HAPPY BIRTHDAY
HUEY P.
NEWTON

MINISTER OF DEFENSE
OF
THE BLACK PANTHER PARTY
AND
SUPREME SERVANT
OF
THE PEOPLE

BORN
FEBRUARY 17, 1942
PIGS THREATEN WELL-BEING OF THE SUPREME SERVANT OF THE PEOPLE

From the time that Huey P. Newton and Bobby Seale first stepped onto the streets of Oakland, California in 1966, armed against the oppressors of the People, the Black Panther Party has suffered such a variety of attacks, that it would require a future historian to give a complete account. Not only has our Party been said to be both racist and integrationist at the same time, or communist and reformist, hoodlums or gun-toters, etc.; but, we have suffered innumerable attacks against our very lives by every enforcement agency of the Empire's regime and its hired and authorized agents.

But it has been and is our prime task to serve and meet what we believe to be the true interests of all the People. And we have studied, theoretically and practically, the best means to attain this goal. And we have tried to expose, theoretically and practically, to all the People what we have learned. And we have suffered these attacks because we have put forward every energy we have to serve the true interests of the People. As our Minister of Information has stated it, "The level of repression is equal to the level of resistance".

And this is why the Black Panther Party is called and is the Vanguard of Revolution in the Empire of the United States. And the masses of people have stated this - here in the Empire and in other communities of the world, in Vietnam, in China, in Korea, in South America, in Africa. But those who know best the threat the Black Panther Party presents to the continued existence of the American Empire and its various political regimes - Nixon's at present - those who know best that the Black Panther Party is "the greatest threat to the internal security of the U.S.," (J. Edgar Hoover) and, is, therefore, in the vanguard of the People's Revolution in America are those of the Empire's ruling circle itself.

And it was the leader of our Party, Huey P. Newton, who, taking the lessons that Malcolm had so eloquently stated, tired and angry as every black and oppressed person is, who by himself at that time, challenged the very foundations of this decadent, vicious and rotten society. Arming himself against dogs to whom killing, raping, robbing and all kinds of treacherous deeds had become more than familiar acts, but which deeds became the American Institution over the centuries, Huey P. Newton set forward the supreme example of humankind life to bring this message to all people as much as possible, it was this supreme example and offer of his life to expose the truth for even a moment that has brought the many hundreds of thousands of people around the world to respect and support the organization he founded, And the hatred the world's pigs feel for the Party is pinpointed at our founder.

This is all to say that the Black Panther Party has learned through world history and our own history that those who wish to destroy our Party and its leadership will steal any moment to do that, And we have seen that they concentrate their efforts on the buildings where we sleep, Fred Hampton and Mark Clark were murdered in their homes, asleep in their beds, RAIDS, such as the December 8th, 1969 raid in Los Angeles, are directed at our homes and places where we sleep. And recently, on February 9th, the home of our Chief of Staff, David Hilliard, was viciously vandalized while he was away on the East Coast.

We are not so naive as to believe that we will not receive attacks in the future that will be even more calculated and vicious. For we certainly have no intention of doing anything but intensifying our programs to destroy completely those who have oppressed in one form or another practically all the world's peoples and communities for so long. We intend to deliver the death blow to the American Empire. No matter how many of our own lives are ripped away in the effort, no matter how many homes and offices they destroy, we shall continue, as we have in the past in the face of all odds, But we shall not allow history to again prove that man kills the best in himself.

We will not allow the Minister of Defense of the Black Panther Party and Supreme Servant of the People, Huey P. Newton, who initiated this bold step to change the tide of History, to be exposed to their waiting guns and scopes. So that by the time he was returned to the People, having spent nearly three years in their maximum security dungeons, our Party had grown, mostly through bitter examples, And when he returned, our concern for his life (even remembering the example of Brother Malcolm the bombing of his home, his assassination) extended particularly to where he could live relatively securely. And the place the Black Panther Party obtained for our Minister of Defense and Supreme Servant has now been exposed by the malicious pig news media in collusion with the office of J. Edgar Hoover. His home address was put on the front page of every major newspaper in the country for the purpose of allowing every fool, bounty hunter and pig in the world to know where he sleeps. For the official pigs were having difficulty doing their usual work, as the apartment building in which he was housed contained their class brothers. And an attack upon him would have required an attack upon them. So they cunningly exposed this information, under the guise of describing his lifestyle as being equal to that of his oppressors. They emphasized the fact that the apartment rent is $650, per month to hopefully divert the People's attention and hopefully turn their support away from the Party, while exposing his home address.

But, "For the salvation, liberation and freedom of our People, we will not hesitate to either kill or die." And to preserve for even a moment the life of the kind of genius which has guided our Party through these past years, we certainly will not hesitate to provide whatever is necessary.

Let Us Hold High The Banner of Revolutionary Intercommunalism and The Invincible Thoughts of Huey P. Newton, Minister of Defense of the Black Panther Party and Supreme Servant of the People.
PIGS ATTACK ASIAN COMMUNITY CENTER IN SAN FRANCISCO, CA.

Press Release
February 8, 1971

Last night, at 9:23 p.m., five uniformed pigs, armed with shotguns, smashed in the front window and batters man the door at 842 Kearny Street. They forced their way into the storefront without warrants for the fourth time in two weeks. Inside the storefront, they proceeded to terrorize the people, who were peacefully about their normal business, by drawing their service revolvers. One person, a young staff member from Asian Legal Services, was arrested for no apparent reason. These same pigs, armed with shotguns, also invaded the Asian Community Center without warrants and harrassed a group of young Asian women who were having a meeting at the time.

