ON THE BATTLEFIELD IN CAIRO, ILLINOIS

PIGS KIDNAP BREAKFAST COORDINATOR

REV. CHARLES KEON DIRECTOR OF UNITED FRONT OF CAIRO.

On December 24th, eleven people left Fayetteville with supplies of food for the people of Cairo, Illinois. Included were a variety of clothes, oranges, and candy for the children. The goods were collected through the efforts of Daddy Morgan and the Fayetteville Vet's for Peace. The OMT would like to congratulate them for a job well done.

The food was taken because blacks in Cairo have been in the process of boycotting white businesses for 22 consecutive months. The boycott was started because the population of the town is approximately 45% black and white. The black and white power struggle is much lower (3%)

On December 24th, the front of the black and white power struggle was much lower (3%) than that of the blacks (80%). The local industry drove 39 of its workers from the white labor pool of Missouri and Kentucky. The fortunate blacks (who are able to work) draw $6 per hour as field hands. Black workers were domestic for $35 a week.

The blacks formed the United Front and initiated the boycott in hopes of forcing the white businessmen to hire more domestic labor black and white. The United Front also wants $300 per week at all levels of political and socioeconomic institutions in Cairo. For the black and white power struggle has been the following: A vigilante group numbering 200 people, the United Citizen for Community Action (the vigilantes) has close ties with the Johnson and the American National Party.

When we arrived in Cairo, we could sense a different atmosphere than anywhere else we had ever been. Perhaps the vets have noticed a strange similarity between Cairo and Viet Nam. Everyone in the town was upright, there were police cars all over the downtown area. We were all relieved when we made it into the black part of town. We were taken to United Front office to meet the ministers of the United Front Party. We were introduced to Whitney and Lauren Pace. The reception was hearty and warm and friendly; there were no hostile scenes or gestures against us because we were white. We had no chance to talk with LeBron. He explained what the United Front's latest plans were. Presently all the black people of Cairo are being denied the use of the hospital, the closest medical aid is 35 miles away. What they are able to do is to set up two clinics; one in the black housing area and one in the poor white housing area. However, due to lack of capital, they plan to purchase and equip a mobile unit to serve both the black and poor white people in Cairo. To illustrate what the black and white unity means in Cairo, there are one dentist one day per week for 10 hours, one registered nurse, six burn cases, and six burns suffering from gunshot wounds etc.,

After our talk with Lauren we went to the church where they had gathered their rally. There were about 50 people present. Many people spoke, this demonstrated how the entire community of Cairo was behind the United Front. Everyone was given the chance to express their views.

Many people from Fayetteville and two from St. Louis, went down town to picket the police station. (We believe that this is the first time that any white people have picketed the white businesses). It brought about quite a strange reaction within minutes four police cars were on the scene, as well as four city police, plain clothes policemen and black and white. They were quite upset and many people publicly voiced their opinion on the happenings. After 15 minutes, and then went back to the church to grab a bite to eat before the next presentation (that we would be out of town by 11 am.)

We were only there six hours, but in that time I realized how utterly these black people were, from children to grandfathers, all working together and willing to do whatever it takes on their rights they have been denied for so long. They had to be together because this is the only way that they could have held us for so long, this is the only way that the police and black people have organized their lives. As it stands now, it is harder to organize your life when you have no money, no food, no clothing, no shelter. You are forced to work for your food and clothing. This is why we are important.

We were able to do much more in the Dayton Workhouse by pig judge Walter Rice for allegedly disturbing the peace. The facts of the incident show just the opposite, and that Willie's rights were in fact violated.

Late last summer, Willie was riding along with a group of black brothers when they were surrounded by pigs. David, who was driving, was apprehended by two pigs and charged with driving without a license. Two pigs then took the other passenger in the car was charged with suspicion of armed robbery. These charges were later dropped. Willie got out of the car and was immediately grabbed by three pigs and thrown into one of the pig pens. The three pigs then took two of the pig pens and interred. They were released on bond the following morning.

On January 12, 1976, Willie appeared in court. The three pigs that had arrested him were witnesses for the prosecution. In their testimony none of the three cited any misconduct on the part of brother Willie that was indicative of a criminal act or any sort of disturbance. They did however, continue to make mention of the fact that the black people was using the term pigs when attacked.

This statement along with the fact that the pigs are members of the Dayton N.C.C.F. and declines to serve black people was enough for pigs judge Rice to completely disregard Willie's human and constitutional rights and

DAYTON N.C.C.F. MEMBER KIDNAPPED BY PIGS

On Thursday, November 12, 1970, Mike Molley was kidnapped off the street by brother and sisters of the Dayton pig department. As Mike drove up to his house, he was surrounded by pigs. They pulled his car over, and beat up all the pigs in the car. Mike was taken by the pigs. The pigs then proceeded to take the entire contents of the car.

