McCabe Miners Union Speaks Out

PINKERTONISM

McCabe, N. Y., Feb. 12 — The miners in the miners' strike in the west of the state are joining forces with the miners in the east to form a new union. The miners' strike has been going on for several weeks, and the miners in the east are now prepared to give the miners in the west all the help they can.

THE PINKERTON STORY

The story of the Pinkerton is one of the most interesting in the history of labor. The Pinkerton is a union of miners, and their work is to organize miners and to protect the miners from the employers. The miners' union is very powerful, and they have been able to get the employers to make several concessions for the miners.

PINKERTONISM

The miners in the west of the state are now organizing in order to get the same concessions for the miners in the east. The miners in the west have already formed a new union, and they are now preparing to organize in the east. The miners in the west are very determined to get the same concessions for the miners in the east.