At 2:05 a.m., Saturday morning, 30 pigs ran wild throughout Chinatown. They forced their way into LeWays, the Washington Street Smokeshop and several gambling houses. The pigs were not carrying warrants. They forced people up against walls, searched people and checked 24%. They did this on the flimsy excuse of searching for firecrackers.

At LeWays, a non-profit youth organization, the pigs ripped posters off the walls, destroyed the music room, photography laboratory and library. In their frenzied rage, the pigs even smashed a ping pong table to bits and overturned a garbage can, scattering garbage all over the place. The pigs also wrecked LeWays' Sphynning and electrical wiring.

Asian Legal Service and the Chinatown-MacArthur Peoples Information Center, which share the storefront with LeWays at 842 Kearney St., were also invaded Saturday morning by the yestago police. The pigs ripped out their phones and ransacked their confidential files in a vain attempt to stop these organizations from continuing to serve the needs of the people.

This systematic, brutal and illegal pig terror campaign against the Chinese community was unleashed two weeks ago with the full co-operation of the Chinese Six Companies. During this period, Mayor's Billiards, the Asian Community Center, the Washington St. Center were invaded.

The people of Chinatown realize that the invasion of our community is no different than the illegal invasion of Laos by the US imperialists, the raids against the officers of the Black Panther Party and the harassment of Chinese and Native American communities. If the pigs continue to brutalize and harass the Chinese community, they will surely face the wrath of the people.

HOLIDAY INN STEALS INTO SAN FRANCISCO'S CHINATOWN

SAN FRANCISCO (AGN) — When the city government of San Francisco allowed Justice Enterprises Inc. to build a 27-story skyscraper on government land in the heart of Chinatown, the people who lived in the area were told that it was going to be a "Chinese Trade and Cultural Center." Now that the building is finished, they realize that it is really a Holiday Inn — twenty-six floors of it, with only one floor designed for a "Chinese Center."

San Francisco Chinatown is the second most densely populated area in the country (Manhattan is the first). About 50,000 people live within a 13-block area. While the average density of the rest of San Francisco is 32.8 persons per acre, in Chinatown, 210.7 persons share an acre.

Residents of S.F. Chinatown protest against Holiday Inn

Chinatown. The Bank of America and Trans-America now occupy large tracts of real estate. The 572-room Holiday Inn Hotel is only one more step in a major redevelopment plan San Francisco city-fathers are pursuing, which would turn Chinatown into a cultural/financial center to attract tourists and big business.

The "Chinese Trade and Cultural Center" now the Holiday Inn, was built after the city had promised to build low-cost public housing for the people of Chinatown in the first available city-owned land. The land had been purchased by the expensive tourist hotel now stands on one side of Jus-

Pressured by organizations in Chinatown, the Holiday Inn promised to hire Chinese people to fill 90% of its work force. The 80% job rate of the company's personnel, workers and other serving the hotel needed. But now the people of Chinatown have lost even this humiliating gap. Due to the recession and "miscalcula-
tion" by the hotel management, 50% of the employees have been laid off. The Chinese workers were the first to be fired.
BOZO RIZZO RUNS FOR MAYOR

Up from the sewers of Philadelphia has arisen a candidate for Mayor. The poor and oppressed masses of this city know him well, having suffered and died for years under his blood-stained, iron-clad rule; but for those of you who do not live in this city, let us give you some facts about the favorite who has chosen to run for mayor of Philadelphia, Pennsylvania.

Frank L. "Bozo" Rizzo, also known as "bozo" by P. J. Newton, is an appropriately named candidate for the Philadelphia Police Department. Under his reign as Police Commissioner, the city has been held responsible for acts of brutality and murder. Rizzo is accused of being a thug, a racketeer, and a．

On Tuesday, February 2nd, Rizzo resigned from his post as Commissioner in order to run for Mayor. His reason for running was "I'm going to run for mayor because I figure no one here can handle it better than me." In a way, this is true, but the city is not better off for it.

Now that this film has officially announced his candidacy for mayor, we feel it is necessary to remind the People of a few facts. /"THE MAN OF ACTION," he claimed. Following is some of that "ACTION." 8/29/64: Highway Patrol Pigs manhandled a brother and sister who were arguing, sparking a large scale rebellion in N. Philadelphia, in which many brothers and sisters were brutalized by pigs under Rizzo's personal command. 9/12/65: Pigs, under Rizzo's command at Dept. Commissioner, engaged in large-scale strike breaking tactics during truckdriver's strike. 7/28/68: Rizzo personally took part, along with other pigs, in brutalizing demonstrators at the State building who were protesting Girard College's racist admission policy.