The pigs did their job with a certain degree of efficiency. Mike Molley was taken to the Dayton pig department and held for ransom.

SAN FRANCISCO RENT-A-PIG ATTACKS PEOPLE AND PANTHERS

On Thursday, January 6, we entered the Market on Geary and Webster streets in San Francisco. When we arrived there was a crowd of people surrounding a man who was defending himself from an attack by a Mayfair Rent-A-Pig. The pigs were attacking people with clubs and knives. The man was able to defend himself and the pigs were forced to retreat.

The pigs then tried to kidnap a man who had tried to stop them. The man was able to escape and alert the police, who then arrived and arrested the pigs.

Winston-Salem Fascists Invade Black Community and Attack N.C.C.F.

On Tuesday, January 12, 1971, the Winston-Salem, North Carolina N.C.C.F., was attacked by over 40 fascist types. Before the attack, a meat truck drove up and parked in front of the office. After the meat truck had been parked for a few minutes, the pigs attacked the office using the excuse that the N.C.C.F. members had robbed the truck. At this time, one N.C.C.F. member, Grady Fuller, a community member, Larry Coxes were arrested.

Because the community had become enraged at the blatant pigs' attack on the people's office, the pigs went on a campaign to justify their actions. In an effort to stifle anyone on the real issues, the pigs said that everything that was confiscated from the office was stolen and that they found marijuana and heroin in the office. However, the people recognized that the alleged stolen meat and invisible narcotics are only a pig lie to justify the destruction of the people's office. Hall for Grady Fuller was set at $7,000 and Larry Coxes is being held captive in the Youth Detention Center in Winston-Salem.

Again less than a week later on January 14, 1971, the Winston-Salem fascists invaded the Black community and the N.C.C.F. office. Without any present this time, the pigs came into the office and confiscated what few materials they had left. Furthermore, stating that the N.C.C.F. was evicted, the pigs also put all the furniture into the corner and evicted N.C.C.F. member, Julius Cornell. Simultaneously with the second attack on the office, Larry Little, N.C.C.F. coordinator, was being arrested at the Winston-Salem courthouse. He was charged with being an accessory to larceny of the meat truck. Hall for Julius Cornell and Larry Little was set at $5,000 each.

The repression in Winston-Salem in constant and will continue until the masses of people of that community rise up and take charge of their oppressors.

RE: U.S. WAR CRIMES

January 11, 1971

More than a hundred veterans of Vietnam conflict are expected to testify about war crimes committed by U.S. soldiers in the Indochina War. The "hearings," sponsored by an anti-war organization, will take place in Detroit on January 26th, and February 1st and 2nd. Detroit was selected because it is directly across from the Canadian city of Windsor, Ontario. If Windsor is the victim of war crimes, from both North and South Vietnam. The testimony of the soldiers and the victims will be collected by means of closed circuits television. The testimony will be broadcast live by means of closed circuits television. The testimony will be broadcast live to the Vietnamese to enter this country.

A hearing of the "Winter Soldier Investigation," the same group of the Vietnam conflict, was held in Detroit at the same time. Wendell Wade
Political Prisoner

We have been rejecting jurors now for approximately three weeks. Although I know, long before this began, that it isn’t possible to get a fair and impartial jury, this process is now going through only confirm my beliefs.

I’ve attended the work of the Party through some of the people who have passed through this courtroom. I say “passed through” because it is impossible for them to remain under the burden of this state. While being questioned about her knowledge of the Party, one sister revealed that she knew only that she was able to send her two children to a nearly church to eat breakfast given by the Panthers. She was examined by the D.A. The “persecution apparently meant little to the defendant when one prospective witness answered affirmative to the question, “Have you had blacks into your home for a meal lately?”

I know that what I’ve seen of the prospective jurors is not my peer group. I haven’t seen

This communications problem must be overcome. The prisoner holds a large portion off the present day lumpen-proletarian and they all know there is no resistance worth fighting on. The skills that were taught within the walls are certainly valuable in the community to maintain the prison itself. With present-day automation and cybernetics plus the not too distant technology not only will the people become incorporated on an unemployed they will be pushed further down the ladder by the new semi-skilled labor force and the present day semi-skilled labor force to become the “new” lumpen. Within the next year or two, the lumpen proletariat will be transferred into a different class. (We would have to find a new term for—perhaps interclassist—feeding of both the affluent business class and the lumpen proletariat, transformed (proletarian).

Failure is comprehensive definition of a status quo that takes into account both the ideological and the force of that status quo and serves as the social glue that holds a people together and through which a people relate to the world and other groups of people in the world.

