PRINCE RUPERT ASABIN GOES TO THE CORPORATION OF KING

George Lark, the uniformed member who on March 26, 1941, distinguished himself in the battle before the Department of Labor by boldly challenging a fine of $20 for a minor violation of a law, has endured a lot of antithetical experiences. This was only the first of a series of amusing experiences. He was on the way to London to attend a conference of the National Union of Public Employees when he was caught in a traffic jam. He had to wait for hours before he could make his way to the conference. When he finally arrived, he found that he had missed the opening ceremony and had to wait for the next day to take part in the conference. On his way back, he was caught in a sudden downpour and had to take shelter in a nearby public house. The landlord, who was also a member of the union, invited him to stay for dinner and helped him with the weather. George is a true fighter, and he always stands up for what he believes in. His courage and determination are an inspiration to all of us.

THE GENERAL STRIKE

B.C. WORKERS IN VICTORIA READY FOR THE GENERAL STRIKE-

R. C. WORKER IN VICTORIA READY FOR THE GENERAL STRIKE-

The General Strike has been called by the B.C. Workers' Union, and the workers in the province are preparing for a fight. The strike is expected to start on the 25th of this month, and the workers are ready to go all out for their demands. The union has already made arrangements for food, clothing, and other essentials, and the workers are encouraged to support the strike. The strike is expected to be a success, and the workers are determined to fight for their rights.

AGITATE—EDUCATE—ORGANIZE—FIGHT FOR THE EIGHT HOUR DAY

It's time to agitate, educate, organize, and fight for the eight-hour day. We need to fight for our rights and demands, and we need to work together to achieve our goals. The time to act is now, and we need to stand up for ourselves and our communities.

If only I knew its power

A CAPITALIST CONSPIRACY IS EXPOSED

Who blew up the times? Who is to blame? Blame it on the Jews. Blame it on the Germans. Blame it on the Bolsheviks. Blame it on anyone but ourselves. In this way, we can avoid taking responsibility for our own actions. But the truth is, the capitalist conspiracy is exposed, and it is time to stand up and fight for our rights.

The Los Angeles Times explosion and the subsequent kupping of the McCormick brothers can be laid at the door of that money-grubbing percentage known as "capitalism of investors." The Los Angeles Times explosion was not an isolated incident. It was part of a larger conspiracy to suppress the voice of the people and to maintain the power of the capitalist class.

Let us run over the events of the past few months and see how the readiers can draw their own conclusions.

The Los Angeles Times explosion was but the beginning of the end of the newspaper as we know it. The Times, under the control of the McCormick brothers, had been exploiting the workers and the poor for many years. The explosion was only the beginning of the end of the Times as we know it. The workers and the poor had had enough, and they were determined to fight back.

Today, the Los Angeles Times is a shell of its former self. The workers and the poor have taken control and are fighting for their rights. The Times is now a workers' newspaper, and the workers have the final say. The workers have won.

The lesson of the Los Angeles Times explosion is clear. Capitalism is a conspiracy, and it is time to stand up and fight against it.

CAPITOL PRESS HELPING TO PROPAGATE ANTI-MILITARY DCC

Thousands of circles are being distributed to Women's Clubs, the state militia and the federal army as well. There is no effectual and consistent state and government military authority. The "Workman" is a defendant at Pin Logos have been flayed and beheaded as it is burned so that one batch has been delivered May 12th.

The circulation has been turned over to the state militia. The newspaper charges will be performed against the small. The handwriting and poor buildings are being watched closely. The circulation has been done quickly for fear of a compromise. A new ad to be used in coming men to the new office.

There are few excipients from the scripture—"Keep the day of the arm. It is held—this is 99% of the people of the nation's depth beneath which we cannot see." If a man is not a Christian, he is not even a man. He, unless the field is sold, will be sold as a slave. His end is in him, all that concerns the state militia. In New England, let them see what they think of obedient of their own wall. Let them see what they think of own wall.