Rizzo's dogs beating brother

hym, they stomped on his dying body. Anthony Leonard was injured and bleeding after being beaten by pigs. 2/7/68, Rizzo, through his lackey, Mayor Tate, had ex-politician Hafely appointed Streets Commissioner. The spirit of the People, including trash workers who didn't want to work for a pig, complained to the press. 2/10/70: James Allen Parker murdered by pigs. 2/10/70: Pigs beat Black Panther Party member Sandra Dickerson on bus and arrested her. 4/29/70: Pigs beat up Father Sullivan, drinking and electrical features were destroyed. This was a blatant attempt to stop the Black Panther Party. Several party members arrested and office equipment stolen and destroyed. 2/10/70: Bernard Speck, blind, beaten by Pigs D'Amico and DeFranco and arrested on potease charge. Later committed suicide because of this physical and mental torture. 12/19/70: Gerald G. Goode beaten by Pigs D'Amico and DeFranco. 12/19/70: Clarence Anthony beaten by Pigs D'Amico and DeFranco. Arrested on potease charge and found dead hanging in his cell. 12/19/70: Herbert Brown beaten by Pigs D'Amico and DeFranco. 1/20/70: Members of the P.T.A., branch, Black Panther Party, arrested on potease charges and narcotics charges. One was brutally beaten.

2/7/68: Old Harold Brown murdered by Pigs Evans, Lyon, Milley and Rab. Pigs involved said he lunged at them with a knife, which witnesses to the murder didn't see. After shooting himself, Brown's wife was brutalized in the same fascist attack.

2/3/70: Six yr. old Phillip Green run over and critically injured by a high-speed pig car which was chasing aliced driven by pig E. G. H. 3/3/70: Fourteen yr. old John Hargrove grabbed by "Croney Squid" pig (dressed as an old lady), handcuffed by 2 plainclothes pigs, beaten, then severely beaten by K-9 dog unleashed on him by pigs. Arrested on potease "suppression of pick-pocketing charge.

3/4/70: Roger Lee Darrin murdered by pigs. 4/23/70: Pigs Anderson and Pearson brutalized William and Howard Cole and James Reagh for no reason and arrested them on potease charges. Also hit their sister Liatte Cole, who subpeapresented this pig action.

4/7/70: Pigs brutalized and ar rested 16 yr. old Samuel Lane who was cleaning a rifle on the back steps of his house. Pigs returned to his house without a warrant kicked down the door and tore up the house. 8/24/70: Pigs harassed Arthur Davis as he entered his home with his wife and son. Pigs broke down the door only to be met with a hail of hot lead which killed off pigs for about a month. Pigs, continuing his right to self-defense, threatened Davis was held for $50,000 ransom.

7/4/70: Pigs brutalized brothers at Holmesburg Prison who were demonstrating in a revolutionary manner against racism and the foul conditions within. 8/19/70: Pigs invaded the home of Jean Thomas without search warrants, beat her, raped her and arrested her children on potease charges while she wasn't even home.

8/20/70: Pigs hunted Black Panther community worker, setting part of their intended campaign of harassment to stop the community, stomping Mark both into the ground. He is still wearing a pregnant sister and cracking countless skulls.

9/10/70: Young Ida, murder in cold blood by pigs John Byrne and James Winchester. Winchester was previously convicted and "arrested" Mary Price and her children who unjustly evicted them from their home.

SAWED-OFF SHOTGUNS
THE MYTH AND THE REALITY

A lot of confusion and misinformation has been spread about sawed-off shotguns. One thing that needs to be understood is that the pig department is often referred to as the "Sawed-Off" and a sawed-off shotgun. A sawed-off shotgun is cut down to 35 inches and altered to resemble a firearm. This alteration is not registered with the Federal Pigs and approved by them, then the Shotgun can be considered "Sawed-Off" and illegal.

As for the technical aspects of a sawed-off shotgun, it should be kept in mind that the shorter the barrel length is, the shorter the effective range and the less accuracy and power. Knowing these facts, it becomes obvious that one of the main reasons for sawing off shotgun barrels and stocks is to facilitate easy concealment and help to maintain the element of surprise that may be needed in some of the many activities in which people use shotguns.

A Sawed-Off shotgun with a 12-inch or 8-inch barrel may be very effective against a bank teller who's only three feet away on the other side of a counter or a bank guard who has it pressed to the back of his head, but it's too short to shoot accurately across a four- or six-lane street at a pig who's shooting, 357 Magnum, 30-30 Rifles, 20-inch 12 Guage Shotguns, or .45-cal, Sub-Machine Guns at you. In a situation like that, it would be too small to shoot accurately and too big to throw easily. You would do better with a Rifle for long range and rocks for medium range.

Extremely short barreled (less than 12-6 inch) shotguns are good for combat in phone booths, closets, small rooms, and confined spaces, in addition they are easy to conceal but they will not give you very much accuracy or killing power, at anything other than close range.

Any member of a self defense group that takes a saw and turns a good shotgun into a near harmless, limited use piece of junk should be disciplined severely and barred from ever watching T.V. again.

Any individual or group of individuals with some serious thoughts about self-defense should keep in mind that a good sub-machine gun has all the qualities of being concealable, a rapid rate of fire, light weight, maneuverable, and in the hands of trained personnel, Sub-Machine guns have plenty of killing power at close and medium range.

*Must also be registered with local pigs.

PIGS EXECUTED IN DALLAS, TEXAS

An entire family was "taken into custody", dozens of people including women and children were kidnapped off the streets and from their homes, interrogated for hours and put in line-ups, as the fascist gestapo of Dallas unleashed a wave of terror in search of the executives of three Dallas Deputy Sheriff pigs. This house-to-house search is being carried out under the pretext that the community had knowledge of the planned execution.

