TRUE STORY OF CHICAGO'S BIG STORES

Starvation Wages for Women Employees.

NO UNIONS, CONSEQUENTLY MERCILESS EXPLOITATION

Overtime Constantly Exacted by Employers Without Extra Pay.

Violent in Chicago are shown two great signs of sweating hours, and the three great stores. These stores in truth have grown from enormous shops into gigantic retail stores, each with an area of 50,000 square feet, and producing the goods of the day's work of the city.

The figures used to compile the estimates of those three great stores are:

Macy's, 200,000 square feet
Harmar's, 150,000 square feet
Marshall Field's, 125,000 square feet

These stores, according to estimates, have a weekly payroll of $2,000,000. The total number of workers in these stores is over 20,000. The average monthly earnings of the workers is $200.00. The average weekly working hours is 52.5 hours.

The workers in these stores have no protection. They work without any union. They work without any protection. They work without any protection. They work without any protection.

We are convinced that the employers in these stores have no right to expect any protection for the workers. They have no right to expect any protection for the workers. They have no right to expect any protection for the workers.

The book is well-written and provides a valuable resource for anyone interested in understanding the history of the Socialist movement.

To the Editors of the Capitalist Daily Papers of America

Dear Sirs,

You have had a lot of fun with Socialism. Haven't you?

You have ridiculed it, you have satirized it, you have warned it. I am sure you have done it with a good conscience.

You have taken up all the old arguments that you could find, labeled them "Socialism" and proceed to demolish them.

You have pointed out that the interests of capital and labor were identical and the labor movement the logical outgrowth of the capitalist, who would carry class against class.

And you have before you all the arguments of your editorials that you can find, labeled them "Socialism" and proceed to demolish them.

You have pointed out that the interests of capital and labor were identical and the labor movement the logical outgrowth of the capitalist, who would carry class against class.

And you have before you all the arguments of your editorials that you can find, labeled them "Socialism" and proceed to demolish them.
