DOING A BUNCH OF LETTERS FROM MRS. DAVID H Columbian, Mrs. Niles Johnson, in the county.

Dear Mrs. B. J. This would certainly be an easy way to keep the dressmaker's hands busy. I am writing to you from my home in Chicago, where I have been living for many years. The weather here is quite pleasant, and I am enjoying myself very much. I have been writing letters to my friends and relatives all over the country, and I thought you might like to hear from me.

I am glad to hear that you are still in good health. I hope you will be able to enjoy the company of your friends and relatives as much as I am enjoying the company of mine.

With love,

HUMAN FERRET FOR BOSSES

Employers Spend Millions Through Him to Brack Labor Organizations in Chicago.

Some of the spiffy suits on mistakes in Chicago. Every man who works for a living knows that the Chicago Employers' association and his em- ployer's executive branch is the only part of the hides that are often cut in the interest of every labor organization.

Another way to look at it is this: when a man who works for a living accumulates thousands of dollars, he does not find himself in the same class with the men who work. And yet, in the same class, he is the one that is going to have to pay the taxes on all those dollars.

A machine that works for you.

I think that everyone has a right to be treated as a human being. And if you treat someone as a human being, you are going to get a lot of respect from them. And if you treat someone as a machine, they are going to treat you as a machine.

The role of the employer is to give the employee the tools that he needs to do his work. And if you are going to give someone the tools that he needs to do his work, you are going to get a lot of respect from him.
