Pig Shot After Attack on 3 Brothers

The shooting occurred at approximately 12:30 p.m. Saturday, February 11, 1971, when three pigs were shot by a White man at the entrance to an apartment building in the 1900 block of Grove Street. The man was wearing a straw hat and carried a shotgun.

The pigs, however, were not injured by the shots. They did manage to escape into the apartment building and were later found by police officers. One of the pigs was later found dead in an alley near the apartment building.

The shooting was reported to the police, who immediately arrived on the scene. They questioned the man, but he refused to make any statements.

THE DOMESTIC WAR

As the black community in America struggles to gain control of their own destiny, there is a growing movement of black revolutionaries who are fighting for a new society. This movement is gaining strength and gaining popularity among black people.

GUERRILLA ACTION

GREGORY CONGREGATIONAL CHURCH, N.C.

In the meeting hall of the church, a group of black revolutionaries gathered to discuss their plans. They were determined to take control of their community and to show the white people that they are not to be ignored.

The meeting lasted for several hours, and the revolutionaries decided to form a new organization. They named it the Black Panther Party for Self-Defense.

With a sense of determination, the Black Panthers set to work. They began to organize themselves and to plan their actions. They knew that they had to be careful, for the white police were watching them closely.

WOMAN ARRESTED FOR GOING TO FREE CLINIC TOO OFTEN

Gloria Rodriguez, 37, of our community, was arrested last week for going to a free clinic too often.

The free clinic, located in the San Francisco Bay Area, provides free medical care to low-income and uninsured individuals. However, some patients abuse the system, coming too often for care they could afford to pay for.

Rodriguez, who has a history of visiting the clinic regularly, was caught on camera each time she arrived, indicating her frequent visits.

Officers at the clinic were concerned about the situation, as it was affecting the availability of resources for other patients who need them.

The clinic has since implemented stricter rules to ensure fair access to care for all patients. This includes limiting the number of visits per month and requiring a doctor's referral for non-emergency care.

The incident highlights the challenge of balancing accessibility with the need for resource management in healthcare settings.

OVERRIDE: People often think they can do whatever they want, but there are consequences to their actions. It's important to use resources responsibly and respect the needs of others.

LARRY TOPPS MURDERED FOR PIGS

Recently in Los Angeles, another man was killed in a tragic incident involving pigs. Larry Topps, a local resident, was walking his pigs near a park when a group of vandals attacked him, causing severe injuries.

While the community is mourning the loss of Larry Topps, it is also highlighting the need for better regulations and protections for pig owners. The incident has sparked a conversation about how to ensure the safety of both humans and animals in urban areas.

In response, authorities are considering implementing stricter laws and regulations to address these types of incidents. This is crucial to prevent similar tragedies from happening in the future.

The community is urged to come together to support Larry Topps' family and to address the root causes of this incident. It is a reminder of the importance of community involvement and the need to work towards a safer environment for all.

ADDRESS: If you or someone you know has information about this incident, please contact the local authorities or report it anonymously through the community network.

REVOLUTIONARY INTERCOMMUNAL DAY OF SOLIDARITY FOR BOBBY SEAL

As can be seen from the following reports, the people of the communities of the world are aware of what is occurring in the community of North America, even though the establishment media tries to mislead them. Not only are they aware, but they have adhered in the true spirit of revolutionary intercommunism to speed up the process of having our communities no longer exist as dispersed communities under seige, but to form one world liberated community. Their first move in this direction is their realization of the importance of the Vanguard of the American Revolution, the Black Panther Party, and therefore understanding the importance of saving Chairman Bobby Seale from the electric chair.

BOBBY SEAL AWARDED DANISH HIGH SCHOOL PEACE PRIZE

The Danish High School Association, an organization of 32,000 students, elected Bobby Seale, Chairman of the Black Panther Party to receive their Peace Prize for 1970. The reasons given for having chosen Chairman Bobby were both political and humanitarian. Having seen and heard Chairman Bobby Seale in Denmark, the Danish students had an opportunity to learn something of the oppression, exploitation, racism and fascism that exist in the U.S.A.

The following are excerpts from their declaration:

"By demanding the release of the political prisoner, Bobby Seale, we refuse to accept the way the so-called democratic governments treat the minorities whose right it is to fight for freedom, and whose lives are supposedly guaranteed by independence declarations and constitutions.

"Bobby Seale is elected because his situation is typical of one who lives in a country whose constitution is supposedly ideal for all societies in the 'free world.' He is an example of all peoples fighting for their rights and a decent life. We fully endorse 'Free Bobby.' The money given with this prize should be used by Bobby as he sees fit. We lock upon his trial as a show court and realize that it is impossible for him to receive a fair trial.

