"LAW AND ORDER" THUGS BUSY

I. W. W. MAN KILLED IN MOLINE—HALL IS BURIED DOWN AT MIDWAY BLOOD BLOOD MONEY FOR MEN IN MEXICO.

At midday trying to get the money that was owed them for work on the street, they were again met with violence by the police. They had received orders from the police department to cease their collection efforts. The men, who had been working throughout the day, were returning home when they were met by a group of officers. The officers threatened to arrest them if they continued their collection efforts.

About 15 men are in jail, elected to the bar.

As a result of the recent spate of violence, many workers are feeling discouraged and are considering giving up their struggle for their rights.

BUILDER'S HELD IN LOCKUP—WON'T BE SET FREE,
A NEW LAW.

A new street speaking ordinance has been passed by the city council of Washington. A resolution was adopted by the council authorizing the mayor to enter into a contract with the city attorney for the purpose of enforcing the ordinance.

The new law is designed to prevent the distribution of printed matter on the sidewalks and to regulate the use of loudspeakers and other devices for the purpose of advertising.

WHAT A WOPER.

We have free speech, free press and the right of assembly safeguarded by the constitution. But there is nothing left for the Industrial Workers of the World but organization and agitation.

This pamphlet is taken from a Socialist paper that is now in circulation. It is the latest in a series of pamphlets on Socialism. It is a good deal better than the others. It is written by a Socialist who is not afraid to say what he thinks.
