SEATTLE N.C.C.F. MEDICAL CORPS TREATS WALLA WALLA PRISON INMATE

On February 14th, the Seattle National Committee to Correct Inhuman Conditions was ordered by a unanimous composition of four doctors, three nurses, one medical secretary, and one N.C.C.F. organizer to treat the inmate of Walla Walla State Hospital. The primary purpose of the visit was to advance medical care among the inmates. Walla Walla is a state prison and a medical facility for individuals who have been incarcerated. The doctors aim to improve the living conditions and medical care within the facility.

URBAN RENEWAL - STRATEGY FOR GENOCIDE

The inability of the present system to solve the problem of black people, oppressive racism, Devalia, and political situation is a historical fact. Yet, in 1974, over a century after the introduction of modern slavery, federal government programs continue to be formulated in black communities. A classic example is the housing of slum dwellers in suburbs.

In all of America's cities with large populations of blacks and other ethnic minorities, Boston offers the common affliction of forced housing. In several sections of the black community, the existing housing has been torn down and replaced with prefabricated housing projects which are so poorly built that they may expire in a state of collapse upon inspection. However, at certain locations, more than the replacement of inadequate housing, it also demonstrates the physical layout of the community. This places the people in a vulnerable position, for the Housing Development Authority, a proponent of this program, controls a major part of urban renewal.

It is unlikely to be a major contribution to the American scene.

THE TAYLOR-CHATMAN INCIDENT

Efforts to raise money for Malcolm X and Earl Chatman continue. These brothers are part of the minority of the white racist system of "justice." They were accused, tried, and convicted by a jury, and convicted (of murder) and burned by a mob.

The Taylor family was forced into a house in a state of despair and their lives have been ruined. The Chatman family was forced into a house in a state of despair and their lives have been ruined. The Chatman family was forced into a house in a state of despair and their lives have been ruined.

STOP AND SHOP, AN EXPERIMENT IN TERROR

On Monday, January 3rd, the Columbia Center Stop and Shop food store opened. Published reports claimed that the store was built to meet the needs of the black community. However, on February 14th, the store was closed, and the owner was arrested. The owner has been charged with conspiracy to commit murder, and the store was later demolished.

The store's attempt to remain open was met with resistance from the community, and the store was eventually forced to close. Despite the challenges, the store's owners and employees remained committed to serving the community.

Infection caused by bed sore

The incidence of infections caused by bed sores among prisoners is considerable throughout all the incarcerated communities of the world. The condition most often experienced is in the foot, but it must be prevented and treated from the beginning.

MANIFESTO OF FOLSOM INMATES

BLACK CAPITALISM IN WASHINGTON, D.C.

The Black Panther Party was a political organization in the United States that was active from the late 1960s to the early 1980s. It was founded in Oakland, California, in 1966, and its members advocated for civil rights, economic justice, and self-defense among African Americans. The party was known for its militant approach and its use of violence to defend against police brutality and other forms of oppression.

The manifesto you are referring to appears to be a statement issued by the Black Panther Party, possibly in response to a particular event or issue. It calls for the establishment of a black capitalism in Washington, D.C., which suggests a desire to establish a new economic system that is controlled by black Americans. The manifesto outlines various strategies and actions that the Black Panthers believed were necessary to achieve their goals.

The text of the manifesto is not fully visible in the image provided, but it likely contains ideas such as the establishment of black-owned businesses, the nationalization of key industries, and the redistribution of wealth to black communities. The Black Panthers were known for their radical approach and their willingness to use armed self-defense in defense of their community.

This document represents a significant piece of African American history and is an example of the political activism and social movements that emerged during the civil rights era.

ELEVENTH JURY CHOSEN TWO ADDITIONAL CHALLENGES ALLOWED

Today's morning session was devoted to 2 motions made by the defense. The result was:

In a motion to dismiss the pre-judicial publicity, Attorney Rubenstein referred to a motion in October which he had made in September. He noted that in October, a psychiatrist named Bier, had revealed doubts about the sanity of some of the defendants, and had suggested that the public should be informed. Rubenstein said that he had not made the motion because the public should be informed about the insanity of the defendants. He added that the motion had been denied because the public should be informed about the insanity of the defendants.