We intend to ask the Danish-T.V. in the U.S.A. to keep us informed with up-to-date information on this case.

All Political Prisoners Must Be Freed
Bobby Seale Must Be Set Free!

CREATION OF THE BOBBY SEAL INTERCOMMUNAL TRIBUNAL AGAINST AMERICAN IMPERIALISM, FASCISM AND RACISM

Preparations have started for the organizing of the Bobby Seale Intercommunal Tribunal which will be held in Stockholm, Sweden in the latter part of March. The exact date will be announced in the near future.

The primary reason for this tribunal will be to expose to the world the U.S. government's attempt to legally murder Chairman Bobby Seale. At the same time, testimonies against American barbaric and criminal activities throughout the world will be heard.

Writers, scientists, attorneys of political prisoners in Europe, in particular Spain, Greece, Portugal, France and Italy will take part.

Representatives from liberation fronts of the oppressed communities of the world will also testify against the direct or indirect effect of American imperialism on their just struggles for liberation.

American imperialism will be exposed for what it is—the No. 1 oppressor of all mankind on the planet earth.
"If I should return, I shall kiss you. If I should fall on the way, I shall ask you to do as I have in the name of the revolution."

Excerpts from a letter from Ericka

One day Jon came home with a panther paper. He was so excited. The whole time we had lived there, we couldn't find out anything about the party. I didn't even know where the office was. Then this brother sold him a paper. He invited us to one of the dances we used to have at the black congress building. After we came through the door to pay our $2.50, we went in and met a few party members. Then the brothers came over to us and told us to come into the little office. The first thing I must have been late February, 1969. That night I saw the first confrontation with the panthers and the real deal. A lot of the real-old-L.A. party members were there. There was Ronald and Roland Freeman, a brother or two. We were all arrested for stepping off the curb. Then the brothers got up on the street. Seven or eight were there. That day, two months after. It had been a murder of a black man, the FBI would have taken two beating to arrest. We started by intimidating the brothers first. Then they asked the brothers in the car. We all followed the brothers to the office. Then, of course, we went out there. A long time waiting to hear what the FBI said. Then the charges were using a police officer or some kind of madness. One of the brothers tried to control things. But we were mad... we couldn't believe he was doing this to us.

All my love and peace out my tongue. And then I wonder. But Hunchy never ordered me to do this. The party didn't have to. He just looked and shook his head. I'm happy and I'm going to live. I'm happy for the work. I'm happy for the work.
BURNING OF COMMUNITY CENTER IN LOS ANGELES

Uncle Toms, bootlickers, in-fighters and generally reactionary forces in our community have proven to be a major obstacle to our goal of benefiting the oppressed in their situation to struggle and logically stop our just struggle for freedom. The actions of these plague agents, knuckled up and ready to jump on the oppressed themselves, must be exposed. What they hide as a camouflage and attempts to put brakes on our struggle toward freedom. In other words, actions counter to the revolutionary goal of the people.

On January 5, 1971, the Black Panther Party Community Information Center at 2136 East 11th Street, Los Angeles, which Center has foreseen a year-end co-operative, was attacked by the Cincinnati Police Department. The center was later retaken because the Center holds a "cache of weapons," or was "incrusted with weapons." The center was surrounded by armed police who were unable to enter. The center was surrounded by armed police who were unable to enter.

The Community Center was not a home converted into an office. The Community Center functioned as the nucleus for revolutionary activity throughout the community, particularly the area near the party headquarters. The center was not a home converted into an office. The center was surrounded by armed police who were unable to enter.

Our survival programs in the area will continue. The destruction of a home becomes a symbol of our fight for freedom. The flames of resistance will be seen by all, and the people will be united.

RUChell Magee SPEAKS OUT

The Black Panther, Saturday, February 17, 1971, Page 8

Why is Judicial System in APT at Removing RUChell Magee a Law yer?

This question is important to the interests of all people, who are constantly coming into contact with the judicial system. The answer is illusory in the extreme, as is evidenced by the chronicles of judicial proceedings which follow.

Very recently, the judicial system in fighting Magee’s right to represent himself, because for many years they have allowed all the same ridiculous ideas about the value of all the words and unattended court under the legal system, by the use of a Governor’s order in Missouri. Magee knows of this practice by his distinguished counsel, and in the related aspects of this case.

This judicial system is biased in a big way, and it is obvious that any attorney who is appointed by the local courts to handle one’s case will not do his client justice, that the attorney being appointed, and not the person he is appointed for, is likely to be the one who will determine whether he will do his client justice.