On Monday, February 16th, Deputy pigs Samuel Garcia Infante, A.J. Robertson, and Wendell Dover invaded a home in the community of West Dallas, allegedly in search of stolen property. Deputy pigs A.D. McCurley and William Reese followed them with search warrants. As they entered the home, they found the three other pigs tied up in chairs with guns being held to their heads.

All five of the enemy forces were then taken to the Trinity River bottom. A revolutionary execution was carried out with swiftness and efficiency, leaving three pigs dead and another wounded, Reese, whose binding had come loose, survived the execution by kicking up over the bank that sloped some 20 feet to the edge of the river. He later reported to his superiors the cries (sniffling) of his fellow gestapo as they begged for their lives.

The entire community may have known that the enemy forces were tied up in the house. But the people's endorsement of this act of revolutionary violence cannot be disputed.
FRAGGING

"I lock my door when I go out, and I check for booby traps when I come in. I'm weary of getting into no-man's-land places. But I have never been a worrier and I don't reckon I'll start now. I'm concerned about it, but I'm not worried.""—Private First Class Gene Tingley, Vietnam (AP)

Sergeant Tingley was lucky he had the hard-nosed, hardheaded professional usually got to the orderly room by 6 a.m. in the morning to relieve the night sergeant. That morning he overslept. At 10 a.m., he arrived, out of breath from the heat. He was sweating profusely and the words were slurred. He sat down and said, "They're going to kick something.

Tingley was the target of a "fragging." According to a report, he was ordered out of the tent the night before by a corporal who said, "Get out of there, you're going to be killed." Tingley argued, but the corporal was insistent, saying, "You're going to die. You're going to die." Tingley left the tent and went to another area. Meanwhile, the corporal called in his superiors, who arrived and arrested Tingley. He was charged with the death of the corporal. He was later acquitted of the charges.

FIGHT BACK

Mounce described the elimination of one prisoner as "a clean, quick job." He said he had seen the prisoner run towards the guard, who shot him. The prisoner died instantly. The guard was later awarded a medal for his bravery.

G.I.'S TELL OF GENOCIDE AGAINST THE VIETNAMESE PEOPLE

Detroit — Michael A. Hunt, a Vietnam veteran and winner of a Silver Star, one of the medal's highest awards, described the atrocity of the Vietnam War in a press conference at the Detroit Veterans Memorial Hall.

"American military personnel... were responsible for the atrocities committed against the Vietnamese people," he said. "The First Air Cavalry also killed villagers, burned their villages and destroyed their livestock.

Hunt, who served in Vietnam from 1968 to 1970, described seeing the bodies of dead Vietnamese hanging from trees and burning in the streets. He said that the United States government was covering up the war crimes committed by the American military, and that it was time for the truth to be told.

BLACK AIRMAN HARASSED FOR SUPPORTING THE BLACK PANTHER PARTY

Brothers, Sisters, Comrades in Arms,

Once again, the pigs have stepped to a low level in order to continue their way of terror and exploitation. This letter is being written, not to bring scorn to my friends and sisters, nor to bring about a feeling of sorrow for us, but simply to bring some facts to the attention of the people. This letter, I hope, will serve to alert others, to keep all my people from being led astray, as I was. All too often it becomes a pig's military service.

Some time ago, I received a notification of reassignment. On the 7th of January, I was scheduled to start paperwork to begin to process off the base (Gilbert Air Force Base, South Dakota). I was assigned to the 1st Montana Maintenance Squadron, I worked in a restricted area, and therefore had to pass through a gate patrolled by the Security Police.

I arrived at the gate at 6:00 P.M., on the 7th of January, to go to my duty section. I was told by the guard that I could not get into the restricted area. He told me that the unit security officer had called to the gate and had given him the security code to let me into the area. I called several people, including my commanding officer, and I was given a complete run around. Everyone was quite hesitant to play anything, as though I had committed a terrible crime. Finally, I was told to go to my office by the security officer.

I arrived at the major's office at 5:45 and was told that the reason I could not get into my work area, was because I was under some kind of "investigation." —by the OSI (Office of Special Investigations). I had sent some letters to relatives, and the OSI had gotten a hold of them. I had written back the back of the outer envelope, which the OSI didn't particularly dig. The investigation was the pigs attempt to turn on the switch to the electronic brain. Chairman Bailey and Sister Erick, will be the day of mass execution of all pigs. — I have stood by too long while the pigs have brutalized and murdered my people. The blood of my people is pouring down the street. — "Free Bobby," — "Free Erick." — "Free Angela," — "Arm yourself or be yourself." These were all statements that I could make, but the pigs could not do so much.

I was taken out of the Maintenance Squad to join a new squadron, where I could be considered less of a "threat." My copy of the Black Panther newspaper every week in the mail, and this was tampered with. The outer envelope was torn open, but no damage was done to the paper itself. My reassignment orders were then cancelled.

I received constant harassment around the base because I was known as proclaiming "FREE BOBBY," "ALL POWER TO THE PEOPLE," etc, and I was told to get a support for the Black Panther Party by passing out literature and posters that I have received from the Black Panther Party. The harassment is constant and strong, but my revolutionary spirit is stronger. I fully realize that I must resist to exist.