The failure of the incarcerated to acquire the principles of dialectical materialism and for interclassism would prevent the meaning of a single lumpen proletariat and furthering the inevitable revolution. The prisoners are fostering with able and dedicated laborers who are beginning to appreciate the fact that the change that we all desire, that a new freedom to live in productive creativity, requires that they first, before anything else on their part, they are answering that call, they are moving and choosing. The “unreproducible” element of society that Lenin refers to as in fact existing out of the people’s consciousness. The survival kit should be devised where political prisoners and the out of the prison system. I am able to receive it should it be and I have a weapon with me in this, as well as clothing. FASCIST PRISON REPRESSION OF NEW ORLEANS PRISONERS OF WAR

From the period of Sept. 16 - Nov. 20 approximately 27 members of the New Orleans N.C.C.C. fell under Nazi vigilante attacks and had to be arrested for their participation in the struggle for freedom and liberation. Since our incorporation the tactics of attack, violent repression and arrests have been stepped up and we are making an effort to smash our revolutionary spirit and goals and to prevent our ideas from extending to other brothers throughout the prison. The following facts can clearly notify us to a conspiracy on the part of the administration of Orleans parish prison to destroy freedom fighter's spirit and if possible to start a stage for murder.

After a disciplinary attack on our office on Sept. 8th in which 14 of us were arrested we were quickly rushed to magistrate court and placed on a ransom of $10,000. The warden of Orleans parish prison notified all of us the time to prepare a place to be isolated from the rest of the prison. We were then brought to the prison and lodged in a cell on the maximum security tier. Our food was served to us under the supervision of the warden and his aides. During the time they have repeatedly used the freedom fighter's name to the name of the Black Panther Party in order to depress our morale. They have threatened and intimidated people, using the closed door to keep the Black Panther Party from working. They have threatened, according to the Black Panther Party understands how and why these people have been transferred, but we refuse to allow them to go. The Black Panther Party has not been allowed to work in this prison and they have not been allowed to have regular meetings.

So let it be known that Stella and Stella Carter are not, never have been and will not be members of the Black Panther Party. Let it be known that all the members of the Black Panther Party will not tolerate pumps, fools, or pigs to prostitute our class and our people. If they don't leave by the end of the month, let it be known that the Black Panther Party kindly requests that only the Black Panthers in life and the watchdogs of the people are the only ones allowed.

ALL POWER TO THE PEOPLE SOUTHERN CALIF. CHICAGO BLACK PANTHER PARTY

We, the people, are making an effort to stand with the people of Orange County, California, who are facing the same kind of fascist repression that we are facing.

PRISONER'S PROGRAM OF RELIEF

Styano and Stella Carter

Since April of 1969 in Southern Calif., the Free Breakfast for Children has been very successful in the Black community. One of the reasons the program has been successful is that the brothers and sisters of our community have come forward and worked diligently and selflessly to make it so. But wherever there is popular support and success of a truly revolutionary program there are those who come forward to work in the interest of the people, but to repress the basic needs and desires of the people for their own personal gain.

Styano and Stella Carter are just such people. Stella (Winkley) and Styano Carter have operated the Free Breakfast for Children Program out of their home.

In the article "Fascist Prison Repression of New Orleans Prisoners of War" by Charles Scott, the perspective provided are insightful into the repression faced by prisoners and the resistance against it. Scott highlights the attacks, arrests, and repression faced by the prisoners, emphasizing the struggle for freedom and liberation.

The article also mentions the successful operation of the Free Breakfast for Children program in Southern California, which has been very successful in the Black community. Styano and Stella Carter have been instrumental in the program's success, working diligently and selflessly to ensure its success.

Scott's article brings attention to the repression faced by prisoners and the resistance against it, emphasizing the struggle for freedom and liberation. The perspective provided is valuable for understanding the context in which prisoners are fighting for their rights and the challenges they face.
ORGANIZING SELF-DEFENSE GROUPS

PART 3

We must begin to make direct attacks against the pigs' C.M.I. The use of incendiaries and explosives are very important elements in the arsenal of guerrilla units. Sabotage will play a very important role in our struggle simply because sabotage gives us more time in which to deal with C.M.I. Guerrilla units must seek out and destroy each link in the pigs' communication and transportation system. So make them spend millions, BILLIONS of dollars on erecting cyclone fences, installing flood lights, erecting guard huts, and establishing foot patrols around everyone of their vehicle parking lots and every one of their communications installations in Babylon.

ATTACK THEM AT WILL. Retaliate and avenge every revolutionary suicide in the world that is done in the name of freedom and liberation from the pigs of the United States, and their lackeys, and their evil system of world slavery.

When we examine our history and study past slave revolts, we see that almost without exception, they were crushed because of agents and informers of the slavemaster. So when after an investigation, we discover an agent in our midst, they must be eliminated swiftly. If we direct our efforts in these directions, this will definitely drive pigs and take away the pigs' advantage of C.M.I.

