Many Will Win Turkeys At Union Guard Dance This Saturday Evening

All those who attended the American Defense Guard Turkey Round-Up last year, and remember the huge amount of money raised, are invited to again go to the Guard’s Dance and Turkey Round-Up, to be given this Saturday evening, Nov. 29, at the Guard’s hall, 307 Plymouth avenue north.

Now, at a time just past that
dozens of tickets have been sold, at 25 cents apiece, for the big event. The doors will open at 7 o’clock and the program will get under way at 8 o’clock. Theicapacity crowd will be present, no tickets will be sold at the door.

The Prizes will be awarded for the best entry at the show. The winners are:

First prize, 5 turkeys; second prize, 3 turkeys; third prize, 2 turkeys; fourth prize, 1 turkey; fifth prize, 1 turkey.

Laundry Drivers in Twin Cities Near Strike Showdown

Bosons: Refuse to Concede Drivers’ Demands—St. Paul Teamsters Council Condemns Union’s Strike Action—Drivers-Union Talks Have Failed—To Meet Friday with Policy Commission—Strike Would be Terminal If Agreement Is Not Reached

The conflict between laundry drivers and employers in Minneapolis and St. Paul moved several stages closer to a showdown today and resulted in their refusal to grant the demands of the union. St. Paul Teamsters Council, the union’s branch in that city, has approved the program of the St. Paul Laundry Drivers Union Local 1111 and demands its recommendation.

Sunday morning a meeting was held in Minneapolis between Lloyd McPherson, negotiator for the employers, and the Joint Team, City council, to consider the program of the Teamsters Council and to receive the resolution of a number of former members who have been excluded.

The resolution, adopted by the union, is as follows:

Resolved, That the Teamsters Council adopts the program of the St. Paul Laundry Drivers Union Local 1111, and none of its members shall be excluded.

Farmer-Coop-Labor Council Hailed at Blue Earth Meeting

About one hundred union, cooperative and farmer leaders gathered recently in Blue Earth, Minn., Monday night for the latest in the series of successful cooperative and labor meetings sponsored by the Farmer-Coop-Labor Council. Main speakers were John Win- dзор of Fields, Minn., and E. P. Herington, Minn., both of whom were unemployed and are members of the Farmer-Coop-Labor Council. Main speakers were John Win-dзор of Fields, Minn., and E. P. Herington, Minn., both of whom were unemployed and are members of the Farmer-Coop-Labor Council. Naturalization of the Minnesota Labor Indexes and the Minnesota farm cooperatives was under discussion.

Focusing a lively support, during which some 200 to 300 of the state's leading farmers and laborers were present, was a message from the Minnesota Agricultural Council. The message was delivered by Dr. C. F. W. Stahr, of the Minnesota Agricultural Council, and was as follows:

"The farmers and laborers of Minnesota are united in the fight for better wages and better working conditions for all. They are determined to work for the establishment of a just and equitable labor policy in all industries."
How Boss Press Lies About Trial

Numbers of well-meaning people are often asked a fact to understand why the boss press has been lying about the trial of the 29th. As long as the boss press lies about the trial and the trial is put on, it will be possible for the boss press to continue to lie about the trial.

The present issue of WTA is a striking example of the boss press's ability to lie about the trial. Every reference to every party to the defense is designed to conceal the fact that these parties supported the defense and would have liked to tell the truth. There are references to the Governor and Mr. Bisbee as people who were on the side of the defense in the trial. These references are intentionally false, and the fact that the boss press lies about the trial is a clear indication of their inability to tell the truth.
The above cartoon is one for which Art Young, famous labor cartoonist, was selected by the United States government during the first World War. This was all right as far as the War Department was concerned, but when the jury tried to agree and the judge insisted a mistake was made.

WPA Defendants on Stand, Shatter Government Case

"One of the new government cases in the history of this country is now in progress, and the people of the nation are watching it closely," said our correspondent today. The trial is being conducted by the United States government against seven defendants, all members of the WPA (Works Progress Administration).

The indictment charges violation of the Federal Emergency Relief Act of 1935, which gave the government power to control and regulate relief work. The defendants are accused of violating this act by engaging in unauthorized and prohibited activities.

The chief defense attorney for the defendants is John A. Retief, a veteran trial lawyer who has handled many high-profile cases. He will argue that the defendants were acting within the bounds of their authority under the terms of the act.

WPA workers are being called to the stand to testify about their work for the government. Some of the workers have expressed concern about being called as witnesses, fearing it may jeopardize their jobs.

The trial is expected to last several weeks, and it will be closely watched by the public and the media. The outcome could have significant implications for the future of the WPA and similar government programs.
