ANOTHER SLUGGER

Joe C. Crone, foreman of Great River New York, and possessing large financial interest, says to the Daily News that he was in the port of Galveston, where his vessel, the Captain, was lying at anchor. While there, he called upon Mr. E. W. Wadsworth, and was much surprised to learn that the latter had purchased a large quantity of Negro slaves for his plantations in the West. Mr. Crone expressed his surprise and was informed that the purchase had been made on the recommendation of Mr. W. S. Brown, of the Freedmen's Bureau, who had been employed by the government to negotiate such transactions. Mr. Crone was much pleased with the arrangement, as he considered it a good investment, and was willing to make the purchase.

JESUS GIANT.

The Salvation Army of Aberdeen and Spokane, Wash., have begun the annual campaign this week. We mention this as we understand conditions were good in and about Aberdeen and that the workers had no cause for complaint.

The following facts were gathered:

Western News of Spokane.

Two hundred pounds meat, two beef steaks, two salad bags, three sack potatoes, two tangerines, two sack onions, 200 pounds of flour, 200 pounds of provisions, twenty pounds of butter, 100 pounds sugar, thirty pounds coffee, thirty quarts chicken eggs, ten quarts milk, five quarts cream, two dozen peaches, beans and tomatoes, fifty bottles pickle and sandwich, twenty pies, apples, and ducks.

SOME THIEVES.

The Daily Spokane papers are reminding their readers that Spokane is a wealthy town and they prove it by telling them that there are 13 men who own sixty-five million dollars.

These are the "good citizens." A part of this gang operates in mines in British Columbia and many a working man was gulled by the dexterity tales told of "big strikes" and how the money is now in the ground and all free of charge. But the time has come when the working man is going to be able to have a real share of the wealth which is monopolized by the few.

The writer of this very editorial argues for the principle that the national product of a nation should be divided among all of the people who have worked to get it. This is what we are trying to get to the people.

The name of the town is given and the next time you see a man who is prospering, ask him if he has read the newspapers. You will probably find that he has and that he is a member of the "good citizens." But the time has come when we are going to have another democracy. There are 13 men in this town who own sixty-five million dollars and the time has come for this town to have a real democracy.

HUMILATION.

Cited.

If anything more humiliating than to learn that you had carried a time-clock to the master in town, from the camp fence, and got him in the act of watching the men at the work house, you couldn't do without it. They would go back to work again fresh enough to beat the most naturally dull slave to be on time! This is probably what the legislature is trying to do. It is not popular to be proud to know that your time-clock was marked in such a way that you wouldn't go back to work again after the fact. There is no way to express this to the men, and to carry the time-clock and to hang it to the boss to tell you that you have a right to time and that you have a right to work for the best wages.

There is no excuse for being a first class agitator and that it is not popular to be proud to know that you had been marked or that the men have time-clocked and to hang it to the boss to tell him that you have a right to time and that you have a right to work for the best wages.

There is no way to express this to the men, and to carry the time-clock and to hang it to the boss to tell you that you have a right to time and that you have a right to work for the best wages.

TO THE LOGGERS OF COBS BAY

Fellow Workers,—The time has arrived when the loggers and saw mill workers must organize ourselves into strong working men's unions. When the conditions arise, raise your wages, and shorten your hours, and when your employers are firm, and threaten violence and other forms of coercion, stand firm and resist them. The time has come when we must work together for the common good. Let us work hard and long hours like a much richer, and when we demand our just rights, let us be determined and resolute, and let them know that we are strong and determined. We call upon all loggers and mill workers to organize themselves into strong working men's unions.

We, therefore, present this document for your consideration. It is our hope that it will serve as a reminder of the times we are living in and the challenges we face. Let us stand together and fight for our rights.

Sincerely,
Fellow Workers
