PULLMAN TO GIVE $27,000,000 TO WALL ST.
Great Pile of Surplus Wealth to be "Divided Up" Next Week.

MONEY ESCAPES TAXES

"What Cutting" Makes Stockholders Mouth Water—
Producers of the Rail Will Get Nothing.

Stockholders of the Pullman company will divide among themselves $27,000,000 in the near future. The actual amount of money being distributed has been revised upward from $22,000,000 to $27,000,000. This is an additional $5,000,000 per year, and it will be divided among the stockholders of the company just as it would if they were the owners of stock companies. The "What Cutting" makes it possible for the stockholders to divide the money among themselves in this way.

The "What Cutting" is a practice that has been going on in the Pullman company for some years. It is a practice of paying dividends to the stockholders in the form of "What Cutting," which is a form of stock that is not subject to taxation. The stockholders are the owners of the company, and they are entitled to a share of the profits. The "What Cutting" makes it possible for them to divide the money among themselves in this way.

"AN EYE FOR AN EYE"  BY C. S. Darrow

The Story of a Condemned Man's Last Night on Earth.

Using Jackson, condemned to death, planned to kill his fellow workers to whom he feels he has been wronged. He switched his watch, then fled, and the hangman, who had picked up his temper, hastened in. They shot, Jackson threw his gun, and then they took up again. He orders Jackson to be hanged, and then they fire him. He jumps a freight train bound South.

Natives Ignorant of Socialism—Funds Valuable Recruits—A Socialist Professor.

[News wire: 4/30]

By the Roundhouse. 40 miles south of Indianapolis, Ind. The engagement of the last few weeks through the East Coast has shown that there is a great need for the development of any sort of the Union in the South. It is the most spreading and the most interesting district, and the work of the Union is to be carried forward with great zeal and energy. It is clear that the work of the Union is in its infancy, and that the work of the Union is to be continued in a forceful and efficient manner.

The work of the Union was begun in 1865, and has continued ever since. It is the work of the Union that is to be continued in a forceful and efficient manner. The work of the Union is to be continued in a forceful and efficient manner.

NOVEMBER 8, 1928

Dissatisfaction Workers Leaving NO Alternate But Terrorism.

The following appears in the last issue of the Chicago Daily Socialist, the organ of the Industrial Socialist Party.

"We are compelled to close our offices and discontinue publication because the police are pressuring us. We are being forced out of business. We ask all our friends and sympathizers to support us financially so that we can continue to fight for our principles.

"With the elections approaching, the situation is growing more critical. Our opponents are using every means at their disposal to crush us. We appeal to all workers to stand together and resist the efforts of the reactionaries to eliminate our party.

"We are open to all who wish to join us and support us in our struggle for a better world. Let us stand united against the forces of reaction and establish a true socialist democracy."

SOVIET UNION, 8, 1928

RUSSIAN TERRORISM LEADING TO RUSSIAN TRADERS DISAPPOINTED

Many Russian traders are disappointed with the situation in the Soviet Union, where terrorism and political repression are rampant. The government has arrested many foreign traders, and the situation is becoming increasingly unstable.

"We expected better things from the Soviet Union," said one Russian trader. "We were attracted by the promise of a socialist society, but now we are seeing only violence and oppression. We are leaving as quickly as possible."
Keep Your Eye On The Charter Corporation

A new chapter is in preparation for the City of Chicago. We will determine the fundamental laws of this city for several years to come.

It is being formulated by the "business interests" of Chicago. It is being formulated with the distinct intention of preserving those interests and strengthening them.

It is proposed to extend the terms of the mayor to five years.

We say: The people are not being consulted. They are being consulted by the people who are the people.

Also, there is only a few of the proposed plans for the coming city charter.

W. C. S. W. on the proposed plan will prevent its consummation.

We will attend to the expense.

In other cases it will require a united front. We rather like the United Socialist, to whom this paper belongs, being more or less known to draw back from one.

We say again, KEEP YOUR EYE ON THE CHARTER CORPORATION.

Can't Oo Talk

The appearance of the Chicago Daily Socialists is not to be excited. There will certainly be no hollering of the dailies of this city.

Until publication, not a day had been spent in the effort to get over for months without some of these papers taking a slap at Socialists.

The appearance of a Socialist daily is nothing to have children turned.

Who writes it? Has a speaker been heard from any of them in the last two weeks?

In the current era that when they believe that the Chicago Daily Socialist is to be a permanent feature of Chicago journalism that those efforts will not be permanent.

The papers are unconsolidated. They are cheap. The Chronicle and the press are not.

Some Things Settled

A few things have been fairly well settled for this campaign.

Company's political plan is a failure. It is practically impossible. We say again, is practically impossible.

In conclusion, we say that the Independent League was a failure. Look at the city today, and the tremendous wave of discontent which had material to work upon.

If you hear any news, write to us about it, or, better still, tell us.

If you write it in the Chicago Daily Socialist, to "scoop" its rival, the capitalist newspapers.

The Chicago Daily Socialist is the only one that is free of editorial interference. The Socialist's daily is a failure, except that it is free of editorial interference.

Perhaps Chief of Staff will have a snap story to tell us about the Daily Socialist.

The answer is not. We shall write a book about the Daily Socialist.

On the other side, the Daily Socialist has not been a failure. It is not a newspaper, but a failure.

The Socialist's daily is a failure, except that it is free of editorial interference.

The Socialist's daily is a failure, except that it is free of editorial interference.

The Socialist's daily is a failure, except that it is free of editorial interference.

ALL I NEED

BY KIRCH KABERG

"All I need, you know, is a good meal of food that is my only hope for the future. That is all I need, you understand."}

WHERE IS MY BOY TONIGHT?

This statement was made by a woman who has had a son who has been missing for years.

She is not alone in her searches. She is not alone in her hearts.

The search for a missing relative is one of the most heart-rending experiences of a family.

In the midst of a usual family scene, when the children's faces are lighted with joy and the parents are filled with hope, there comes a moment when all seems dark.

The child is not there. The search begins.

Voices are raised in search of the missing child. The streets are filled with people looking for the lost one.

The search is long and often fruitless. The child may be found, or he may be lost forever.

The search for a missing relative is one of the most heart-rending experiences of a family.
