PREPARING TO FIGHT

The right-hand four hours is on.

Preparations are being made by both sides.

—Will the L. W. W. Carry the day?

Portland, Ore., April 14.—Fifty delegations representing the eight-hour day was passed in Portland to represent some craft like the bakers, the butchers, the housewives, etc., but they are not yet to be represented on the factory floor. The union is fighting for the vote and all efforts that may be made for better wages and better working conditions will be directed to the eight-hour day. Why? Because the eight-hour day is the highest form of recognition of the working man, and because the union is fighting for the vote and all efforts that may be made for better wages and better working conditions will be directed to the eight-hour day.

STRIKERS ARE SHOT DOWN

CHARGED WITH ATTEMPTED MURDER IN PRINCE RUPERT.

Workers Are Shot Down Like Dogs and the Best Arm Assured

News coming from Prince Robert shows that the capitalist class has gone to the dogs in its efforts to bloody the workers and to keep them from obtaining better conditions. As it is in the United States, the brute force of police and the support of the capital is used to terrorize the strikers. In Prince Robert, the strikers are being shot down like dogs.

MANY SOLD TO BLOOD SELLER.

Two Hundred Men Call at Hospital Ready to Be Bled.

New York, April 11—Two hundred men were called at Mount Sinai hospital yesterday to be bled.

The men were called because they were suffering from a disease known as hemophilia.

Hemophilia is a disease of the blood vessels that makes it impossible for the blood to clot.

The disease is caused by a deficiency of a certain protein in the blood, which is necessary for the blood to clot.

The disease is most commonly found in males, but it can also occur in females.

The disease is treated by transfusions of blood, which replace the missing protein.

The transfusions are performed in a hospital and are usually done under general anesthesia.

The disease is not curable, but it can be managed with proper treatment.