CORRECTING MISTAKEN IDEAS

I have seen many articles in underground papers about weapons and many of them have put forth some erroneous ideas. The thing we must keep foremost in our minds is that we are in Babylon and we must deal with our situation with the resources available in Babylon. There is nothing more I would like to do than write and talk about the AK-47. This is one of the finest assault weapons in the world. However, they are not available in Babylon, neither is the ammunition. So it would only be an exercise in futility and a total waste of time. I also have seen long dissertations on the merits of the likes of the .303 enfield, the 7mm mauser, etc., all kinds of bastard weapons and calibers. Not that these weapons are not good weapons, but our stash is the enemy's stash. Believe me, they don't have any of these odd-ball weapons or calibers in their arsenal. So if you get caught in this situation with the likes of a .303 or a 7mm or some other foreign caliber weapon, at that point it is no better than a club.

Field Marshal, D.C.

By the same token, if you have the finest weapons and don't know how to use them, they are no better than clubs. However, with enough of the correct practice and knowing where to place the bullet, it is possible to kill an elephant with a .22.

However, with enough practice with the following pieces and arming yourself ideologically with the inexcusable thought of the Black Panther Party, it is possible for you too to become a match for one hundred. The same as those 2 Panthers who were attacked by 50 pigs, had a five-hour battle, and survived, in December of 1969 in Los Angeles.

SELF-DEFENSE WEAPONS

Due to the brainwashing done by T.V., movies, comics, etc., there are a lot of incorrect ideas about firearms that must be cleared up. The first thing to understand is there is no one piece (gun) that covers any and all situations. Although they show pigs on T.V. and in the movies killing people a block away with a snub-nosed .38 revolver, in reality this is not very practical and shouldn't even be attempted. From seeing too much Wyatt Earp and Matt Dillon, too many people think that if they have a hand gun, either a pistol or a revolver, that they are ready for anything. All that is necessary to give you a different perspective is to examine the arsenal of the pigs that occupy our communities anywhere in Babylon. When you do that you will discover that most pig cars have at least one .12 gauge pump or automatic shotgun, one or two bolt-action rifles with a scope mounted for sniping purposes, one or two semi-automatic or automatic assault rifles, and, of course, the pigs have strapped on at least one hand gun, either an automatic pistol or a revolver. In San Francisco, the S.F. Tactical Squad members carry two hand guns, their standard service revolver plus a second hand gun which is their personal preference, in many cases, an automatic pistol. So, at this time, let's examine these three types of weapons -- the shotgun, the rifle, and the hand gun.

.12 Gauge Shotgun

THE SHOTGUN: The pigs use the .12 gauge shotgun, either pump or automatic, loaded with 00 buckshot generally in crowd situations such as rebellions. The standard load is nine pellets per shell; however, there is the magnum load of twelve pellets per shell. These magnum loads are to be used only in magnum shotguns. If you use magnum loads in a regular shotgun, you might not live to tell it.

The pigs also use slugs, one giant lead ball. In the plans the Berkeley pig department had drawn up to attack Central Headquarters of the Black Panther Party, they intended to use slugs to knock the armour plate off of our doors and windows. There is also a tear gas shell now designed to be fired from a .12 gauge shotgun.

EVERY BLACK HOME SHOULD HAVE AT LEAST ONE .12 GAUGE SHOTGUN TO BE USED TO PROTECT THE DOOR. Use 00 buckshot and it will deal with any criminals trying to enter uninvited.

Cuban guerrillas used shotguns very successfully in the revolutionary war led by Che and Fidel. They would set up ambushes close to roads usually only a few feet away and shotguns loaded with 00 buckshot would have a devastating effect upon the occupants of cars and/or trucks. We can do the same.

This photo shows what slugs used by the Chicago pig department did to the steel plate on the door of our office.

ORGANIZING SELF-DEFENSE GROUPS

continued from last page

There is another use of the shotgun at this point in our struggle, that is: the barrel of the shotgun is smooth bore (there are no grooves inside the barrel) therefore no groove marks appear on the pellets. Therefore, for executions, the shotgun is ideal because one of the methods of investigation used by the pigs is checking groove marks. This process of investigation is part of what is known as a ballistic check. They can't make an investigation based on ballistic marks when you use a shotgun; therefore, this is an ideal weapon for executions at this time.

9mm automatic pistol: Although pistols are called "automatic", they are really semi-automatic. The trigger has to be squeezed for every shot. I recommend the BROWNING 9mm AUTOMATIC. It comes with a 13 shot magazine. With a round in the chamber, that makes 14 shots available. If you're up against someone with a six shot revolver, they will have to reload two times and you've still got two shots left. You can also purchase a 21 shot magazine. That's a lot of firepower for a hand gun.

Finally, the age-old M-1 GARAND caliber 30-06. Very good, plenty of them around, heavy and accurate way out, easy to get, and plenty of ammo around. Check your pawn shops and gun shops, also some National Guard units and college ROTC units have them readily available.

