INFORMATIONAL BULLETIN OF THE SYNDICATE OF WORKERS' DEFENCE

Norway

At Drammen, one of the most important coal mining centers, a demonstration was held, at which thousands of miners took part. The demonstration was accompanied by a general strike. The strikers' demands were: an end to the use of contract labor, an improvement in the working conditions, and the abolition of the system of individual contracts. The leaders of the miners' union called for a national strike unless these demands were met.

Switzerland

Disenfranchised groups and unauthorized groups of the leaders of the Demo- cratic Front in Geneva ("Les Sans-Papiers"") are in turmoil. The leader of the group is arrested, but he is subsequently released on bail. The group is calling for a general strike in protest against the arrest.

Sweden

The revolutionary and social movement in Sweden is increasing as a result of the dissatisfaction with the government's policies. Parliamentary elections are scheduled for the near future, and the workers are preparing for a general strike to demand better conditions.

In connection with the forthcoming national elections, workers' groups are planning to hold meetings and distribute leaflets. The workers are demanding better working conditions, higher wages, and an end to the exploitation of the working class.

Argentina

The working class in Argentina is also experiencing a period of turmoil. The workers are demanding better working conditions, higher wages, and an end to the exploitation of the working class. They are planning to hold a general strike in the near future to demand better conditions.

Australia

The working class in Australia is also experiencing a period of turmoil. The workers are demanding better working conditions, higher wages, and an end to the exploitation of the working class. They are planning to hold a general strike in the near future to demand better conditions.

The world workers' movement is gathering strength, and the workers are united in their demand for better conditions and an end to exploitation.
EVALUATION OF LUMBER INDUSTRY

(Continued from page one)

The following is in the T. W. L. F. at an early stage of development. It can be done on a small basis, but the larger the company the better the results. The main object is to get the old lumber into the mill and make the profit that can be made on the old lumber. The mill is set up by the owners of the old lumber and they will make the profit that can be made on the old lumber.

PROFIT IN SAN DIEGO.
