STORY OF THE A. F. OF L. IN 'FRISCO

San Francisco is the home of the American Federation of Labor, the largest labor organization in the United States. It was founded in 1881 by Samuel Gompers, a skilled cigarmaker who saw the need for a united front against the employers. The A. F. of L. is known for its strong anti-socialist and anti-communist stance. The union has played a significant role in the labor movement since its inception.

BEAUTIFUL BUTTE

In the canvasing the babies of the union's members, the organizer found that many of the workers were living in poverty. The union decided to organize a strike to demand better working conditions and higher wages. The strike lasted for several months and was ultimately successful. The Baby of the Union was a symbol of the union's strength and determination.

Policy of "Harmony of Interests"

The fight for the prosperity class has been waged all year as the public eyes witnessed the battle in defense of the rights of the working man. The bosses and their hired henchmen, along with the powerful forces of industry, have been the most determined enemies of the working man. The policy of "Harmony of Interests" has been a guiding force in the labor movement, as it seeks to unite the workers in the fight for economic justice. The policy is based on the belief that by working together, the workers can achieve their common goals. The policy has been effective in many instances, but there are still many obstacles to overcome. The workers must continue to fight for their rights and the policy of "Harmony of Interests" will remain a guiding force.}

"BEAUTIFUL BUTTE"

The editor of this paper is not at present able to get the latest news from the I. W. W. headquarters in Butte. We are therefore unable to report on the latest developments in the Butte area. However, we can report that the workers in Butte are continuing to fight for their rights and the policy of "Harmony of Interests" remains a guiding force. In the meantime, we recommend that all workers in Butte join the I. W. W. and work for the improvement of their working conditions and the advancement of the working class.
A Call to Unity

Workingmen! Are you satisfied with your wages and working conditions? Are you satisfied with your approach to life? Is not work the foundation of all our happiness? Is not work the foundation of all our success? Is not work the foundation of all our progress? Is work not the foundation of all our achievement? Is it not the foundation of all our prosperity? It is, and ever will be! Work is the foundation of all our happiness, of all our success, of all our progress, of all our achievement, and of all our prosperity.
