Sacramento Returns

Sacramento, Nov. 15, 1902.

Dear Comrades:

Communications up to date are very encouraging. The Socialist vote is now up to 2,570, or 2.12 per cent of the total vote. The Socialist vote in this county in 1900 was 188 for Debs, 190 for Adlerman, and 219 for Logan. For Constable in Washoe Township, N. C. Logan was elected by a majority of 950. For Auditor, original information has not been received by the first Socialist to file a petition. (See San Diego county, as noted also in the Californian.)

This was our first campaign.

Fraternal,

E. G. Swift

Great Gains in Cleveland

As stated in the Californian, last week the highest point in the United States during the last month, excelling the Senator Hanna and the State Circular, was the Socialist vote in the Cleveland (Ohio) city election. For mayor, two million and 200 thousand votes were cast for the Socialist ticket, in the state, the Socialist vote was 20,000. The Socialist vote in the state of Ohio for the last four years was 84,000.

The Socialist vote in Ohio, for the first time since the formation of the party, has been placed on parity with the Democratic vote. The Socialist vote in Ohio has been increasing slowly for the last four years, and has now reached the Democratic vote, which is approximately 180,000.

The Socialist vote in Ohio is on the increase, and the Socialist party is well on its way to becoming a political force in the state. The Socialist vote in Ohio is sure to increase in the future, and the Socialist party is sure to become a political force in the state.

Figured in Seattle Style

The Seattle Socialists, with its usual prudence and good sense, voted $300 in the vote on Massachusetts and—Street.

The Socialist Times, it is known, is not a political newspaper, and its chief aim is to foster the spirit of cooperation among the different political parties. It is a good thing that the Seattle Socialists have taken up this question, and we hope that it will be followed by others.

Yes, Seattle, we have learned our lesson. Through the bitter experiences of DeLeonism we have learned one-half of it by 1902, the other half we will learn by 1903. This year we have profited by it.

In the cities and towns in the State that have been struck, there has been a decided increase of from 10 to 15 per cent. of the Socialist vote. This is a great increase, and the “working farmers and farm workers are beginning to vote the Socialist ticket.

In Valencia where our comrades have worked under the trade unions and within the Union Labor party of that city the Socialist vote has trebled since 1901. Valencia is a star town on the advance in the Socialist district.

Who Owns That Anthracite?

There lived a great and mighty Bear in Eastern Pennsylvania. When earth’s foundation rocks were laid, He had a beard of fire and molten lead. A mine of anthracite.

In some more way had learned to claim that anthracite was his to do with as he pleased. And to himself this Bear said, "This has cost me a hundred thousand dollars, and it is mine of anthracite.

He bound a hundred thousand slaves.

To work in dark and dangerous caves. The Cuyahoga Valley.

In their cottages or in their tents.

And through the labor of their hands.

In mining those profitable lands.

For long years the Bear reigned, my people, the Bear became a mighty millionaire.

Then to his mighty and mighty Bear.

He bidden him: "is it not fair?

Less than a slave’s reward should gain,

For work and pay or work and strike

Our vine and children cannot live.

"Upon wages you do give,

The long road of the country.

To the coal commissaries, to say I will not speak in the parlors.

And then the nation’s chosen hand.

"All over this land, my people, the Bear exulted, "is it not fair?"

"Let us work as we have been bid, with 15 per cent of the gold and 10 per cent of the coal.

As in my father, and he foretold, and the Bear became great and mighty.

"For lack of anthracite.

Replied the proud and mighty Bear, Arizona, Nevada.

He said: "let it be.

As I am militant.

But think," said the President.

"How will the white man’s power be broken?

"Oh, do the public," answered the Bear.

Replied the President, "I know.

Free Speech Attacked in Los Angeles

J. B. McDonald was arrested in Central Park, New York, on a charge of violating the state law, which goes as follows: He had been accused to address to the public from the seaboard to the Rockies, which was held a meeting at that place in memory of that same day, where to speech and to address, and to address, were tape speeches were made by various people who had no license or permit to do so. When the Bear was arrested the case was made a test case and that case is now being prepared for State Supreme Court. The courts this time demand that the fact of being arrested be submitted to the court, and then gone away. Leave the cases undoubting. Supreme Court, the case is to be prepared and submitted to the court, but the court, the court, the court.

Then to his mighty and mighty Bear.
