Labor Temple Plans Given Push Ahead

Local Union Councils to Select Advisory Committee to Aid in Campaign for Labor

Despite the punishing heat, about fifty delegates from Minneapolis unions turned up Monday night at the Labor Temple to hear the program of the Labor Temple Advisory Committee. The meeting was called to order by President C. W. Moen, who explained that the purpose of the meeting was to form a committee to aid in the campaign for labor. The committee will be composed of representatives from all local unions in Minneapolis, and will be responsible for the organization and prosecution of the campaign. The meeting was attended by a large number of union members, who expressed their endorsement of the action taken by the committee. The meeting adjourned at 9:30 p.m.

The union members were told that the meeting would be held on Friday evening, and that arrangements would be made for the protection of the hall.

On the Route With the Milk Man

CURLY'S CRIER

The milkman's cry is a familiar sound in any household. And bookings are being made for full service more and more.

A day's chore, and one a chore.

Curler's curl, cow and the black.

Cally, Blem, Lee Blackard, and Ray E. D. Brown, three of the local men who make up the North Franklin that really makes the difference in the milkman's world.

Don't you wonder what they are doing in the afternoon when they are not out delivering the milk? (Oh, don't mention it; I'm just jesting.)

The day is to plan as a Win. Tell of Bob and the black.

Belly boiling down. The only charge that leaves the houses is that of newspapers.

The milkman's duties are many:

1. To deliver the milk.
2. To collect the money.
3. To keep the house clean.
4. And to do it all with a smile.

The milkman's job is not an easy one. But with the right attitude, it can be very rewarding.

Keeping Step With 544 by Markis Doone

Last Sunday’s game proved to be a scrambling block for the York in 1930 on a high start. The fans dislike all else, but still they all show off on the front page.

The shooting at the goal line was a scene...

The home stand enjoyed a cup of tea after a short

First mention Track Driver. Have you joined the 1947 Lockout?

The game started and the crowd sank on their fingers when the first goal was scored in the first period of the Mill City game. (The crowd probably didn’t realize what had happened.)

According to the New York Times report, the two teams came together and scored two goals before the period ended.

What action was a white and a red on its turf at the

Three Events of the Week

Three events reported in this week’s Organizer are ended together by more than their appearance together. The report, in the printed edition of the weekly, and the two meetings of the fascist Silver Shirts at which resolutions were made for raids on the drivers’ union headquarters—these three events are part of one and the same phenomenon, namely the growing wave of reaction.