In many cases where prisoners (placards) are held in solitary cells, the court has the right to appoint an attorney who is not the one who will represent his client, and the court will determine that the one who represents himself, who does not have the right to be appointed for him, should also be the one who represents himself, and that the attorney is not a substitute for the prisoner who represents himself, and the attorney is also the one who appoints himself.

Yet, this system does not allow the preservation of rights and forces an attorney to represent himself, knowing that he is not qualified to do so.

How can RuChell Magee instantly lose his lawyer and be seized? The reason, he says, is that he is not represented himself, and this fact has been acknowledged by the jury in an earlier case.

There is no question that Magee was picked for the imprisonment of President Nixon, Governor David, and the Missouri State Legislature. He is the one who has picked for the imprisonment of President Nixon, Governor David, and the Missouri State Legislature. He is the one who selected for the imprisonment of President Nixon, Governor David, and the Missouri State Legislature.

The facts of this case are a contradiction to those of the Missouri State Legislature, but not to the Missouri State Legislature. Notwithstanding that Magee is not the one who selected for the imprisonment of President Nixon, Governor David, and the Missouri State Legislature. He is the one who selected for the imprisonment of President Nixon, Governor David, and the Missouri State Legislature.

There is no evidence that the Missouri State Legislature was not selected for the imprisonment of President Nixon, Governor David, and the Missouri State Legislature. He is the one who selected for the imprisonment of President Nixon, Governor David, and the Missouri State Legislature.

The facts of this case are a contradiction to those of the Missouri State Legislature, but not to the Missouri State Legislature. **WE WILL CONTINUE OUR REVOLUTIONARY WORK UNTIL WE BRING THE PRISON WALLS DOWN**

One of the many issues in the series of judicial processo-polemics called "The Black Panther" was going on in Oakland, as four of the brothers involved in the April 6th, 1970 shootings by a white police officer in Isleton, the six men were sentenced to terms in prison. The defense, consisting of defense attorney John J. Smith, and a group of Black Panther activists, has been working to keep the brothers out of jail. The brothers, who are all members of the Black Panther Party, are charged with murder in the shooting of a white police officer.

NIXON PUSHES INDOCHINESE WAR INTO LAOS

The Statement below was received in a wire on February 6th, 1971:

ALERT YOU/LAOS INVASION BY TENS OF THOUSANDS U.S.-SAIGON-THAI TROOPS/ACTION INTENSE - U.S. AIRFORCE/ERNESTLY CALL YOU MOBILIZE PEACE FORCE YOUR COUNTRY/CHECK U.S. DANGEROUS VENTURE INDOCHINA.

MADAME NGUYEN THI BINH, FOREIGN MINISTER OF THE PROVISIONAL REVOLUTIONARY GOVERNMENT OF SOUTH VIETNAM

The PRG (Provisional Revolutionary Government) in Paris today issued an appeal to the students and youth conference in Ann Arbor, Michigan and to peace loving people throughout the world to initiate firm, broad and immediate action including massive street demonstrations to condemn U.S. aggression in Laos and to check new plans to invade Cambodia, Laos, and North Vietnam. The PRG confirms that as of February 4, 1971 tens of thousands of Saigon, Thai and American troops have crossed into Laos with motorized vehicles. More than 20,000 Saigon paratroopers, Marines and rangers are involved. At least two regiments of the 3rd infantry division of the puppet Thai army have gone into Laos, in coordination with the puppet army of Laos. The PRG asserts that U.S. ground troops, and not just American advisors are involved and that round the clock bombing to support the ground troops is being carried out by the U.S. Air Force in Laos. This military aggression is the first stage of a still larger aggression being planned. The PRG says that the apparent U.S. plan is to invade all of Indo-China, including Laos, Cambodia and North Vietnam and that 10,000 U.S. troops are now massed on the Laotian border.

The PRG urgently calls on the people of the world to condemn this new escalation of the war and to take actions now that could check the plans for even greater escalation about to occur. The PRG states that there is a world wide news black out on this military escalation and that the American people must bring this news to their communities through every available channel.
ENEMIES OF THE PEOPLE

MICHAEL CETEWAYO TABOR

The Black Panther Party denounces the counter-revolutionary actions of Jacksonians Connie Matthews Tabor, her husband, Michael Cetewayo Tabor, and Richard Dharuba Moore, which have jeopardized the lives of the Minister of Defense and Supreme Commander of the Black Panther Party, Huey P. Newton and Chief of Staff, David Hilliard, dealt a serious blow to Revolutionary Intercommunal Solidarity Day for Bobby Seale, and caused Joan Byrd and Afeni Shakur to be thrown back into maximum security, jeopardizing the entire outcome of the New York 21 trial.

