A CALL TO ACTION

To the American People:

A

It is our duty to rise up against

war and fascism.

We, the American people, stand
united in our demand for peace
and freedom.

We call upon all workers, farmers,
and intellectuals to join us in
national and international solidarity.

We are united in our fight against
the forces of war and fascism.

We demand

1. An end to the
arbitrary
executions
of
Communists and other
peace
activists.

2. The
immediate
withdrawal
of
American forces
from
Vietnam.

3. The
abolition
of
all
militaristic
institutions.

4. The
right
of
all
people
to
self-determination.

5. The
establishment
of
a
stable
peace
through
negotiations
among
countries
willing
to
settle
differences
peacefully.

We are united in our demand for
peace and freedom.

TRIUMPH AGAINST REACTION

BY HARRY F. WARD

The West F. of Germany August 7

and September, 1922, will bring about the

apartheid and the development of a new

type of democracy. It will mark the beginning

of a new era in the history of the

colony. It will be a time of great

opportunities for the masses.
THE TWO AMERICAS

1. In the U. S. A.
by LLOWELL WAKEFIELD

A

In the U. S. A., the black communications unions, newspapers, and political parties are压制 the black masses into silence. These unions, newspapers, and political parties are the instruments of oppression, and they silence the black masses in order to maintain the system of oppression. The silence of the black masses is the result of the system of oppression, and the system of oppression is maintained by the silence of the black masses.

B

The black masses are being subjected to a system of oppression, and the system of oppression is maintained by the silence of the black masses. The black masses are being subjected to a system of oppression, and the system of oppression is maintained by the silence of the black masses.

A 1936 CALENDAR

- With twelve beautiful anti-war and anti-fascist pictures done on heavy offset stock by some of America's outstanding artists.

- For publishing this calendar, the American League secured twelve original drawings from the following artists:

  Lynd Ward  
  Louis Ribak  
  Theodore Scheel  
  Russell Limbach  
  Phil Bard  
  Adolf Dehn  
  A. Redfield

ALBERT BEIN'S

LET FREEDOM RING

Based on the Lampkin novel "To Make My Bread"

"His drama is fiery and indignant... and it is I think