Grand Jury Members Denounce Grand Jury

To the Honorable, the Superior Court of the State of California and for the County of Los Angeles

We, the undersigned, members of the Grand Jury of the Los Angeles County, are compelled to speak out on the basis of our knowledge and experience as jurors in the current trial of the Black Panther Party members. The charge is that they have conspired and engaged in a criminal conspiracy to commit a number of serious crimes, including murder, attempted murder, assault, and weapons violations.

We, the members of the Grand Jury, wish to express our deep concern about the handling of this case. We believe that the prosecution has been characterized by bias and prejudice, and that the defense has been denied adequate representation.

We have reviewed the evidence presented to us and we believe that there is no basis for the charges brought against the defendants. We have also reviewed the evidence of the prosecution and we believe that the prosecution has not met its burden of proof.

We believe that the defendants have been denied their right to a fair trial and we urge the immediate release of all those charged.

We call on the authorities to reevaluate the case and to seek a fair and just resolution.

Signed,
[Names of Grand Jury members]
In their day-to-day recreation, suppression and general killing of Black people in U.S. prisons, the pigs utilize various methods and means such as the death by fire and other. Early on Tuesday, January 26,1971, the pigs once again employed their usual tactics, and well mannered. Here in the penal capital of the Babylonian Empire, a real war was conducted in the 100 blocks of District of Columbia, U.D.C. under the present leadership of a `Jailor Namc."

In her ability to live at the above address with her family, it is the letter to feel pride of com- munication at the level of the local governments. Two members of the Washington, D.C. police department, black Panther Party Investigated the building as ordered by Mrs. Alexander, Mr. Alexander, their son and another unknown of the incident. The entire fascist operation went down as follows: Early on the morning of Tuesday, Jan. 26, a news truck from the Federal Bureau of Investigation in front of Mrs. Alexander’s house, Mrs. Alexander was doing daily house chores and talking to Mr. Alexander, who was preparing to go to work, the Federal police came into the house, arrested a naked woman and a naked man and put the pre-planned fascist operation into operation. According to Mrs. Alexander’s statement to the Bureau, she never knew what was happening and saw no one enter or leave her home. Her statement was confirmed by her two children. The pigs then contacted two other government agencies, the Secret Service and the D.C. Police Department. These two agencies acted quickly, and the investigation continued.

The investigation took place on Monday, January 25, 1971. It was not the first time that such a incident occurred. The pigs have been using similar tactics to suppress the Black community. In this case, the pigs have taken it a step further and have arrested two innocent people simply because they are Black.

AN ATTACK ON AMERICA’S NUMBER ONE SYMBOL OF FASCISM

Early March morning, March 1st, an explosion rocked the United States Capitol building, ripping doors from their hinges and knocking plaster from the ceiling. The pigs, as usual, were not surprised. As U.S. fascism relies to a new stratagem in IndoChina, under the direction of Richard Nixon, so does the war come closer to home. According to the pigs media, television and radio, the explosion was an attempt to disrupt the meeting of the U.S. Capitol building.

In a statement issued to their private aircraft, Nixon termed the bombing of the Capitol building a "shocking act of violence that will outrage all Americans." This statement makes it very clear that the pigs are attempting to create, to an even greater degree, the same kind of anti-Communist, anti-Black, anti-Youth hysteria that prevailed in Nazi Germany in 1933.

LETTER FROM KATHLEEN CLEAVER TO ERICKA HUGGINS

October 24, 1970

Dear Ericka,

You can understand why it has taken so long for this letter to reach you, for the communication among Political Prisoners -- all of us incarcerated in misery by the bars of fascism -- is stifled on the inter-personal, inter-family, inter-state, inter-national, and inter-communal level. Regardless, we share the same aspirations and struggles to create communal solutions. I always think of the pain you feel at being torn away from Mai, whom I only met once when she was but a few days old. But she was a beautiful and healthy child at that time, being the daughter of you and Jon, and I know she is even unimaginably beautiful and healthy now. As well as thousands of other people, the picture of you standing in front of the New Haven courthouse with clenched fist raised, shouting "Free Huey", gives me new encouragement to persist and perform even more powerfully every time I see it and think of you now.