Connie Matthews Tabor was the primary person responsible for coordinating Huey P. Newton’s current East Coast speaking tour to mobilize support for Bobby Seale and Ericka Huggins, currently on trial for their lives in New Haven. The day before she left, Bobby personally asked Connie to testify in his behalf.

On Friday, February 5th, Huey spoke to a group of Black Student Unions at New Haven College. After the meeting, he left for Boston. At this point, Connie Matthews Tabor slipped away with her husband, Michael Cetewayo Tabor, and Eddie Jamal Josephs. Connie Matthews Tabor never communicated again with David Hilliard or Huey P. Newton. She took with her details of the Supreme Commander’s speaking tour and stole the European contacts necessary for Revolutionary Intercommunal Solidarity Day, March 5th. These acts could severely jeopardize the mobilization campaign in support of Bobby and Ericka. The East Coast speaking tour

CONNIE MATTHEWS TABOR

and Revolutionary Intercommunal Solidarity Day are key parts of the strategy to defeat the government’s plan to put Bobby and Ericka in the electric chair. The Black Panther Party urges all intercommunal friends and solidarity committees to contact directly Huey P. Newton and Eldridge Cleaver as that Revolutionary Intercommunal Solidarity Day will be a success despite the plans of Connie Matthews Tabor to sabotage it.

If Connie Matthews Tabor has the audacity to contact our intercommunal friends or solidarity committees, contact Black Panther Party Minister of Information, Eldridge Cleaver, Immediately.

RICARD DHARUBA MOORE

The fact that the incarcerated members of the New York 21 were expelled from the Black Panther Party for their attacks on the Party in their letter to the Weatherman cannot in any way justify the dirty actions of these dogs. Moore and Tabor toward their “comrades”. This vicious, back-stabbing act of Moore and Tabor dwarfs the differences between the New York 21 and the Black Panther Party. The lowest circle of Hell is reserved for those who betray their comrades.

The fact that Connie Matthews Tabor left the Black Panther Party without regard for the importance of the mobilization campaign and that Michael Cetewayo Tabor and Richard Dharuba Moore joined her at this time without regard for the fate of their comrades in New York, shows the low-natured individualism, insensitivity and scheming minds of these jackanapes.

The fact that Michael Cetewayo and Connie Matthews Tabor executed their plan of disappearing immediately after a public appearance of Huey and David gravely jeopardized the lives of our Supreme Commander and Chief of Staff. Besides this extreme act of naepery, their disappearance also endangered the homes and offices of all Party members by giving the pigs an excuse (as if they need one) to vamp.

Remember the case of George Sans, his disappearance and the immediate, wide-scale raids on Black Panther Party offices.

In retrospect, it is now clear that this treachery is not a haphazard, continued on next page

spur-of-the-moment thing. One week ago, at Wesley Hall, where Huey P.
Newton spoke, Richard Diahru Moore commented to people that they would
soon be hearing about him, bitterly attacked Huey and implied that he
Richard Diahru Moore, intended to kill the Supreme Commander. Pending
verification of these comments, he was put on temporary suspension.

Connie Matthews Tabor boarded her
European contacts and made personal arrangements for a book she is writing
concerning the Black Panther Party.

Connie Matthews Tabor, a Jamacian,
raised in Europe where she spent the
majority of her life, lived in
Europe nearly the entire time she
worked with the Black Panther Party.
She did important work in helping
establish solidarity committees in
Europe, however, her isolation and
individualism made it necessary for
her to work more closely with other
Party members. Therefore she was
sent to Algiers, Algeria to work with
the Intercommunal Section. The Minis-
ter of Information, Eldridge Cleaver,
transferred her to Central Headquar-
ters in Oakland, because he found it
impossible to deal with her indivi-
dualism and lack of discipline. She had
one last chance at Central. She could
not stand the struggle, she could not
live collectively and she could not
work with her sisters and brothers in
the Black Panther Party. All of this
was too much tax upon her reac-
tionary, individualistic conscious-
ness. She was constantly disciplined
for being an alcoholic, for we know
that alcoholics cannot hold secrets.
She grew more and more uneasy here
and could not stop talking about the time
she was scheduled to leave in March
after Revolutionary Intercommunal
Solidarity Day.

Michael Cetewayo Tabor married
Connie Matthews shortly after she came
to the U.S., this fall. She is much
older than Michael Tabor and consid-
ernably more experienced in the Re-
volutionary struggle. Their marriage
received considerable publicity in
Europe - something neither of them
ever stopped talking about. We can
only speculate (guess) what motivated
Michael Cetewayo Tabor and his loud-
mounted comrade, Richard Diahru
Moore, to desert their comrades at
this stage, if this older woman could
make Michael Cetewayo Tabor do what
the pigs never could - desert his com-
rades - then perhaps we have to look
at Michael Haynes or Ike and Tina Turner
to understand his personality.