THE THOMPSON SUB MACHINE GUN in good working order is very reliable in .45 ACP caliber. It fires either semi or fully auto. One rewarding feature is it uses the same ammunition as the .45 auto pistol. Therefore, only one type of ammunition is necessary for your stash. Check your local police/Mafia arsenal for availability.

.45 AUTOMATIC PISTOL: This is still the side-arm issued to the U.S. fascist military troops. It uses the same ammo as the Thompson sub. They can also be purchased in stores. There also seems to be a lot of these available in the streets. Check with your local street merchant.

PRACTICE - PRACTICE - PRACTICE

WEAPONS TRAINING

In order to perform well in your work on all levels it is necessary to practice. The more you practice, the better you perform. Don't think just because you have read something you can do it. You can memorize a book on how to drive a car, but until you get behind a wheel and practice, you still can't drive.

The first things to understand before you ever put a round of ammo in a chamber are basic safety rules. 99% of all accidental shootings happen with guns that aren't supposed to be loaded and/or by people that say "I'm sorry, I didn't know it was loaded." Therefore, rule no. 1 is: THE FIRST THING YOU DO WHEN YOU PICK UP A WEAPON IS CHECK TO SEE IF IT IS LOADED.

Keep your finger off the trigger and follow the following procedure, POINT gun away from area where someone could possibly be shot. If it is a revolver, swing out the cylinder; if it is a pistol, remove the magazine and pull back the slide. Even after you have unloaded the gun and see that it is unloaded, treat the gun in the manner as if it were still loaded. Never touch the trigger unless you are practicing trigger squeeze (explanation later), firing on training ground, or dealing with the enemy. Never point a gun at anyone you don’t intend to shoot. I can’t stress these points enough. They seem simple enough, however, people that generally haven’t had any experience with pieces violate these rules constantly. If I am ever shot accidentally or by some idiot it will be very difficult to suppress the desire to blow his or her head off, providing I’m only wounded.

The next step is: LEARN TO DISASSEMBLE AND ASSEMBLE YOUR PIECES, ALSO CARE AND MAINTENANCE.

Due to the fact that self-defense activity will not be limited to daylight hours you should learn to break your piece down and assemble it even in the dark, YOUR LIFE DEPENDS ON IT, SO DO IT.

After you’ve gotten this down, the next step is to learn how to aim and fire your weapons properly. All of this is to be done with your own gun, your first round of ammo in the chamber. The first thing to deal with is proper sight alignment. Sight alignment is lining up your front sight with your rear sight and both lined up on the target is called the “sight picture.” The correct sight picture basically is having the front not too high or too low, not to the right or to the left, but having the target resting on top of the front sight. The sight picture will not always appear perfect, but if the correct sight picture is understood, practice will bring improvement.

The next thing to get down with is: TRIGGER SQUEEZE. That’s right, you squeeze the trigger. You don’t pull it or jerk it, contrary to whatever you saw on T.V. Trigger squeeze is the process of putting slow steady pressure on the trigger until a shot goes off. If you try to anticipate the shot, you will jerk and mess up your aim, the whole thing is a matter of breath control.

Take a deep breath, let out half of it, hold the rest of it and squeeze with your trigger squeeze.

One thing to guard against is flinching. Flinching is caused by being intimidated by the sound and kick of your weapon. With proper trigger squeeze and breath control, you won’t have any problems with flinching. If you have problems keeping all your shots in a fairly small group or if you have a problem just getting your shots on the target anywhere, you are probably flinching. Have someone watch as you fire and they will be able to tell you whether or not you are flinching.

It would be ideal if you could incorporate into your group a veteran of the pigs’ military service. Veterans are of great value and assistance in helping with the above training, also when you are ready to begin practice with live ammunition. When practicing with live ammo, make sure your location is where you won’t be hassled by pigs. Actual combat conditions can be deadly as a training ground. When practicing with live ammo, remember: IT IS VALUABLE. Do not just start popping caps for the hell of it; the whole purpose is to prepare yourself to be a “MATCH FOR ONE HUNDRED” which will only come as a result of correct practice.

A WORD TO THE BROTHERS IN THE MILITARY

If you check the history of the United States since the Pilgrims landed at Plymouth Rock, you will see that Black People have played a part in every way that the United States has engaged in. In every instance, when blacks were armed and sent into battle, it was in the interest of those in power, whose interest it was to keep negroes in their place. After each time that blacks were used as cannon fodder and the particular dispute was over, the blacks were disarmed and sent back to a life of suffering and deprivation. The very things that blacks were told that they were being sent into battle to safeguard, such as freedom and democracy, have been historically denied Black People. This includes the present war of genocide that is being waged against the Vietnamese people. It is also interesting to note that in more than one instance, when the bodies of Black brothers that have been killed in Vietnam have arrived in their home towns, the racist dogs would not allow them to be buried in the local cemetery. A whole book could be written on how we and the Vietnamese people have been victimized by this cruel and barbarous war, that is perpetrated in the interest of the ruling clique of swine in Babylon.

