I W.W. WILL ENFORCE THE RIGHTS OF THE WORKERS, LAW OR NO LAW.

The path of the agitator.

THINKING CLASS: In your own leisure moments, are you not often inclined to pick up the periodical where the truthful, consistent, and well-balanced articles are written? Have you not sometimes perused the pages of a periodical(header)of which you were satisfied, and then realized, with a thrill of pleasure, that you had taken into your hands a periodical which was written by a man who had a sense of what was right and just? If so, you have been thinking of the WORKMAN, the periodical which will continue to be published by the I.W.W., the most consistent, the most courageous, and the most loyal of all labor periodicals.

The I.W.W. WILL Enforce the Rights of the Workers, Law or No Law.

Fathers, Sons, and Daughters of the World, have you been able to suppress the free speech of the workingman? The I.W.W. WILL Enforce the Rights of the Workers, Law or No Law.

INTERNATIONAL LABOR NOTES

A report that never took place for lack of a trip international organization.

The International Federation of Transportation Workers was formed in 1908, and the majority of nations agreed to regard it as the supreme authority in labor questions during the war. But when the war ended, the membership of the Federation was reduced to less than half its former size, and the work of the organization was almost entirely suspended. Although the Federation continued to exist, it was not able to carry on its work effectively.

The I.W.W. WILL Enforce the Rights of the Workers, Law or No Law.

Reply from Governor Hay

Governor M. B. Hay

To the Editor of the "Industrial Worker:" I shall be pleased to
have my name added to the list of those who have been
indicted for treasonable and criminal acts.

METHODS THAT WIN

A method that wins is a method that is practical, and that is
consistent with the principles of social justice.

the United States. The "Industrial Worker" is not only a
