THE RECORDING ANGEL

By Edwin Arnold Brenholz

What is the answer to the riddle of the ages? Where shall the spirit go, when the spirit is gone? How can we find a solution to the enigma of life? These questions have puzzled philosophers and thinkers for centuries. Yet, despite our best efforts, we have not been able to find a satisfactory answer.

And yet, there may be a key to unlocking the secrets of the universe. A key that lies hidden within each one of us. A key that, when discovered, could change the course of humanity forever.

The key is love. Love is the answer to all of our problems. Love is the solution to the riddle of the ages. Love is the key to unlocking the secrets of the universe.

But how do we find this key? How do we discover the love that lies within us? The answer is simple: we must open our hearts.

Open your heart to love, and you will be able to unlock the secrets of the universe. Open your heart to love, and you will be able to find the answer to the riddle of the ages.

So, let us all open our hearts to love. Let us all seek the answer to the riddle of the ages. Let us all find the key to unlocking the secrets of the universe.

For love is the answer. Love is the solution. Love is the key.

**The School Lease Steal**

By C. L. THORPE

The following letter was addressed to the public school board and was published in the local newspaper.

"The lease of the school house in our community has been under consideration for some time. It appears that the school board has neglected this important matter and has failed to provide adequate facilities for the education of our children. The lease agreement should be carefully scrutinized to ensure that the terms and conditions are fair and reasonable. Parents and guardians of children in our community should demand that the school board take immediate action to secure a lease that meets the needs of our children and our community."