I appeal to all of you brothers in the pigs’ military and I appeal to all of you that have fathers, brothers, uncles, cousins, and any other type of relative or friend in the pigs’ military to encourage them to do the same, to come on home. You are needed at home to wage war against these lying dogs in the name of freedom and liberation for yourselves and all oppressed people. Do not let the pigs disarm you this time, KEEP YOUR WEAPONS, Bring them home. If you check and see what the pigs are doing to Black People right at home, you can see that you need everything you can get. We need everything you can get. If you can get a tank, get it. In the meantime, while you are still in the service there is plenty you can do. You don’t have to wait until you get out. Turn your weapons against your racist officers. Blow them up in their clubs and offices. Destroy as much of the machinery of war you can get your hands on. Blow up trucks, airplanes, especially helicopters that they have begun to use when they attack us. Right here in Babylon. Blow up communication machinery, blow up fuel dumps, ammunition dumps, blow up everything that can be used against any people anywhere. One of the most important things you can do is supply freedom fighters from among the people with weapons. We need sub-machine guns, hand grenades, plastic explosives, some of those nice and compact rocket launchers and bazookas, also we need all type of weapons that we can use in our war of true liberation, that has already begun. As we have been in the past, you brothers in the pigs’ military are in a very strategic position. Don’t let them disarm you and send you home empty handed this time. You have picked up the gun, willingly or not, for the same races that sent you to jail and won’t give you a job. So keep the guns and use them for your and your people’s benefit. Also, when your unit is sent into some community to put down the people, turn your weapons over to the people. It would be better if you helped them fight. Here I will quote Eldridge Cleaver, Minister of Information of the Black Panther Party: “You are either with your people or against them. You are either part of the solution or part of the problem. We either help our people or, by refusing to help them, make it easier for the enemy to destroy us. There are no two ways about it. Either quit the army now or start destroying it from the inside.”

REPORT ON THE TRIAL OF BOBBY SEAL AND ERISSA HUGGINS

A report on the trial of Bobby Seal and Ericka Huggins, discussing the legal proceedings and the implications for the Black Panther Party.

JURY SELECTION -- A TOOL OF INJUSTICE

Jury selection is a crucial aspect of the legal process, and its fairness and impartiality are essential for ensuring a fair trial. In the trial of Bobby Seal and Ericka Huggins, the jury selection process was scrutinized, raising questions about its impartiality and fairness.

While Bobby and Ericka are not on trial, their actions and demonstrations have been at the heart of public debate, with political, social, and cultural implications. Their struggles for justice and equality continue to inspire and challenge us to reflect on the issues of the time and the lessons of the past.

FREE THE CHAIRMAN AND SISTER ERICKA!

WE SCATHINGLY CONdemN U.S. IMPERIALISM FOR BRUTAL SUPPRESSION OF U.S. BLACK PANTHER PARTY

Reprinted from The Pyongyang Times, (from the Democratic People's Republic of Korea)

The U.S. imperialists are stepping up with increasing ferocity the brutal suppression of the Black Panther Party of the United States, turning a deaf ear to the strong protests and denunciations from the Negroes and other progressive people in the United States and the peoples of the whole world.

According to foreign dispatches, the U.S. imperialists, in an attempt to frustrate the recent Constitutional Convention of the revolutionary people convened by the Black Panther Party, put the police and army rounded "on the alert" and bulldozed this Party on the one hand and on the other, prevented it by hook or crook from using any building for an assembly hall. They also stormed into the offices of the Party before and after the convention. Not only that. The rascals kept up their nefarious, fascist suppression, arresting, imprisoning and murdering at random the members of the Party and its affiliated organizations.

These criminal acts are geared to the extremely vicious aim to destroy the Black Panther Party and stamp out the righteous struggle of the Negroes. These represent an outrageous infringement upon human rights of the 30 million American Negroes and their elementary rights to existence, and an unpardonable, villainous challenge to the people of the United States and the world progressive people who hold justice and freedom dear.

The Korean people scathingly condemn with surging indignation the U.S. imperialists for their fascist suppression of the Black Panther Party and its members and resolutely demand that such acts be brought to an end right away.

The U.S. imperialists diabolical fascist suppression of the Party is a link in the whole chain of their atrocious, racist repressive policy designed to get rid of the Black Panther Party and thus quell the just struggle of the American Negroes and continuously maltreat and exploit them.

