance of shattering all the new maneuvers of the enemy against the North, and seize every opportunity to wipe out near- by the enemy coordinates with other battlefield to inflict still heavier setbacks on the enemy.

2) To create a battle-steady combat-readiness, both morally and organizationally, work out concrete plans, issues in urgent manner, avoidready to fight the enemy whenever and wherever they come and in whatever form and with whatever forces they deploy.

Be resolved and take the initiative to fight the enemy whenever they come and fight violently and victoriously.

Desert enemy planes whenever they enter the airspace, shoot them down when they come, hit them with the first rounds, bring down many of them as the spot and capture many U.S. air pilots.

Be resolved to wipe out nearby attack enemy command and destroy as many as possible.

3) Be determined to keep communication and transport open in all circumstances, and if necessary, open the way to advance, to fight the enemy to move on, and always meet in the fullest manner and in time all the requirement of the battlefield.

4) Do everything to defend the people’s lives and property, social

VIETNAM VETS BRING WAR HOME

Valley Forge, Pa., Sept. 7 (AP Press Service) — A 23-man unit of Vietnam veterans and active duty GIs staged a successful search and destroy mission, clearing the roadway in Hackettstown, New Jersey, to Valley Forge, Pennsylvania of enemies along the route.

“Operation R.A.W. (Rapid American Withdrawal), an organization called it, was designed to demonstrate the ease by eliminating enemy combat conditions. Lasting four days, the operation staged incidents along the road of march such as ambushing, apprehension of VC suspects, and R.A.W. itself, an event from which a television crew took the piece of Vietnamese.

Public resistance in the town along the march route was mixed. "I shocked people beyond belief that this was an actual policy in Vietnam," said Craig Scott Moore, a march organizer and vice president of Vietnam Veterans Against the War. Craig told the AP Press Service he was formed "to show the world that the people of Vietnam were Vietnamese, that many people who saw the march. Some even refused to believe that the marchers were actual vietnam vets, that some were MIA until after the event, carrying their mail M-16, their body bags, and pulled 3000 supporters in a rally calling for immediate withdrawal from Vietnam.

Operation R.A.W. was terminated in Valley Forge on Labor Day. The event received attention by signing their march M-16, their body bags, and pulled 3000 supporters in a rally calling for immediate withdrawal from Vietnam.

What We Want
What We Believe

1. We want freedom. We want power to determine the destiny of our Black Community.

We believe that black people will not be free until we are able to determine our destiny.

2. We want full employment for our people.

We believe that the federal government is responsible and obligated to give every man employment on a guaranteed income. We believe that if the white American businessmen will not give full employment, then the means of production should be taken from the businessman and placed in the community so that the people of the community can organize and employ all of its people and give a high standard of living.

3. We want an end to the robbery by the CAPITALIST of our Black Communities.

We believe that this racist government has robbed us and now we are demanding the over two billion dollars in forty acres and two mules. Forty acres and two mules was promised 100 years ago for restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities by Germans now aiding the Jews in Israel for the genocide of the Jewish people. The Germans murdered six million Jews. The American racist has taken part in the slaughter of over fifty million black people, therefore, we feel that this is a modest demand that we make.

4. We want decent housing. Fit shelter for human beings.

We believe that if the white landlords will not give decent housing to our black community, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

5. We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that Black people, should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

8. We want freedom for all black men held in federal, state, county and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

9. We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this the court will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the 'average reasoning man' of the black community.

10. We want land, bread, housing, education, clothing, justice and peace.

And as our major political objective, a United Nations-supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among men, deriving their just powers from the consent of the governed; that whenever any Form of Government becomes destructive of these ends, it is the right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form as, to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and, accordingly, all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is the right of the People to alter or to abolish it, and to institute new Government, and to provide new guards for their future security.
