DESTRUCTION OF THE SOCIALIST UNIONS DESCRIBED DYNAMICALLY

Michael Kelley, who became a labor union leader after the failure of the first Strike, has just returned home from his trip to the United States. He brought with him a report of the activities of the labor unions in that country.

The Socialist unions in the United States have made great strides in the last few years. The membership has increased by several hundred thousand, and the unions have been able to organize into strong federations. The most notable of these is the American Federation of Labor, which was formed in 1886.

In contrast to the situation in Europe, where the Socialist unions are generally weak and ineffective, the unions in the United States have been able to achieve a considerable degree of success. This is due in part to the fact that the working class in the United States is more highly organized than in Europe.

THE IOWA TEACHERS FORCED INTO UNION

They Have an Association, But Its Officers Are Not Working Educators.

(Special to the Daily Declarer) Demarestville, Dec. 12—The Iowa teachers, who are organizing an association, are forced into a union because their association is not working educators.

The teachers have been organized into an association for the purpose of protecting their interests. However, they have been forced to join a union because their association is not working educators.

Do You Wish This Paper to Continue?

The Chicago Daily has been published a little more than three years. In this time it has made — whether it likes to or not to — a distinct impression. It has made its mark. It is a lasting impression. It is an impression that can be measured in terms of sales, in terms of the amount of advertising space it takes, in terms of the number of people who read it, and in terms of the amount of money it makes. It is an impression that can be measured in terms of the number of people who are interested in it, and in terms of the number of people who are afraid of it.

The success of the Daily is due to the fact that it is the only paper in the world that is printed in Chicago. It is the only paper in the world that is printed in the United States. It is the only paper in the world that is printed in the English language. It is the only paper in the world that is printed in the daily format. It is the only paper in the world that is printed in the daily format and is sold by the subscription.