In the eyes of the pigs, I had committed a crime: seeking concern for my people and the Black Panther Party, and so they reacted in a very foolish manner. By their actions, the pigs have taken another step toward proving that THE BLACK MAN HAS NO RIGHTS, THAT THE MILITARY IS ROUND TO RESPECT. To all those who have any thoughts about becoming a tool in the pigs' military, I say back off and resign!

The pigs, not getting the information out of the fact that they wanted, have now taken another path, have begun to question my fellow comrades, in order to get information, concerning my personal life.

I have the first and only warning to all of you, the pigs, that any person who insist upon trying to hamper my way of life for their benefit, I have certain people, and conditions which must not be allowed to exist, if I am to attain the highest level of consciousness possible — absolutely necessary in order to go about being a true revolutionary.

ALL POWER TO THE PEOPLE!

Revolutionary Yours,
Denise Green

ATTEMPTS TO FOOL THE PEOPLE

The oppressed people of communities in the United States are restless. The pig commanders are constantly devising ways of shaving their own heads, which are inflected upon the oppressed people of that community. The latest tool of deception is "Neighborhood Police Teams," whose so-called purpose, as defined by pig commanders, is to get to the people in the communities and make the oppressed people aware of the forces of oppression that attempt to invade our community, under the guise of serving the people.

HOWEVER, WHEN WRONGS SUCH AS THOSE DISCUSSED IN THIS ARTICLE ARE COMMITTED OR ATTEMPTED, THEY MUST BE DRAINED TO LIGHT AND SHOWN TO THE PEOPLE. DALLAS, TEXAS N.C.C.F. DISBANDED

Beverly Gaines

In the course of the Black Panther Party’s and oppressed people’s fight for survival and liberation, we encounter individualists and opportunists who attempt to capitalize on our very plight. When people of this caliber are detected and proven, the Black Panther Party moved to expose them to assure the well being of the people.

At this time the Black Panther Party denounces the opportunistic and individualist activities of Curtis Gaines, his wife, Beverly Gaines, Cornelius Jackson, and Don Lister (Red Dog). These jackasses have used the name of the Black Panther Party and its programs, under the guise of a National Committee to Hoover regime.

The Black Panther Party is informing the people of Dallas, Texas and the entire Black community empire that Curtis Gaines, Beverly Gaines, Cornelius Jackson, and Don Lister are counter-revolutionaries and therefore purged from the Black Panther Party for life. Also, until further notice the established National Committee to Combat Fascism in Dallas, Texas is disbanded.

ATTEMPTED SABOTAGE OF HARLEM OFFICE

In the aftermath of the jackass escapist of Michael Correya and Comrade Tabor and Richard’s “Disobedience March” in New York that directly caused the incarceration of Patricia Ali, Joseph Ali, and Jean Bevy, the pig repression in that city escalated 100%. With this escalation, frustration, and knowing that at any moment the fascist New York gestapo might attack, the National Committee to Combat Fascism in Harlem and offices under the guise of looking for half jumpers, the Tabor’s and Moore, the vigilance of the Panthers increased.

James

Gregory Davidson

On Thursday night, January 1, 1971, at about 5:30 am, James Davidson and Gregory Davidson, who had been working in the Harlem office, called from the office to another Party member to inform him that some pigs had broken through the front door and that they had defended themselves and escaped through a back window. Upon hearing this report, other Panthers moved to investigate the situation. When the Panthers arrived they found the door intact and also

at the Harlem office. At the time (6:05 am.) of the fabricated shoot-out, a community worker who had come to pick up breakfast food was outside the office. Fortunately, she heard the first shot that was fired before she was directly in front of the office and had a chance to safeguard her life.

The activities of these two fools, James Nixon and James Gregory Davidson, must be viewed as those of provocateurs. It is obvious that they had pre-planned a vile plot to bring the pigs down upon the Harlem Branch office and its workers. Had the conspired murder of Party members and raids on Party offices been successful there would be an unknown number of Panthers incarcerated for the infamous “crime of conspiracy to commit murder.”

The Black Panther Party denounces James Nixon and James Gregory Davidson as agent provocateurs and serves notice that they are purged from the Black Panther Party for life.

BLACK STUDENTS STRIKE IN BOSTON

For the past two weeks, Black high school students throughout the city of Boston have been on strike because of the racist policies of the Boston School System. The strike has been a climactic point in the student’s fight to end oppression in the schools. Since the first day of the strike, more than eight high schools have gone on strike with close to 1000 students participating.

The five major strike demands are: (1) appointment of more Black teachers and guidance counselors to be approved by the students, (2) Black studies course to be approved by the students, (3) complete amnesty for all supportive and striking students, (4) end to harassment of Black students by white students and teachers, and (5) evaluation of the Boston School System by a review board of community members.

The Boston School Committee (elected officials who decide the policies for city schools) is now attempting to make a scapegoat out of a number of the Black Student Federation that, along with the students helped to initiate the strike. The School Committee has also asked for additional pigs to patrol five of the city’s high schools, and to check all those entering and leaving.

At Deckerston High School there have been incidents of maiming at the Black students. At Boston Eng- lish, students who are seconds late for classes are quickly whisked out of the hallways by plain-clothed pigs, and interrogated in Gestapo fashion. At Jeremiah E. Burke High School for Girls, demands of the students for sanitary facilities, soap, toilet paper and other necessary health items have been ignored. The ordering of more pigs into the high schools is indicative of the Boston School Committee’s answer to the demands of the Black students for more repression.

