THE FIGHT IN ABERDEEN

"BIG NOOSE" BEHIND THINGS IN ABERDEEN—LAW WAS ONLY FOR 
LAW" ROLLS" AND DRAVING PAY—THE FIGHT

(Special to the "Worker").

The struggle in the Aberdeen free speech fight is on again. The press and sympathetic of the Industrial Workers of the World here have been active and in the last few days have been able to get an agreement by which all the newspapers here will publish the "Worker". The "Worker" now is freely distributed in the town.

The best workers were behind the fight and they are not suffered to be defeated. The law was only for "law" rolls and drawing pay. The "Worker" will be published freely and will be distributed throughout the town.

I have been informed by well-known persons here and I have no doubt that the law is only for "law" rolls and drawing pay. The press and sympathetic of the Industrial Workers of the World here have been active and in the last few days have been able to get an agreement by which all the newspapers here will publish the "Worker". The "Worker" now is freely distributed in the town.

"ALL ARE EQUAL BEFORE THE LAW" BAH!

FREE SPEECH must be established in Aberdeen! ON TO ABERDEEN!!
McNamara brothers are not guilty of com- merce with the enemy. The trial of the McNamara brothers for violation of a clause they convonvicted under the Espionage Act did not hurt the cause or interest of capitalism. The move that hurt the cause and interest of capitalism was the passage of the nationalization ordinance.

The McNamara brothers were guilty because they broke the law. There have been, and there are many other cases of commerce with the enemy, which under the laws of the land are also commerce with the enemy.

Law and Order
The Coolidge eager is giving considerable space to his free talks in the current labor controversy. He has, to date, committed all against the Industrial Workers of the World. Never before in the history of this country has the master class been so open and so free in its methods. Never before has it been possible for the working man to find out for himself what goes on in the factories. Never before has the labor movement been the dominant topic of his conversations. Hence the uprisings in the factories. Hence the uprisings in the factories. Hence the uprisings in the factories. Never before has the master class been so open and so free in its methods. Never before has it been possible for the working man to find out for himself what goes on in the factories. Hence the uprisings in the factories.

Blanket Stip. Philosophy
(With William D. Haywood, Agent of the I.W.W."
An attempt to secure labor is a step toward its destruction.
An effort of the law is a legacy for the I.W.W.
The pick, the shovel, and the hammer are the weapons of the revolution.

An industrial solidarity is a pure sentiment.
A simple trade union is only cash combining.

Coat of Arms
The coat of arms of the I. W. W. is an eagle with a pick in its beak and a hammer in its talons. The words "Workers of the World, Unite!" are inscribed beneath them.

Boycott is on I. W. W.
The I. W. W. is on the offensive. It is not content to rest on its laurels. It is prepared to fight for its principles and convictions. It is ready to meet the opposition of the capitalistic class with the same determination and courage that it has shown in the past. The I. W. W. is not afraid to face the challenges of the capitalist class. It is ready to do battle for the rights of the working class.

I. W. W. Preamble
We believe in the working class and the laboring men of all the world. We believe in the necessity of the working class forming an international working class party to secure its aims. We believe in the necessity of the working class forming an international working class party to secure its aims.

Lombardis Visit
The millwede laborer returns to an echo around the factory gate. The working man and the working woman demand a living wage.

Day of Reckoning
But the working man and the working woman are not content to rest on their laurels. They are determined to fight for their rights.

The Scope of Labor
We are a movement of the first rank. We are a movement of the first rank. We are a movement of the first rank.
