WORKMEN, SOCIALIST

If you eat in an unfair restaurant, you are traitors to your class, you are traitors to your families, you are traitors to yourselves!

If you buy from a unfair store; if you help by seed or deed the firms whose emplees are unfair to you, you are traitors to your class, you are traitors to your families, you are traitors to yourselves!

Resolutions in Favor of the Strikers

The Social Democratic Party of San Francisco, in mass-meeting assembled on Tuesday evening, May 7th, unanimously passed the following resolutions:

The Women's League of San Francisco has already given a lead to the working women of the city. They have shown great courage and resolution in fighting for better conditions. As one of the first to take up the work, they have set a standard of what can be done.

The Women's League of San Francisco has called upon our fellow-workers and the general public to recognize the talents of the women workers whose work is of great importance to society. We appeal to all to support the Women's League of San Francisco.

The Women's League of San Francisco has passed a resolution calling for a strike by all working women in the city. This strike is to be a protest against the unfair practices of the businessmen of the city.

The resolution passed by the Women's League of San Francisco is as follows:

SOCIALISTS, STAND FIRM!

The opportunity of all good Socialists in this fight is to support the Cooks and Waiters Demands Committee in its struggle for the rights of the workers who are being cheated and oppressed by the businessmen of the city. We are the only ones who can help these workers to get their fair share of the fruits of their labor.

We appeal to all Socialists and Socialists to stand by the Cooks and Waiters Demands Committee in its struggle for the rights of the workers who are being cheated and oppressed by the businessmen of the city.

A Socialist and the Capitalist Press

Comrade J. R. beers is stirring things up in the South. The two daily papers of Riverside recently devoted a column each to his masterly treatment of the great question. Comrade J. R. beers is one of the best speakers on the Coast and where he goes his speech is eagerly awaited.

The capitalist press has tried to silence him. Much is being said of the capitalist press trying to silence him. Much is being said of the capitalist press trying to silence him.

Socialism is the only answer to the capitalist press. The capitalist press has tried to silence him. Much is being said of the capitalist press trying to silence him. Much is being said of the capitalist press trying to silence him.

FIFTY CENTS PER YEAR

In Old Missouri

By R. Y. Paterson

Socialists of St. Louis have just passed through an experience which should be of interest nationally. In the recent campaign they nominated Comrade J. R. beers for the position of Postmaster General. It is not clear whether the St. Louis Socialists thought he was the right man for the office, but they did think he was the “socialist” argument to be offered in the campaign. The campaign was thus made easier. A socialist argument was made easier. A socialist argument was made easier.

They had for weeks and months ridden on the stump. They had always been squatting the industrial question. They had been squatting the industrial question. They had been squatting the industrial question.

And while this spirit was still in the air, a man came before the Socialist mayoralty candidate. He said that the Socialist mayoralty candidate should take this man as a means of weakening the Socialist ticket.

All the arguments Socialists might advance were in vain. They had been sitting on the stump. They had been sitting on the stump. They had been sitting on the stump.

Here ends the tale of Pierpont's pilgrimage.

NOW, DEAR—DON'T!

A woman auto-woman-suffragist has "come to call" at the home of a rich pioneer in the far west. The woman was not at all ready for the interviews and the dinners, but she was decided to do what she could to convince the pioneer of the worth of women. She knew that he had been a very strong opponent of woman suffrage, but she was determined to try to change his mind.