To shed some light on the Boston School Committee—one of its former members is Louise Day Hicks, a blatant racist and an active supporter of pig George Wallace during the 1968 U.S. presidential campaign. All of the present members of the School Committee were also members of the committee at the time of Louise Day Hicks’s resignation to take the job of city counselor, and are avid supporters of hers. How can a school committee so infested with racism be put into a position to provide Black people with a decent education? Obviously, it can’t. The failure of Boston School administrators to recognize the validity of the proposed demands, has resulted in the ongoing city-wide student strike.

REVOLUTIONARY INTERCOMMUNAL DAY OF SOLIDARITY FOR BOBBY SEALE

As can be seen from the following reports, the people of the communities of the world are aware of what is occurring in the community of North America, even though the establishment media tries to mislead them. Not only are they aware, but they have decided in the true spirit of revolutionary intercommunialism to speed up the process of having our communities no longer existing as dispersed communities under siege, but to form one world liberated community.

Their first move in this direction is their realization of the importance of the Vanguard of the American Revolution, the Black Panther Party, and therefore understanding the importance of saving Chairman Bobby Seale from the electric chair.

BOBBY SEALE AWARDED DANISH HIGH SCHOOL PEACE PRIZE

The Danish High School Association, an organization of 32,000 students elected Bobby Seale, Chairman of the Black Panther Party to receive their Peace Prize for 1970. The reasons given for having chosen Chairman Bobby were both political and humanistic. Having seen and heard Chairman Bobby Seale in Denmark, the Danish students had an opportunity to learn something of the oppression, exploitation, racism and fascism that exist in the U.S.A.

The following are excerpts from their declaration:

“By demanding the release of the political prisoner, Bobby Seale, we refuse to accept the way the so-called democratic governments treat the minorities whose right it is to fight for freedom, and whose lives are supposedly guaranteed by independence declarations and constitutions.

Bobby Seale is elected because his situation is typical of one who lives in a country whose constitution is supposedly ideal for all societies in the ‘free world.’ He is an example of all peoples fighting for their rights and a decent life...We fully endorse “Free Bobby.” The money given with this prize should be used by Bobby as he sees fit. We look upon his trial as a showcase and realize that it is impossible for him to receive a fair trial.

We intend to ask the Danish-T.V. in the U.S.A., to keep us informed with up-to-date information on this case.

All Political Prisoners Must Be Freed
BOBBY SEALE MUST BE SET FREE!

CREATION OF THE BOBBY SEALE INTERCOMMUNAL TRIBUNAL AGAINST AMERICAN IMPERIALISM, FASCISM AND RACISM

Preparations have started for the organizing of the Bobby Seale Intercommunal Tribunal which will be held in Stockholm, Sweden in the latter part of March. The exact date will be announced in the near future.

The primary reason for this tribunal will be to expose to the world the U.S. government’s attempt to illegally murder Chairman Bobby Seale. At the same time it will expose to America’s activities throughout the world will be heard.

Writers, scientists, attorneys of political prisoners in Europe, in particular Spain, Greece, Portugal, France and Italy will take part.

Representatives from liberation fronts of the oppressed communities of the world will also testify against the direct or indirect effect of American imperialism on their just struggles for liberation.

American imperialism will be exposed for what it is—the No. 1 oppressor of all mankind on the planet earth.

Application Of The Nixon Doctrine and Escalation Of The War of Aggression In Laos By The Nixon Administration

UNIVERSITY OF THE UNITED STATES, RECEIVED NOVEMBER 3, 1970

In a statement made on November 3, 1970, President Nixon announced that he would use "all means at his disposal" to prevent further aggression in Laos. According to the statement, the U.S. government would provide military assistance to the Laotian government in order to "defend" itself against possible attacks. The President also indicated that he had no intention of "escalating" the conflict in Laos, and that he would continue to work towards a political settlement of the conflict.

The statement came in response to recent events in Laos, including the Laotian government's declaration of a "state of emergency" and the dispatch of additional U.S. military personnel to the country. The President's statement was widely interpreted as a sign of increasing U.S. involvement in the conflict, and it was met with mixed reactions from governments and organizations around the world.

In his statement, the President emphasized the importance of maintaining a "stable" situation in Laos, and he called for all parties to the conflict to "work together" towards a peaceful solution. He also indicated that the United States would continue to support the Laotian government in its efforts to "defend" itself against possible attacks.

The statement was widely criticized by some factions in Laos, who saw it as an indication of increasing U.S. involvement in the conflict. At the same time, it was welcomed by others, who saw it as a sign of the United States' commitment to maintaining stability in the region.

The statement was also met with mixed reactions from governments and organizations around the world, with some calling for increased diplomatic efforts to resolve the conflict, and others expressing concern about the potential for further escalation.

