SNOW STOPS SCALES FROM WORKING — NO SETTLEMENT YET.

The中国队 is being driven from their homes, and the workers of the country are on the verge of starvation. The Federation of Labor is doing all it can to alleviate the sufferings of the people, but the situation is desperate.

There are labor unions in every state, and as long as these unions are not able to meet the needs of the workers, there will be no peace. The Federation of Labor is working night and day to bring about a settlement of the strike.

The more of this kind of united action the better. We should all work together for the common good. The Federation of Labor is doing its best to bring about a settlement of the strike, and we should all do our part.
