WPA Strike Prisoners Organize

Like good union men should do, the WPA strike prisoners in the Ramsey County jail have organized themselves and placed Max Colburn in charge of their ward to direct the distribution of cigarettes and to keep the prisoners orderly.

The whole upper tier of the jail has been set aside for the use of the prisoners. With their present quarters and the consideration the jailers have shown for their comfort, the prisoners will be well cared for.

Inmates, inmates of this nature, have been interesting. They claim that there are at least 10,000 inmates, they are permitted to have a meal on Friday, February 17, 11 a.m., from 4 to 5 p.m. and from 4 to 5:30 p.m. The reception of visitors is strictly regulated. No one is permitted to enter the jail without the permission of the jailers.

The prisoners are being treated fairly. They are permitted to have books and reading material. They are permitted to have visitors at the jail.

Governor Colby, who sent the missiles into Green Mountain, has been in trouble. The missiles, which were his own invention, have been found to be in disuse. The missiles are not being produced in sufficient numbers to meet the demands of the War Department.

Seven years war dead, aged 83, a living example of what can be done by a small regiment, has been buried with full military honors. The regiment was formed during the war and has been in existence ever since.

The last war dead was killed in action at the battle of the Somme in World War I. He was a private in the 32nd Division of the American Expeditionary Forces.

The man who had been in the service for 25 years had served in the Somme and was killed there in action.

Local 471 Mourns Loss of H. Taylor

The Milk Dealers and Dairy Farmers of the Twin Cities area have expressed their sympathy to the family and friends of Henry Taylor, who was killed in an accident on Tuesday, June 14, while driving a truck for the dairy.

Henry Taylor was a well-known dairy dealer and had been in the business for 15 years. He was a member of the local milk dealers association and had been active in dairy matters.

Local 160 Circulates Petition for 30-Hour Workweek As National Emergency

The Utility Workers Union Local 160 at its August 17th meeting presented a petition to the Public Utilities Commission for a 6-hour day, 30-hour week as a national emergency.

The company, the chairman of the meeting, was present and after the petition was read, the company agreed to the 6-hour day, 30-hour week, but stated that it would not agree to any other changes.

Local 160 has been active in the labor movement for the past 10 years and has been successful in gaining some concessions from the company.

The petition reads: "We, the members of Local 160 of the United States of America, do hereby appeal to the Public Utilities Commission to declare this a national emergency, and to order the company to grant a 6-hour day, 30-hour week to all employees of the company, as a national emergency."

Wichita Cab Drivers Go On Strike

Following fruitless negotiations yesterday morning, the local CIO of the United Cab Co., which handles the city's taxi service, voted to go on strike for higher wages and better working conditions.

Car owners who have been trying to avoid a strike have met today with the drivers to discuss the possibility of calling off the action. However, the drivers are firm in their demands and are planning to carry out their plan of action.

The strike affects all city cab companies, and traffic has been heavy as people try to avoid the strike by using other means of transportation.

Local F. D. S. "No Leash" movement to gain ground in Greenleaf County. "No Leash" is the latest in the list of campaigns to improve the welfare of dogs in our community.

The movement is gaining momentum as more and more people are becoming aware of the benefits of "no leash" walking. The campaign aims to reduce the number of lost or stolen dogs, and to ensure that all dogs have a safe and healthy environment.

GOD'S AMERICAN CITY

Looking ahead to the future, the "no leash" movement promises to be a significant force in shaping the future of Greenleaf County. We encourage everyone to support this initiative and do their part to make our community a more dog-friendly place.

Glad to see Andy Hoage back at the Clark plant. Andy, I hear, is doing well in his new position as foreman. He's always a welcome addition to the workforce.

The strike has been a hot topic in the city, with many people expressing their opinions. Some support the drivers' demands, while others believe that the strike will only cause inconvenience to the public.

We hope that a solution can be found soon, and that the city can return to normal operations.

Newark Court Strikes Blow At Drivers

The Newark Court is facing a major challenge as drivers go on strike to demand better wages and working conditions.

The strike has caused a significant decrease in the number of drivers available, and the city is struggling to keep up with the demand. Many residents are expressing their frustration at the situation.

We hope that a resolution can be reached soon, and that the city can return to normal operations.

40 Strikers Jailed, More Indictments

Newark - The latest round of this city strike at labor this week, following a Charge Court Indictment, has been stopped by the Alameda Union Local 651, restraining them from "interfering" with the em-

ployees and customers of the Newark Steam power company of Orange, New Jersey.

The strike involved workers who were employed by the company to carry out the service of electric power. The strike was caused by a dispute over wages and working conditions.

The company has filed a lawsuit against the strikers, and a court order has been issued to restrain them from further activity.

We hope that a resolution can be found soon, and that the city can return to normal operations.

A Case of Mistaken Identity
One of the few light moments in the deep tragedy
of the unemployed in Minneapolis which resulted to
the WPA strike and its aftermath was the arrest of
the famous screen actor and director Emlyn Williams by
a cop, Charles J. Marsen. Emlyn, a snack on the WPA job
at the Trocadero school, was making a general survey
of himself the morning of July 12th, windowdressing his
arms in front of pinballs in an attempt to provoke them. Marsen
must have smelt for a striker and smacked him around,hauled his way in a squad car, charged him
with disturbance of the peace. Emlyn, of course, melted.

Now the federal grand jury, on the testimony of Emlyn,
indicted Marsen the cop for "interfering with a
WPA worker."

To be sure, Marsen was immediately fined on bail,
but it was a small matter, and the record of Marsen for
the future will be more fair. Emlyn is enough.

The whole thing struck Emlyn as a farce, and that
should give him his democratic right as a cop to stop the
folly of Marsen if he felt it was necessary, if the police
weren't protected and upheld in their rights to
patrol the streets and stop those who did so.

But the officers conducted themselves in the tradition
of American democracy when it never dreamed of
indicating this support to the police. They arrested
the unemployed the night of Bloody Friday. Down with
the cops, to the cops, to the jury, to the law and
order! That is the slogan of the whole pack of excommuned
boss publicists. One wonders how the WPA strikes from
the president, right through the Attorney General,
under the Garland administration, to the New Deal.

But we demand the freedom of Marsen. The whole
affair was obviously a case of mistaken identity.

Why Labor Defends the WPA Strikers
The following resolution introduced by the Central
Labor Union's WPA Defense Committee calling for sup-
port of the strikers and ordering all members to
support the demand that the WPA labor movement
be continued by the New Deal labor movement
by the Minneapolis central labor body at its meet-
ning August 23rd.

WHEREAS, the current strike of the Building Trade
Unions is not a strike of the WPA strikers, but a strike
of Building Trade Union Council, the Paul Barnett
Building Trade Council, the Committee and the
Council of the Building Trades, of strikers and
strike supporters on off-frame and out-
contracted workers and the same is
not the labor movement but the labor
movement of the WPA strikers was
illegitimate, "illegal," "socialist"
and "anti-American" because it
is not the labor movement of the
WPA strikers, but is the same labor
movement as the strikers and strike
supporters of the off-frame and
out-contracted workers.

Therefore, we resolve that the
strike of the Building Trade Unions
on WPA was illegal and that
the strikers and strike supporters
of the Building Trade Unions
on WPA be continued by the
WPA strikers and strike
supporters of the WPA
strike movement.

NOW THEREFORE, DO RESOLVE that the
strike of the Building Trade Unions
is not a strike of the WPA strikers,
but a strike of Building Trade Union
Council, the Paul Barnett Building Trade Council,
the Committee and the Council of the Building Trades,
of strikers and strike supporters on off-frame and
