An injury to one is an injury to all.

FLATHEAD INDIANS; FLATHEAD WHITES

By Fred B. Dickerson

The Flathead Indians are a tribe of Native Americans who live in what is now Montana. They have a rich cultural history and have faced significant challenges, including conflicts with non-Native settlers and the U.S. government.

SEATTLE STREET SPEAKING TRouble

The Seattle Street Speaking Trouble refers to a conflict between speakers and the authorities in Seattle, where speakers were arrested for speaking in public.

The CURTAIN RAISER.

This paper is published by the Industrial Workers of the World.

It will be devoted entirely to upholding the interests of the working classes, and will deal only in matters of interest to those classes.

For fear that some persons otherwise well-disposed might think that being a laborer is a disgrace, we would like to say here, once and for all, that there is no such thing as a laborer, but only men and women who work for a living.

That as much as a workman is productive by his labor, so are the women productive by theirs.

Therefore, since labor is the basis of society, the question of labor is the basis of society.

All who work have a right to consume the products of their labor.

To these men of toil who will be ready to work in the coming years, we present the following:

WHAT IS THIS I. W. W.?

We have been much exercised, by the speeches of friends of the Industrial Workers of the World and also in that indifferent slogan, the "Chumche," in the past few weeks that there are consequently four people in the United States who have not heard or read or even heard the I. W. W. or the "The Industrial Workers of the World.

But every man and woman is a substantial part of the laboring community, and therefore we have the right to demand a voice in the government of that community.

**ON THE STREET CAR**

W. W. F. Conductor to Motorman: "Is there any news out of town to-day?"

Motorman: Yes, I have a notice in my hand that the street cars will go to the station to-morrow at 4 o'clock, and that the last car will leave the city at 10 o'clock at night.

Conductor: That's good news. I think it will be a fine day.

Motorman: Yes, I think it is going to be warmer than we have had for some time.

Conductor: Well, we must be careful not to explode the gas. If we do, we may have to shut down the whole system.

Motorman: That is true. We have had some accidents lately that have caused us a great deal of trouble.

Conductor: Yes, but I hope we can get things in shape soon. It is hard to operate the cars when they are not running properly.

Motorman: We are doing the best we can. I think we will have the cars running smoothly in a few days.

Conductor: That is all I want to hear. I am glad to see you looking so cheerful.

Motorman: Thank you, Sir. I am sure it is a pleasure to work under your kind supervision.

Conductor: Yes, it is. I think the street cars are doing very well under your management.

Motorman: Thank you, Sir. I hope we may continue to have good weather and good luck.

Conductor: We certainly will. I wish you good luck and see you in the morning.
PILLAR OF THE LAW IN FARCE-COMEDY

REV. BULL LIKES PUBLIC LIMELIGHT

The new law as Rev. W. B. Bull made it is a sort of a legal reform in which those who have been in the well watered region of the American Republican movement will find a great deal of enjoyment.
