Article 29 of the monthly report of the operators under the agreement states: "Employees covered by this agreement are reminded that this agreement is not a contract between the employers and the employees, but a temporary agreement by which the employers are required to perform certain work at the railroad depots and railway stations, in order to prevent employers from doing the work at the railroad depots and railway stations."

The report for the month of February shows that the agreements are being properly enforced. Over 90 per cent of the operators are covered by the agreements.

Creamette Strike Solid in 3rd Week

The strike of the Food and Candy Workers Union Local 977, started by Craig & Sons Inc., on 93rd Street, entered its third week Monday, with the strikers continuing to picket at the entrance to the creamery around the plant. The strike, which was called only after lengthy negotiations had failed to bring forth any significant concessions from the company, involved a worker's demand for a $2 raise. The workers have been on the job since the end of June, and the strike has affected some 80 creamery workers. A small number of striking workers were reported to be seen at the plant Tuesday.

The creamery has been closed since the strike began, and the company has refused to negotiate with the union. The strike is expected to continue until the company agrees to the workers' demands.

Vigilante Terror Fails to Halt AFL Strike in Colorado

Denver, Colo.—The smoke has faded away from the mounds of the "Vigilantes'" side at the mile-High Stadium, and all is quiet here for the moment, after a wild Wednesday night of brutal conflict which lasted an hour and ended with martial law in the district west of Denver.

The two night's strike of the AFL and Independent Truck Drivers came to a head late Tuesday when hundreds of vigilante pickup trucks braved the police and fire trucks and went out in search of the strikers. Five drivers were wounded and the workers-in-the-heat of battle—were also injured.

"Vigilante" pickets, however, managed to hold the line at the foot of the hill and prevent a repeat of yesterday's scenes. At least 150 strikers were held up, some of them as far as 15 blocks from the plants. Several of the drivers were wounded, and the strikers were forced to retreat.

"Vigilantes" lost a man in the conflict. Two strikers were wounded, one of them seriously. The strikers were able to hold their own against the "Vigilantes" and the police.

GREEN SPEAKS IN DULUTH ON LABOR DAY

William Green, president of the A.F. of L., was in Duluth yesterday to address the 15th annual Labor Day assembly. His address was the keynote of the Labor Day celebration in Duluth.

William Green's speech was well received by the crowd of thousands who attended the assembly. He spoke of the need for unity in the labor movement and the importance of the role of the AFL in the struggle for better wages and working conditions.

The Independent Truck Drivers, who have been the most active group in the strike, were represented by a large delegation. The drivers threatened to continue their struggle until they got a satisfactory settlement.

In his speech, Green expressed confidence in the eventual victory of the strikers, saying that "the strike will go on until we get what we want."
