City Park Board Makes New Threat to Jobs and Wages Of 200 Park Board Workers

Employees of the Minneapolis City Park Board, members of the City and Sanitary Divisions Local 604, face a new threat to their jobs as a result of the decision by the Board to limit the current joint session of the Park Board's finance and play committees to the Boardroom. The Board announced, last Friday afternoon, in the Park Board offices.

The special session was unanimously called to consider a petition by the Minneapolis Park neighborhood district, 3rd and 4th Ward, for employment of an additional summer employee. The issue was presented by C. E. Flynn, commissioner of parks, on the petition, calling for additional funds to meet the cost of extra employees. After considering the proposal, the committee voted to authorize the appointment of an additional employee.

With the Dalrymple Workers Local 471

By George Bergquist

The Dalrymple Workers Local 471 has been the subject of much recent attention. The local has been involved in a strike that has lasted for over a month. The strikers are demanding better wages and working conditions. The management is offering minimal concessions. The local is seeking support from other unions in the area to help them negotiate a fair contract.

Bowling Tournament On Dec. 2, 3

There is still time to enter the Fourth Annual All-Sports Bowling Tournament to be held in the Minneapolis Recreation Sales Hall, 215 S. 10th St., on Dec. 2 and 3. Food Stamps Introduced
Over Labor's Protest
Over the protests of the local labor movement and the organized unemployed, the city and county govern-
ments are now set to force their own food stamps down the throats of the poor in Minneapolis. On

The stamp plan, which originated with the nation's food trust, will take effect on all of its beneficiaries, but
will leave them worse off than before. Already the stamp plan has cost an exorbitant 50% to 60% of relief
authorities to smuggle through a 25% cut in relief. With the labor laws now beginning to
will save the taxpayers an additional $76,000 yearly, we can anticipate the plan will be aimed at
furthercutting relief costs.

The principle of the stamp plan is very simple. Whereas
hitherto large quantities of surplus commodities have been
distributed free, the new food stamps system will require
that the stamps be exchanged. A poor man will be
paid for his food stamps with free surplus food, but he
will have to pay cash for the stamps with the surplus
commodities.

If there is no one to whom he can sell his stamps,
and has no other source of income, he will have
nothing to eat but uncooked food. Down the road lies
living in a queer moneyless world of their own, a spec-
