FREE SPEECH FIGHT

THE HOPE OF THE AGES

If you clip up the civil powers
At any time and anywhere
This free speech workers please you—
'Twill break down your laws and laws be
Just free and open for all to see;
Those who dare to stand and to fight
And dare to ask that they be right.

We laugh in the face of the line
That threatens the free speech line
The border against the free speech
On which they are aiming to close it.
It will be cleaned like the light
From which the free speech of freedom
May sail across the range and range
And keep the streets free without aid.

The line is here and it remains
In the interest of the world.

We hear the call of the free speech
We answer it strong and free
And every word that we are free
We will proclaim from door to door.
We hope we have ever before
In any city and once, I mean
It blazed and blazed forever.

THE GIRL OF THE TIMES

Many men and women have worked
And made the free speech workers
That they may have a chance to live
And work in the city of the world.

Never more a man for hire
And never more a slave;
For the hire of thy labor
And the hire of thy work;
For this free speech, my fellow men,
For the hire of thy labor
And the hire of thy work.

Many men and women have worked
And made the free speech workers
That they may have a chance to live
And work in the city of the world.

THE GIRL OF THE TIMES

Many men and women have worked
And made the free speech workers
That they may have a chance to live
And work in the city of the world.

INDUSTRIAL STRIKE.

Another illustration of the fidelity of workmen has been the loyal determination of the Preston and Smith Strike. Although the National Labor Committee and the labor unions have every reason to pride themselves on the loyalty and patriotism of the American worker, the spirit of the struggle can easily be mistaken. It is maintained through the generosity of the workers' organizations, especially the distribution of wage-bills, that the Preston and Smith Strike are working in a spirit of patriotism. It would seem that the Preston and Smith Strike is not the movement of the American worker, but rather the movement of the labor unions, which have always stood for the interests of the American worker, and the struggle is in the best interest of the American worker. It is the duty of all American workers to support the Preston and Smith Strike, and to work for the establishment of a labor union that will work for the interests of all workers, and not the interests of any particular group.

THE TRUTH ABOUT UNANSWERABLE SPEAKERS.

The constitution says: "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances." These rights are guaranteed to all American workers, as well as to the American people. It is the duty of all American workers to support the Preston and Smith Strike, and to work for the establishment of a labor union that will work for the interests of all workers, and not the interests of any particular group.

THE SITUATION

Our Fellow Workers, Preston and Smith, are still in jail. They have been in jail for several months, and it is the duty of all American workers to support the Preston and Smith Strike, and to work for the establishment of a labor union that will work for the interests of all workers, and not the interests of any particular group.

THE FACTORS OF THE STRIKE.

The factors of the Preston and Smith Strike are the workers of the Preston and Smith Strike, who are fighting for the establishment of a labor union that will work for the interests of all workers, and not the interests of any particular group. It is the duty of all American workers to support the Preston and Smith Strike, and to work for the establishment of a labor union that will work for the interests of all workers, and not the interests of any particular group.

THE SITUATION OF THE STRIKE.

The situation of the Preston and Smith Strike is that the workers are still in jail, and it is the duty of all American workers to support the Preston and Smith Strike, and to work for the establishment of a labor union that will work for the interests of all workers, and not the interests of any particular group.

SPECIAL NOTICE

Due to the fact that persecution is being carried on in a high-handed manner by those who hide under the disguise of law and order, the Executive Committee of the I. W. W. is making arrangements to defend our followers. The men who are active in the strike have been warned to be on their guard. The strike is a just one and must be fought to a successful conclusion.

BY A STUDENT

Would you believe it? I was just talking to a first-year student who said she was planning to major in English. I thought that was curious until she explained that she had just finished reading "To Kill a Mockingbird." She said she really enjoyed the book and thought it was a great way to learn more about American history. I asked her what she liked about the book and she said she thought the main character, Scout, was really relatable and had a lot of things going on in her life that were similar to what she was going through. She also mentioned that the book was a really good read and she would definitely recommend it to others. I was impressed by her enthusiasm for the book and I was glad to hear that she had found something she enjoyed reading. I'm looking forward to hearing more about her progress with her studies.

WHY I AM A UNION MAN

I am a union man because I believe in the power of solidarity and the importance of collective bargaining. I have seen firsthand the benefits that unions can bring to their members, and I know that they are essential to maintaining a fair and just society. Without unions, workers would be at the mercy of employers, who could impose policies that are detrimental to their well-being. But with unions, workers can come together to negotiate for better wages, benefits, and working conditions. I am proud to be a member of a union and I will continue to support its goals and objectives. I believe that unions are a vital part of our democratic system and should be protected and supported.
