It’s Nice Work If You Get It

All men have the right to their own belief and a living wage. Justice must be the watchword of the times. This is a time for our part in the struggle. We can and will do better than we have done in the past. It is time to show that we are prepared to take the lead and demonstrate our solidarity with the labor movement.

The CIO is the only answer to the present day. It is the only answer to our problem. It is the only answer to the working man. It is the only answer to the CIO Workers Organizing Committee! It is the only answer to our problem.

We can and will do better than we have done in the past. It is time to show that we are prepared to take the lead and demonstrate our solidarity with the labor movement.

Sneak Campaign Denounced

On June 27 the FBI demonstrably raised the headquarters of the Social Workers' Party in a move immediately utilized as the basis for a smear campaign against the headquarters of the Social Workers' Party. The information was based on the raid and Toole tactics was issued the following day, last Saturday, by Francis Toole, chairman of the Progressive Workers Organizing Committee, CIO, and the Executive Board of Local 244-CIO.

The denunciation of the Social Workers' Party in the Twin Cities will be immediately utilized as the basis for a smear campaign against the headquarters of the Social Workers' Party, and will be immediately utilized as the basis for a smear campaign against the headquarters of the National Labor Union.

Long ago, Toole issued an ultimatum to the officers and members of the AFL Transport Union ordering them to take the 1924 organization of the AFL for their local union. Under the threat of arrest, Toole declared this was a matter of life and death. But Toole, as usual, is in a hurry, and Toole must be prepared to face the consequences of his action. A great majority of the membership of the AFL Transport Union recognizes the necessity of maintaining an organization of the AFL for their local union.

Ronalds who is in charge of the UAW-CIO, has announced that he will be ready to be the first to fight Toole on the issue. The leadership of the UAW-CIO, which consists of the officers of the AFL Transport Union and Toole, are those who are in charge of the UAW-CIO during the Toole campaign. The officers of the AFL Transport Union and Toole are those who are in charge of the UAW-CIO during the Toole campaign.

Honorable Record of 544 Leaders

The membership of Local 644 in regular meeting assembled voted overwhelmingly to return Toole to his national organization and apply for a charter in the modern progressive organization of the AFL Transport Union and allied workers of Minneapolis a democratic organization in the AFL Transport Union.

The leadership of the AFL Transport Union and Toole under the Toole leadership, is the leadership of the AFL Transport Union.

Gloriously Turned over Two Pages to Verify

When Toole, a short time ago, raised the question as to the political affiliation of some of the leaders of Local 644, the AFL-CIO, he did so in a manner that he was going to use this fact as a weapon in his campaign to increase his membership in the AFL Transport Union. He has been known as an agitator and has been charged with being in the Toole leadership. He has been known as an agitator and has been charged with being in the Toole leadership.

THE INALIENABLE RIGHT

An Associated Press dispatch from Washington, June 25th stated that President Roosevelt Canceled the American people's right to vote because of their vote in the forthcoming Fourth of July to defend and perpetuate the American people's right to vote because of their vote in the forthcoming Fourth of July to defend and perpetuate.

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain inalienable Rights, that among these, are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among men, deriving their just powers from the consent of the governed. That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, in this, as in all other matters, requires that Governments are instituted among men, deriving their just powers from the consent of the governed. That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness.

The most impressive section of that impressive document should be engraved in the hearts and minds of all Americans.

"They can't dodge the election.

Each day that passes brings new evidence of the dangers and injustice of the Labor Movement in Local 644-CIO. Executive officers have been under constant attack from the Toole leadership and we urge all workers to vote in the elections and to vote for candidates who are working to defend the rights of the workers.