Comrade Kim Il Sung, the great leader of the 40 million Korean people said: "Where there is oppression, there always is resistance. It is inevitable that the oppressed peoples should fight for their emancipation." (Kim Il Sung, Selected Works, Vol. IV, p. 521)

As is well known to the whole world the 30 million Negroes in the United States have been undergoing the suffering and misfortune, caught in a grip of hunger and poverty, denied any right and freedom and subjected to all descriptions of maltreatment and humiliation, due to the fascist rule and racist policy of the U.S. imperialists and to harsh exploitation and oppression by the U.S. imperialists monopoly capitalists.

The American Negroes found it no longer possible to stand all these and rose up in the courageous struggle for their own emancipation, with a resolve to rise and fight rather than sit and die.

The ever-mounting struggle by the Negroes is a fully justified struggle against the U.S. imperialists' reactionary fascist terror rule and racist segregation policy and for rights to live, for democratic freedom and class and racial emancipation.

The Black Panther Party, an out-and-out defender of the rights and interests of the American Negroes and a revolutionary organization striving for their class and racial emancipation, has been leading their struggle along the right course, standing in the van of it.

This Party has also given an active support to the peoples of other countries in their struggle against the U.S. imperialists' policy of aggression and war and for freedom, liberation, democracy and social progress, and has extended full support and solidarity to the Korean people in the just struggle for the liberation of South Korea and independently unifying their fatherland.

The just struggle of the Black Panther Party can never constitute an offense, much less a target of suppression.

This notwithstanding, the Nixon clique are bestially repressing the Party, hell-bent on the preposterous slander and calumnies upon it. This is the most heinous intrigue to stifle the Black Panther Party which is awakening the Negroes' politically and ideologically and raising them to the just struggle and thereby hold it in check.

rages on and brutal fascist suppression
of the Black Panther Party will
get nowhere but result in the growth
of this Party into a more militant,
powerful one in the thick of struggle,
give rise to ever greater indigna-
tion of the Negroes and progressive
people in the United States and ac-
celerate their revolutionary struggle
further still.

In the teeth of the recent wicked
suppression and obstructive manue-
vings by the U.S. imperialists, the
Black Panther Party held the conven-
tion after all and vigorously called
the American Negroes and progres-
sive people to the fight against the
U.S. imperialists’ reactionary fascis-
terror rule and for their emancipation,
and thereby administered bitter blow
to the U.S. imperialist fascist band
and racists.

Today the struggle of the Black Pan-
ther Party and the Negroes enjoys an
animous support of the broad sections
of progressive people in the United
States and the world.

The Korean people, who under
the guidance of the great leader of revolu-
tion Comrade Kim Il Sung are fighting
to expel the complete victory of so-
cialism and the cause of national uni-
ification standing at the forefront of the
anti-imperialist, anti-U.S. impe-
rialist struggle in direct confrontation
with U.S. imperialism, extend firm militar
solidarity to the Black Panther Party
and the Negroes in the United States
and will, in future too, actively support
and encourage their struggle.

The U.S. imperialists, stop the brutal suppression of the Black Panther Party immediately!

REVOLUTIONARY VIOLENCE VS. COUNTER-REVOLUTIONARY NEW DEVELOPMENTS IN THE AMERICAN PEOPLE’S REVOLUTIONARY STRUGGLE

The outgoing 1970 now the American government’s use of violence and torture developing in today’s society. As apart from mass demonstrations against U.S. policies and foreign policy decisions, the people of various states courageously took up arms in the face of state governments’ counter-revolutionary repression. The year also witnessed the spread of internationalism, militancy and frequency, of Afro-American armed actions against the U.S. imperialist aggressions and the struggle against suffering and heavy damage.

FASCIST SUPPRESSION POLICIES RESISTANCE BY VIOLENT STRUGGLES

For a year or so, U.S. imperialist policies have escalated their anti-revolutionary repression, while inevitably putting his policies of aggression and war at the center of world politics. As a result of angry protests by the American people against the U.S. imperialists’ brutal and bloody policies, the whole country, the Nixon government caved in to several hundred thousand Reconstruction Movement groups and CNDW (Civilian National Defense Workers) at one time or another. "Stop the Draft" books were replaced by "Against the Draft" and " against the war" and students were arrested by the 101st Airborne Division. In May 8 and 10, the Nixon government ordered down 12 people, who were attacked by police in full uniform and carried out bloody suppression of Afro-American, Mexican-Americans, Puerto Ricans and American Indians fighting against their strikes and demonstrations against the collective repression. As a result of the "Neutralization of the People’s Resistance," the strike of a large number of workers in New York states more than doubled the prison capacity.

Nixon’s so-called "neutralization" brought the broad masses of American people against it. At the same time, they initiated vigorous armed action against the establishment’s "neutralization" and "repression." AP wrote that an increasing number of Americans have come to the conclusion that "violence is necessary now," and have "declared war on the continuation of the white people's reign in America." The report added: "Those who used armed resistance to the rule of the aggressors are called resistance fighters."

