Roosevelt Sends Root to Talk Against Hearst—Secretary of State
Calls Many Names

LAUDS JOE CANNON AS HONEST!

Our Special Correspondent's View of Situation.

For a few weeks past, the probable outcome of the
Gubernatorial election in New York has been the
most absorbing subject of political discussion. The
Democrats are divided into three camps: the
Hearst camp, the Root camp, and the Warburg camp.

All predictions have been based last month by the importance of Elihu Root, rear admiral, of the
United States Navy, upon the assumption that
he is the candidate of the Hearst camp, and is
expected to carry the state.

This Paper Will Be Continued

The Chicago Daily Socialist will cease publication at the end of the present campaign, as was originally planned, because the first permanent daily socialist newspaper in the English-speaking world.

There are more daily socialist papers in other languages—twenty-eight in Germany alone. The best known is the Berlin Vorwärts, which comes into the party funds 25,000 a year. It has a circulation of 200,000.

The most successful paper in Denmark is the Copenhagen Socialite, which contains 15,000 a year to the party.

There is now a field in America for a daily socialist paper. This paper proposes to enter that field.

If our readers will work for the paper, pull it along, circulate it, it will become strong, powerful, and influential. This strong, powerful and influential paper will be for the people, and for the workers.
