WORKERS ARE PERSECUTED

MANY I. W. W. MEN IN JAIL AT HOLTVILLE; SOME GET 30 DAYS FOR STEALING, OTHERS BURNED IN I. W. W. HALL

By James J. Burns

submitted by the "Worker"...

The attempt of Arizona's citizens committee to suppress the I. W. W. by physical force has been defeated. The I. W. W. has come out of the conflict with honor and standing firm, and they have imposed a fine upon the city council and the people of Holtville, giving them the first time in the strike of the workers for their property on the street.

On the house, however, there were those who were ready to go into jail or be driven from the city. These men went into the street and spoke out publicly and were immediately arrested.

After the demonstration was over there were several other men who had taken part in the fight and were, when brought to the jail charged with disorderly conduct and immediately tried. In the case of one of the cases as a matter of fact the jailers were held out on an all night, and as it is in a place of public order and the order of the police is in charge of the jailers.

For two months local anarchists have been at work for the free press and for any force of organization which was concerned, and all the members who would stand for them were arrested on December 24th, and on December 7th we firmly stood against the law and reported, while two of them were bodily carried out.

The work of preparation was very simple, on the first day, eleven men were arrested and fined and given 30 days in the city jail and the others were set upon.

On the march, however, there were those who were ready to go into jail or be driven from the city. These men went into the street and spoke out publicly and were immediately arrested.

When the anarchists were met on the road, they were not expected that we would come in and support them. The men were so moved at the speech of the speaker that they fired off the first three shots made upon the street.

NEW YORK, Jan. 13.—The Newcomer's banquet of the American Sugar Refining company was held yesterday afternoon in the Waldorf-Astoria Hotel.

The meeting was held at the Waldorf-Astoria Hotel.

The speech of the chairman of the meeting was made by Mr. W. J. Patterson, who referred to the fact that the I. W. W. had been formed to give the worker the rights which he deserved.

When the anarchists were met on the road, they were not expected that we would come in and support them. The men were so moved at the speech of the speaker that they fired off the first three shots made upon the street.

Since the dawn of civilization the producer has been the slave of the drain. In the successive stages of production we have seen the producer live in all conditions, from the slave to the employer, and perpetuate that slavery and to make the worker believe in his hopelessness, and to make the worker believe in his hopelessness, and to make the worker believe in his hopelessness, and to make the worker believe in his hopelessness. The employer has combined to make the worker a thinker and with the future is secure.

Dear Mr. Editor:

I am writing to you to express my opinion on the recent strike of the railroad workers in New York. I believe that the strike was just and necessary for the improvement of the working conditions of the railway workers.

Lucky Dogs and Others

Several bulls are leading favorites on the pari-mutuel ticket this week, and one of them is none other than Mr. C. M. Hintermeister of the Greyhound breed. He has been at the track for some time, and it is said that he is the best bull from the point of view of both speed and endurance. He carried the black, and was sold several times for his excellence.

Miss Smith, who is very blond and very fast, was sold to Mr. White for $500. Mr. White has a bull of the same breed, but his name is unknown. He is a very fine bull, and is expected to make a good race by the end of the season.

Mr. White himself is a very fine man, and he is said to be the possessor of a bull that will be sold for $1,000 soon. Mr. White is a very successful breeder, and he is said to have several other bulls under his care.

The Greyhound breed is very popular, and the bulls are sold for high prices. It is said that Mr. White is planning to start a new line of bulls, and he is expected to do well in the future.

I. W. W. Preamble

What We Believe

The working class and the Socialist have nothing in common. There can be no peace so long as hanger and want are found among the millions of workers. We, who make up the employable class, have all the good things of life.

Union between these two classes a struggle must go on until the workers of the world are strong enough to wrest control of the instruments of production, and abolish the wage system.

While the I.W.W. is the spokesman of the working class, it is not the embodiment of the working class. Those who desire to join the I.W.W. must be ready to fight for the establishment of freedom and the abolition of the wage system.