COLLEGES STUDENTS UP IN ARMS. A protest movement on an unprecedented scale was launched in the United States in October. Despite the government’s interference, the students’ movement has also grown rapidly. As of late October, workers’ strikes in the United States have been reported in 36 states and 1,175 companies. In total, 700,000 workers in over 300 companies and 100,000 students and teachers in over 1,000 universities have participated in the strikes.

STRIKING WORKERS TAKE UP ARMS. In late October, workers in Seattle, Washington, who were threatened with violence by the police, held a mass meeting and decided to go on strike. They burned the company’s headquarters and the police’s station, and blockaded the streets for three days. The police then mounted a massive attack and used tear gas and rubber bullets to suppress the strike. The workers then retaliated by clashing with the police and set fire to the police station and the company’s headquarters. The police responded with more tear gas and rubber bullets.

The strike at the Seattle Times newspaper, which directly serves the U.S. imperialist policy of aggression, by developing vehicles for the delivery of the newspaper to the Seattle suburbs, was blasted on August 24. The two first films of this 20,000-man strike were wounded and the remaining four bodies damaged, an electronic computer valued at $1.5 million was destroyed and all films and data were blown up. Earlier, an army munition factory in the city was also hit by bombs.

GOVERNMENT OFFICES, COURTS AND POLICE STATIONS DOomed. Enterprises workers also took place frequently in government offices, courts and police stations all over the country. As reported by the International Herald Tribune, displaced in the first half of 1974, there were 400,000 to 500,000 workers in federal buildings on 325 occasions, a figure nearly twice the number of strikes. The buildings which house the Inter-American Defense Board, a U.S. federal agency, and its international affairs of Latin American countries, were ordered on July 19. The building was attacked and burned in the new building of the New York Police Headquarters. In the concluding months of 1974, explosions hit the Des Moines Police Building in Iowa, the San Francisco General Police Building, the New York Police Headquarters, the Concentration Camps of the National Guard in San Bernardino in California, the New York Court, the U.S. Supreme Court, the U.S. Federal Court, O.T.C. centers in New York and the offices of some monopoly capitalists in the country. On October 12, six explosions occurred in New York City and destroyed a large part of a half-century-old federal building.

The successful explosion reflected the strong dissatisfaction of the American people with the reactionary policies of the Nixon government. A young man in Berkeley said: "The great violence of the establishment in Vietnam, Laos and elsewhere is responsible for the situation of the American people’s resistance. If we are facing a Nixon and a Kissinger, we will also face resistance on the part of the people."

On May 22, the Students for a Democratic Society (SDS) held a mass meeting in Washington, D.C., where they called for a nationwide strike in protest against the government’s brutal policies.

Platform and Program

What We Want
What We Believe

1. We want freedom. We want power to determine the destiny of our Black Community.

We believe that black people will not be free until we are able to determine our destiny.

2. We want full employment for our people.

We believe that the federal government is responsible and obligated to give every man employment and a guaranteed income. We believe that if the white American businessmen will not give full employment to the people of the community, then the federal government should enact federal systems of production and place all the people in the community in positions where the people of the community can organize and employ all of its people and give a high standard of living.

3. We want an end to the robbery by the Capitalist of our Black Community.

We believe that this capitalist government has robbed us and now we are demanding the overdue debt of forty acres and a mule. Forty acres and two mules was promised 100 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities.

The Germans are now aiding the Jews in Israel for the genocide of the Jewish people. The Germans murdered six million Jews. The American capitalist has taken part in the slaughter of over fifty million black people. Therefore, we feel that this is a modest demand that we make.

4. We want decent housing, fit for shelter of human beings.

We believe that the white landlords will not give decent housing to our black community, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

5. We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and role in the present-day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that black people should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist government of America. We will protect ourselves from the violence of the racist police and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

8. We want freedom for all black men held in federal, state, county and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

9. We want all black people when brought to trial to be tried in court by a jury of their peers or people from their black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this, the court will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the "average reasoning man" of the black community.

10. We want bread, land, housing, education, clothing, justice and peace.

And as our major political objective, a United Nations-supervised policeman to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed, that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and, accordingly, all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But, when a long train of abuses and usurpations, pur- purings in ev'ry object, without the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.
Huey would say, "a newspaper is the voice of a party. The voice of the Panther must be heard throughout the land."

We found we as citizens of this country were being kept duped by the government and kept misinformed by the mass media.

The Black Panther Party Black Community News Service was created to present factual, reliable information to the people.

The Black Panther Party Black Community News Service is the alternative to the 'government approved' stories presented in the mass media and the product of an effort to present the facts, not stories as dictated by the oppressor, but as seen from the other end of a gun.