Love you, Ericka, as all revolutionary sisters and brothers must, and we cannot allow you to endure this torture much longer. The respect and admiration that is in the hearts of the people for your resistance and beauty is boundless.

Here in Algiers, we have gained the confidence and co-operation of the most deadly enemies of our racist, imperialist, fascist slave masters, and have joined our forces into a common struggle.

Our revolutionary sisters in Asia, Africa, and Latin America -- the hewers of wood and drawers of water -- are enduring parallel conditions, for parallel reasons, and our numbers and fortitude increase daily. All over the world, it is known that we, the people, shall triumph in America. Your courage in the face of death enables us all to have greater strength, and your heroism is what will bring the oppressed people of the whole world the salvation of liberation and the peace of self-determination and the brotherhood of mankind.

The liberation of the black community, specifically, means the harnessing of the united men, women, and children, into one harmonious and creative social unit in order that our lives may cease to be a living death and our deaths may cease to be a living shame.

Only revolutionaries will step forward in the name of the people to create the conditions whereby the people and masses can unite and fight for these goals. Because you are a revolutionary, you know that sacrifice is the essence of love, and love is the essence of victory. As long as we retain our love -- for each other, our families, our Party, our People, and our justice -- we shall never be defeated. Love is all that enables our people to survive the agents of chattel slavery, slave-catching war, and all its subsequent elaborations that brought imperialist into being. By translating that Power into the ideological and human machinery, the political and practical apparatus, capable of bringing our basic needs and desires into being, as Huey P. Newton and Bobby Seale have done, we guarantee the future security, peace, and happiness to our children. It is they who shall finally gather and enjoy the fruits of our labor that has maintained for centuries human life and civilization on the planet earth.

We shall meet again soon.

REVOLUTIONARY INTERCOMMUNAL DAY OF SOLIDARITY FOR BOBBY SEALE

As can be seen from the following reports, the people of the communities of the world are aware of what is occurring in the community of North America, even though the establishment media tries to mislead them. Not only are they aware, but they have decided in the true spirit of revolutionary intercommunalism to speed up the process of having our communities no longer existing as dispersed communities under siege, but to form one world liberated community.

Their first move in this direction is their realization of the importance of the Vanguard of the American Revolution, the Black Panther Party, and therefore understanding the importance of saving Chairman Bobby Seale from the electric chair.

BOBBY SEALE AWARDED DANISH HIGH SCHOOL PEACE PRIZE

The Danish High School Association, an organization of 52,000 students, elected Bobby Seale, Chairman of the Black Panther Party, to receive their Peace Prize for 1970. The reasons given for having chosen Chairman Bobby Seale were both political and humanitarian. Having seen and heard Chairman Bobby Seale in Denmark, the Danish students had an opportunity to learn something of the oppression, exploitation, racism and fascism that exist in the U.S.A.

The following are excerpts from their declaration:

"By demanding the release of the political prisoner, Bobby Seale, we refuse to accept the way the so-called democratic governments treat the minorities whose right it is to fight for freedom, and whose lives are supposedly guaranteed by independence declarations and constitutions. Bobby Seale is elected because his situation is typical of one who lives in a country whose constitution is supposedly ideal for all societies in the "free world." He is an example of all peoples fighting for their rights and a decent life... We fully endorse "Free Bobby." The money given with this prize should be used by Bobby as he sees fit. We look upon his trial as a show-case and realize that it is impossible for him to receive a fair trial. We intend to ask the Danish TV, in the U.S.A., to keep us informed with up-to-date information on this case.

All Political Prisoners Must be Freed

BOBBY SEALE MUST BE SET FREE!