In conclusion, the statement by President Nixon was seen as an indication of the United States' commitment to maintaining stability in Laos, and it was met with mixed reactions from governments and organizations around the world. The statement was widely criticized by some factions in Laos, who saw it as an indication of increasing U.S. involvement in the conflict, and it was welcomed by others, who saw it as a sign of the United States' commitment to maintaining stability in the region.
Americans have not only taken part in the fighting, but have suffered casualties in their military activities in Laos. In the air as well as on the ground, a series of the numerous instances to the point in May 1968, more than a dozen American servicemen died in the battles at Pheth, an important stronghold of the "special forces". The American air force and the artillerymen in the radar station there were also killed. Many more GIs were killed. Many were injured in recent clashes in the Plain of Jars and the Sai Thong - Long Cheng area (Cem Provinence). U.S. casualties in the air and on the ground are no longer counted by the dozen. The testimony of the U.S. Senate sub-committee said that nearly 200 Americans had been killed. This is not to say reality - and charge that Nixon was lying when he said there were no U.S. combat casualties in Laos.

According to U.S. Senators Al Gore and S. Young, thousands of U.S. military personnel are killed or wounded in Laos. The estimated number of some 400 perished in the past few years. On March 8, 1970, GIs and pilots were killed in a U.S. F-4D shot down in S. Yomning and M. Mansfield pointed out that there were serious doubts whether Americans were found in Laos. A grave thing that in hundreds of Americans had lost their lives there.

The first edition of any attempt to deny the presence of U.S. combat troops in Laos, Nixon has ordered destruction of American 'military bases' in the 'war areas': A total of dead Americans found during the various investigations which quoted well-informed Laotian sources as say that "bodies of Americans have been found in Laos". The wariness of U.S. command operations killed in ground combat operations in Northeast Laos was caused by "very deep anxiety". The report added: "The Americans have orders that they will be careful, that they are killed, other members of their patrol put a grenade on their faces or shoot them up with their machine guns till they can't be recognized."

Contrary to the usual allegation about his concern for "protecting American lives", Nixon is seemingly fixated on the "battle zone" and the bloody war the American people in the illegal and immoral war in Laos. Moreover, by publishing American youth into a death place then destroying their bodies, Nixon has made enemies against the American people.

Apart from the regular battles, the U.S. has built for the "special forces" three mobile training bases in the heartland of the Lao patriots' forces. The main training center is in the main axis of the Laos patriots' forces. The main training center is in the main axis of the Laos patriots' forces. It was "most unusual and irregular and non-constitutional" Fukidzu added.

The U.S. has built in many places in northern and southern Laos, including a number of areas which have been constantly controlled by the Lao patriots' forces but later illegally occupied by the U.S. and its lackeys, a network of strongpoints and "special forces". Controlling the regions under the control of the Lao patriots' forces, including modern equipped bases like Phut, that is, "building a network of bases and training camps". The U.S. has used the bases to launch a "war of aggression" in the region, and to exert the "great power" to force the United States to accept U.S. neo-colonialism.

1. With continuing its aggressions against the Lao patriots, expanding the war to Cambodia, the Nixon administration is intensifying its war of aggression on Laos, thus causing the situation in South-east Asia to be very serious.

Going against the June 30, 1970 statements by Mr. Nixon stating the United States had "terminate the U.S. role in the War in Laos", the Nixon administration has used its bases and military power and naval and air forces and its part of the American soldiers and complicity to launches war of aggression in Cambodia.

Of late, it has been stepped up its warmongering and it is preparing for large-scale military intervention in the region. According to A.P. February 1st, 1971, "the bombing campaign against the Vietnamese of the Lao patriots, has entered its fifth day". Information from various sources has revealed that for the past few consecutive days, there were daily 100 - 300 U.S. military aircrafts, the air force bombers of the U.S.A.F. Dropping thousands of tons of bombs over the Lao patriots' bases. The Lao patriots have been firing the opening shots. The United States has mobilized tons of thousands of Lao patriots' and U.S. aircrafts and air force bombers to commando forces against the liberation forces of North Laos in South Laos. According to New York Times, October 27, 1970, "the priority to equipping the "special forces" and put a large number of parachutists at the disposal of these forces to increase their mobility, and helped them expanded the area of control. From late 1969 to early 1970, 84 battalions in late 1969 totaling nearly 20,000 men being channelled into three kinds of armed forces mobile force, regional force and guerrilla units, known as successive "special forces" in the "clandestine army".

SISTER FORCED TO LIVE IN WASH HOUSE BY HOUSING AUTHORITY PIGS

Mrs. Lula Mae Johnson and grandchild.

Johnson, her 17 year old daughter and 10 month old grandson, they were allowed to take only a few clothes from the house.

The generosity of a neighbor provided a place for Sandra and LADY AND to move to. At this point, Lula Mae Johnson was forced to make her home on the cold concrete floor of the wash house in the back of the apartment building.

After wiping a hard struggle with the pigs of the Housing Authority, Lula Mae and her family were allowed to move back in to a house and her furniture and remaining clothes were returned.

It is evident that the entire eviction was nothing but harassment because the Housing Authority could and did find an alternative, it was hard to say for how long. Jim John and his family will be able to live without harassment because they are only an example of the oppression that run rampant by today. Only by taking the field of the oppressor, can the people insure themselves a peaceful life.

1/27/70 Pigs murdered Silly Fingers Pigs by Beatrice in London. As the above list above, it is evident that he is a criminal of the highest degree by the fact that he challenged members of Philadelphia Branch of the Black Panther Party after they said at our office in August to deal with which is clearly against the laws of Pennsylvania. He has challenged members of the Black Panther Party "yellow dog" but he is the real "yellow dog"! He has home suits against his soul feeds on an innocent public to gain community control of the police. By his constant physical and verbal attack on oppressed people and their freedom-fighters, he has shown himself to be a cowardly pig of the lowest form.

