Miracles of Catholics and Protestants Cannot Save the Polish Terror

By J. LOUIS ENGDAHL.

"TODAY, the Borion Herald carries the headline, "Poles Cabbrate Rout of Bothevik." Then follows the story of a celebration held in the church of "Our Lady of Ostrobrama" on what was called the fifth anniversary of the Miracle of the Vitulia," as a result of which it is claimed Miracle of the Vitulia, as a result of which it is claimed its so-called "civilization," was saved from Soviet Rule. The working class of Botton is catholic when it turns to religion, paralyzed by this Roman creed. Polish workers in the United States are becoming acquainted with these facts. They know that in 1921, the allies of the Versallies peace fred to launch an offersive scalars. It was to be another effort to overthrow the Soviet Republic. The offensive was carefully launched. But rice categow, it was to be another effort to overthrow the Soviet Republic.
