The workers of America are Allying

Writers have hundreds of thousands of WPA workers speaking for the government's cause in legislatures and courts throughout the country, and they have been heard.

Writers of hundreds of thousands of WPA workers will read the word that will send them into a new era of progress, the era of the Big Four Picket Lines.

The National Picket Line

Last week in Chicago a convention of the Pacing House Workers' Organization met and decided unanimously to give the Executive Council of the Thirteen WPA Union a message which was to carry to the nation.

The message was not to be delivered at one time, but to be kept going until the work is done. The picketing will continue until the men are back.

The Pacing House Workers' Organization, or the Big Four, as it is now known, has been formed.

John V. Arlitt, Head of the Big Four, said: "We are not going to let the WPA workers be used as a scapegoat for the government. We are going to stand up for our leaders and our Union.

WPA Strike Continues In Illinois

Delegates from General Drivers union throughout the state met Sunday morning in Local 330's hall in St. Paul to draft proposals for the new area over and past and to elect a state chairman and delegate to the area conference scheduled to be held in Chicago on Sunday, July 25th.

John Gary, vice-president of the International Brotherhood of Firemen, was present at Sunday's meeting.

The demand of the union is that the state call a convention of the area to discuss the proposal. The union chairman is to be notified of the meeting.

The meeting of the Minneapolis Teamsters Joint Council was held.

Each of the three Teamsters Joint Councils in the state, St. Paul, Duluth and Minneapolis, will elect its own delegates to the Minneapolis conference.

5 More Contracts Won by Local 544

While continuing to bear down on the transfer bonus, the Teamsters in Local 544 yesterday agreed in principle to long-term contracts covering an estimated 40,000 workers.

The contracts, covering over 200 agreements covering the work of all men who work for the six major railroads, were presented by Harry A. Reynolds, president of the Teamsters Union.

The final negotiations will be completed today and next week. The contracts represent a significant victory for the Teamsters in their efforts to stop the transfer bonus.

In the meantime, the negotiations continue on the transfer bonus issue. The current agreement expires next week, and there is a possibility that the bonus may be extended for another two weeks.

Turn in 544 Picnic Tickets

While many of the Teamsters are busy with their jobs, some are attending a picnic this weekend. The picnic tickets are being turned in as quickly as possible.

The tickets are being turned in at the information desk, and the worker will receive a receipt in return.

WGA Projects Shut Tight in City as Strikers Negotiate

The Teamsters Local 544 has blasted the WGA Group for its lack of progress in the negotiations.

"The WGA Group has been nothing but a obstacle to the negotiation process," said Local 544 President John Smith. "They are only interested in their own profits, and not in the well-being of the workers.

"The Teamsters Local 544 has been working hard to reach a fair and reasonable agreement, but the WGA Group has been making it very difficult."

"We are determined to strike until we get a fair contract," continued Smith. "We will not be intimidated by the WGA Group's tactics."

The incident occurred during a protest against the government's policies.

Fidelity State Bank

Fidelity State Bank is pleased to announce that it has reached an agreement with the WGA Group.

The agreement will allow the bank to continue operations without interruption.

The bank has been working hard to ensure that its customers are not affected by the strike.

WGA Strikers Victimized By Courts

The Teamsters Local 544 has blasted the courts for their decision to allow the WGA Group to continue operations.

"The courts are siding with the WGA Group," said Local 544 President John Smith. "They are allowing the WGA Group to continue operations, even though they should not.

"The Teamsters Local 544 will continue to fight for the workers' rights," continued Smith. "We will not give up until we get a fair contract."

Two-Year-Old Lund Strike May End

Two years and four months is a long time to wait for a union to win recognition, and it is past time today that the struggle of the Minnesota WPA workers for their recognition ended. Local 2401 against the C. A. Lund Company and the second one, Local 2402 against the company was formally approached for recognition of its members on the work floor Thursday, March 31st, 1939.

Now that the company’s workers are due for a new contract and the Lund company will be in a position to offer the men any improvement in their working conditions, it is hoped that the company will make an offer to the workers of the Lund company that will enable them to return to work.

On the National Picket Line

The president of the National Picket Line in its recent letter to the WPA workers of Minnesota, signed by A. F. L. President Samuel Gompers, said:

"We are not asking for anything but the right to work on the picket line, and we are not going to wait any longer for the company to recognize our rights. We are going to stay on the picket line until the company recognizes us as the WPA workers of Minnesota."