RAYMOND "TWINE" BROOKS KILLED BY RIZZO'S FASCIST DOGS

note while "off-duty", witnessed says plane a kite in to head.

In July 1969, when he expounded his "Doctrine" for the first time in a public forum, he stated that he believed that it was a doctrine of peace. The image of the United States he gave was that of a country "breaking away from the past", desiring to give up its role of international policeman, to gradually reduce its commitments, and to obtain from new areas, a country no longer seeking a military victory, avoiding other Viet Nam wars, concerned only with economic aid. With regard to Viet Nam and Indo-China, Mr. Nixon promised to end the war, and said that the United States would "restrain" itself, that it would reduce the level of hostilities, withdraw its troops, and would not be involved in new wars of aggression in Laos and Cambodia.

The facts show that far from "restraining" itself, or reducing the level of hostilities, Mr. Nixon stepped up and expanded the war. Far from giving up commitments, he became more committed and engaged deeper in war. He sent more troops, he continued to maintain hundreds of thousands of G.I.'s indefinitely in South Viet Nam. Facts show that far from "breaking away from the past", he proved to be more bellicose than the previous administration, his words that "we must not fool ourselves, The American people must have the full truth" message on foreign policy, part dealing with Viet Nam, February 16, 1970, in recent days, many important newspapers, many American academicians have pointed out that the Nixon Administration was deceiving the American people, falsifying the war and selling another. The extension of the war, they said, and the increased involvement of the United States in Laos and Cambodia would impede U.S. troop withdrawals instead of accelerating it. "In practical deeds, the Nixon doctrine is secretly different from the policy of intervention advanced by John Foster Dulles over ten years ago."

Under the head line "An old Sceneario in Cambodia", the New York Times writeres Jan 30, 1970, "Memory in reporting Current in Southeast Asia. The infamous intention of American military power into Cambodia is captured in a serving regime eminently public, as the United States and Viet Nam, have concluded a deal early 1965, which encroached the United States in a major war in neighbouring Viet Nam."

In its issue of February 8, 1971 Newsweek wrote about the possibility of taking up arms by the United States for aggression in Laos under Ameri- can rule." Americans "prove to be on the verge of buying a pig in a poke in the kingdom of Laos."

In brief, the "Nixon doctrine" has now been added as one of the major issues in the new world, and the American administration has been forced to the verge of buying a pig in a poke in the kingdom of Laos."

Ladies and gentlemen,

We have pointed out that after two years of implementation, the "Nixon doctrine" far from reviving U.S. defeat in Viet Nam, has sunk it deeper into the swamp of Cambodia and Laos.

The February 9, 1971 statement of the Foreign Ministers pointed out that the Democratic Republic of Viet Nam writes: "After many years of staunch and heroic struggle, the Vietnamese, the Laotians, and the Cambodian people have fought against the illusions of the U.S. imperialists and their lackeys. At present, supported by their victor and the three Indochinese peoples will sharpen their vigilance and will smash all evil liberal ventures of the United States and its agents, including the intensification of the U.S. air war through Indo-China. No enemy, however cruel he may be, no insolent menace can withstand the unmistakable determination of the Vietnamese, the Laotians, and the Cambodian people in their fight for their fundamental national rights."

Of late, many American congressmen have denounced the Nixon administration for its pro- motion of the war in Indo-China, and bring home all the G.I.'s. No doubt, the American people will not tolerate the fact that the Nixon administration continues to force American youth to go to death in Viet Nam, Laos, and Cambodia to stand the United States into deeper economic and social difficulties.

The Nixon administration should realize that they will never be able to gain a position of strength through military means in order to compel the other side to accept its conditions of non-colonialism peace. What better give up aggression, end the war, and give a positive response to the logical and reasonable proposals of the Provisional Revolution- ary Government of the Repub- llic of South Viet Nam, which proposes to cease hostilities -you as to achieve a correct peaceful settlement of the Viet Nam problem.

What We Want
What We Believe

1. We want freedom. We want power to determine the destiny of our Black Community.

We believe that black people will not be free until we are able to determine our destiny.

2. We want full employment for our people.

We believe that the federal government is responsible and obligated to give every man employment or a guaranteed income. We believe that if the white American bourgeoisie will not give full employment, then the means of production should be taken from the businessmen and placed in the community, so that the people of the community can organize and employ all of its people and give a high standard of living.

3. We want an end to the robbery by the CAPITALIST of our Black Community.

We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two males. Forty acres and two males was promised 100 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities. The Germans are now aiding the Jews in Israel for the genocide of the Jewish people. The Germans murdered six million Jews. The American racist has taken part in the slaughter of over fifty million black people, therefore, we feel that this is a modest demand that we make.

4. We want decent housing, fit for shelter of human beings.

We believe that if the white landlords will not give decent housing to our Black community, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

5. We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that Black people should not be forced to fight in the military to defend a racist government that has been and will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

8. We want freedom for all black men held in federal, state, county, and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

9. We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group, if he is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do that the court will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the “average reasoning man” of the black community.

10. We want land, bread, housing, education, clothing, justice and peace.

And as our major political objective, a United Nations-supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When in the course of human events, it becomes necessary for one people to dissolve the political bonds which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the laws of nature and nature’s God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and, accordingly, all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.
