*Latest reports from the Lawrence strike of textile workers show that the strike is steadily growing. The workers are demanding a six-hour day with no decrease in wages. The police have been ordered to keep watch on the strikers. The I.W.W. organizers are preparing for a general strike.*

*"We are merely striking," he said, "in order to secure an eight-hour day, with no decrease in wages. We are not being organized by the I.W.W. We are merely demanding our rights."

The American Textile Workers of New York City, who threaten to close down on a demand for a six-hour day, have been given the backing of the AFL. This is a significant development in the growing textile strike movement.*

**HISTORY OF ABERDEEN FREE SPEECH FIGHT**

The Northern Miners' Federation established Free-Speech Headquarter in Aberdeen. On October 9, a few of the workers conducted a free-speech meeting in the I.W.W. hall, but were arrested the next day and were fined $100 for illegal assembly. The strike was organized by the I.W.W. and was supported by the miners. The strike was called to demand higher wages and better working conditions.

*The strike has been quite orderly, consisting mainly of picketing. The police have been calmer in this town than in other strikes. The I.W.W. organizers have been working closely with the miners, and the strike is expected to continue.*

The purpose of this letter is to bring to your attention the fact that there exists a big want for organization among the crew hands and the men who pull timber. 

Every member of the union is requested to bring this letter to the attention of every member of the union who is not yet a member and to urge all of the members to get together and form a local union of some sort. 

The local union should be organized to do the following: 

1. To bring to the attention of the employers the fact that there is a big want of organization among the crew hands and the men who pull timber. 

2. To see that the local union is thoroughly organized and that it is well represented in every town where there is a big want of organization. 

3. To see that the local union is thoroughly organized and that it is well represented in every town where there is a big want of organization. 

Let the I. W. W. spirit inspire all of us to work for the organization of the local union and let us remember that the right to work is a sacred right and that the I. W. W. is the only organization that can bring about the right to work for all of us.
