MOB VIOLENCE IN MERRIVILLE

(Special telegram to the "Industrial Worker," Chicago.)

The police are looking for a mob of miners and their gunmen, detectives and officers of the Santa Fe railroad and the American Labor Union. They were engaged in a conspiracy of violence against the Merriville workers.

Organizers Drew, Dowsen, Bear, Dixon and Dana wereหนองนิษิต and disappeared. Drew was the most prominent of the officers of the company who had been engaged in the killings.

The mob has been in possession of Merriville and burned the company offices. The company has been unable to hold the line and has had to abandon the town.

Full account in next week's issue.

Strange Actions in the Southern Lumber Camps

(B. H. B.)

Merriville, Dec. 21.—The strike at Merriville, Colorado, which has been going on for three months, is still continuing. Since the strike broke out over the question of the company's policy of running a mill in the town, there has been a general strike of all the miners in the vicinity. The company has hired a large number of strike-breakers from other parts of the state, and these men have been very active in trying to keep the miners from returning to work. The company has also used the services of the fighters and other organizations to break the strike.

The situation is very serious, and it is feared that the strike may continue for a long time.

Bill Haywood Answers Labor Fakirs

Vancouver, B. C., Feb. 21, 1913

Chas. H. Meyer, President Western Federation of Miners, Denver, Colorado.

Sir: In the official report of the Western Federation of Miners, issue of February 8th, there appears a statement under the caption "A New View of Bill Haywood," the same parroting what is being said by Adamson Garber. It could only be written by his own disparagement of others. You will find that the facts as set forth above are quite different and that the inferences of the Western Federation of Miners, this investigation to cover the entire period of my official connection with the W. F. M.

You are to name two committees of five, I will name two, who will be in all ways sympathetic to the Socialist and the Labor movement, the four members thus appointed to select the fifty members of said committee.

This committee to have free access to all documents, pa-

You must agree to this investigation and stand bound of guilt worse than that of which you would exonerate me.

Capitalist Sabotage Being Used at Little Falls

(From B. H. B.)

Most people who read a weekly or monthly of what is called "labor movement" in such places, have heard of the strike at the Little Falls Lumber Company. It is the worst of the strike of any kind that has taken place in the Northwest. Workers have been killed by the company in Little Falls, and the company has been locked out for three months.

The strike began over the question of the company running a mill in the town. The company has hired a large number of strike-breakers from other parts of the state, and these men have been very active in trying to keep the miners from returning to work. After the verdicts Miller returned to the mine and resumed his work.

I have to say that I am working to the best of my ability and that I am not sure what I would do if I was not working for my livelihood.

The anarchy makes out of a vice a slavery. "-Machiavelli.

If you are good enough to be loved by the poor you are good enough to be standing in the I.W.W. It is the pay-off against the sword. Chicopee, Union.

W. A. F. M. CASEY

The I. W. W. is absolutely the only organization in the country which makes anything. The things we are against are the exploiter and the thief. The things we are against are the empleoer and the manufacturer. The things we are against are the usurer and the gambler. The things we are against are the employer and the slave. The things we are against are the employer and the thief.

Our fight for more of the good things of life right now. That is why the thing is strong. It is based on unalienable rights. It is based on the unalienable rights of the human being. That is why it is unalienable. That is why it is unalienable. That is why it is unalienable. That is why it is unalienable. That is why it is unalienable.

Capitulation is a root of slavery. Every move it makes workers wind up with less. The jail is one of the linchpins of the wage system. Not the actual jail but the fear of it. Not the fear of torture in the jail but the fear of the jail. In the I.W.W. it is the fear of the jail and not the actual jail. The jail has been the bane of capital where there has been a tax and it is a reward in terms of the capital system. It must be to the fear of the jail and not the actual jail.

A WORKMAN'S STUFFERS' PRAYER
(By Frances du Pont)

Oh! God, we thank Thee this day for the earth in all its beauty. We thank Thee for the sky in all its vastness, for the month to month changes which the seasons bring, for the harvest whose green months in streams, for the orchard whose golden fruits are a thanksgiving.

The workers are sick, by organ published in the New York Times, a committee composed of employers and employees, is bringing to our notice their health and welfare. They are the workers in the textile and clothing industries. In the words of the committee, "the health of the worker is a matter of the first importance."

For years the workman has been at the mercy of his employer. He has no knowledge of the dangers to which he is exposed. He has no knowledge of the diseases to which he is exposed. He has no knowledge of the dangers to which he is exposed. He has no knowledge of the diseases to which he is exposed. He has no knowledge of the dangers to which he is exposed.

The committee is therefore asking for the establishment of a laboratory where the workers may be examined periodically. They are also asking for the establishment of a hospital where the workers may be treated.

The committee is also asking for the establishment of a fund to be used for the benefit of the workers. The fund will be used for the purchase of medical supplies, for the payment of medical bills, for the payment of hospital bills, for the payment of funeral expenses.

The committee is also asking for the establishment of a union to be known as the Workers' Union. The union will be composed of all workers in the textile and clothing industries.

The union will be devoted to the welfare of the workers. It will work for the establishment of a minimum wage, for the establishment of a maximum working hour, for the establishment of a pension fund for the workers.

The committee is also asking for the establishment of a school where the workers may be taught the necessary skills for their work.

The committee is also asking for the establishment of a library where the workers may be able to read and learn.

The committee is also asking for the establishment of a club where the workers may be able to socialize.

The committee is also asking for the establishment of a recreation center where the workers may be able to relax and have fun.

The committee is also asking for the establishment of a community center where the workers may be able to participate in community activities.

The committee is also asking for the establishment of a housing project where the workers may be able to live together.

The committee is also asking for the establishment of a transportation system where the workers may be able to commute to work.

The committee is also asking for the establishment of a child care center where the workers may be able to leave their children in good hands.

The committee is also asking for the establishment of a social security system where the workers may be able to have a safety net.

The committee is also asking for the establishment of a retirement fund where the workers may be able to plan for their old age.

The committee is also asking for the establishment of a workers' union to represent the workers in all their demands.
