PROCLAMATION AGAINST WAR
From the National Bureau of the
AMERICAN LEAGUE AGAINST WAR and FASCISM

NOTED FACT: A war of aggression can be stopped in its tracks if the world community will rally to the standard of the United Nations and demand that all wars be ended. The world has had enough of war, and the people of the world are prepared to fight wars of aggression until all wars are ended.

WHAT CAN BE DONE?
A Symposium

What can be done is a question that must be answered by the American people. The American people must decide whether they will continue to support the policies of aggression or whether they will work for peace.

The French Peoples Front, the Application of Sanctions, and the American Labor Party

An Interview with Earl Browder

The French Peoples Front has hatched the so-called Plan of Action in France just as the People's Front Government is hatching the so-called Plan of Action in France. The scheme is to hold the elections and make a show of democracy in order to bring the League of Nations to a crisis. The League of Nations has already been brought to a crisis by the French Peoples Front, and its crisis may be averted only by the formation of a new government. It is the job of the People's Front Government to solve the crisis of the League of Nations.

The French Peoples Front has been busy in the French Communist movement for some time now. The French Communist movement has been busy in the French Peoples Front for some time now. The Ethiopians Smoke-Screen

Labor Can Stop War

by Clarence Irwin

Today America is at war, but the American workers are not at war. The American workers are not at war because they do not want to be at war. The American workers are not at war because they do not want to be at war.
