Stuttgart Congress Almost On I.W.W. Ground

Extracts from speech delivered by the Congress on the evolution of the political party to the Political Party.

"To enfranchise the proletariat completely from the heads of intellectual, political and economic service, the Political and the Economic Struggle are alike necessary."

---

The Congress will not fully perform their duty in the emancipation of the workers, unless a thorough socialist spirit inspires their policy."

Add to the Above:

That the I.W.W., the economic organization of the Working Class, is of primary importance and must support the political state, and the World Movement for Socialism is in the interest of the I.W.W. UNION TRUTH.

---

IS THIS WHAT SOCIALISTS WORK FOR?

The Labor Worker of New Orleans publishes a statement issued by the Socialists, a fact which is of interest to Socialist workers. The Workers are not sufficiently informed on the subject of the Socialist movement. The past year has been a period of great activity and development. The Socialist movement and the workers' movement are closely connected. The working class is in need of a strong political organization, which will be the instrument of the Socialist movement.