THE U.S. WAR OF AGGRESSION IN LAOS

(Laos territory, taking a serious step in escalatin the U.S. "special war," in this context, means the U.S. air and ground bombing which began May 22, 1964 against the base of the Pathet Lao in Xiang-Khouang Provinsiu, have spread to all the northern provinces other than the control of the Lao patriotic forces). The air and ground bombing, which began May 22, 1964 against the base of the Pathet Lao in Xiang-Khouang Provinsi, have spread to all the northern provinces other than the control of the Lao patriotic forces).

Taking off from the 7th Fleet and military bases in Thailand and South Vietnam, U.S. planes have repeatedly attacked by day and night. Pogoda, and other landing bases, destroying or damaging hundreds of villages, disrupting roads, provincial capital, and running in the ground army vast populated areas, U.S. aircraft have used much savage lethal weapons as automatic, machineguns and steel pellets bombs and incendiary bombs, U.S. air strikes are also intended to provide support for the bloody ground attacks conducted by the Imperial Army. Since then, apart from logistical support, the U.S. has provided a major air cover, which is vital to the support army. With this U.S. air support, the Vietnamese people have launched repeated operations, particularly in the "dry season," dividing from two to three month regions in the 36 regular battalions to attack the river and roads under the control of the Lao patriotic forces.

In 1966, the U.S. air bombardment on Laos escalated to a new stage, strategic 6.5 billion tons bombs began to be flown against various regions in northern Laos in the summer period of the Johnson Administration. The U.S. has already intensified the bombing against Laos with an average of over 200 sorties per day, dropping over 3,000 tons of bombs. In December 1966. 8,2 billion tons bombs have been dropped against Laos with an average of over 200 sorties per day, dropping over 3,000 tons of bombs. In December 1966. 8,2 billion tons bombs have been dropped against Laos with an average of over 200 sorties per day, dropping over 3,000 tons of bombs.

CONCLUSION

In conclusion, the U.S., in an attempt to suppress the Lao people's patriotic movement, started the "special war" in Laos, a neo-colonialist war of aggression, in order to reverse the U.S. imperialism. Since then, the special war, that is, the U.S. air and ground bombing, which began May 22, 1964, against the base of the Pathet Lao in Xiang-Khouang Provinsi, have spread to all the northern provinces other than the control of the Lao patriotic forces.

LAOS and THE LAO PROBLEM

U.S. President Nixon assumed that it was the policy of the U.S. in Laos, in "Continuing support for government of Prime Minister Souvanna Phouma."

In 1970, Nixon administration leaders entered into discussions with the leaders of the U.S. who had been exiled in Laos. In 1970, the U.S. government provided economic and military assistance to the Lao government. This assistance was intended to help the U.S. government achieve its objectives in Laos.

Some of the highest casualties in the U.S. military assault were in the isolated bases of the U.S. military. The courts' inability to provide justice for the victims of the U.S. military assault was highlighted by the trial of Lieutenant John Lattimer for the murder of a Vietnamese woman.

In July 1970, in Saigon, the U.S. government had announced a "peaceful" cease-fire agreement. The agreement was intended to end the war in Vietnam. The Vietnamese government, led by President Ho Chi Minh, rejected the agreement and continued to fight the U.S. military. The U.S. government responded by increasing its military efforts in Vietnam.

October 1966
Black Panther Party
Platform and Program

Oct 4. We want decent housing. To fit the shelter of human beings.
We believe that the white landlords will not give decent housing to our black community. The housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

5. We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society.

6. We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

7. We want all black men to be exempt from military service.
We believe that Black people should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

8. We want an immediate end to POLICE BRUTALITY and MURDER of black people.
We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The 14th Amendment to the Constitution of the United States gives a right to bear arms. We believe that all black people should arm themselves for self-defense.

9. We want freedom for all black men held in federal, state, county, and city prisons and jails.
We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

10. We want all black people when brought to trial to be tried in court by a jury of their peers or group of people from their black communities, as defined by the Constitution of the United States.
We believe that the courts should follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, historical, and racial background. To do this the court will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all white judges that have no understanding of the ‘average reasoning man’ of the black community.

11. We want land, bread, housing, education, clothing, justice and peace.
And as our major political objective, a United Nations supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which bound them together, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature’s God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident; that all men are created equal, that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are instituted among men deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and accordingly, all experience hath shewn, that changes are more prone to suffer while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.
