Hearst and Kaiserism

William Randolph Hearst is using his yellow newspaper syn to to boost the faded fortunes of the former crown prince of many and his good-for-nothing family. An aristocratic sob sister many and his good-for-notating family. An aristocratic way seems been employed to interview this "clown" prince without a king.

Even the he has not a kingdom, he has plenty to eat and drink nothing to do. The social democrats were very good to the we's family and saw to, it that the vulgar proletariat did, not ingive with the extensive dimains which those parasites egiloyed at expense of the workers.

express of the workers.

The erown prices wants unity between England and Germany, is so only reboling the sentiments of a large section of the German yargeoise which favors an alliance with England against Rousia. While this parasite is living in laxury the standard of living the German workers has been forced down. The German workers are supposed to have detheoned the Hohemolieras, but while they in miserable shades, the living quarters of the derbroad prince thus described: "We were sitting in the cony flat of the former work price reordeoid, living the sitting the court of the standard price when price corrolloging the gay from the all-indees which he uses a few prices are readered. It's Symbolical

Lendon's old Waterloo Bridge is sixting into the Thames. The engineers of the London County Council are watching it closely. It's one of London's del landmarts and as the name signifies, records one of those rictories which have made the blood of British shaves frobe to the units plet and the glories of the engine.

One good feature of French war on the Riffians, the Nation ints out, is that it compels the French to withdraw their troops om the Rubr. What the pacifists like least, is a war between the pitalist powers. This is the length and depth of their opposition

American and British capitalists are gobbling up the dismens-bered parts of the Stinnes interests in Germany. Yet we are told the United States does not want to get involved in European en-tanglements. But we know that where the dollars go, there also

Only 30 per cent of the coal mined in the United States comes out of union pits. This fact does not seem to worry John L. Lewis. There are still enough miners paying dues into the union of enable m to draw his pay.
