Organizing Ideas Of Beck Applauded At Mass Meeting

CLAU Talks Outster of J. C. Wright

The Minneapolis Central Labor Union at its meeting December 11th passed a motion to go on record as favoring severance of relations with the LOR. The motion was carried by a vote of 39 to 9. The adjourned meeting was held in the armory. Bro. Wright had been out of the city on a trip to the LOR headquarters, and had not been present at the meeting. The resolution was passed unanimously. It was expected that the LOR would take steps to discipline Bro. Wright for his absence from the meeting.

J. C. Wright has been a member of the Central Labor Union for several years, and has been an active member of the local organization. He is well known as a worker and as a speaker, and is respected by all who know him. He has always taken an active part in the work of the union, and has been a consistent and faithful member.

He was elected to the position of Secretary-Treasurer in 1910, and has served in that capacity ever since. During his term of office, he has worked hard to strengthen the union, and to promote the interests of its members.

His absence from the meeting has created a great deal of excitement among the members of the union, who are divided in opinion as to whether or not he should be relieved of his duties.

MUST USE PURCHASING POWER

The other day in the City of Oakland I was talking with a friend who said that he had just learned that there was a new member of the Central Labor Union who had joined the union within the last month. He had been working for several years as a laborer, and was well known as a worker in the city.

He had been a member of the union for some time, but had never before been able to take an active part in its work. He now decided to try his hand at organizing, and was determined to do all he could to help the union.

He had just joined the union, and was therefore not yet a member of the Executive Board, but he had already shown a real interest in the work of the union, and had been very active in its affairs.

He was a man of energy and determination, and was well liked by all who knew him. He was determined to do his best to help the union, and was ready to do all he could to make it a success.

MUST JOIN THE CENTRAL LABOR UNION

For the last few weeks I have been trying to organize a new union in the city of Oakland. I have been working at it very hard, and am making good progress. I have already secured several members, and am confident that I shall soon have a large membership.

I am determined to do all I can to make this union a success. I am well known in the city, and am respected by all who know me. I am confident that I shall soon have a large membership, and that the union will be a success.