CREATION OF THE BOBBY SEALE INTERCOMMUNAL TRIBUNAL AGAINST AMERICAN IMPERIALISM, FASCISM AND RACISM

Preparations have started for theorizing the Bobby Seale Intercommunal Tribunal which will be held in Stockholm, Sweden in the latter part of March. The exact date will be announced in the near future.

The primary reason for this tribunal will be to expose to the world the U.S. government's attempt to legally murder Chairman Bobby Seale. At the same time, a tribunal against American barbaric criminal activities throughout the world will be heard.

Writers, scientists, attorneys of political prisoners in Europe, in particular Spain, Greece, Portugal, France and Italy will take part. Representatives from liberation fronts of the oppressed communities of the world will also testify against the direct or indirect effect of American imperialism on their just struggles for liberation.

American imperialism will be exposed for what it is—the No. 1 oppressor of all mankind on the planet earth.
ALBANIAN DELEGATION IN U.N. CONDEMONS RACISM IN U.S.

Speaking at the Third Committee of the U.N., on October 28, the Albanian Representative, Sokrat Plaka, branded American imperialism as "the principal bastion of racism in the world."

He pointed out that in the U.S. itself, there is a typical regime of racial, economic and political oppression. The ruling class of the U.S. is pursuing a policy of barbarous repression against the Black Americans, which even reaches the level of monstrous massacres. Many of the leaders of the Black movements have been cruelly murdered during the past year.

Plaka pointed out that the Black Americans are deprived of the most elementary social, economic, and political rights. They suffer from unemployment much worse than the White workers. Segregation in education still predominates. This situation also applies to the Mexican-Americans, the Puerto Ricans, the American Indians, etc.

The peoples of color of the U.S. have learned, he said, that racial discrimination cannot be eliminated by hypocritical promises and "have" proposed by the American imperialists. They realize that the only road to follow to realize their legitimate rights is a struggle without compromise against American imperialism which is the stronghold of racism and economic and political exploitation.

This approach has been demonstrated by the courageous and vigorous struggles of the Black Americans during these past years, struggles which have become an important part of the general American mass movement against "the establishment," a movement which reached its height in the protest against the invasion of Cambodia.

The Albanian Representative also condemned the social, political, and economic oppression of the people of South Africa, Southern Rhodesia, the Portuguese colonies, etc. He pointed out that the basis of this oppression and exploitation is the fabulous profits of the international monopolies. That is why the imperialists countries resist every effort in the U.N. to combat racism, and why all the resolutions and treaties on this subject have remained "dead letters."

The U.S., and their partners in NATO, he said, are giving all the economic, political and military support which they need to the racist cliques in Southern Africa with which to oppress the African people.

Plaka pledged full solidarity and support by the Albanian people to all the peoples fighting for their national and social liberation, mentioning the peoples of South Africa, Mozambique, Angola, Southern Rhodesia, and especially the Arab people of Palestine who have been fighting for 22 years against imperialism and Zionism. These people have taken up arms and are carrying out a staunch fight against colonial and racist domination, and this will guarantee their final victory.

He also condemned the Soviet social-imperialists who constantly propagate their policy of "non-violence" and their so-called "peaceful co-existence" between the oppressors and the oppressed, between the aggressors and their victims. These social-imperialists have made common cause with the American imperialists to snuff out the struggles for national and social liberation of the peoples, in line with their global strategy of world domination and division of spheres of influence.

The U.S. and the U.S.S.R., he said, have been using the U.N. as a market place for political horse-trading and counter-revolutionary plots. It is necessary to throw off the domination of these two super-powers over the U.N.

(Comrade Enver Hoxha, Courorous leader of the Albanian people.)

(The Third Committee is also known as the Committee On Social, Humanitarian, and Cultural Questions.)
THE 9MM FN BROWNING HIGH POWER PISTOL

The FN Browning High Power is one of the most extensively used military pistols in the world today. It is widely distributed as a commercial weapon. This pistol was the last developed by John Browning and first appeared in prototype form in 1926. It was introduced to the market in 1935 in two forms: an "Ordinary Model" with fixed sights and an "Adjustable Rear Sight Model" which had a tangent-type rear sight graduated to 500 meters and had a slotted grip for attachment of a wooden shoulder stock. This shoulder stock is attached to a leather holster in contrast to the all wooden shoulder-stock holsters made for the Canadian made FN Browning pistols No. 1 mark I and No. 1* during World War II. The High Power, which is called the G.P. (Grande Puissance) in Belgium, uses the Browning Colt parallel slider system of locking but is considerably simplified in many ways in comparison with the U.S. caliber .45 Model 1911.

