INDUSTRIAL WORKER

LUMBERJACKS ARE ORGANIZING

in the West, it's hard, that drives the
class to not only secure neces-
sity but to get a share of the
all-wage workers instead of dis-
advantage.

Industrial Workers of the
World, with over 2,000 mem-
dered in the Pacific Coast, has
announced its plans to pro-
clude soldiers who have serv-
ed in the War and who are
reefing to organize in the
region. The IWW is in the pro-
cess of organizing in the
Northwest, where it already
has several hundred mem-
bers. The organization has
been gaining strength in the
region for several years, and
is now poised to make a
significant impact.

The IWW is known for its
radical approach to labor
rights and its opposition to
war and imperialism. Its
members have a long history
of organizing in the labor
movement, and are known for
their direct action tactics and
their willingness to challenge
the status quo.

The IWW's plans for the
Pacific Northwest include
activities such as organizing
in the logging industry, where
lumberjacks are often
underpaid and overworked.
The organization is also
active in the mining and
mining industries, as well as
in the construction and
construction industries.

The IWW's efforts in the
Pacific Northwest are part of
its broader strategy to
organize all workers, and
fight for a world free of
exploitation and oppression.

The organization has
achieved significant success in
the past, and is hoping to
build on that momentum in
the coming years.

are demanding better wages,
working conditions, and
respect for their rights.

The Breyer Workers are
member of the IWW, and
their strike is part of the
broader struggle for workers'
rights and social justice.

The Breyer Workers are
fighting for changes that
will benefit all workers,
and their strike is a
powerful reminder of the
strength of workers united.

ECONOMIC CAUSE OF CRIME AND VIRTUE

By Bruce B. Galton

All social evils, especially the
awful crime, are caused by the
greed of profit and the
necessity of securing the
wealthy. These two forces
are the root of all evil and
cause the destruction of society.

The solution is to abolish
private property and to
establish a society where
wealth is owned by the
community, and where all
are equal. This would
eliminate the causes of
criminal behavior and
create a just and
harmonious society.

---

FATAL INJURED "CRIME"

The victims of "crime" are
those who are exploited and
oppressed by the capitalist
system. They are the poor,
the working class, and those
who are marginalized by
society.

The solution is to
overthrow capitalism and
establish a socialist society
where wealth is owned and
controlled by the
community. This would
eliminate the causes of
criminal behavior and create
a just and harmonious society.

Labor Produces All Wealth—Labor Is Entitled To All Power—Labor Only Is Entitled To The Love and Loyalty of the Worker—Labor Is Entitled To Justice...To be an injury to the worker is to be an injury to all.

The Worker: "The working man has the worth of the hour with the working class as a form of enforcement. He is the power of this country. The working class is the only class that can make him be a man..."

The Industrial Workers of the World are organizing a new era for the worker.

Elizabeth Cary Fry.

One of the most delightful and best loved of the women of industrial labor is the famous English author, Elizabeth Fry. She was the first to write a book on the subject of prison work, and her work has been a guide to generations of workers.

Subject of Labor:

"Lessee of the French People..."... and later "The Class Struggle."

"An Industrial Union, and the American Labor Movement."

Years for Industrial Freedom, K.

From Arizona:

Wage War takes its toll in Arizona as well. A strike in Phoenix has been going on since last fall, and the workers have been fighting for higher wages and better conditions.

From New Bedford, Mass.:

"The strike of the 1s is extending to the 2s. M. D. is the new leader of the workers here..."

From Sioux City:

"I have seen the strike in action here. The workers are determined to win their demands..."

From New Orleans:

"I was at the meeting last night, and I can tell you that the workers were very enthusiastic..."

From Milwaukee:

"The strike is now on..."

THE CLASS STRUGGLE