The High Power has been or is being used as a service pistol by Belgium, Lithunia, Denmark, the Netherlands, Nationalist China, Canada, the United Kingdom, Rumania and other countries. It was manufactured by the John Ingle Company of Toronto, Ontario during World War II. (For further information see under Canada.) Large quantities were manufactured in Belgium. The pistol in commercial form is distributed in the U.S. by the Browning Arms Co. of St. Louis.

The commercial model Browning Hi-Power is of considerably better finish than models manufactured for military use—especially better than those made during the German occupation of Belgium. While the Hi-Power as made for the Germans, easily recognizable by the WaffenAmt eagle and swastika stamps on slide and receiver, is of interest to collectors, it should be avoided by those who wish to handle good machines.

Some of the nomenclatures which have been or are being used for the High Power in various countries:

- Belgium: Pistolet Automatique Browning Modèle Une Grande Puissance (GP).
- Canada, U.K.: Pistol, Browning FN.
- Belgium: No. 1 mark I and I*.
- Denmark: 9mm Pistol M/46.
- Germany: Pistole 640 (b).
- Netherlands: Pistool, 9mm Browning FN, GP.

FIELD STRIPPING THE HIGH POWER BROWNING

1. Pull slide back and push thumb safety up into the second notch. Press magazine catch and withdraw magazine.
2. Push pin from right side of receiver and lift out the pin and slide stop unit. Holding firmly to the slide, depress the safety catch and permit the slide assembly to go forward and off the receiver runners.
3. Holding slide assembly upside down, pull recoil spring toward the muzzle and lift it out of engagement. Remove it and the spring.
4. Remove barrel from rear of slide.

CHARACTERISTICS OF THE FN BROWNING HIGH POWER PISTOL

What We Want
What We Believe

1. We want freedom. We want power to determine the destiny of our Black Community.
We believe that black people will not be free until we are able to determine our destiny.

2. We want full employment for our people.
We believe that the federal government is responsible and obligated to give every man employment or a guaranteed income. We believe that if the white American businessman will not give full employment, then the means of production should be taken from the business community and placed in the community so that the people of the community can organize and employ all of its people and give a high standard of living.

3. We want an end to the robbery by the CAPITALIST of our Black Communities.
We believe that this racist government has robbed us and now we are demanding the acreage of six acres and two cows. Forty acres and two cows was promised 100 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities. The Germans are now adding the Jews in Israel for the genocide of the Jewish people. The Americans are now adding the black in America for the genocide of the black people.

4. We want decent housing, fit for shelter of human beings.
We believe that if the white landlords will not give decent housing to our black community, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

5. We want education for our people that exposes the true nature of this decadent American society. We want education that taught us our true history and our role in the modern society.
We believe in an educational system that will give our people a knowledge of self. If a man does not have knowledge of himself and his position in society, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.
We believe that black people, should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist government of America. We will protect ourselves from the three evils of the racist police and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.
We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and harassment. The 24th Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

8. We want freedom for all black men held in federal, state, county and city prisons and jails.
We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

9. We want all black people when brought to trial to be tried in court by a jury of their peers or people from their black community, as defined by the Constitution of the United States.
We believe that the courts shall follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this the courts will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the "average reasoning man" of the black community.

10. We want land, bread, housing, education, clothing, justice and peace.
And as our major political objective, a United Nations supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bonds which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, and the pursuit of happiness. That, to assure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that, when any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and accordingly, all experience hath shown that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object till, in effect, there is nothing left but slavery. Indeed, it is the right of the people to throw off such government and to provide new guards for their future security.
